### AN EQUAL EMPLOYMENT AND EDUCATIONAL OPPORTUNITY INSTITUTION

Darton College, in compliance with Federal law, does not discriminate on the basis of race, color, national origin, disability, sex, religion, or age in any of its policies, practices, or procedures. This includes but is not limited to admissions, employment, financial aid, and educational services.

### THE CATALOG NOT A CONTRACT

The statements set forth in this catalog are for informational purposes only and should not be construed as the basis of a contract between a student and this institution. While every effort will be made to insure accuracy of the material stated herein, the College reserves the right to change any provision listed in this catalog, including but not limited to academic requirements for graduation, without actual notice to individual students. Every effort will be made to keep students advised of such changes.

Information regarding academic requirements for graduation will be available in the offices of the Registrar, Vice President for Student Affairs, and Vice President for Academic Affairs. It is the responsibility of each student to keep himself or herself apprised of current graduation requirements for a degree program in which he or she is enrolled.

### CONFIDENTIALITY OF STUDENT RECORDS

This College is covered by the Family Educational Rights and Privacy Act of 1974 (FERPA), which is designed to protect the student's rights with regard to educational records maintained by the College. Under this Act, a student has the right to inspect and review educational records maintained by the College that pertain to the student; the right to challenge the content of records on the grounds that they are inaccurate, misleading, or a violation of privacy or other rights; and the right to control disclosures from the educational records with certain exceptions. A written policy detailing how Darton College complies with the provisions of the Act may be found in the Student Handbook.

## PRESIDENT'S MESSAGE

On behalf of the Faculty, Staff and Administration, I thank you for your interest in joining the Darton College community.

Our mission is to provide every student, including recent high school graduates, older adults, and members of our online learning community “a better beginning” for their college careers than senior colleges and universities ordinarily provide.

You will learn much from our exceptional faculty and staff, but you will learn also from your classmates. Our student body includes nearly 6,000 students who come from more than 40 countries, making our campus a global laboratory where living and learning coincide. Moreover, campus activities are intentionally designed to encourage service-learning and the practice of servant-leadership.

At Darton, you will find multiple opportunities for student engagement, including the student government association, a variety of clubs and organizations, and numerous intramural athletic programs. With 11 intercollegiate athletic teams, Darton has been recognized as the best NJCAA athletic program in Georgia twice since 2008; in fact, our athletic teams frequently rank among the nation's best. The performing arts program includes unique opportunities for engagement in music, theatre, dance, photography, and painting.

You may choose to live off campus or in our state-of-art-residential complex. If you choose to live on campus, you will encounter an environment that is exciting, welcoming and comfortable.

There is more good news! As a lead institution of the University System of Georgia, Darton College ranks among the most affordable colleges in the nation.

With warmest regards and best wishes for a positive, successful, and productive college career.

Sincerely,  
Peter J. Sireno  
President

## General Education in the University System of Georgia

From the origins of intellectual study to the present, general education has been a key to a fulfilling life of self-knowledge, self-reflection, critical awareness, and lifelong learning. General education has traditionally focused on oral and written communication, quantitative reasoning and mathematics, studies in culture and society, scientific reasoning, and aesthetic appreciation. Today, general education also assists students in their understanding of technology, information literacy, diversity, and global awareness. In meeting all of these needs, general education provides college students with their best opportunity to experience the breadth of human knowledge and the ways that knowledge in various disciplines is interrelated.

In the University System of Georgia, general education programs consist of a group of courses known as the Core Curriculum as well as other courses and co-curricular experiences specific to each institution. The attainment of general education learning outcomes prepares responsible, reflective citizens who adapt constructively to change. General education programs impart knowledge, values, skills, and behaviors related to critical thinking and logical problem-solving. General education includes opportunities for interdisciplinary learning and experiences that increase intellectual curiosity, providing the basis for advanced study in the variety of fields offered by today's colleges and universities.

Approved by the Council on General Education, October, 2004

Approved by the Chief Academic Officers, December, 2004

July 25-26	Final examinations for Full-Term and B-Term classes
July 26	Fees due Pre-registered Fall classes by 5:00 P.M. or classes will be dropped.
July 27	Grades due to registrar

### **Fall Semester, 2012**

July 9, 10	Fall Advising/Pre-registration for currently enrolled students M-T 8:00 A.M. – 6:30 P.M.
July 12	New Student Orientation
July 26	Fees due Pre-registered Fall classes by 5:00 P.M. or classes will be dropped.
August 10	New Faculty report
August 13	President's State of the College Address
August 14	Registration 9:00 A.M. – 12:30 P.M. 3:00 P.M. – 6:30 P.M. Fees are due on this day
August 15	Regular & A-term classes begin
August 16	Late Registration and Drop/Add 10:00 A.M. – 12:00 P.M. P.M. –6:00 P.M.
4:00	Fees plus the \$25.00 late fee are due on this day
September 3	Labor Day Weekend - College closes at 5:00 Friday, August 31, and will reopen for regular scheduling Tuesday, September 4, 2012
September 11	Last day to drop A-Term classes without academic penalty
October 4	B-Term Registration 9:00 A.M. – 12:30 P.M. 3:00 P.M. – 6:00 P.M. Fees are due on this day
October 8	A-Term last day of classes
October 8	Last day to drop Full-Term classes without academic penalty
October 8	A-Term finals

October 9	B-Term begins
October 15-16	Faculty/Staff Professional Development – College closed
November 5	Web registration available
TBA	Regents Test
November 5	Last day to drop B-Term classes without academic penalty
November 12-13	Spring Advising/Pre-registration or currently enrolled students M-T 8:00 A.M. – 6:30 P.M.
November 14 students	Spring Advising/Pre-registration for currently enrolled
November 14	Wednesday 8:00 A.M. – 12:00 noon Registration for new and readmitted students Invitations to be mailed
Nov. 21-25	Thanksgiving - College closes at 5:00 Tuesday, November 20 and will reopen for regular scheduling Monday, November 26
December 5	Last day of scheduled classes, last day to drop Full-Term and B-Term classes with penalty
December 6-11	Finals Full-Term & B-Term
December 11	Fees due for Pre-registered Spring classes by 5:00 P.M. or classes will be dropped.
December 11	Allied Health pinning 3:00 p.m. Nursing pinning 5:00 p.m.
Commencement	7:00 p.m.
December 12	Grades due to Registrar
TBA	Campus Closed – Christmas holidays

# GENERAL INFORMATION

Section

Two

## A. THE COLLEGE

Darton College, formerly Albany Junior College, was founded in 1963 by the Board of Regents of the University System of Georgia when the citizens of Albany and Dougherty County approved a bond referendum for the original land and buildings. The first classes were offered by the college in 1966.

Darton College is a community college that offers two-year transfer and career degrees and one-year certificate programs. Graduates of transfer programs continue their studies at four-year colleges or universities, while graduates of career programs generally enter the workforce upon receiving their two-year degrees. Just over 50 percent of the students enrolled at Darton College are traditional students immediately out of high school. Non-traditional students, who have been out of high school for five years or more, make up the rest of the student body.

To meet the needs of the community, Darton offers day, evening, weekend, online, and televised classes. Students may earn degrees by attending college in the traditional classroom setting, online, or via cable television.

## B. ACCREDITATION AND APPROVAL

Darton College is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (1866 Southern Lane, Decatur, Georgia 30033-4097, (404)679-4501 to award Associate Degrees.

Specific programs of study and their accreditors follow:

**Nursing Program** – Georgia Board of Nursing and the National League for Accrediting Commission (NLNAC), 3343 Peachtree Road, NE, Suite 500, Atlanta, Georgia 30326, Phone: 404-975-5000, Fax: 975-5020

**Cardiovascular Technology Program** – Accredited by the Joint Review Committee on Education in Cardiovascular Technology (JRC-CVT), 1248 Harwood Road, Bedford, TX 76021. Phone (214) 206-3117 through the Committee on Accreditation of Allied Health Education Programs (CAAHEP), 1361 Park Street, Clearwater, FL, 33756. Phone (727) 210-2350, Fax (727) 210-2354. Darton College is one of only thirty-three programs in the entire United States with such designation.

**Dental Hygiene Program** - Commission on Dental Accreditation, a specialized accrediting body recognized by the United States Department of Education. The Commission on Dental Accreditation can be contacted at (312)440-2568 or at 211 East Chicago Avenue, Chicago, IL 60611.

**Emergency Medical Services Program** – Georgia Department of Human Resources Emergency Health Section.

**Health Information Technology Program** – Commission on Accreditation for Health Informatics and Information Management Education, 233 N. Michigan Avenue, Chicago, IL 60601-5519, (312)233-1100, [www.cahiim.org](http://www.cahiim.org) This is an agency of the American Health Information Management Association (AHIMA) 233 N. Michigan Ave., Chicago, IL 60601-5519 (312)787-2672 [www.ahima.org](http://www.ahima.org)

**Histotechnology Program** – The National Accrediting Agency for Clinical Laboratory Sciences (NAACLS), 5600 N. River Rd., Suite 720, Rosemont, IL 60018-5119 (773) 714-8880, [www.naacls.org](http://www.naacls.org)

**Human Services Technology Program** – Council for Standards in Human Services Education (CSHSE), Susan Kincaid, VP Program Accreditation, Western Washington University, Dept. of Human Services, Woodring College of Education, Miller Hall #419 M-S 9087, 516 High Street, Bellingham, WA 98225 Telephone: (360)650-3531.

**Medical Laboratory Technology/Histology Program** - National Accrediting Agency for Clinical Laboratory Sciences (NAACLS), 5600 N. River Road, Suite 720, Rosemont, Ill. 60018-5119 Phone: (773) 714-8880, fax: (773) 714-8886. [www.naacls.org](http://www.naacls.org).

**Occupational Therapy Assistant Program** - Accredited by the Accreditation Council for Occupational Therapy Education (ACOTE), The American Occupational Therapy Association, P.O. Box 31220, Bethesda, MD 20824-1220, (301)652-2682.

**Physical Therapist Assistant Program** - Accredited by the Commission on Accreditation in Physical Therapy Education, 1111 No. Fairfax Street, Alexandria, VA 22314, (703) 684-2782.

**Respiratory Care Program** - Accredited by the Commission on Accreditation for Respiratory Care (COARC), 1248 Harwood Rd., Bedford, TX 76021 (817) 283-2835.

The College is approved to disburse funds for programs of student aid and assistance by the Social Security Administration, the Georgia State Department of Veterans Service, and the Georgia State Department of Education - Division of Vocational Rehabilitation.

Darton College holds membership in several other state, regional and national associations and groups, including the American Association of Community Colleges, Southern Association of Colleges and Schools, American Library Association and the College Board.

### **C. VISION STATEMENT**

Darton College will create a more educated community, well prepared for a global, technological society, by providing first-rate undergraduate education and committed public service.

### **D. MISSION STATEMENT**

The mission of Darton College is to contribute to the educational, cultural, economic, and social advancement of the community by providing excellent undergraduate general education and first-rate programs leading to certificate and associate degrees through superior teaching; by engaging in scholarly inquiry and creative endeavors; and by bringing these intellectual resources, and those of the public libraries, to bear on the economic development of the State and the continuing education of its citizens.

Darton College will work towards:

1. Renewing excellence in undergraduate education to meet students' 21<sup>st</sup> century education needs.
2. Creating enrollment capacity to meet the needs of 100,000 additional students by 2020.
3. Increasing the System's participation in research and economic development to the benefit of a global Georgia and enhance and encourage the creation of new knowledge and basic research across all disciplines.
4. Strengthening the U.S.G.'s partnerships with the state's other education agencies.
5. Maintaining affordability so that money is not a barrier to participating in the benefits of higher education.
6. Increasing efficiency, working as a System.

### **E. DEGREES AND CERTIFICATES**

The College awards the Associate of Arts degree (A.A.), the Associate of Science degree (A.S.), the Associate of Applied Science degree (A.A.S.), and certificates. Students who complete the requirements for one of the college transfer programs are awarded either an A.A. or an A.S. degree depending upon their particular program of study. The A.S. degree is also awarded to students who complete a career program in certain health areas. The A.A.S. degree is awarded to students who complete other two-year career programs. Certificates are awarded to students who complete certain planned objectives or programs requiring less than two years of work.

## F. THE CAMPUS

The Darton College campus consists of 180 acres and is located in west Albany. Twelve buildings house the various activities of the college. The modern classrooms and labs and the beautifully landscaped campus offer students a picturesque setting in which to study.

(SEE INSIDE BACK COVER)

The following is a list of the campus buildings with the offices or services normally accommodated in each; however, some adjustments may be made because of renovation or new construction:

**Academic Services Building-K (0016)** – The B.R. Tilley Academic Services Building houses student support services and administrative functions, including Academic Affairs, Admissions, Business and Financial Services, President's Office, Financial Aid, Institutional Advancement, Human Resources, Purchasing, and Records.

**Administration Building-A (0001)** – Currently under renovation except for the Office of Information Technology and open computer laboratory.

**Allied Health, Community Services, Classroom Building-J (0015)** - Houses Allied Health Programs, Continuing Education facilities, Division of Online Learning, Instructional Technology and Distance Learning Department, WebCT Help Desk, classrooms, and a theater.

**Alpine Tower and Carolina Climbing Wall** – Located east of the Baseball Field. They are used with a low initiatives course for team building and leadership training.

**Classroom Building-B (0002)** - Houses the Science/Mathematics Division, Dental Hygiene facilities, the Math Center, the MESA Center, and a computer laboratory.

**Classroom Building-L** – anticipated opening Summer, 2010.

**C.D. McKnight Building-F (0006)** - Houses the Humanities and Learning Support Divisions, and the Mathematics, Writing, and Reading Laboratories.

**Classroom Building-I (0014)** - Houses the Business/Social Science Division, Nursing, laboratories for Chemistry and Biology, and computer laboratories.

**Physical Education Building-E (0005)** - Houses the Physical Education and Athletic Departments, including a Recreation gymnasium, the Cavalier Arena, a fitness center, and a 10 lane, 25 yard x 25 meter multi-use indoor heated pool equipped with two one-meter and one three-meter maxiflex model "B" springboards on cement stands. Outdoor athletic facilities surround the building and include a baseball field, soccer fields, softball field, eight all-weather lighted tennis courts, walking paths and a 5K cross-country course.

**Fitness Facility-E (0005)** - The Darton College Fitness Facility is located in E-105. It is equipped with StairMasters, Schwinn AirDynes, rowing machines, treadmills, Nautilus weight machines, and free weights.

**Student Center-C (0008)** – Houses Student Activities, Student Success Program, Job Placement, Minority Advising, Food Services, Career Development Center, Disabled Student Services, International Student Program, the Writing Lab, some public services and meeting rooms, the Albany Symphony Orchestra offices, and a recreational room with table tennis, pool tables, and video games.

**Harold B. Wetherbee Library-G (0007)** - Houses the College library, the Foreign

Language Lab, television operations/studio area, and Testing Center.

**Maintenance Building-D (0004)** - Houses the Director of Plant Operations, maintenance shops, and storage for building and grounds service.

**Warehouse Building-H (0009)** - Houses Central Supply, Receiving, storage, and delivery.

**Provisions for Disabled Students** - All buildings include access and facilities to accommodate students with disabilities. The Disability Services Office is located upstairs in the Student Center.

**Parking** - Two lighted parking areas for 1,000 cars are located behind the Student Center. An additional parking lot is located in front of the Warehouse Building, adjacent to the Allied Health, Community Services, Classroom Building. Parking is also available to the west of the Physical Education Complex and to the east of the Challenge Course. Faculty, staff, and visitor parking areas are marked. Security personnel are employed to assist with parking and traffic safety. Traffic regulations are detailed in the Student Handbook and must be obeyed by all motorists.

## G. OFF-CAMPUS CLASSES

**Cordele** – Darton College offers college credit and continuing education courses in Cordele at the Crisp County Higher Education Center. College credit courses offered in Cordele lead to a two-year associate's degree. Courses are offered days and evenings to accommodate working adults as well as traditional age college students. The Cordele Center is located at 2705 E. 14<sup>th</sup> Avenue, in the Cordele Industrial Park. Administrative office hours are Monday through Thursday 8:00 a.m. to 8:00 p.m., and Friday 8:00 a.m. to 5:00 p.m. The telephone number is (229) 276-2589. Information about the Cordele Center, class schedules, and registration information is also available on the web at [www.darton.edu](http://www.darton.edu)

**Medical Laboratory Technology Degree Program** – Classes are offered at two off-campus sites: Rome and Waycross. Some travel to clinical sites may be required to complete the program. Admission and all other requirements for the off-campus programs are the same as they are for the main campus. Additional information may be obtained on the Darton College web site ([www.darton.edu](http://www.darton.edu)) or by calling the Allied Health Division (229) 317-6900.

**Nursing Degree Program** - Darton College offers its two-year nursing degree program in Cordele, Colquitt and Thomasville in addition to the Albany Campus. Some travel to Albany and clinical sites may be required to complete the program. Admission and all other requirements for the off-campus programs are the same as they are for the main campus. Additional information may be obtained on the Darton College web site ([www.darton.edu](http://www.darton.edu)) or by calling the Nursing Division (229) 317-6820.

## CAMPUS DISRUPTIONS

Students should note their Student Handbook concerning the disruption of instruction or operations of the College. The handbook defines what is considered disruptive behavior and explains the consequences that result.

