

HBCU Clean Energy Education Seminar

Electrochemistry of Energy Conversion and Storage

Dr. Thomas F. Fuller
School of Chemical & Biomolecular Engineering,
Georgia Tech. Atlanta, Georgia

Date: **November 21, 2024**

Time: **11:00 AM - 12:00 PM EDT**

Location: **B-101, B Building, West Campus, Albany State University**

We are thrilled to invite you to a special event featuring Dr. Thomas F. Fuller, Professor, School of Chemical & Biomolecular Engineering, Georgia Tech. Atlanta, Georgia.

Dr. Fuller's talk titled "Electrochemistry of Energy Conversion and Storage" will discuss batteries as a clean energy resource. He will also highlight internship opportunities at GA Tech.

Why You Should Attend:

This event is open to all students, whether you're studying science, engineering, policy, or just want to learn more about renewable energy careers. Don't miss this opportunity to kickstart your career in the growing field of clean energy!

If you have any questions, please contact the facilitator, Dr. Seong Seo at seong.seo@asurams.edu
