

Join Us for an Exciting Internship Opportunity Event!

HBCU Clean Energy Education Seminar Series on Solar Energy

Organized in collaboration with the University of Central Florida

Title: Harnessing the Sun - Day in the Life of a SETO Fellow

Date: **November 1, 2024**

Time: **12:00 PM - 1:00 PM EDT**

Location: In-Person (**Food & Drinks Provided**) **BCB143**, East campus, **Albany State University**
or Virtual by click on : [Join the meeting now.](#)

Are you passionate about solar energy and curious about how you can make a difference in the field of renewable energy? This is your chance to explore internship opportunities that could shape your future career!

We are thrilled to invite you to a special event featuring Dr. Caria Evans, Science Technology and Policy Fellow at the U.S. Department of Energy's Solar Energy Technologies Office (SETO). In this engaging talk titled, "Harnessing the Sun: A Day in the Life of a SETO Fellow," Dr. Evans will share her journey, insights into the important work done at SETO, and exciting internship opportunities available for students like you!

Why You Should Attend:

Learn about cutting-edge solar technology and its impact on the future of energy.

Discover how YOU can become a part of the movement through various internship opportunities at Solar Energy Technologies Office.

Network with peers who share your interests in science, technology, and renewable energy.

Enjoy food and drinks if you attend in person!

How to Attend:

In-Person Location: Room [BCB143] [East Campus, Albany State University]

Virtual Attendance: You can join us remotely!