College policy prohibits persons or unauthorized persons access to the classrooms or any other service areas of the college unless specifically authorized by the instructor or person in charge of the activity area. This restriction on persons does not apply to special functions. Family members and friends are always welcome at public activities on campus.

## DEPARTMENT OF PUBLIC SAFETY

The Darton Police Department provides 24 hour police patrol. All Darton College Officers are sworn Georgia Law Enforcement Officers. They have the same police authority as any officer in your local police department. The safety and well-being of our students, faculty, staff and visitors is always our primary concern. We are currently located in Building H behind the bookstore. Office Hours are Monday-Friday 8:00 a.m. – 5:00 p.m. The telephone number is 229-317-6316 or 229-317-6315. The campus police cell phone number is 344-2029. The emergency phone number is 317-6911. Darton also employs the services of Vinson Security Guards. They can be reached at 229-344-7644.

**Crime Statistics Disclosed in an Annual Report** – The Darton Police Department keeps statistical information on crimes as well as any other misdemeanors and felonies that occur on campus. A “College Campus Security Report” is distributed annually and includes crime statistics for the most current year as well as statistics for the three (3) preceding years. These reports are distributed via email to all faculty/staff and students and flyers are available at the Darton Police Department.

Statistics will be reported on this site for Darton College and the satellite campus in Cordele.

**Daily Crime Logs** – Daily crime logs are open to public inspection within two (2) business days of report except where prohibited by law or disclosure jeopardizes victim’s confidentiality. Logs may be requested at the office of the Darton College Department of Public Safety Monday through Friday between the hours of 8:00 a.m. – 5:00 p.m.

All crimes reported to the Darton Police will be listed in the daily crime Log. Logs remain open for sixty (60) days.

The Darton Police may withhold information from the crime log when there is clear and convincing evidence that the release of the information would jeopardize an ongoing criminal investigation or the safety of an individual. In cases where there is clear and convincing evidence to withhold information, the information will be disclosed when the adverse effect no longer exists.

**Timely Reports to the Campus Community on Crimes Considered to be a Threat to those on Campus** - In the event that a situation arises, either on or off campus, that, in the judgment of the chief of Police, constitutes an ongoing or continuing threat, a campus wide “timely warning” will be issued.

Timely warnings will be issued for any crimes that may pose a serious or continuing threat to the campus community. The warning will be issued through the college email system to students, faculty, staff and posted on the Darton College web site.

A safety bulletin will usually be issued the same day of the incident or as soon as possible thereafter by the Darton College Chief of Police. The bulletins will be posted on the main page for the Darton web site, on the public safety web page and sent to employees and students via email.

**Vehicle Assistance** – Officers can assist with jump starting your vehicle and in most cases, an officer can assist in entering a locked car. Proper identification and signing a waiver is all that is needed.

**Lost and Found Property** – The Darton Police Department is responsible for operating the central Lost and Found operations for the campus. Lost items from all areas of the campus are eventually turned over to the Police. If you have lost an item, a faculty or staff member can provide you with the Lost Property Affidavit or you may come to the station and fill out a form.

You may fill out the form at any time, however, please make all inquiries at the station between the hours of 8:00 a.m. to 5:00 p.m. Monday thru Friday. A current log of all property that has been turned into the department is available on [SharePoint](#) and can be accessed by any faculty or staff member.

**All property turned into Lost and Found will be kept a minimum of 60 days. If known, every attempt will be made by our department to contact the owner. If items are unclaimed after 60 days, they will be disposed of appropriately.**

**Personal Property Registration** – The “Personal Property Registration Form” is

designed to help identify your property in the event it is stolen, lost or destroyed.

Members of the campus community are encouraged to register laptops and bicycles at no cost. The serial number and pertinent data are recorded on the registration form and kept on file at the public safety office.

**Silent Witness Form** – If you have information regarding any crime that has occurred or is occurring on campus, we would like you to report it. Please fill out the form located under the forms section for the Public Safety webpage and click “Submit to Campus Police.” **You will be providing this information under condition of anonymity.** Within the limits of the law, all information will be kept confidential.

## A. GENERAL

The Office of Admissions at Darton College is responsible for providing information to prospective students, evaluating their applications, and notifying them concerning admission. The Admissions Office, located in the B.R. Tilley Academic Services Building, can be reached by telephone at (229) 317-6740 or toll-free at 1-866-775-1214 and by mail at 2400 Gillionville Road, Albany, Georgia 31707. The Darton College website may be accessed at [www.darton.edu](http://www.darton.edu)

## B. STANDARDS FOR ADMISSION

**FRESHMAN ADMISSIONS:** Students applying for admission to Darton College who have not previously attended a college or university must provide a transcript of secondary school credits showing evidence of graduation from an accredited high school or a GED certificate, a completed application form, a non-refundable \$20 application fee, and a completed immunization form.

Darton College has raised its regular admissions standards as an incentive for high school students to reach their full preparation potential. However, the University System of Georgia wants to assure that all students with the potential to benefit from a college education have access to admission. Therefore, all two-year colleges have special admission categories and standards for those who may not quite meet the regular admission standards. These categories include high school graduates with career/technical diplomas, GED recipients, students who have been out of high school for at least five years (non-traditional students), international students, and home-schooled students, among others. **Please review ALL of the admissions categories described below to see which you should select to guide your application.**

### 1. ASSOCIATE OF ARTS AND ASSOCIATE OF SCIENCE DEGREES - TRANSFER PROGRAMS

#### Regular Admissions

Applicants must have completed all 16 of the required 16 College Preparatory Curriculum (CPC) courses in high school, or all 13 of the required 13 Career/Technical Preparatory Curriculum courses in high school. *Students who have not completed the 16 units of the CPC and who intend to be in degree programs leading to baccalaureate degrees must take additional courses to make up for CPC course deficiencies.*

Students graduating from high school with a College Preparatory Diploma must present a 2.0 high school GPA. Students graduating from high school with a Technology/Career Preparatory Diploma must present a 2.2 high school GPA.

SAT I and/or ACT scores are not required for regular admissions; however, minimum SAT scores of 430 verbal (17 English ACT) and 400 math (17 math ACT) may be submitted to exempt COMPASS placement testing, provided the applicant has graduated from high school with a College Preparatory Diploma and the scores are five years old or less.

#### Online-Only Students

Students residing outside the 14-county Darton College service area – including out-of-state students – who do not plan to attend any classes on the main campus or at any off-campus class site, may apply as Online-Only students. Online-Only applicants must meet the standards as required for Regular Admissions and may qualify for special admissions categories including transfer, transient, and international students, among others. Online-Only applicants are not required to

submit proof of immunizations. These applicants should sign the "Distance Learning Exemption" of the immunization form and submit the form to the Office of Admissions. This form may be found at [http://www.darton.edu/catalog/catalogs/2009-2010/06\\_Immunization.pdf](http://www.darton.edu/catalog/catalogs/2009-2010/06_Immunization.pdf). If an Online-Only applicant intends, at any time, to take courses on campus, the student must submit proof of immunizations. See Darton's Admissions Website [www.darton.edu/admin/admissions/](http://www.darton.edu/admin/admissions/) to download application materials or to apply online.

The 14 county service area for Darton College includes the following counties: Baker, Calhoun, Crisp, Colquitt, Dougherty, Early, Lee, Miller, Mitchell, Randolph, Sumter, Terrell, Turner, and Worth.

**Presidential Exceptions**

In very special and rare circumstances, presidents of University System institutions may grant exceptions to the CPC and other requirements for Limited Admission if the student shows exceptional promise for success. Minimum requirements include a high school diploma from an accredited or approved high school, or a GED, or Ability-to-Benefit requirements as contained in the U.S. Department of Education's *Federal Financial Aid Handbook*.

The College Preparatory Curriculum is as follows:

<b><u>COURSE</u></b>	<b><u>UNITS</u></b>	<b><u>EMPHASIS</u></b>
<b>English</b>	<b>4</b>	<b>Grammar &amp; Usage Literature</b>
<b>Mathematics</b>	<b>4</b>	<b>Two years of Algebra Geometry</b>
<b>Science</b>	<b>3</b>	<b>Physical Science Two lab sciences</b>
<b>Social Science</b>	<b>3</b>	<b>Government Economics</b>
<b>Foreign Language</b>	<b>2</b>	<b>Two courses in the same language</b>

Applicants who do not submit SAT I and/or ACT scores, or who submit SAT scores below 430 verbal (17 English ACT) and 400 math (17 math ACT) must take the University System of Georgia COMPASS placement test to determine whether Learning Support courses are required.

**2. ASSOCIATE OF APPLIED SCIENCE DEGREES, ASSOCIATE OF SCIENCE DEGREES IN ALLIED HEALTH PROGRAMS, AND CERTIFICATE PROGRAMS - CAREER PROGRAMS**

Admissions requirements for career degrees and career certificates depend upon the extent to which the general education component of the program is based on Core Curriculum courses. An applicant enrolling in a career program is not required to make up CPC deficiencies unless the major is changed to transfer degree. Admissions Counselors are available to explain Core Curriculum requirements.

**Programs With More Than 12 Semester Hours of Core Courses** Applicant s presenting a College Preparatory Diploma from high school must submit a 2.0 GPA. Applicants presenting a Career/Technical Preparatory Diploma from high school must submit a 2.2 GPA.

**Programs With Fewer Than 12 Semester Hours of Core Courses** Applicants must have a high school diploma from an accredited institution with a minimum 1.8

GPA or have completed 12 of the 16 required CPC courses or have earned a GED. Students in these programs may take only those core courses specified in their programs.

Students admitted to career degree or certificate programs who are required to take the COMPASS test must take the required Learning Support course(s) indicated by their placement scores for any course which has a Learning Support requirement.

3. **NON-TRADITIONAL STUDENTS:** Non-traditional students are identified as students who have not attended high school or college within the previous five years, as well as students who were admitted to previous colleges as non-traditional students and completed fewer than 30 transferable semester hours of college credit. These students are required to do the following:
  - a. Submit a properly completed application for admission and a \$20 non-refundable application fee.
  - b. Meet all University System and institutional admissions requirements, depending upon program of study.
  - c. Take the COMPASS test and complete any Learning Support requirements.
4. **TRANSFER ADMISSIONS:** All persons seeking admission who have been previously enrolled in other institutions of higher education shall be admitted according to the following policies:
  - a. A properly completed application for admission and a \$20 non-refundable application fee.
  - b. A certified transcript from all colleges or universities previously attended.
  - c. Applicants who have completed fewer than 30 transferable semester hours shall complete all the requirements for freshman admission.
  - d. An applicant shall not be considered for admission unless he or she is academically eligible to return to the college or university last attended or unless the officials of the last institution recommend the applicant's admission. If, however, two or more calendar years have elapsed since the applicant's dismissal from the last college or university attended, the College may review the application and make a decision as to the applicant's eligibility.
  - e. Students who have not completed Learning Support requirements at another System institution shall be admitted only in accordance with Darton College's Learning Support guidelines.
  - f. An applicant, with less than 30 transferable semester hours, applying for a program leading to a Bachelor's Degree, and transferring from an institution or program that did not require the College Preparatory Curriculum, shall submit a transcript of secondary school credits. Transfer students who have not met all College Preparatory Curriculum requirements must make up these deficiencies before, or simultaneously with, taking any other courses.
5. **TRANSIENT ADMISSIONS:** An applicant who is enrolled in another college or university and seeks temporary admission shall submit the following:
  - a. A properly completed application for admission and a \$20 non-refundable application fee.
  - b. A completed immunization form.
  - c. A letter from the registrar or other designated official of the institution in which the student is enrolled recommending admission as a transient student.
  - d. Students who qualify as transients and only want to enroll in online classes may contact the Online Division for assistance (229-317-6928.)
6. **AUDITORS:** Students who meet the admissions requirements for one of the above categories and who are admitted to Darton College may register as "auditors." Students registering as "auditor" shall be required to:

- a. Submit a properly completed application for admission and pay a \$20 non-refundable application fee.
- b. Submit a completed immunization form.
- c. Pay the regular fees for enrollment and shall be prohibited from receiving credit at a later time for coursework they completed as "auditors."
- d. Take the COMPASS test, if applicable.

7. **THE ACCEL PROGRAM:** Dalton College recognizes the need to provide academically talented high school students with opportunities for acceleration of their formal academic programs. The Accel Program allows high school students to earn college degree-level credit hours as they simultaneously meet their high school graduation requirements. Dual credit students who are jointly enrolled at eligible Georgia public or private high schools and Dalton College can receive an Accel Program award covering tuition, HOPE-awarded mandatory fees, and a book allowance. All hours paid for by the program will be included in the 127 semester-hour or 190 quarter-hour HOPE credit hour cap. Accel funding applies only to the five College Preparatory Curriculum (CPC) areas. Tuition and other expenses are the responsibility of the student if non-core courses are taken. The Accel Program is not available during summer semester.

Applicants for the Accel Program must meet the following eligibility requirements:

- a. Must have completed all of the academic requirements of the tenth grade.
- b. Must be a Georgia resident.
- c. Minimum SAT I combined score of 970 (ACT 21); minimum SAT I verbal score of 530 (ACT 23) to qualify for CPC credit in English or social science courses; minimum SAT I math score of 530 (ACT 22) to qualify for CPC credit in math courses.
- d. Minimum high school cumulative grade point average of 3.0 in academic subjects.
- e. Must be on track to complete the required high school CPC requirements by the end of the senior year.

Applicants for the Accel Program must submit the following to the Director of Admissions:

- a. A properly completed application for admission, a \$20 non-refundable application fee, and a completed immunization form.
- b. A letter of recommendation from the high school counselor/principal.
- c. Written consent from the parent or guardian if the student is a minor.
- d. A properly completed Accel Program application form.

For more information on the Accel Program, please contact the Assistant Director of Admissions, at (229) 317-6747, or Ms. Elizabeth Gassel, Accel Program Advisor, at (229) 317-6733.

8. **JOINT ENROLLMENT:** The Joint Enrollment Program allows the high school student, while continuing his/her enrollment in high school, to enroll in courses for college credit. Tuition, mandatory fees and associated costs of attendance are the responsibility of the student. The admissions guidelines for joint enrollment are the same as those for the Accel Program outlined above; however, it is not necessary for students to complete the Accel application.
9. **JOINT ENROLLMENT HOME SCHOOLED STUDENTS:** Students attending non-accredited home school programs or non-accredited high schools may also be eligible to participate in the joint enrollment program if they meet all regular System and institutional joint enrollment requirements and can validate their on-track, Required High School Curriculum (RHSC) units in accordance with the policy of the

institution to which they are applying.

Homeschooled students are not eligible for ACCEL funds.

10. **PERSONS 62 YEARS OF AGE OR OLDER:** Darton College and the University System of Georgia have established the following guidelines for the enrollment of persons 62 years of age or older. Applicants for this program:
  - a. Must submit a properly completed application for admission and a \$20 non-refundable application fee. Applicants shall meet all System and institutional admissions requirements.
  - b. Must be residents of Georgia, 62 years of age or older at the time of registration, and must present a birth certificate or other comparable written documentation of age to enable the College to determine eligibility.
  - c. May enroll as a regular or audit student in courses offered for resident credit, traditional or online classes, on a "space available" basis without payment of fees except for supplies or laboratory fees, or activity and athletic fees.
  - d. Must meet all System, institution, and legislated degree requirements if they are degree seeking students.
  
11. **NON-IMMIGRANT INTERNATIONAL STUDENT ADMISSIONS:** Applicants who are on Student Visa must complete the following requirements:
  - a. Provide an official English translation with all transcripts showing a minimum 1.8 high school grade point average (GPA) and proof of graduation.
  - b. Applicants whose first language is not English and whose language of instruction was not English throughout secondary school must meet the English proficiency requirement by submitting the results of the Test of English as a Foreign Language (TOEFL) with a minimum score of 480 (paper-based), 157 (computer-based), or 54 (internet-based). Applicants may choose to submit instead the results of SAT I with a minimum verbal score of 330 to satisfy English proficiency admission requirements or ACT with a minimum English scores of 12. SAT/ACT scores are not required for admission. If testing is not readily available in the student's home country, the student upon arrival in the United States may take the ACT or SAT. A minimum score of 12 for the ACT and 330 verbal for the SAT are required.
  - c. Provide documentation of sufficient resources to cover tuition, room and board, health insurance and other living expenses. Send an affidavit from your financial sponsor and an official letter from the sponsor's bank stating a dollar amount of readily available deposits in U.S. currency. The total cost of attendance for one academic year is \$9,388 for students with the out-of-state fee waiver (International Student Fellowship), and \$14,014 without the out-of-state fee waiver.
  - d. Copy of I-94, Visa, or Other Immigration Documents. If you are already in the U.S., send a copy of your passport, I-94 card (DHS Departure Record). If you are currently attending school, you must also submit a copy of your I-20.
  
12. **Non-U.S. Citizen Who Are Not on Student Visa:** Applicants who graduated from a U.S. high school must meet the admission criteria for regular students. Applicants who graduated from a non-U.S. high school must meet the admission criteria for international students, but will not be required to provide the financial documentation. All non-U.S. citizens are required to provide a documentation of their immigration status to be considered for in-state tuition.
  
13. **NON-DEGREE STUDENTS:** Students may enroll as non-degree students for a maximum of 12 semester hours of credit (including institutional credit). Such students may not enroll in courses with a Learning Support prerequisite unless they have been screened for and have exempted that requirement.

Students with an earned baccalaureate degree from a regionally accredited institution may enroll as non-degree students with no limitation on the number of semester hours credit that may be earned.

14. **RE-ADMISSION OF FORMER STUDENTS:** Former students are defined as those who have enrolled at Darton College at some time in the past but were not enrolled the previous semester. Students in this category must provide the following:
  - a. A properly completed application for re-admission. There is no application fee for former students.
  - b. A certified transcript of undergraduate work from all colleges or universities attended since the last enrollment at Darton College. Students who re-enroll after a period of suspension re-enter on Academic Probation.
15. **ADMISSION TO SPECIAL COURSES:** Requirements for admission to seminars, short courses, and institutes that carry academic credit are the same as for admission to any other regular college course. Requirements for admission to non-credit seminars, short courses, and institutes will be published at the time of the announcement of the course offering.
16. **EXCEPTIONAL OR UNIQUE CIRCUMSTANCES:** Recognizing that not all applicants have the same needs or qualifications, Darton College makes provisions for those applicants who might profit from an educational experience at the College but, for some reason, do not satisfy all requirements. Such cases are considered separately, and each is judged on its own merits. Persons admitted under these provisions will be classified in the appropriate group described above.
17. **ADMISSION TO SPECIALIZED PROGRAMS:** Certain specialized programs such as Cardiovascular Technology, Dental Hygiene, Diagnostic Medical Sonography, Emergency Medical Services, Health Information Technology, Human Services Technology, Medical Laboratory Technology, Nursing, Occupational Therapy Assistant, Physical Therapy Assistant and Respiratory Care have additional admissions requirements. The applicant for one of these programs must first gain admission to the College before being considered for these programs. Admission to the College does not ensure admission to a specialized program. See the specific program area for additional admissions requirements for each program.
18. **INDIVIDUALS WITH PHYSICAL, MEDICAL, OR LEARNING DISABILITIES:** Darton College complies with all aspects of the Public Law 504 and Americans with Disabilities Act requirements for accommodating students with disabilities. In addition, the University System of Georgia has established special guidelines for students with learning disabilities. Therefore, students with disabilities are encouraged to:
  - a. Contact the Coordinator of Disability Services before taking the COMPASS test if alternative testing procedures are appropriate. (Information provided to the Disability Services office is strictly confidential and will remain separate from application materials.)
  - b. Contact the Coordinator of Disability Services to get a list of the required test battery to validate the existence of a learning disability.
  - c. Complete the voluntary self-disclosure form that will be sent with the letter of acceptance.
  - d. Work through the Coordinator of Disability Services to arrange any special academic or scheduling accommodations that may be required.
  - e. All students, regardless of disability, must follow conduct and attendance policies.

19. **GED Recipients:** GED recipients must adhere to the following guidelines:
  - a. Students must submit an application for admission and \$20.00 fee.
  - b. Students must submit a completed immunization form.
  - c. Students' must submit composite GED test scores of a minimum 2250 (passing.)
  - d. Students must submit an official copy of high school transcripts.
  - e. Students must take the COMPASS placement test.

### **C. LEARNING SUPPORT REQUIREMENTS**

Entering Freshmen who do not submit SAT I and/or ACT scores, or who score below 430 SAT I verbal/17 ACT English and below 400 SAT I math/17 ACT math will be required to take the COMPASS placement test. This test is given for three purposes: (1) to determine if a student is adequately prepared for successful college work in English, reading, and mathematics, (2) to recommend required Learning Support courses, and (3) to recommend advanced placement when possible.

The following guidelines concerning Learning Support apply to transfer students:

- a. Transfer students who were in Learning Support at the sending institution must provide scores for placement purposes. The scores may be obtained from the previous institution or by retesting at Darton College.
- b. Transfer students for whom the college transcript reads "Exited Learning Support" or "exited" in a specific subject area will not be required to present scores and will be considered "exited" at Darton College.
- c. All transfer students without transfer credit (C or better) in college mathematics will be required to provide scores for the Mathematics and Reading portions of COMPASS test. All transfer students without transfer credit (C or better) for college English will be required to provide scores for the English and reading portions of the COMPASS test.

### **D. ACCEPTANCE AND ADMISSIONS STATUS**

After all admissions requirements have been satisfied, the applicant, if determined eligible for admission, will be accepted for enrollment and assigned to one of the following student classification categories:

1. **UNCONDITIONAL ENROLLMENT** into the credit transfer programs or credit career programs. Certain specialized programs have additional admissions requirements and admission to the College does not imply acceptance to these programs. Within the classification of unconditional enrollment, a student will be further classified as freshman, sophomore, joint enrollment, transient, irregular, or audit.
2. **CONDITIONAL ENROLLMENT** into Learning Support. Those students whose COMPASS test scores or comparable College Placement Examination scores indicate an academic deficiency in one or more of the areas tested are granted conditional acceptance and are required to remove all deficiencies prior to being admitted unconditionally. A student is allowed three attempts in each deficiency area. Scores below 74 in reading, below 60 in English and below 37 in algebra on the COMPASS test will require one or more Learning Support courses in a given deficiency area. Students requiring remediation must enroll in these courses first each semester before enrolling in any credit work. Students needing to satisfy CPC math requirements are required to do so by satisfactory completion of Learning Support math.
3. **PROVISIONAL ENROLLMENT** is granted to those students whose program of study requires the College Preparatory Curriculum and who are deficient in one or more areas of this curriculum. All deficiencies must be removed by the time the student earns 18 semester credit hours. Courses taken to meet deficiency requirements will

not count toward the student's degree requirements and must be completed within the first eighteen hours of college work. Science deficiencies may be removed by completing either BIOL 1110 or CHEM 1151; social science deficiencies may be removed by completing one of the following: HIST 1111 or 1112, HIST 2111, or HIST 2112; foreign language deficiencies may be removed by completing FREN 1001, SPAN 1001, JAPN 1001, or GRMN 1001.

4. **TEMPORARY ENROLLMENT** is granted to an applicant who cannot submit all admissions material prior to the printed deadlines. Such acceptance will permit the student enrollment pending receipt of the missing information. No credits may be recorded or grades released to students attending under this category until the student's admission file is complete.

#### **E. TRANSFER OF CREDIT FROM OTHER INSTITUTIONS**

Darton College will accept transfer credit from other accredited colleges and universities. A grade of "C" or better is required, and credit is issued for equivalent courses in the student's curriculum at Darton College. In addition, a maximum of two courses carrying grades of "D" may be transferred if they satisfy curricular requirements and if the student's cumulative transfer average is at least 2.00 by the Darton College method of computation. No freshman English courses with grades less than "C" may be transferred.

A maximum of 42 semester hours of academic work may be transferred to Darton College. A limited number of credits earned by correspondence may be transferred if they carry satisfactory grades and meet curricular requirements.

An evaluation of credits accepted in transfer will be furnished to the students as soon as all transcripts are received by the College.

Credit earned by Darton College students attending other colleges or universities as transient students will be treated in the same manner as described above.

The Director of Admissions may refer any application to the Admissions Committee for further study and advice. The Director of Admissions, however, has the right to make a final decision on all applications. The decision may be appealed under provisions set forth by the College and the Board of Regents of the University System of Georgia.

# RECORDS

## Section Four

### A. TRANSCRIPTS AND TRANSFER OF RECORDS

A transcript is a copy of a student's Permanent Academic Record. It contains a minimum amount of personal data about the student and a chronological account of the student's academic achievements at Darton College. Also included is a list of courses and credits transferred from any institution formerly attended by the student.

Students who wish to have a transcript of their record at Darton College sent to another institution should submit a "Request for Transcript of Record" form to the Registrar's Office at least two weeks prior to the date the transcript is needed. The first transcript is supplied without cost to the student; additional transcripts are issued upon payment of \$ 1.00 for each transcript issued.

In addition to Permanent Academic Records, the College maintains Continuing Education Unit (CEU) records for students earning those credits. Transcripts of CEU records are similar to Permanent Academic Records and are available from the Continuing Education and Community Service Office.

### B. ACCESS TO STUDENT RECORDS

Regulations pertaining to access to student records are found in the Student Handbook, a copy of which may be obtained from the Office of the Vice President for Student Affairs, the Office of Admissions, or the Office of Student Activities.

### C. REGISTRATION

The dates designated on the College Calendar as "registration" are reserved for registration, payment of fees, and purchase of books. The registration procedure is complete upon payment of fees. After that point in time, students are considered officially registered and enrolled in Darton College. Details concerning the registration process are distributed each semester.

### D. WEB REGISTRATION

Currently enrolled, eligible students are encouraged to complete the registration process online. Students may register online anytime from the beginning of Pre-Registration until the close of Late Registration each semester (see the Academic Term Calendar at [www.darton.edu/calendars](http://www.darton.edu/calendars) for dates.) Students must have written prior approval from their academic advisor to use the BANNER Web Registration System. Students who have declared their major and have no Learning Support requirements, may request permission to web register at: [https://srtn.darton.edu/forms/online\\_forms/disclaimer.html](https://srtn.darton.edu/forms/online_forms/disclaimer.html) Students may look up advisor assignments on the Student Directory at <http://www.darton.edu/oit/email.php> at any time. Eligible students are strongly encouraged to register early to secure desired classes. The BANNER FAQs [www.darton.edu/admin/BannerInst/](http://www.darton.edu/admin/BannerInst/) page provides instructions for completing online registration through the BANNER system. Help is also available in the Advising Center. The registration procedure is considered officially complete only upon payment of fees. Students requiring Learning Support and students with undecided majors will need to contact their advisor for registration.

### E. PRE-REGISTRATION

One week during each semester is designated as Pre-Registration week, and currently enrolled students may, at this time, pre-register for classes for the upcoming semester. Academic advisors are available during this time to assist students with their schedules, and each currently enrolled student is strongly encouraged to pre-register. Details concerning pre-registration and fee payment are distributed during the week of pre-registration.

## **F. WITHDRAWAL FROM THE COLLEGE**

Should the student find it necessary to withdraw from Darton College after completing registration, the student should see his/her academic advisor for assistance in completing the official withdrawal form or if no academic advisor is assigned, see the division office of his/her major. The completed form should be returned to the Registrar's Office for final processing. Personnel in that office will process a request for refund of fees, if applicable. For refund percentages, [see the refund schedule outlined in the catalog and semester schedule](#).

In those cases where students are withdrawn by College action for cause (non-payment of fees, returned check, disciplinary action, disruptive behavior, failure to fulfill all admissions requirements, etc.), the forms necessary for withdrawal will be initiated by the appropriate College official, and the students will be notified in writing of the action. Students withdrawn by College action as described above will automatically receive the grade of "W."

Students may withdraw from the College with a grade of "W" prior to the mid-semester date. After this time, a grade of "WF" will be recorded unless the students can provide evidence to the Vice President for Academic Affairs that there are extenuating circumstances surrounding the withdrawal.

## **G. WITHDRAWAL FROM INDIVIDUAL COURSES**

After the late registration day each semester, students withdrawing from an individual course should see their academic advisors for assistance in completing the official drop form. No refunds are issued for dropping individual courses.

## **H. STUDENT MEDICAL WITHDRAWALS**

A student may be administratively withdrawn from the College when in the judgment of the Vice President for Student Affairs, and after consultation with the student's parents and personal physician, if any, it is determined that the student suffers from a physical, mental, emotional, or psychological health condition which (a) poses a significant danger or threat of physical harm to the student or to the person or property of others; or (b) causes the student to interfere with the rights of other members of the college community or with the exercise of any proper activities or functions of the college or its personnel; or (c) causes the student to be unable to meet institutional requirements for admission and continued enrollment as defined in the student conduct code and other publications of the College.

Except in emergency situations, a student shall upon request be accorded an appropriate hearing prior to a final decision concerning his or her continued enrollment at the College.

# FINANCIAL INFORMATION

Section Five

## A. FEES AND COSTS

All fees are payable before the beginning of each semester, and registration is not complete until these fees have been paid. Payment must be made by cash, check, money order, or credit card (cash advance to which bank will add interest and service charge). Registration is complete for students paying by check when the check clears the bank.

### FEES ARE SUBJECT TO CHANGE PRIOR TO EACH SEMESTER

**Application Processing Fee** - A fee of \$20 must accompany each application for admission to credit and Learning Support courses. This fee is not refundable and does not apply toward registration or matriculation fees. No application fee is required for non-credit continuing education and community service courses. Online applications have a fee of \$25.00.

**Matriculation Tuition** - The tuition for 12 or more semester hours of credit or Learning Support courses is \$919 in addition to other fees. For less than 12 hours it is \$ 77 per semester hour. The cost to audit a course is the same as the cost to enroll for credit.

Persons enrolling in a non-credit continuing education or community service course will pay tuition as appropriate for the course.

**Online-Only Tuition** – For Online-only students the tuition for 12 or more semester hours of credit is \$1,500 in addition to other fees. For less than 12 hours, it is \$ 125 per semester hour in addition to other fees. Online-only students are exempt from Non-Resident Fees, Student Activity Fees, and Athletic Fees. Students who do not attend any classes on the main campus or at any off-campus class site and who reside outside the College's 14 county service area, including out-of-state students, are eligible for classification as Online-Only.

**Non-Resident Fee** – Students who attend classes on the main campus – or at an off-campus site - and who are not residents of Georgia will be charged a non-resident fee tuition. Non-resident students registering for 12 or more credit hours will be charged a non-resident fee tuition of \$3,670 per semester in addition to all other fees. Those registering for less than 12 hours will pay \$306 per semester hour in addition to all other fees. Online-Only students residing outside the Darton College service area are exempt from the non-resident fee – regardless of Legal Residence Status. ( [See Definition of Legal Resident in this catalog.](#))

**Late Registration Fee** - Students who do not register and pay fees at the time designated for registration in the College Calendar will be charged a late registration fee of \$25.

**Applied Music Fee** - A fee of \$150 per semester is charged for each one hour per week of private instruction in voice, organ, piano, or orchestral instrument for regularly enrolled part-time or full-time college students. A fee of \$75 per semester is charged for each 1/2 hour per week of private instruction in voice, organ, piano or orchestral instrument.

**Athletic Fee** - Each student taking credit or Learning Support courses of 4 hours or more will be charged a non-athletic fee of \$89 per semester. This fee is used to defray expenses of intercollegiate athletics. Online-Only students residing outside the Darton College service area are exempt from the Athletic Fee.

**Laboratory Fee** - A fee of \$10 to \$35 is charged to each student registering for a laboratory science course in Biology, Chemistry, Physical Science or Physics. This fee pays for the required consumable supplies, equipment maintenance, and specimens used in performing laboratory experiments.

**Physical Education Fees** - A fee of \$10 is charged to each student registering for PHED 1137 Basic Sailing and PHED 1133 Scuba. A fee of \$15 is charged to each student registering for PHED 1219 Introduction to Fly Fishing. A fee of \$20 is charged to each student registering for PHED 1143 Beginning Snow Skiing and PHED 1199 Snow Skiing II, PHED 1218 Hunter's Safety, and PHED 1191 Challenge Course. A fee of \$30 is charged to each student registering for PHED 1171 Bowling I and PHED 1172 Bowling II; PHED 1185 In Line Skating; PHED 1191 Ropes Course Management; and PHED 1154 Challenge Course Facilitator Training.

**Information Technology Fee** - Students will pay a \$48.00 fee which allows them access to campus computers, the Internet, e-mail, and library collections online.

**Student Services Fee** - Each student taking credit or Learning Support courses of 4 hours or more will be charged a Student Services Fee of \$15.00 per semester. Students taking from one to three credit hours will be charged \$100 for the Student Services Fee. This fee is used to defray expenses of various student services such as the College publications, music organization awards, social events, and other college activities and services for students. Online- Only students residing outside the Darton College service area are exempt from the Student Services Fee.

**Student ID Cards** - All students are entitled to a student ID card. ID cards are made in the Cavalier Arena during registration hours and during other designated times throughout the semester. In order to maintain and support the ID card system, a \$10 fee is charged each semester to all currently enrolled students. A \$20 replacement fee is charged for lost or stolen ID's.

**Parking** - Each student enrolled at the College who drives an automobile to the campus must obtain a parking permit at the time of registration. There is no charge for this permit, and the parking fee is included in the Student Services Fee.

**Books** - Costs for textbooks and supplies will vary depending upon the number and kinds of courses taken. Nursing, Dental Hygiene, Medical Laboratory Technology, and other Allied Health program students will incur higher costs in this area and should seek specific information from their academic advisors as to probable costs for books and supplies. Other full-time students may expect to pay approximately \$500 per semester for books and supplies.

**Returned Check Fees** - Students whose checks to the College are returned by their bank due to insufficient funds or other reasons will be charged a service charge of 15 or 5 percent of check amount, whichever is larger.

**Graduation Fee** - Candidates for graduation will be charged a \$35 fee to cover costs related to graduation. This is payable at the time the student applies for graduation, usually at the beginning of the semester in which graduation is anticipated.

**Transcripts** - Students who have discharged all financial obligation to the College are entitled to receive, or to have transmitted, transcripts of their academic record. There will be no charge for the first transcript. A charge of \$1 will be made for each additional transcript.

**Physical Education Uniforms** - No uniform is required of students enrolled in physical education classes. Appropriate dress will be discussed for each class.

**Financial Obligations to the College** - All educational records will be withheld for students who have a financial obligation to the College. These records will be released when the obligation is satisfied. Default on repayment of a student loan is an example of such an obligation.

**Other Fees** - Information concerning special costs associated with certain career programs such as Allied Health and Nursing may be found in the description of such programs.

**Background Check** - To satisfy JCAHO requirements, clinical affiliates of the program may require students to undergo a criminal background check and drug screen before accepting them for clinical rotations. Darton College intends to use a company called Pre-Check to furnish the required background check. The cost for this background check will be \$48.50 and students will be assessed this fee in their first semester in the program. The student signs a release form allowing Pre-Check to conduct the check. Results of the check released to the program are limited to informing the program the applicant is "Clear." In the event the report is not "clear" the student will be able to access the report from PreCheck and may possibly be able to clear up the record. Clinical facilities may or may not accept students with prior convictions depending on the circumstances. The clinical facilities decision is final. In this event, the program will attempt to assign the student to a different facility. Students should realize it is very likely all clinical facilities will have similar requirement.

## **B. SENIOR CITIZENS**

Eligible Georgia residents 62 years of age or older may enroll for resident academic credit on a "space available" basis without payment of matriculation fees. Supply fees, laboratory fees, or activity and athletic fees are the responsibility of the student.

## **C. REFUNDS**

The refund amount for students withdrawing from the institution shall be based on a pro rata percentage determined by dividing the number of calendar days in the semester that the student completed by the total calendar days in the semester. The total calendar days in a semester includes weekends, but excludes scheduled breaks of five or more days and days that a student was on an approved leave of absence. The unearned portion shall be refunded up to the point in time that the amount equals 60%.

Students that withdraw from the institution when the calculated percentage of completion is greater than 60%, are not entitled to a refund of any portion of institutional charges. No refunds are issued for dropping individual courses. **Refunds will be mailed weekly.**

**No refunds will be made to students who withdraw from the College without filing official withdrawal forms with the Registrar's Office, nor will refunds be made to students dropping individual courses after the last day to register.**

**Refunds for textbooks are processed through the college bookstore in accordance with policies published in the Student Handbook.**

## **D. DEFINITION OF LEGAL RESIDENT**

For fee payment purposes, Darton College is required, under the guidelines established by the Regents of the University System of Georgia, to determine the residence classification of all applicants/students of Darton College. The following rules have been adopted by the Board of Regents for this purpose:

1. If a person is 18 years of age or older, he or she may register as a resident student only upon showing that he or she has been a legal resident of Georgia for a period of

at least twelve months immediately preceding the date of registration.

No emancipated minor or person 18 years of age or older shall be deemed to have gained or acquired in-state resident status for fee purposes while attending an educational institution in this State, in the absence of a clear demonstration that he or she has in fact established legal residence in this State.

2. If a person is under 18 years of age, he or she may register as a resident only upon showing that his or her supporting parent or guardian has been a legal resident of Georgia for a period of at least twelve months immediately preceding the date of registration.
3. A full-time employee of the University System and his or her spouse and dependent children may register on the payment of resident fees.
4. Non-resident graduate students who hold teaching or research assistantship s requiring at least one-third time service may register as students in the institution in which they are employed on payment of resident fees.
5. Full-time teachers in the public schools of Georgia and their dependent children may enroll as students in the University System institutions on the payment of resident fees.
6. All aliens shall be classified as non-resident students provided, however, that an alien who is living in this country under an immigration status permitting permanent residence shall have the same privilege of qualifying for resident status for fee purposes as a citizen of the United States.
7. Foreign students who attend institutions of the University System under financial sponsorship of civic or religious groups located in this State may be enrolled upon the payment of resident fees, provided the number of such foreign students in any one institution does not exceed the quota approved by the Board of Regents for that institution.
8. If the parents or legal guardian of a minor changes his or her legal residence to another state following a period of legal residence in Georgia, the minor may continue to take courses for a period of twelve consecutive months on the payment of resident fees. After the expiration of the twelve-month period, the student may continue registration only upon the payment of fees at the non-resident rate.
9. In the event that a legal resident of Georgia is appointed as guardian of a non-resident minor, such minor will not be permitted to register as a resident student until the expiration of one year from the date of court appointment, and then only upon proper showing that such appointment was not made to avoid payment of the non-resident fees.
10. Career Consular officers and their dependents who are citizens of the foreign nation which their Consular office represents and who are stationed and living in Georgia under orders of their respective governments shall be entitled to enroll in University institutions on payment of resident fees. This arrangement shall apply to those Consular officers whose nations operate on the principle of educational reciprocity with the United States.
11. Military personnel and their dependents stationed in Georgia and on active duty, except military personnel assigned to System institutions for educational purposes, shall pay the same fees assessed residents of Georgia.

12. A nonresident student whose parent, spouse, or legal guardian who has been a legal resident of Georgia for at least twelve consecutive months immediately preceding the date of registration, shall pay the same fees assessed residents of Georgia.

**The burden of proof of residency status rests with the student. The college reserves the right to require the documentation it deems necessary when a student feels that circumstances have changed to warrant reconsideration of residency status. It shall be the student's responsibility to submit a petition for review. To be guaranteed residency consideration, the petition should be submitted prior to the beginning of the semester that residency is requested.**

13. Recently Separated Military Service Personnel – Members of a uniformed military service of the United States who, within twelve months of separation from such service, enroll in an academic program and demonstrate an intent to become a permanent resident of Georgia. This waiver may be granted for not more than one year.

## **E. APPEAL OF RESIDENCY CLASSIFICATION**

Students have the right to appeal their residency classification. Such an appeal must state the nature of the grievance and the desired outcome in writing and must be directed to the President of the College.

## **F. STUDENT FINANCIAL AID**

Darton College offers a variety of financial aid programs which include grants, scholarships, loans and employment opportunities. To be considered for any type of financial aid, an applicant must (1) be admitted as a regular student and (2) complete the Free Application for Federal Student Aid (FAFSA.) Financial aid awards are made on a rolling basis throughout the year. Students must re-apply each year to determine continued eligibility.

### **FEDERAL & STATE FINANCIAL AID**

**Federal Pell Grant** - Largest federal aid program; based on need.

**Federal Supplemental Educational Opportunity Grant (FSEOG)** - Limited funds for students with exceptional need.

**Federal Academic Competitiveness Grant (ACG)** – Additional funds available to PELL eligible students beginning with 2005 high school college prep graduates.

**Federal Work-Study (FWS)** - Opportunity to earn financial aid through work; based on need. To be considered for FWS, students should apply through the Career Development Center.

### **Federal Stafford Student Loans -**

Subsidized loans – based on need; government pays interest while student is in school, during six months after student stops attending, and during periods of authorized deferment.

Unsubsidized loans – available to all students regardless of need; student is responsible for all interest which accrues during in-school, grace and deferment periods.

**Federal Plus Loans** - Parent loan.

**Hope Accel Program** - Available to high school students enrolled in college credit courses.

**Hope Scholarship Program** - Available to degree-seeking students with 3.0 or higher GPA.

**Hope Grant Program** - Available to certificate-seeking students.

### **STANDARDS OF PROGRESS**

To receive financial aid, the successful student must make both qualitative and quantitative progress each term. At Darton College, Satisfactory Academic Progress has several components which are outlined in detail in the Student Handbook.

### **SCHOLARSHIPS**

Through the efforts of the Darton College Foundation, funding is available for eligible students through scholarships. To be considered for a scholarship, recipients must apply for financial aid and be admitted as a regular student. Additional requirements may include academic excellence, enrollment in specific fields of study, special talent in the arts, and financial need.

Scholarship applications are available from the Office of Financial Aid, Bldg K, Room 111. The priority deadline is April 1.

### **VETERANS AFFAIRS**

Students who are eligible for benefits should complete the appropriate applications available in the Office of the Registrar located in Bldg. K, Room 101. Applications, supporting documents (i.e., DD-214), and enrollment verifications are forwarded to the V.A. Regional Office in Atlanta for processing of benefits.

### **SOCIAL SECURITY NUMBERS**

Federal law recognizes the student social security number as personally identifiable information. However, the law allows the University System of Georgia to request and use this information according to federal and state guidelines. Your social security number is required when you apply for financial aid, for educational tax benefits and employment, and it may be required for other purposes. Your social security number may be disclosed only under certain circumstances, including the following:

- to other institutional officials
- to representatives of state and local educational authorities
- in connection with financial aid
- for research purposes to improve instruction
- to collection agents in connection with university-related business
- pursuant to an order from a court of law
- other circumstances as required by state or federal law

# STUDENT AFFAIRS

Section Six

## PHILOSOPHY AND OBJECTIVES

The College subscribes to a holistic approach to education. The Student Affairs Division includes Student Activities, Student Success Program, Career Development Center, Minority Advising Program, Disabled Student Services, Testing Center, Alumni Affairs, Housing, Student Conduct, and Student Health Services.

### A. STUDENT ACTIVITIES

The purpose of the Student Activities Program is to complement the instructional program of the College by providing out-of-class recreational, social, cultural, and educational opportunities.

**Student Services Committee** - The Student Services Committee is made up of faculty, staff, and students. In an attempt to meet the varied needs and interests of the student body, the committee concentrates its efforts in planning recreational, social, educational, and cultural activities.

In addition to what is planned by the committee, individual students, chartered clubs, and organizations are encouraged to develop programs that meet the special needs of the campus community. All programs and activities must be approved by the Dean of Students/Vice President for Student Affairs. The Peer Tutoring Program, intramural sports, family activities, beach parties, variety programs, clubs, plays, and concerts are just a few examples of programs offered through Student Activities.

**Peer Tutoring Program** – Peer tutoring in most areas of study is available free of charge to Darton students. Interested students should check with their instructors or in C-227 for more information.

**Intramurals and Recreation** - Students are encouraged to participate in a variety of intramural and league tournament activities such as flag football, volleyball, tennis, basketball, badminton, billiards, bowling, Putt-Putt, scramble golf, and table tennis.

To broaden the scope of recreational activities available, the College has integrated certain community based recreational programs such as golf, bowling, and Putt-Putt into its total program. These are available on a free or fee-shared basis in conjunction with the student activity fee.

**Intercollegiate Athletics** - Intercollegiate athletic programs are offered in men's and women's soccer, golf, and swimming, women's fast-pitch softball, men's baseball, and women's basketball. As a member of Region XVII of the Georgia Junior College Athletic Association and the National Junior College Athletic Association, Darton College competes against other area colleges. Athletic scholarships are available. All students are invited and strongly encouraged to participate on an intercollegiate athletic team.

**Music Organizations** - The music organizations on campus are open to currently enrolled students without regard to major. Anyone interested in becoming a member of the College Choir or instrumental ensembles should contact the Humanities Division Chair or any member of the music faculty.

**Darton Players** - A drama organization is open to all students interested in participating in any aspect of dramatic productions. Three productions are presented each year.

**Student Clubs** - Clubs are organized as interest and need are shown. A listing of these clubs may be found in the Student Handbook, along with the procedures for organizing and

chartering.

**Student Government Association (SGA)** – The SGA is a student oriented service organization. The purposes of the SGA are to serve as a liaison for communication between the students of Darton College and the faculty and administration; to serve in an advisory capacity to the Dean of Students/Vice President for Student Affairs; and to be the official voice of the students of Darton College.

**Student ID Cards** – All students are entitled to a student ID card. ID cards are made in the Cavalier Arena during registration hours and during other designated times throughout the semester. In order to maintain and support the ID card system, a \$10 fee is charged each semester to all currently enrolled students. A \$20 replacement fee is charged for lost or stolen ID's.

## B. STUDENT SUCCESS PROGRAM

The Student Success Program is located on the second floor of the Student Center, C-222. Office hours are from 8:00 a.m. until 5:00 p.m. or after hours by appointment. The Student Success Program is designed to help students develop ways to be successful and can assist students in setting goals, managing time, exploring campus resources, communicating more effectively, improving study skills, enhancing test taking strategies, and developing career/educational plans. Other ways the Student Success Program can assist students include:

- **Personal Counseling-** Darton College students may seek personal counseling from qualified counselors for any academic/nonacademic problem that is interfering with their ability to achieve success. These individual sessions are confidential and free of charge to any Darton student.
- **Academic Advising-** Students who are undecided majors and not taking Learning Support classes receive academic advising from a success advisor. Advising sessions consist of exploring various majors, introducing the student to the Career Center, developing an educational plan, and suggesting strategies to improve the student's overall academic success.
- **Advising Center-** All first-time freshmen and re-admitted students, excluding Allied Health students, are advised by the Advising Center. Advising sessions consist of completing a student evaluation, designing a schedule, registering, introducing the student to the Student Success Program, and making appropriate referrals to improve the student's overall academic success. Students who do not place into Learning Support classes and have not declared a major receive ongoing advising through the Advising Center.
- **Student Success Workshops-** Student Success Workshops are developed to help students improve their academic skills. Topics include enhancing study and test taking strategies, visualizing goals, building self-esteem, resolving conflicts, exploring careers, resume writing, and managing test and math anxiety.
- **Orientation Program-** Prior to each semester, new students are invited to attend an Orientation Program. Information is provided to help students prepare for college. Student survival skills, student services, and college activities are highlighted. Students may register for classes after the completion of the Orientation Program.

## C. CAREER DEVELOPMENT CENTER

The Career Development Center (CDC) is located upstairs in the Student Center, C-217. It is open Monday-Friday from 8:00 a.m. until 5:00 p.m. and after 5:00 p.m. by appointment for evening students. The Center is designed to aid students in making fundamental decisions about the uses of education in their careers and life goals. The advisors provide students with interest and personality inventories, individual advising sessions, computer

systems, and “mini courses” on topics ranging from resume writing to job interview skills. The CDC further provides assistance in selection and planning of career paths, choice of majors, development and improvement of communication and job search skills, and discovery of up-to-date career/occupational information. As an educational support system, the Center furnishes the community and prospective and currently enrolled students with a variety of resources for achieving career goals.

The center maintains a library with career information on the nature of the work, entry-level requirements, future job trends, salary ranges, and prospects for advancement in more than 5,000 career areas. Information on all aspects of student life, transfer procedures, admissions requirements, financial aid, costs, and programs of study for all four-year colleges in the state of Georgia and many colleges nationwide is available to assist students who want to transfer to senior colleges.

Individual and group advisement is provided to assist students in job readiness, getting a job, holding a job, promotions, and job changes.

- **Job Opportunities:** Full-time and part-time employment opportunities can be viewed in the Career Center or online at [www.collegecentral.com/darton](http://www.collegecentral.com/darton) this online job board gives students the opportunity to view jobs, post resumes, and apply online for on or off campus positions.
- **Georgia Hire:** Through Georgia Hire, students and alumni who are job seeking can search the campus' unique and password-protected database 24 hours a day. Resumes may be posted online, and a host of other career resources may be accessed.

#### **D. MINORITY ADVISING PROGRAM**

The Minority Advising Program (MAP) is a support program for minority students. MAP offers students a variety of personal and academic support services. The primary goals of the program are to ensure that the college experience is a positive one for minority students and to promote academic achievement and encourage persistence to graduation or program completion. The MAP advisor serves as a liaison between minority students, administrators, and other external agencies. Some of the programs offered under MAP include seminars, career counseling, personal advising, academic advising, and cultural enrichment activities. The office, located in C-220 on the second floor of the Student Center, is open weekdays from 8:00 a.m. until 5:00 p.m. and after hours by appointment.

#### **E. INTERNATIONAL STUDENT PROGRAM**

The International Student Program is a support program for international students. The program offers career advising, personal advising, academic advising, opportunities for campus and community involvement, and cultural enrichment activities. The International Student Advisor serves as a liaison between international students, faculty, administrators, the Department of Homeland Security, and other external agencies. The International Student Office, located in C-219, is open weekdays from 8 a.m. until 5 p.m. and after hours by appointment.

#### **F. DISABILITY SERVICES**

The Disability Services Office is located on the second floor of the Student Center, C-224. It is open Monday-Friday from 8:00 a.m. until 5:00 p.m. and after 5:00 p.m. by appointment for evening students.

**Individuals with Physical, Medical, or Learning Disabilities:** Darton College complies with all aspects of the Public Law 504 and Americans With Disabilities Act requirements for accommodating students with documented disabilities. In addition, the University System of Georgia has established special guidelines for students with learning disabilities. Therefore, students with disabilities who are requesting accommodations are required to:

- a. Provide the Office of Disability Services with a current transcript and current (within the last 3 years) documentation verifying the disability. Documentation is defined as the following: test results; psycho-educational evaluation results; and/or a physician's diagnosis and recommendations. Information provided to the Disability Services Office is strictly confidential and will remain separate from application materials.
- b. Complete the voluntary self-disclosure form that will be sent with the letter of acceptance and the release of information form.
- c. Contact the Disability Services Office before taking the COMPASS placement exam, if seeking accommodations.
- d. Work through the Coordinator of Disability Services to arrange any special academic or scheduling accommodations that may be required.

Students need to be aware that rules of conduct and attendance policies apply to all Students regardless of disabilities.

## **G. TESTING CENTER**

The Testing Center is located in G-101, next to the Library.

**Testing Services:** The Testing Center schedules and administers the COMPASS Admissions and Placement Tests, the Residual ACT, CLEP tests, VUE certification tests, the MAPP graduation requirement tests for Distance Learning and other ability and achievement tests that require a testing supervisor. Information is available under Testing on Darton's web site. Students should check with the Testing Center for applicable fees.

## **H. ALUMNI AFFAIRS**

The College believes that its relationship with its students should not cease when the student terminates enrollment. An Alumni Association is the vehicle by which the student and the College maintain this continuing relationship. A complete list of services and benefits available through the Alumni Association may be obtained by contacting the Office of Development.

## **I. HOUSING**

Beginning Fall 2009 Darton College has on-campus residential living. [Please see the Darton website for further details.](#) The Vice President for Student Affairs maintains a listing of private housing that is also available to students.

## **J. STUDENT CONDUCT**

Students of Darton College are expected to be mature and responsible citizens at all times and in all places. Conduct regulations are discussed in detail in the Student Handbook.

## **K. STUDENT HEALTH SERVICES**

There is no College Health Clinic. For any serious accident or illness, Emergency Medical Services (EMS) may be reached at 911.

Limited mental health services are available from the Student Affairs Division. Students who require more extensive treatment will receive referrals to external resources.

## **L. PEER TUTORING**

The Peer Tutoring Center is located on the first floor of the Student Center, C-144. It is open from 9:00 a.m. until 6:00 p.m. Monday through Thursday and from 9:00 a.m. until 5:00 p.m. on Fridays. The Peer Tutoring Center provides free tutoring to Darton students in most areas of study. Students are encouraged to contact the Tutoring Center Coordinator in C-227 as soon as they recognize a problem with their coursework. The Tutoring Center offers appropriate support and referrals, academic help, and mentoring. The goal of the Peer Tutoring Center is to help students become independent learners.

# ACADEMIC SUPPORT SERVICES

Section Seven

## ACADEMIC STUDENT SUPPORT SERVICES

Other Student Support Services include the Academic Computer Support, Instructional Support Labs, Instructional Technology and Distance Learning Services, Library, Military Opportunities, and Veterans' Services.

### A. Academic Computer Support

The Office of Information Technology (OIT) operates the computer labs and computer classrooms on campus to provide students and faculty the support necessary for the academic programs. Darton recognizes the dynamic changes in the computer industry and offers services using the latest in technology within its reach. In addition to hundreds of PCs in the labs and classrooms, OIT operates several systems, including Windows, UNIX, LINUX Servers, as well as, ORACLE databases, in a networked environment with internet connection to thousands of sites around the globe. Web-based courses are supported for distance learning, while many faculty maintain web pages as adjuncts to their courses.

The College encourages students to be competent in the use of computers. Competence is defined as the ability to use computers in analyzing and solving problems in order to increase productivity. All students are provided an e-mail account and networked storage space during their first term of enrollment.

MyDC is Darton College's web portal – students can check their campus email account, view and save appointments on their personal calendars, receive reminders about important class and campus events, check their grades, register for classes, and pay their fees through Banner Web.

OIT supervises a central computer lab of over 70 computers and 4 printers available to students. Windows XP is installed on each Pentium-class PC with Office 2007 Professional, Microsoft Internet Explorer, Adobe Acrobat Reader, Visual Studio, and other software required for classes; also, Apple McIntosh computers running Mac OS X. A worker, usually a student, will be in the lab during all open hours to assist in using the computers. The lab worker is not responsible for helping students with their homework assignments.

### B. Instructional Support Labs

Darton College instructional support labs offer academic support to students seeking assistance in writing, reading, mathematics, music, and foreign language. Each lab provides a stress-free environment that supports college curriculum and methodology, yet each offers alternative tutorials that address diverse learning styles. The labs offer students one-on-one tutoring conferences or small group sessions on particular skill areas. In addition, professional administrative staff is available to assist with special concerns and to provide expertise in related fields. Each lab offers access to computer technology, including computer-assisted instruction in math, grammar, reading, music, and foreign language. To assist students further, all labs are supplied with reference materials, selected texts, and helpful handouts.

### C. Writing Center and Math Center

The Humanities/Mathematics divisions, in conjunction with the Student Support Center, provide a Writing Center and Math Center to assist non-learning support students in achieving maximum success in their coursework.

The Writing Center, located in room C-143 in the Student Center building, offers individualized assistance with writing assignments for all subject areas. The Writing Center is staffed by professionals and student tutors who provide constructive feedback throughout the writing process, utilizing an active learning approach that allows students to take complete responsibility for their success. Computers, printers, internet access, style manuals, and other writing aids are available for student usage free of charge to assist in research and the preparation of writing assignments.

The Writing Center is open 9:00 a.m. to 6:00 p.m. Monday through Thursday and 9:00 a.m. to 5:00 p.m. on Friday. Summer semester hours may vary. For more information, call 317-6983 or visit the online Writing Center web site at <http://www.darton.edu/programs/Humanities/writing/>.

The Math Center, located in room B-222 in the Science/Math building, offers individualized assistance in all non-learning support mathematics subjects. The Math Center is staffed by professionals and student tutors who provide constructive feedback and one-on-one tutoring in the foundations of problem solving with emphasis on the use of technology as a problem-solving tool. Computers, printers, calculators, and mathematics reference materials are available for student usage free of charge to assist in problem solving and completion of assignments. An online tutor is available in the evenings and on the weekends for online math students.

The Math Center is open 8:00 a.m. to 5:00 p.m. Monday through Friday. For more information, call 317-6883.

## **D. Distance Learning – Multiple Options**

Darton College offers a variety of Distance Learning options for students seeking alternatives to traditional classroom instruction. Students may pursue a variety of courses in the core curriculum and selected degree programs through online courses, telecourses, video conferencing, or video streaming. Registration and Admissions for Distance Learning classes follow the same procedures as for traditional enrollment at Darton College. Students are expected to meet regular admissions deadlines and are eligible to apply and register online after submitting the paper work. See [Darton College Admissions Procedures](#). Distance Learning courses at Darton College are supported by the Instructional Technology and Distance Learning Department (ITDL), the Darton College Library, the Georgia Library Catalogs, and the Darton College Bookstore. The Online Learning web site at <http://online.darton.edu> provides additional information on online learning course offerings, online degrees and certificates, policies, procedures, and distance learning student services. Darton College provides free technical support for distance learning through the WebHelp Desk. Technical support may be requested by phone at (229) 317-6923 (local) or 1-800-861-8318 for students outside the Albany, GA calling area. Assistance is also available on the web at [http://online.darton.edu/forms/dl\\_webhelp.htm](http://online.darton.edu/forms/dl_webhelp.htm)

### **Online Degrees and Programs**

Darton offers online courses in a wide variety of program areas, and online offerings are continually expanding. Darton currently offers 39 associate degrees and 12 certificates that can be completed exclusively online. An additional ten associate degrees may be completed partially online. See <http://online.darton.edu/degrees> for the complete listing of online degrees. Online classes follow the same semester schedule as on-campus classes (see Academic Term Calendars at [www.darton.edu/calendars](http://www.darton.edu/calendars) for significant dates.) Online courses at Darton College are provided through the WebCT learning environment. These are multimedia enriched and instructor-led courses, not independent study correspondence courses. Students residing outside the immediate Darton College service area may arrange for exam proctoring. On-campus attendance for testing may be required for students residing in the service area. Testing requirements are determined by the

individual course instructor. Off-campus computer hardware and Internet access are the responsibility of the student. Information regarding the minimum computer hardware and software requirements is located at [http://online.darton.edu/student\\_resources/systemRequirements.php](http://online.darton.edu/student_resources/systemRequirements.php). Basic skills and expectations for distance learning are available at <http://online.darton.edu/right4u.html>. Initial online advisement inquiries can be made by calling (229) 317-6815.

### **Telecourses**

Telecasts of selected or edit courses are presented each semester on local cable Channel 19 in the Albany, GA viewing area. Students enrolled in televised classes may call the Darton College TV Operations switchboard during live telecasts with questions or comments for the instructor. Students may also contact telecourse instructors via e-mail, telephone, in person, or through the instructor's division. Classes may be conveniently recorded by the student. An additional consideration is that classes recorded by Darton TV Operations are available for on-site viewing in the Library for two weeks following the class date.

### **Video Conferencing Courses (Two-way)**

Selected credit courses are offered by two-way interactive video conferencing. These courses allow students to enroll in Darton classes, and participate in instructional activities originating at distant institutions while attending class on the Darton Campus. These classrooms are outfitted with microphones which enable the class atmosphere and interaction to be similar to a traditional classroom. Participants at the host and recipient locations are able to see one another by way of a video connection.

### **Video Streaming Courses (One-way)**

Darton offers a few courses through one-way video streaming. This technology allows select courses to be video streamed from the Darton main campus to a satellite location. Therefore, students at the recipient locations are able to see and hear the class and the instructor. However, unlike two-way video conferencing, video streaming is not interactive since audio capabilities are uni-directional. Inquiries must be communicated with the instructor via email or phone.

## **E. Instructional Technology**

The Instructional Technology and Distance Learning Department (ITDL) staff and facilities support the design, development, and production of instructional content. The department also facilitates the integration of instructional technology into traditional academic settings, distance learning initiatives, and community enrichment programs. Instructional technology is implemented across the curriculum through the use of multimedia courseware and content, web-based instructional materials and activities, and other appropriate presentation technologies. Faculty and staff development, one-on-one faculty support, technical assistance, and helpdesk support are also available. For more information regarding ITDL, please go to <http://online.darton.edu/itdl/index.php>

## **F. Library**

The Harold B. Wetherbee Library/Learning Resources Center combines traditional library services with the latest in technology. Facilities and equipment for the utilization of all types of media regardless of format are provided. By design and function, the activities of the Library support academic programs and services.

The mission of the Wetherbee Library/Learning Resources Center is to procure, organize and provide to the eligible citizens of Southwest Georgia learning resources that support educational programs, services and/or leisure interests. The Wetherbee Library is committed to excellence in providing and maintaining a range of quality resources/services/facilities that provide educational, cultural, social, physical, personal and professional growth for a diversity of students both on and off campus.

The library promotes distance education, individual and classroom use of the

resources through an automated library system, GIL (GALILEO Interconnected Libraries) online catalog, reserve service, library instruction/information literacy programs, interlibrary loan service, reference service and various other online services. Access to the library homepage is available through the Internet or the [Darton College Homepage](#). The library website includes general information, forms, research instruction, hyperlinks to suggested research sites on various subjects, GALILEO and GIL (library catalog). Georgia Library Learning Online (GALILEO) can be accessed through workstations in the library or through any computer using a web browser. Full text articles in core curriculum journals, University System of Georgia library catalogs, encyclopedias, ebooks and over 200 electronic databases are all available through GALILEO. Newspapers, Georgia census data, Digital Library of Georgia, Georgia state publications and other resources are also available through GALILEO. The GALILEO initiative connects all libraries electronically and also provides service between System libraries to support faster turnaround time for interlibrary loans. Universal Borrowing is another resource sharing initiative through the Library that allows USG patrons access to circulating materials at all USG libraries. The Learning Resources Center provides service to students attending other educational institutions and the general public, provided such service does not interfere with its obligation to its primary constituents. The Harold B. Wetzer Library operates under Criteria for Accreditation established by the Southern Association of Colleges and Schools, Commission on Colleges, the policies of the University System of Georgia and the Rules and regulations of Darton College.

The library provides a variety of seating accommodations. Small lounge areas, individual study carrels, study rooms and study conference or seminar rooms are available in the library. A vending machine is located in the downstairs study area.

The library has a book collection of over 97,914 volumes, plus a continually changing leased collection of current recreational reading materials. Audiovisual materials in various formats are also available. The serial/periodical collection is made up of 549 titles. Back issues of many of the periodicals are available in bound volumes or among the more than 37,056 units of micro materials.

The library also houses the American Enterprise Institute resource collection.

In-house equipment items available for the benefit of patrons are VCRs, computers including wireless, cassette recorders and playback units, micro film/microfiche reader-printers, microfiche readers, filmstrip/cassette machines, laser printers, laptops, DVD/CD player and digital reproduction equipment. Adaptive technology housed in the library includes a magnification system, scanner and computer with Jaws, Zoomtext and Cicero.

Once enrolled in the College, each student should consult the latest Student Handbook for more details concerning the library at Darton College.

## **G. Military Opportunities**

There are numerous opportunities with the military awaiting Darton College students who graduate with an Associate degree. The United States Air Force, United States Army, United States Marine Corps, and United States Navy need a well-educated military workforce and Officer Corps to accomplish their missions. Military recruiters schedule regular visits with the Director of Student Activities and meet with enrolled students in Darton College's Student Center to discuss military programs and career opportunities.

For additional information, visit the websites: [www.airforce.com](http://www.airforce.com) [www.goarmy.com](http://www.goarmy.com)  
[www.marines.com](http://www.marines.com) [www.navy.com](http://www.navy.com)

## **H. Veterans' Services**

The Office of the Registrar serves as the Veterans' Affairs administrative representative at the College. Please contact the V.A. representative in the B.R. Tilley Academic Services Building, Room 101, telephone (229) 317-6742 to learn more about any of the military opportunities and veterans' services available to students at Darton.

## I. First Year Experience

Also called DART 1000, this course is designed to assist first year students in adjustment to the academic and social community at Darton College. DART 1000 is required for each first-time, full-time, entering freshman. Not available for full-time online students at this time.

# ACADEMIC Section REGULATIONS

Eight

## A. CLASS LOAD AND ATTENDANCE

Although a normal class load is 15 semester hours, students carrying a class load of 12 hours of academic work are considered “full-time” and those carrying 6 - 11 hours are considered “part-time.” The maximum normal academic load that students may carry is 19 semester hours including physical education and music courses. Enrollment in courses taken for audits is included in the computation of student class load. In such cases, the credit in semester hours provides the basis for computing that portion of the student class load. (See also [Darton College Fees and Cost.](#))

Faculty advisors will help students in planning their class load each semester. (Also see [Programs of Study, Section B - Advising](#) for more information about the role of the faculty advisor.)

**Semester Credit Hours** - Darton College calculates semester credit hours for both college degree credit courses and institutional credit courses. In general, college degree courses are numbered 1000 or higher, and institutional credit courses are numbered less than 1000, are developmental in purpose, and are offered by the Learning Support Division. A semester credit hour is the unit of measure of academic work. In general one semester credit hour is assigned for each class period the course meets per week. For example, a 3-semester hour class would meet three 50-minute class periods per week for the semester. Some exceptions to this rule are laboratory, clinic, studio, activity, and music courses which meet 2 to 3 hours per week to equal one semester credit hour.

**Students Taking An Overload** - Students who desire to take more than the maximum normal load, 19 semester hours, and who have demonstrated exceptional academic achievement, such as minimum GPA 3.0 or the Dean's List for the preceding semester, may apply to the Vice President for Academic Affairs for approval of an “overload.”

**Students in Academic Difficulty** - The College reserves the right to limit the class load of students doing poor academic work. (See [Academic Regulations, Section H – Academic Standing.](#))

**Students Employed** - Students who work are advised to reduce their class load in proportion to their work load. Full-time students should not plan to be employed on a regular basis but should devote their time to academic endeavors. The following work/class load ratio is suggested:

### WORK LOAD

45 hours  
30 hours  
15 hours

### CLASS LOAD

6 semester hours  
12 semester hours  
15-17 semester hours

**Student Class Attendance** - It is the policy of this college that students are expected to attend all of their scheduled classes, laboratories, or clinic sessions when reasonably possible. Some justified and unavoidable absences are expected. Absences in excess of 10% of the sessions scheduled may reduce the grade for the course. A student is expected to account for absences, preferably in advance, to the instructor of the course and, at the discretion of the instructor, to promptly make up the work missed.

**Online Attendance** – Attendance in online classes may be verified in terms of log-in and log-out times, time spent in a particular unit or other part of online courseware, time spent in chats and online discussion, quality and quantity of chat and online discussion content,

quality and quantity of e-mail, quality and quantity of course work, test participation, and other considerations. Distance learning courses at Darton College are instructor-led classes, not independent study or correspondence courses. Students are expected to engage actively in the course content, participate in student-teacher and student-student communications, and complete assignments and tests according to the requirements and schedule of the course instructor. Failure to participate, communicate, or meet course requirements within the time frame required by the instructor may reduce the grade for the course.

Divisions or departments may have class attendance policies of a more specific nature within this general policy statement. Each instructor shall provide detailed policies and procedures in writing to each student at the beginning of the course. Students who miss classes while serving as jurors will not be penalized for such absences but will be required to make up classwork missed as a result of jury service. [See the Student Handbook for details.](#)

## B. COURSE CHANGE, WITHDRAWAL

**Course Change** - Following registration, students may change their schedule, that is, drop or add a course, by conferring with their faculty advisor and processing a Drop/Add Notice. Deadlines for changing schedules are as follows:

1. A course may be dropped anytime before 5:00 p.m. of the day indicated in the College Calendar as the last day to drop a course without penalty. Students dropping a course by this date will be assigned a symbol of W. Students dropping a course after this date will receive a grade of WF. The only exceptions are cases of hardship as determined by the Vice President for Academic Affairs or his/her designated representative. Verification of hardship will be required.
2. A course may be added only on Late Registration Day. ([See College calendar for date/time.](#))

**Withdrawal** - To withdraw from all courses, that is, resign from college, students must report either to their faculty academic advisor, their major division chairperson, or the Registrar's Office and process a withdrawal request. One part of the process is an exit interview with the faculty advisor or the major division chairperson. If circumstances make it impossible for students to present themselves on the campus, a written request to withdraw will suffice. Students who fail to withdraw officially will receive the grade of "F" in all courses for which they are registered. ([See Darton College Refund Policy.](#))

**Late Withdrawal/Drop - The WF Penalty** - Students who drop a course or withdraw from the College after the date published in the Catalog as the last day to drop a course or withdraw from the College without penalty will receive a grade of WF for all courses involved. The only exceptions are in cases of hardship as determined by the Vice President for Academic Affairs or his/her designated representative. Verification of hardship will be required.

## C. TRANSIENT AUTHORIZATION

A Darton College student who wishes to enroll temporarily in another college or university must obtain prior permission to do so and should request that a letter of authorization be sent to the Director of Admissions of that college or university. The Darton College Registrar or Vice President for Academic Affairs may grant the permission and issue the letter of authorization. Students requesting transient permission must have at least a 2.0 GPA. Credit earned while in a transient status may be transferred back to Darton College provided such credit carries a grade of "C" or better and satisfies curricular requirements. It is the student's responsibility to request that a transcript of credits be sent back to Darton College.

## D. CLASSIFICATION OF STUDENTS

At the beginning of each semester, students are classified as follows: Learning Support, freshman, sophomore, provisional, joint enrollment (Accel), transient, non-degree seeking, and audit. All students who are required to take any Learning Support courses because of their COMPASS or comparable college placement scores are classified Learning Support. Students who have exempted or completed all Learning Support requirements but have completed fewer than 30 semester hours of college credit are classified as freshmen. To be admitted to sophomore standing, a student must have successfully completed 30 semester hours of college credit. Credit for physical education is not considered when determining freshman or sophomore standing. JET students are those jointly enrolled in high school and college. Transient students are visitors to the campus with the intent of transferring the courses taken back to their home institutions. Non-degree seeking students are those who wish to enroll in credit courses for credit but who do not seek a degree. Auditors are those who wish to enroll in courses but do not seek credit. For further classifications or further information see [Section Three, Admissions](#).

## E. EXAMINATIONS

Within the accepted bounds of academic freedom and sound educational practice, faculty members are free to present their subject matter as they deem best. This includes the number and types of tests and examinations. Faculty are expected, however, to give sufficient evaluation opportunities to arrive at a fair assessment of the students' command of the subject. The College designates the final four days of each semester for final examinations. Most courses will have a final examination.

The College also gives the Regents' Test, CLEP Examinations, COMPASS tests, Residual ACT exams, and the MAPP (Measure of Academic Proficiency and Progress) through the Testing Center. Licensing boards in the health fields require graduates of these programs to pass an examination before receiving the appropriate license.

## F. GRADING SYSTEM

The grading system used by Darton College, in conformity with the University System of Georgia, is as follows:

LETTER GRADE	NATURE OF WORK	GRADE POINTS
A	Excellent	4.0
B	Good	3.0
C	Satisfactory	2.0
D	*Passing	1.0
F	Failure	0.0
WF	Withdrew, Failing	0.0

\*Except as indicated in course description.

**The following symbols may be used as indicated but will not be included in the determination of the grade point average.**

- I** - "I" indicates that the student was doing satisfactory work but for non-academic reasons beyond the student's control, was unable to meet the full requirements of the course. An "I" must be removed prior to the last day to drop a class or withdraw from the College during the next semester of enrollment or if the student is not enrolled, within the next twelve months, whichever comes first. The "I" may be changed by completing the incomplete work as prescribed by the instructor or by re-enrolling in the course and completing all the requirements. A Grade of "I" which is not satisfactorily removed will be changed to the grade of "F" by the Registrar and will be computed in the grade point average.
- W** - This symbol will be assigned to students withdrawing from any class or the College after the last day to add a class, but before the end of the last day to drop a course without penalty.

- S** - This symbol will be assigned to indicate that credit has been earned in certain learning activities graded satisfactory or unsatisfactory.
- U** - This symbol will be assigned for unsatisfactory performance in a learning activity graded satisfactory or unsatisfactory.
- V** - This symbol will be assigned to students who audit a course. During the semester, students may not transfer from audit to credit status or vice versa.
- K** - This symbol will be assigned to students who receive credit by examination.
- NR** - This symbol is temporarily posted on a student's transcript when a professor fails to turn in grades on time. It will be removed when the actual grade is posted.

**The following symbols are used only in Learning Support or other institutional credit courses.**

- IP** - This symbol indicates that the student is making progress in the course but needs additional work to complete the course requirements and must re-enroll in the course.
- P** - This symbol indicates that credit has been earned in certain activities graded "pass" or "fail."

**Grade Point Average (GPA) Computation** - The formula for computing a student's GPA is as follows: Total Grade Points Earned ÷ Total Semester Hours Attempted = GPA. Grade points are calculated on college degree credit courses, not institutional credit courses.

To arrive at grade points, multiply semester hour value of college level courses (all courses numbered 1000 or higher) by point value of grade earned. The point values of grades are A = 4, B = 3, C = 2, D = 1, F and WF = 0. A sample computation of one semester's academic record by a student is as follows:

COURSE	Semester HOURS	GRADE EARNED	GRADE POINTS
ENGL 0099	*4	B	0
MATH 1111	3	C	6
HIST 2111	3	A	12
BUSA 2106	3	B	9
POLS 1105	2	A	8
PHED 1115	<u>1</u>	B	<u>3</u>
12			38

38 ÷ 12 = 3.16 Grade Point Average

\*Institutional Credit

A sample computation of a cumulative GPA is shown below:

	Grade Point Average	Hours Carried	Hours Credit Earned	Grade Points
Current	2.87	16	16	46
Previous Cumulative	1.94	17	12	33
Current Cumulative	2.39	33	28	79

It should be noted that the current cumulative grade point average is the quotient of the hours carried and grade points and is not the arithmetic average of prior grade point averages. For graduation GPA, the higher grade is used.

**Repetition of Courses** - A student may repeat a previously attempted course if required by academic regulations and/or upon the approval of his academic advisor. When a course is repeated, both the original grade and the grade in the repeated course will be used in determining the student's cumulative grade point average.

When a course is taken which is similar to a course previously taken, credit cannot be

received for both. Credit will be given for the course most recently taken, even if the most recent grade is lower than the previous grade.

**Dean's List** - The Dean's List for each semester will include those full-time students who earn a 3.40 or higher grade point average. Learning Support students and students on probation are not eligible for the Dean's List.

**Merit List** - The Merit List each semester will include those part-time students who are taking at least 5 semester hours of college credit work but less than 12. A student must earn a 3.40 grade point average or higher on college credit work. Learning Support students and students on probation are not eligible for the Merit List.

## G. REPORTING GRADES

Darton College makes students' grades available on-line through each student's individual account with secure access. All possible efforts are taken to expedite processing of grades. Copies of grades will only be mailed to those persons or agencies specifically designated in writing by the student. Students can fill out a grade mailer request form in the Registrar's Office. It is the student's responsibility to keep the Registrar's Office notified of any name and/or address change. Unless notified to the contrary, requested grade reports will be addressed as shown on the student's application for admission. It is also the student's responsibility to report any grade errors to the Registrar's Office within 15 days of receipt.

## H. ACADEMIC STANDING

The purpose of probation and suspension is to assure the wisest and most beneficial use of the time and resources of both the student and the institution. It is the general requirement of most four-year institutions that transfer students seeking admission have a minimum overall average of 2.0 (C) for all previous academic work attempted. Darton College probation and suspension policies must not be construed as being congruent with such policies of all other colleges.

**Academic Probation** - Two factors affect a student's academic status. One is the cumulative grade point average (GPA). This is computed by dividing the grade points earned at Darton by the degree credit hours attempted at Darton. Courses which carry no credit or "institutional credit" are not used in the GPA computation. The other factor which affects a student's academic status is the number of degree credit hours attempted at Darton. Only degree credit hours are used to determine a student's academic status. (See also "[Semester Credit Hours](#)," and "[Grade Point Average Computation](#)")

Students will be placed on academic probation when they have attempted degree credit hours shown in the left column in the following table and have not earned at least the grade point average shown in the right column. For example, students who have attempted 31 credit hours and have a GPA of 1.79 or below will be placed on probation.

DEGREE ATTEMPTED	CREDIT HOURS	MINIMUM GPA REQUIRED
0-30		Not Classified
31-40		1.80
41-50		1.90
	51 or more	2.00

**Removal of Academic Probation** - Students will be removed from academic probation when their grade point average is raised to the level specified in the table above.

**Continuation of Academic Probation** - Students who earn a 2.00 GPA during any semester in which they are on probation, but do not raise their cumulative average

sufficiently to be removed from probation, will be continued on academic probation.

**Academic Suspension** - Students on academic probation will be suspended for one semester unless

1. They remove themselves from probation, or
2. They achieve a 2.00 GPA for the current semester.

After the first suspension, any subsequent suspension(s) will be for three semesters for each suspension, also called Academic Dismissal.

Credits earned at another institution during a period of suspension may not be subsequently transferred to Darton College.

Students who re-enroll after a period of suspension will re-enroll on Academic Probation.

**Learning Support Probation/Suspension** - Students must remove academic deficiencies within the specified time established by the Board of Regents. A student who has not completed requirements for exiting a Learning Support area (Reading, English, Math) after two attempts shall be placed on Learning Support probation. Receiving any of the following grades is considered an attempt: A, B, C, F, WF, S, U, I, or IP. A student who does not complete requirements for an area in twelve semester hours or three semesters, whichever occurs first, will be suspended. The student may not be considered for readmission within three years of the suspension.

Prior to suspension, the student may appeal to the Darton College Academic Appeals Committee for two additional courses. For each additional attempt, the student must have reached the limit in only one Learning Support area, be in an exit level course, and be individually evaluated and determined to have a reasonable chance of success. During the semester of the first additional attempt, the student may enroll in courses other than Learning Support. If granted the appeal for the second additional course, the student may enroll in only the Learning Support course.

**Academic or Suspension Appeals** - The normal procedure to appeal academic matters such as grading, attendance, teacher techniques, student/teacher conflicts, or anything else as associated with the academic process is: (1) to discuss the matter with the instructor concerned; (2) if the grievance has not been resolved, to discuss the matter with the Dean/Chair of the division concerned; (3) if the grievance still has not been resolved, discuss the matter with the Academic Appeals Committee. The appeal from the Appeals Committee decision is the Vice President for Academic Affairs.

Students who have been suspended for academic reasons should, if they feel there were extenuating circumstances, ask for an appointment for a hearing before the Academic Appeals Committee. For the convenience of students, the Academic Appeals Committee meets on registration day of each semester. Students should obtain the appeals forms from the Records Office. After the return of the completed forms with supporting documentation, an appointment with the Appeals Committee will be scheduled.

## I. SUMMER READMISSION PROGRAM

A summer program for students on academic suspension has been developed to allow any student on academic suspension to enroll for the summer semester. All persons - regardless of academic suspension status - will be allowed to enroll. If during the summer semester, while enrolled in a minimum of a three-semester-hour academic course, a student improves his GPA to meet policy standards or makes a 2.00 for the semester, the student may enroll fall semester, and the suspension status will be lifted. However, the student may remain on probation if the minimum GPA is not met.

Students who earn less than a 2.00 GPA for the summer semester will be placed on academic suspension. First-time suspension students, that is, students who have not been away from the college on suspension, will be suspended for one semester. Second time (or

more) suspension students, that is, students who have been away from the college on suspension, will be suspended for three semesters.

NOTE: Students receiving financial aid will be ineligible for aid under this program.

This program does not apply to students on Learning Support Suspension. See [Academic Regulations, Area H – Academic Standing - Learning Support Probation/Suspension](#).

## J. ACADEMIC RENEWAL

The Academic Renewal program provides the opportunity for degree-seeking students within the University System of Georgia who have experienced academic difficulty to have one final opportunity to earn an associate or bachelor's degree at a system school. A student at Darton College seeking Academic Renewal status from former enrollment at Darton must have had a five-year absence from any postsecondary institution. A student may be granted Academic Renewal status only once.

Former Learning Support students may apply for Academic Renewal only if they successfully completed all Learning Support requirements prior to the commencement of the five-year period of absence.

All previous coursework and academic standing continue to be reflected on the student's official transcript. Academic credit for previously completed coursework, including transfer courses, will be retained only for courses in which an A, B, or C grade has been earned. The renewal grade point average is begun when the student resumes taking coursework following approval for Academic Renewal. Retained grades are not calculated in the Renewal GPA. The Renewal GPA begins with the semester following re-enrollment. Required courses with D or F grades must be repeated at the Academic Renewal institution. All remaining courses for the student's current degree program must be completed at the Academic Renewal institution. A student classified with Academic Renewal cannot attend another institution as a transient student.

Re-enrolling students who have been out of school for five years and who do not request Academic Renewal status at the time of re-admission may request the status within three academic semesters or within one calendar year, whichever comes first. Suspended or dismissed students who attend another institution during the suspension/dismissal period are not eligible for Academic Renewal.

Students wishing to apply for Academic Renewal must complete an "Academic Renewal Application." Once the application is completed, the student is required to meet with the Academic Appeals Committee, which meets immediately prior to the beginning of each semester. Final approval of the Academic Renewal status is granted by the Academic Appeals Committee.

## K. ACADEMIC APPEALS PROCEDURE

1. Obtain the appropriate form from the Records office.
- a. For Academic Renewal, two forms are needed: "Academic Renewal Application" and "Request for Academic Appeal."
- b. For change of grade, lifting academic suspension/dismissal, or learning support fourth attempt, only the "Request for Academic Appeal" is needed.
2. Fill out the forms completely.
3. For **change of grade**, supporting documentation is required. The appeals committee will only hear appeals for grade changes from F or WF to W. ***If there is no supporting documentation, the appeal will not be heard.***
4. If you are requesting **Academic Renewal**:  
Have you been absent from Darton at least 5 years?
  - a. Did you complete all learning support requirements prior to the absence?
  - b. Have you remained out of all University System schools during the absence from Darton?
  - c. Have you been back at Darton for less than one calendar year?

If you answered “no” to any of the above questions, you do not meet the criteria for academic renewal.

5. If you are requesting an **additional attempt for a learning support class**:
- Are you currently enrolled in the exit class for this area?
  - Did you make IP during the previous of learning support in this area?
  - Have you reached your final attempt in only one learning support area (Math, Reading, English)?

If you answered “yes” to all of the above questions, you will be granted an additional attempt at your learning support class. Complete the required form and return it to the Records Office.

If you answered “no” to question #2, complete the required form and return it to the Records Office. You will need to make an appointment to be heard by the Academic Appeals Committee. If you answered “no” to any question other than #2, you do not meet the criteria for an additional attempt for a learning support class.

A letter of support from the instructor is strongly recommended.

6. Return the forms with any supporting documentation (including proof of extenuating circumstances) to the Records Office. **ALL SUPPORTING DOCUMENTATION MUST ACCOMPANY THE ACADEMIC APPEAL FORMS. NO DOCUMENTATION WILL BE ACCEPTED LATER!**
7. The Academic Appeals committee meets on registration day of each semester. You must be present or your appeal will not be considered. Distance Learning students will be contacted by phone on the appeals day.

## L. DEGREE REQUIREMENTS

Darton College grants the Associate of Arts, Associate of Science, and Associate of Applied Science Degrees. Although some students will satisfy degree requirements each semester, there are only two formal graduation exercises each year, one following the Fall Semester and one following the Spring Semester. General requirements for the degrees are as follows:

1. **Quantitative** - The student must complete a minimum of 60 semester hours of academic work, plus physical education requirements. A student must present 18 semester hours as residence instruction at Darton College.

2. **Qualitative** - The student must have a cumulative grade point average of 2.00 (C) on all work presented to meet graduation requirements of Darton College. In addition, students have to earn a “C” or better in English 1101 and English 1102.

3. **Curricular** - The student must satisfy the requirements of the core curriculum or complete a specific program of study. All candidates are required to satisfy the provision of the Georgia State Code 32-706 as amended by the General Assembly, which requires all candidates for a degree to pass either courses in or an appropriate examination on the history of the United States, the history of Georgia, the United States Constitution, and the Constitution of Georgia. These requirements may be met by successfully completing Georgia and United States History, HIST 2111 or HIST 2112, and American Government, POLS 1101, or taking an exemption exam as explained below:

To take an exemption exam and receive credit, the student must:

- be currently enrolled at Darton College.
- call (229-317-6560) and make an appointment, (three -day advance notice required).
- score 70% or higher on the exam.
- pass on the first attempt.

### 3a. For History and Government Taken in Another State

In the library, use the appropriate book(s) on reserve:

HIST 2111 Study Kenneth Coleman’s Georgia History in Outline through the Reconstruction material (pages 1-80). (32 questions, 1 hour allowed)

HIST 2112 Study Kenneth Coleman’s Georgia History in Outline beginning with post Reconstruction and continuing through to the end of the book (pages 80-118). (32 questions, 1 hour allowed)

POLS 1101 Study "The Georgia Studies Book: Our State and Nation" chapters 23-30, 2<sup>nd</sup> Edition, 2004; published by The Carl Vinson Institute of Government, the University of Georgia; authors: Edwin L. Jackson, Mary E. Stokes, Lawrence R. Hepburn, Mary A. Hepburn (on reserve) and The League of Women Voters' "Guide to Georgia Government," 2000 edition (on reserve) and visit the website [www.georgia.gov](http://www.georgia.gov) and review the government sections.

**3b. For Divisional Challenge Tests (complete course exempt exam)**

HIST 2111 Study any American History book through 1877 and also Kenneth Coleman's Georgia History in Outline - through Reconstruction (pages 1-80). (232 questions, 3 hours allowed)

HIST 2112 Study any American History book after 1877 to the present and also Kenneth Coleman's Georgia History in Outline - post Reconstruction through the end of the book (pages 80-118). (232 questions, 3 hours allowed)

POLS 1101 Study any U.S. Government text and also study "The Georgia Studies Book: Our State and Nation" chapters 23-30, 2<sup>nd</sup> Edition, 2004; published by The Carl Vinson Institute of Government, the University of Georgia; authors: Edwin L. Jackson, Mary E. Stokes, Lawrence R. Hepburn, Mary A. Hepburn (on reserve) and the League of Women Voters' "Guide to Georgia Government," 2000 edition (on reserve) and visit the website [www.georgia.gov](http://www.georgia.gov) and review the government sections.

FOR OTHER SOCIAL SCIENCE SUBJECTS - Study an appropriate textbook (ie: from the college bookstore, local bookstore, library) on the subject.

4. **Oral Communications** - Competency in oral communications will be required of all graduates of Darton College. This requirement may be fulfilled by examination or by satisfactory completion of one of the following courses: COMM 1000 Cultural Diversity in Communication, COMM 1100 Human Communications, COMM 1110 Public Speaking, COMM 1111 Issues in Argumentation and Advocacy, COMM 2105 Introduction to Interpersonal Communication, COMM 2220 Small Group Communication, THEA 1105 Acting, THEA 2105 Oral Interpretation, or other approved courses containing oral communication components.

5. **Special** - Additional graduation requirements may be imposed on students in career programs.

6. **Regents' Testing Program** - All students must pass the University System Regents' test to receive an associate degree.

7. **MAPP** - The MAPP, a national assessment test, is a graduation requirement. The exam should be taken during the semester of graduation. Tests are given in C-205, multiple times each semester. To find the schedule for open hours, follow these steps. Go to [www.darton.edu](http://www.darton.edu) Click on Calendars and Events. Click on Testing Center Calendar. Appointments are not required. There is no charge. Distance Learning Students should contact the testing office at 229-317-6735 for more information.

8. **Competency in Fitness/Wellness** - A competency in fitness/wellness will be required of all graduates of Darton College with the exception of those excluded by program requirements, special contracts and certificate programs.

## M. GRADUATION CEREMONY

The College awards diplomas for degree recipients and certificates for successful completion of certain programs. Graduates must participate in the formal graduation exercise or must petition the Registrar for permission to graduate in absentia.

## N. SPECIALIZED GRADUATION REQUIREMENTS

1. Accounting Recipients. In addition to College graduation requirements, Accounting students must have a minimum grade of "C" in each Accounting course.
2. Business Computer System Recipients. In addition to College graduation

requirements, Business Computer System students must have a minimum grade of "C" in CISM 2201 and in each COPR course.

3. Cardiovascular Technology Recipients. In addition to College graduation requirements, Cardiovascular Technology students must have a minimum grade of "C" in each Cardiovascular Technology course.
4. Dental Hygiene Recipients. In addition to College graduation requirements, Dental Hygiene students must have a minimum grade of "C" in each Dental Hygiene course.
5. Health Information Technology Recipients. In addition to College graduation requirements, Health Information Technology students must have a minimum grade of "C" in each Health Information Technology course.
6. Human Services Technology Recipients. In addition to College graduation requirements, Human Services Technology students must have a minimum grade of "C" in each Human Services Technology course.
7. Medical Laboratory Technology Recipients. In addition to College graduation requirements, Medical Laboratory Technology students must have a minimum grade of "C" in each MLT course.
8. Nursing Recipients. In addition to College graduation requirements, Nursing students must have a minimum grade of "C" in each Nursing course and in the science courses.
9. Occupational Therapy Assistant Recipients. In addition to College graduation requirements, Occupational Therapy Assistant students must have a minimum grade of "C" in each OTA course.
10. Physical Therapist Assistant Recipients. In addition to College graduation requirements, Physical Therapist Assistant students must have a minimum grade of "C" in each Physical Therapist Assistant course.
11. Psychiatric Technician Recipients. In addition to College graduation requirements, Psychiatric Technician students must have a minimum grade of "C" in each Psychiatric Technician course.
12. Respiratory Care Recipients. In addition to College graduation requirements, Respiratory Care students must have a minimum grade of "C" in each Respiratory Care course.
13. Histologic Technology Recipients. In addition to college graduation requirements students must have a minimum grade of "C" in each required MLTS course.
14. Additional Degree Recipients. Any student seeking a second associate degree must complete an additional 18 hours beyond those presented for the first degree.
15. Honors Recipients. Special recognition is accorded students who satisfy the following conditions of scholarship based on all college work attempted at Darton College.
  - (a) Cum Laude - a grade point average of 3.40.
  - (b) Magna Cum Laude - a grade point average of 3.65.
  - (c) Summa Cum Laude - a grade point average of 3.85.

## **O. CERTIFICATE REQUIREMENTS**

The College awards certificates upon successful completion of certain programs. The grade point average required for a student to receive a college credit program certificate is a minimum of 2.00 for all courses presented for the certificate.

## **P. REGENTS' TESTING PROGRAM**

A test required by the Board of Regents of the University System of Georgia to assess the competency level in reading and writing is administered to all students enrolled in degree programs. The Board of Regents' policy on this examination is in part as follows:

Each institution of the University System of Georgia shall assure the other institutions, and the System as a whole, that students obtaining a degree from that institution possess literacy competence, that is, certain minimum skills of reading and writing.

The Regents' Testing Program has been developed to help in the attainment of this goal.

The objectives of the Testing Program are: (1) to provide System-wide information of the status of student competence in the areas of reading and writing, and (2) to provide a uniform means of identifying those students who fail to attain the minimum levels of competence in the areas of reading and writing.

In order to comply with this policy and to abide by the Board of Regents' criteria, the following guidelines are used in carrying out the Regents' Testing Program at Darton College.

1. Passing the Regents' Test is a requirement for graduation in all degree programs offered at Darton College.
2. Students who have a baccalaureate or higher degree from a regionally accredited college are exempted from taking the Regents' Test.
3. Appointments to take the Regents' Test are scheduled via the Regents' Test Registration Page at the Darton College website ([www.darton.edu](http://www.darton.edu)) beginning approximately the second week of each semester.
4. Students MUST take the Regents' Test during their first semester of enrollment. (NOTE: Certain transfer students and certain returning students have special rules that may apply. See items 4a and 4b below.) Students who do not pass the test during this first semester MUST enroll in the appropriate workshop or class ([see table below](#)) the following semester and each semester thereafter until Regents' Test requirements are satisfied. NOTE: Students enrolled in the workshops or classes MUST satisfactorily complete the requirements of the workshop or class AND receive the referral of the instructor of the workshop/class before testing.
  - a. TRANSFER STUDENTS – Students who transfer into Darton College from non-USG schools ONLY will be given ONE semester (their initial Darton semester) to satisfy the Regents' Test requirements without remediation. If they fail to do so in their initial semester of enrollment at Darton, they will immediately fall into the remediation plan based on the TOTAL NUMBER OF SEMESTERS (both USG and non-USG) that they have been enrolled in college.
  - b. RETURNING STUDENTS – Students previously enrolled in USG schools AND whose last semester of enrollment was prior to Fall 2007 AND have fewer than 30 earned semester hours will be given ONE semester to satisfy the Regents' Test requirements without remediation. If they fail to do so in their first semester of re-enrollment, they will immediately fall into the remediation plan based on the TOTAL NUMBER OF SEMESTERS (both pre-Fall 2007 and re-enrollment) enrolled.
5. Students who have not satisfied the Regents' Test requirement by the start of their second semester of enrollment are subject to the Regents' Remediation Schedule ([see below](#)).
6. Students testing for the first time are required to take both parts of the Regents' Test (unless otherwise exempt - see item #7).
7. Passing the Regents' Test is defined as scoring above the minimum levels of competence expected of college graduates in the areas of reading and writing. The minimum levels are applied state wide. Students may be able to satisfy their Regents' Test requirements with scores on standardized tests other than the University System administered Regents' Test, as specified by the Senior Vice Chancellor for Academics and Fiscal Affairs of the University System of Georgia. For additional information, contact Dr. Melanie Thornton, Dean of Learning Support and Regents' Testing Coordinator (229-317-6556) or Steve Preston, Darton College Regents' Test Advisor (C-143 – Phone 229-317-6983).
8. Students who fail the reading portion of the Regents' Test shall not be held to a higher passing standard at a subsequent retaking of the test than was in effect at the time of their original attempt.

9. Students who fail the writing portion of the Regents' Test will have their papers reviewed by an on-campus review panel comprised of no less than three English composition instructors from the Darton College faculty. The panel may (1) sustain, by majority opinion, the essay's failing score, thus terminating the review process, or (2) recommend, by majority opinion, the re-scoring of the essay by the Regents' Testing Program Office. The student will be notified if the results of the review result in a re-scoring of the paper. A decision by the on-campus review panel to terminate the review process is final. If the on-campus panel recommends re-scoring of the essay, that recommendation will be transmitted in writing, along with the essay, to the office of the System Director of the Regents' Testing Program. The Director will utilize the services of three experienced Regents' essay scorers other than those involved in the original scoring of the essay to review the essay, following normal scoring procedures for the Regents' Essay Test. The decision of the panel on the merits of the essay will be final, thus terminating the review process. The student will be notified through the institution concerning the results of the review.
10. Students failing the Regents' Test MUST retest the following semester. Before being eligible to do so, however, they must enroll and actively participate in the Regents' Test Workshop or the Regents' Skills Classes as described in the schedule below. Students may retest ONLY with referrals from the instructor. To be referred, students must be attending Regents' classes regularly AND passing all course requirements.
11. Having passed the Regents' Test shall not be a condition to transfer into a University System of Georgia institution. However, all transfer students will be subject to the University System policies, guidelines, and procedures of the Regents' Testing Program.
12. Students who transfer to Darton College without having satisfied the Regents' Test requirements at their previous institution must take the Regents' Test in their first semester of enrollment AND enroll in the appropriate Regents' Test workshop or class from the table below. (Exception: Students transferring from institutions OUTSIDE the state of Georgia are not required to enroll in workshop or classes during their first semester at Darton; however, they MUST attempt the test during their first semester.)

## Regents' Test Remediation Schedule

Semester of enrollment after LS ENG/LS Read with unsatisfied Regents' Requirements	Student Must Enroll In
1 None	
2	Workshop RGTW 0197
3	Class RGTR 0198 (Reading) RGTE 0199 (Essay)
4	Class RGTR 0198 (Reading) RGTE 0199 (Essay)
5 and higher	Class AND student must meet with Student Success Director (Carol Ann Ham – C-222 Ph 229-317-6734 for an individualized plan)

### Q. BACKGROUND CHECK

To meet the requirements of clinical affiliates in response to JCAHO, most Allied Health, Human Services, and nursing students are required to undergo a criminal background check. Darton College has contracted with Pre-Check for providing these services. The cost for this background check is \$48.50 and students will be assessed this amount coded into their registration for an individual program determined course. Students must follow-through with the procedures to complete this process in a timely manner, as this is program requirement. The completed background check will be accessed by the designated personnel at the clinical site to determine whether or not a student will be allowed to participate in an affiliation at the particular setting. Results of the check released to the program are limited to informing the program if the applicant is "Clear." Students will submit release forms allowing Pre-Check to conduct the required background screening. In the event that the background check report is not "clear" the student will be able to access the report from Pre-Check and may be able to correct any inaccuracies in the record. Clinical facilities alone will make the determination of whether or not a student is accepted with prior convictions. The decision of the clinical facility is final.

Background Checks completed through Pre-Check are required for the following Allied Health programs: Cardiovascular Technology, Diagnostic Medical Sonography, Emergency Medical Services, Health Information Technology, Histotechnology, Medical Laboratory Technology, Occupational Therapy Assistant, Physical Therapist Assistant, Respiratory Care, Phlebotomy, Polysomnographic Technologist; Human Services and Nursing.

### R. DRUG SCREENING

Some clinical affiliates may require random drug screens during clinical rotations. In order to participate in this clinical environment, the student must complete this requirement following the mechanism determined by the facility. The results of such screenings (if required) are submitted directly from the student to the clinical affiliate. The student may be

responsible for the cost of this requirement. The clinical affiliate determines whether or not a student can participate in the clinical rotation based upon the results of this drug screen.

### **S. ALLIED HEALTH STUDENT TRAVEL POLICY**

Depending upon the particular allied health program that the student is attending, students may be required to participate in clinical affiliations and educational experiences that necessitate travel. If clinical education is a component part of the program attended, all aspects of this requirement must be successfully completed. Students may be required to travel significant distances to fulfill clinical obligations. Students are responsible for their own transportation, food and lodging expenses during clinical affiliations, rotations or experiences.

### **T. PREVIOUS ACADEMIC HISTORY IMPACTING ALLIED HEALTH PROGRAM ADMISSION**

Previous unsuccessful participation in Allied Health programs will be considered in the admission process for students attempting to return to a program and those seeking enrollment in a different ALHE program. Also, any student's academic history, including a record of excessive withdrawal or unsuccessful attempts in general education course work, may result in the denial of admission to an Allied Health program.

# PROGRAMS OF STUDY

Section Nine

## A. PROGRAMS, SERVICES AND AWARDS

The College offers the following instructional programs and services in keeping with its philosophy and purpose.

1. **Transfer Programs.** Two-Year Associate of Arts (A.A.) Degree and Associate of Science (A.S.) Degree.

**(a) College Transfer Program** - Freshman and sophomore courses are offered for most bachelor degree objectives for students who intend to transfer after two years to a senior institution. Students in transfer programs of study follow a Core Curriculum established by the Board of Regents of the University System of Georgia. The core curriculum is designed to facilitate the transfer of credit among the schools within the University System.

All A.A. and A.S. degrees shall be transfer degrees leading to the baccalaureate degree, with the area of study determining which degree is awarded. Other than the distinction between the A.A. and A.S. designation, these degrees carry no indication of the student's area of study (major). Absent the approval of the Senior Vice Chancellor for Academic Affairs, no A.A. or A.S. degree program shall exceed 60 semester credit hours (exclusive of physical education activity/basic health/or orientation course hours that the institution may require.)

**(b) General Studies** - Undecided or Unspecified Major Programs. If students are undecided as to their major, or major is not otherwise listed but a transfer program is desired, they are advised to follow this program.

2. **Career Programs.** The two-year Associate of Science Degree is offered in programs which require two years of specialized training in an allied health career. These include Cardiovascular Technician, Dental Hygiene, Diagnostic Medical Sonography, Emergency Medical Services, Health Information Technology, Human Services Technology, Medical Laboratory Technology, Nursing, Occupational Therapy Assistant, Physical Therapist Assistant, and Respiratory Care.

The two-year Associate of Applied Science (A.A.S.) Degree is offered in programs which require two years of specialized training in a career or occupational specialty and are designed to prepare students for immediate employment. These include Accounting, Business Computer Systems, Governmental Services, Histologic Technology, Management, Office Administration, Psychiatric Technician and Veterinary Technology. Selected courses included in these programs may be used for transfer credit. The following are the minimum requirements for career degrees:

Programs shall include a minimum of 21 semester credit hours of general education. This coursework must include components designed to develop oral and written communication, reading computational skills, fundamental mathematics skills and the basic use of computers. At least one course from each of the following areas is required: the humanities/fine arts, the social/behavioral sciences, and natural sciences/mathematics.

The A.A.S. degree may designate a specific area of study (e.g., A.A.S. in Criminal Justice) or a broad field of study with or without the designation of a specific area (e.g., A.A.S. in Business, A.A.S. in Business: Accounting Option) The A.A.S. degree

offered on a cooperative basis with State Board of Technical and Adult Education colleges may be awarded only in Business, Health, Services, and Technology. Specific areas of study may be designated as options. The A.S. in allied health areas shall include a designation of the specific area of study (e.g., A.S. in Nursing, A.S. in Respiratory Therapy). Including the technical component, all cooperative A.A.S. degrees shall include the equivalent of at least four full-time System semesters of study. Absent the approval of the Senior Vice Chancellor for Academics and Fiscal Affairs, no A.A.S. degree program shall exceed 70 semester credit hours (exclusive of physical education activity/basic health or orientation course hours that the institution may require)

3. **Certificate Programs.** The College is authorized to award certificates for completion of the following one-year programs: Accounting, Addiction Counseling, Business Computer Systems, Church Music, Emergency Medical Services, Family and Child Welfare Practitioner, Graphic Design, Health and Physical Education, Histologic Technology, Instructional Technology, Management, Mass Communication, Medical Coding, Medical Transcription, Network Security, Office Administration, Paralegal, Phlebotomy, Polysomnography, Professional Writing, Psychiatric Technician, Spanish for the Healthcare Professional, Teacher Communication and Crisis Skills Enhancement, Technical Theatre, and Visual Communication.
4. **Learning Support Program.** Those students who have scores below specified levels on the COMPASS test (below 61 - English, below 74 - Reading, 37 - Algebra) or comparable College Placement Examination scores are placed in courses to remediate their basic skills deficiencies. Enrolled students must attain specified skill levels in reading, writing, and computation before pursuing college level work in the basic skills areas. ([See Learning Support Requirements.](#))
5. **Cooperative Education.** The Cooperative Education Program, also known as Occupational Experience Program, is designed to give students the opportunity to earn college credit for their work experience. In this program, students work in a major-related job part-time or full-time while attending Darton College. Credit is awarded based upon the number of hours worked per week.

The objectives of Cooperative Education at Darton College are:

1. To provide relevant work experience for students to test their career interest.
2. To give first hand contact with the occupational environment, to learn needed skills, and to understand the human and technical requirements for productive work and development.
3. To provide meaning and motivation for academic studies.

A student may earn a total of 6 credit hours for the Cooperative Education Program. It is recommended that the student complete 15 semester hours and maintain a 2.0 G.P.A. before job placement. Interested students are urged to contact the cooperative Education Office at 317-6816, located in the Business/Social Science Division, before the beginning of the semester. Please contact the Cooperative Education Office for more information.

6. **Continuing Education, Public Services, and Special Programs.**
  - (a) **Continuing Education** - The College offers courses, seminars and activities (with or without academic credit or continuing education units) of less than two years duration to meet specific community or employment needs. Usually these are evening courses developed upon request and are non-credit arranged through the Director of Continuing Education and Community Services. Some programs may also be conducted by an academic division.

**(b) Certificates** - The College is authorized to award appropriate certificates for successful completion of planned objectives requiring less than two years of study.

- 7. Counseling and Academic Advising Services.** These services are provided to all students involved in any of the programs offered, both day and evening. ( See [Student Affairs, D – Minority Advising Program and below.](#))

## B. ADVISING

Dartmouth College recognizes the importance of a thorough program of academic advising. While it is ultimately the responsibility of the students to select and follow a program of study which will lead to their academic objectives, the College provides a structure of academic advising to assist students.

Academic advising is coordinated by the Vice President for Academic Affairs. Students are assigned to a division or department for advising according to their stated program of study. They are then re-assigned to the most appropriate faculty member within that division who will assist them in planning their program of study each semester. Students who are undecided as to major or Learning Support students are assigned specially designated faculty. Students may change advisors for personal or academic reasons by consultation with the Dean/Chair of their major division.

Academic advisors are available to help students with their academic planning throughout their program at Dartmouth College. Even though advising weeks are scheduled periodically throughout the year, students are encouraged to discuss any academic problems they encounter with their faculty advisor.

**Two Year Schedule of Classes** - A printed two-year schedule of classes is available in the administrative and divisional offices on the campus. The two year schedule shows a list of planned courses and as such is subject to change. At its sole discretion, the College may revise this schedule and any information contained herein, without advance notice. No contract, either expressly or implied, is created by this schedule.

## C. PROGRAM OF STUDY CHANGE

Students who desire to change their program of study should discuss their intentions with their academic advisors. The Registrar must approve all changes in program of study. To facilitate the change, students should complete a Change of Major form with their advisor or division administrative assistant. This form may also be found at [http://www.darton.edu/fac\\_staff/pol\\_proc/policies/major\\_advisor\\_change.pdf](http://www.darton.edu/fac_staff/pol_proc/policies/major_advisor_change.pdf)

## D. LEARNING SUPPORT

**Learning Support Course Requirements** - When placement test scores indicate that students may not be able to attain their educational goals in one or more of the basic skills areas, they are required to enroll in the appropriate Learning Support courses prior to enrollment in the college-level basic skills courses. Currently, COMPASS test scores below 74 in reading, 60 in English, or below 37 in Algebra will require one or more Learning Support classes in each area of deficiency. Learning Support courses are ENGL 0097, ENGL 0099, Learning Support English; READ 0097, READ 0099, Learning Support Reading and Study Skills; and MATH 0097 and 0099, Introductory and Intermediate Algebra.

Students must take Learning Support courses required of their curriculum. Students must register for **all** required Learning Support courses **before** registering for any credit work. Students are permitted to enroll in credit courses (1) if they have completed or are enrolled in all their Learning Support courses, and (2) if the Learning Support course is not a prerequisite. Students enrolled in both Learning Support work and credit work may **not** drop a Learning Support course unless they also drop **all** credit work. **A student who accumulates twenty semester college credit hours and has not successfully completed required Learning Support courses may enroll only in Learning Support**

**courses until requirements are successfully completed.**

**Learning Support Format** - All Learning Support courses offer special instruction designed to correct students' basic skills deficiencies; such deficiencies are identified through placement and diagnostic testing. To exit a Learning Support area, students must satisfy the instructional requirements of all required courses and must pass the COMPASS exit test. Mathematics, Reading, and Writing Laboratories are open both day and night for individual assistance for students with specific problems. These laboratories have both directors and student assistants for tutorial services at no additional cost to the student.

**Learning Support Course Credits** - Students who successfully complete these courses will be awarded institutional college credit for their achievement. Credit hours earned in Learning Support courses will be in addition to those required for graduation.

**Laboratory Services** – Mathematics, Reading, and Writing Laboratories are located on the second floor of the McKnight Building (F Building.) Their support services are offered free of charge to students enrolled in either Learning Support classes or college credit classes. Lab directors and assistants give students individual help. The labs are open both day and evening for the convenience of all Darton College students.

## **E. ACADEMICALLY SUPERIOR STUDENTS**

Programs for academically superior students attending Darton College consist of the Honors Program and Credit by Exam for the Advanced Placement. These programs are under the direction of the Vice President for Academic Affairs. Each program is described below:

**Honors Program** - Students with a strong academic background in high school and/or college work are encouraged to apply for admission to the Darton College Honors Program. Application forms for the Honors Program are available from the Honors Program Coordinator or the Admissions Office. Because enrollment is limited, students are encouraged to make application by August 1 of Fall Semester. Late applications are accepted on a space available basis.

The Honors Program offers special academic classes to prepare students for admission to competitive programs of study at senior colleges and universities, and for positions of leadership and responsibility in their chosen career. Students also enjoy special social and enrichment opportunities that foster personal growth and friendships. Active participants in the program receive Honors Day Recognition and a stipend of \$200 per semester.

The program offers two levels of achievement – Scholar and Sage.

- Scholar – Students at this level need to complete **three** courses with an A or a B. Students must also maintain an overall 3.0 Darton G.P.A. A certificate is awarded to Scholar students.
- Sage – Students at this level need to complete **six** courses with an A or a B. Students must also maintain an overall 3.0 Darton G.P.A. A medallion, wall plaque, and transcript which say "Honors Program Graduate" are awarded to Sage students.
- A Leadership Development class is mandatory for both levels.
- Students at both levels are required to participate in cultural, community and leadership activities each semester.
- Students at both levels will be recognized on Honors Day.

For more information about the Honors Program, please contact the Honors Program Coordinator at 229-317-6816.

Students who are not part of the Honors Program and have at least a 3.0 GPA, can also enroll in honors classes.

The general sequence of honor courses offered at Darton:

FALL SEMESTER*		AREA	
COMM 1110	Public Speaking	C	
PHIL 1101	Critical Thinking	B	
ENGL 1101	English Composition I		A
HIST 2112	U.S. history After 1877		E
HLTH 1163	Personal Health (online)		G
SPRING SEMESTER*		AREA	
ENGL 1102	English Composition II		A
HIST 1112	Survey of World History II		E
LEAD 1101**	Leadership Development		B
MATH 1112	Trigonometry	D	
POLS 1101	American Government		E
SOCI 1101	Principles of Sociology (online)		E

\*Some courses may be added or removed in the future.

\*\*This class is a required course to complete the program.

**National Honor Societies** - Superior students who maintain a high grade point average will be invited to join one or more of seven national honor societies for two-year college students. These are Phi Theta Kappa, for general academic excellence, all majors invited; Alpha Beta Gamma, for Business majors; Sigma Phi Alpha, for Dental Hygiene majors; Alpha Delta Omega, for Human Services Technology majors; Sigma Delta Mu, for Spanish students; Alpha Mu Gamma for foreign language students and international students whose national language is other than English; and Psi Beta for Psychology majors.

Superior students who maintain a good grade point average are considered for various scholarship awards. The Darton College Foundation and many clubs and businesses provide scholarships to students with academic potential or special talent. For information contact the Darton College Director of Financial Aid.

**Honors Awards** - Darton College sponsors an Honors Awards Ceremony each spring semester. On this special occasion students who have excelled in various academic areas and student life are recognized.

**Credit by Exam** – Any student who believes he/she is proficient in an academic subject is encouraged to apply for credit by examination. Credit by examination can not be awarded unless the student is enrolled at Darton College. Credit by examination will not be awarded in courses for which the student has already earned a grade (A,B,C,D,F,WF). Only course credit will be awarded for successful credit by exam; no academic quality points will be assigned. Thus, credits earned by examination will not have any effect on the students' grade point average.

Students may attempt credit by exam by taking either an institutional challenge exam or a College Level Examination Program (CLEP) exam.

1. Challenge examinations

- Challenge exams may not be taken more than one time in each particular course.
- Inquiries about challenge exams should be directed to the division or department Dean/Chair where the course is taught.

2. CLEP exams

- CLEP exams are College Entrance Examination Board exams offered through the Testing Center for a fee.

- A waiting period of six months is required before a CLEP exam can be retaken.
- CLEP exams with a score of 50 will yield Darton College credit in most cases as listed below.

<b>CLEP EXAM</b>	<b>COURSE EQUIVALENTS</b>	<b>HOURS EARNED</b>
<b>COMPOSITION AND LITERATURE</b>		
American Literature	ENGL 2131	3
English Literature	ENGL 2121	3
English Composition w/essay	ENGL 1101	3
Humanities FIAR	2250	3
<b>FOREIGN LANGUAGES</b>		
French Language	FREN 1001, 1002, 2001 & 2002	6 or 12
German Language	GRMN 1001, 1002, 2001 & 2002	6 or 12
Spanish Language	SPAN 1001, 1002, 2001 & 2002	6 or 12
(Language credits are awarded as 6 hours of 12 hours, depending on the CLEP score)		
<b>HISTORY AND SOCIAL SCIENCES</b>		
American Government	*POLS 1101	3
U.S. History I: Early Colonizations to 1877	*HIST 2111	3
U.S. History II: 1865 to the Present	*HIST 2112	3
General Psychology	PSYC 1101	3
Principles of Macroeconomics	ECON 2105	3
Principles of Microeconomics	ECON 2106	3
Introductory Sociology	SOCI 1101	3
Western Civilization I:	HIST 1111	3
Ancient Near East to 1648		
Western Civilization II: 1648 to the Present	HIST 1112	3
<b>SCIENCE AND MATHEMATICS</b>		
Calculus with Elementary Functions	MATH 1151	4
College Algebra	MATH 1111	3
Precalculus MATH	1113	3
Biology	BIOL 1107K & BIOL 1108K	8
General Chemistry	CHEM 1100K	4
<b>BUSINESS</b>		
Information Systems & Computer Applications	CISM 2201	3
Principles of Management	BUSA 2200	3
Financial Accounting	ACCT 2101	3
Introductory Business Law	BUSA 2106	3
Principles of Marketing	BUSA 2240	3

\*with local test (Inquire in Social Science Division)

- Test descriptions can be viewed at [www.collegeboard.com](http://www.collegeboard.com) under testing.
- For scheduling information, the student should contact the Testing Center, C-208, 229-317-6735
- Any changes in score requirements or credit to be awarded will be posted at [www.darton.edu](http://www.darton.edu) under Testing

## F. LEADERSHIP AWARDS

The Leadership Program is designed to offer students training in leadership skills. It is open to students in all degree programs. Participants must take both credit and non-credit

courses and complete community service activities to earn the Leadership Recognition Award which will be given on Honors Day. Requirements are listed below:

1. Complete one of three alternatives for the Core Leadership Course.
  - a. Honors Program Seminars
  - b. Continuing Education Alternative
  - c. LEAD 1101 Leadership Development
2. Enroll in three of the six leadership component courses. At least two of these courses will be offered each semester during the regular academic year.
  - a. COMM 1110 - Honors                      Public Speaking - Honors
  - b. ENGL 1101 - Honors                      English Composition I - Honors
  - c. ENGL 1102 - Honors                      English Composition II - Honors
  - d. HIST 1112 - Honors                      Survey of World History II - Honors
  - e. HIST 2112 - Honors                      History After 1877 - Honors
  - f. HLTH 1136 - Honors                      Personal Health - Honors
  - g. LEAD 1101 - Honors                      Leadership Development - Honors
  - h. MATH 2205 - Honors                      Introduction to Statistics - Honors
  - i. PHIL 1101 - Honors                      Critical Thinking - Honors
  - j. POLS 1101 - Honors                      American Government - Honors
  - k. SOCI 1101 - Honors                      Principles of Sociology - Honors
3. Complete a community service project either as a volunteer or through the Cooperative Education Program. Service should be in a leadership position and documented.

## H. CORE CURRICULUM OF THE UNIVERSITY SYSTEM

Students entering Darton College for transfer programs are assured that the first two years of study will apply toward virtually any field of study that may be chosen.

Adoption of a six-area Core Curriculum by the University System of Georgia was implemented beginning with the Fall Semester, 1998. This new core has enhanced transferability across the University System. The six areas of the new Core Curriculum are: A--Basic Skills (9 hours); B--Institutional Options (4 hours); C--Humanities/Fine Arts (6 hours); D--Science, Mathematics, and Technology (11 hours); E--Social Sciences (12 hours); and F--Courses Related to the Program of Study (18 hours). There will be a total of 60 semester hours of credit in the core, and the 42 semester credit hours of Areas A-E may apply to virtually any field of study. On the following pages are detailed programs of study specifically offered at this College. However, preparation for advanced study in any other subject area may be begun with confidence at Darton College. Students who intend to pursue a four-year degree but are uncertain of the program they wish to follow should take the General Studies Program until they choose a major.

The following specific provisions are to be adhered to in the implementation of the Core Curriculum:

1. Physical education requirements are to be over and above the Core Curriculum requirements of 60 hours.
2. Orientation requirements are to be over and above the Core Curriculum requirements of 60 hours.
3. Proficiency exemption examination in any of the Core Curriculum courses, when successfully passed at a home institution, will be honored by the receiving institution and credit accorded.
4. Nothing in this core should be construed to mean that any specific courses must be required. Rather, the intent of this Core Curriculum is that demonstrated achievement in the core area is determined by the institution where the core, or the fractional part thereof, is taken.
5. Each institution is to determine whether its own students satisfy the core requirements. This determination shall then be honored by all other institutions as satisfying their requirements as well, if the core is completed. If only a fractional part is completed at the home or initial institution, the receiving institution shall give full credit for those hours taken but shall determine which courses will be taken to satisfy its own requirements.
6. A B.A. degree at some institutions in the University System of Georgia requires foreign language credit through the intermediate level. A B.S. degree at some institutions in the University System of Georgia requires foreign language through the first intermediate course.
7. Oral Communications - Competency in oral communications will be required of all graduates of Darton College. This requirement may be fulfilled by examination or by satisfactory completion of one of the following courses or other approved courses containing oral communication components:

COMM 1000	Cultural Diversity in Communication	2
COMM 1100	Human Communications	3
COMM 1110	Public Speaking	3
COMM 1111	Issues in Argumentation and Advocacy	3
COMM 2105	Introduction to Interpersonal Communication	3
COMM 2220	Introduction to Small Group Communication	3
THEA 1105	Acting	3
THEA 2105	Oral Interpretation	3

Students are encouraged to discuss the Core Curriculum with their academic advisors in order to understand the importance of the Core Curriculum in relation to all programs of study offered by all institutions of the University System of Georgia. ([Also see Academic Advising.](#))

The synopsis of the Core Curriculum (common to most transfer programs) follows:

### CORE CURRICULUM

Course Number	Title	Semester Hours
<b>Area A</b>		
Essential Skills - 9 hours		
ENGL 1101 and ENGL 1102	Composition I and Composition II	6
And one of the following:		
MATH 1001	Quantitative Reasoning	3
MATH 1101	Introduction to Mathematical Modeling	3
MATH 1111	College Algebra	3
MATH 1112	Trigonometry	3
MATH 1113	Pre-Calculus	3
MATH 1151	Calculus I with Geometry*	4
*The extra hour must be taken from Area F		

### CORE CURRICULUM

Course Number	Title	Semester Hours
<b>Area B</b>		
Institutional Options - 4 hours		
Choose courses to equal 4 hours from the following:		
BUSA 1100	Financial Planning & Investment Management	2
BUSA 1145	International Business, Culture and Economics	2
CISM 1100 or CISM 2201	Computer Concepts/Software Applications or Fundamentals of Computer Applications	2 3
COMM 1000	Cultural Diversity in Communication	2
COMM 1100	Human Communications	3
COMM 1110	Public Speaking	3

Courses required for the degree above the 60 hours.

DART 1000	First Year Experience	2
-----------	-----------------------	---

Health and Physical Education 5 – 8 hours

One course per semester of full-time enrollment with a maximum of four courses.

To satisfy the **fitness competency requirement** for graduation, choose one of the following:

PHED 1182	Personal Conditioning	2
PHED 1105	Strength Training	2
PHED 1161 or 1162	Fitness I or II	2
PHED 1106	Walk, Jog, or Run for Fitness	2
PHED 1115 or 1116	Step Aerobics I or II	2
PHED 1110	Deep Water Exercise	2
PHED 1123	Aerobic Pump	2
PHED 1139	Fitness Swimming	2
PHED 1198	Aerobic Dancing	2
PHED 1220	Aquatic Circuit Training	2
PHED 1225	Aqua-jogging	2
HLTH 1163H	Personal Health Honors	2

Any PHED or HLTH course with a 1000 number satisfies the additional PE requirements.  
DANC 1600, DANC 1740, DANC 1750, DANC 1840, DANC 1850, may also be used as PE courses.

<b>TOTAL</b>		<b>5-8</b>
--------------	--	------------

## I. PHYSICAL EDUCATION REQUIREMENTS

### On-Campus Students

Health or Physical Education 4 courses  
(or 1 course for each semester of full-time enrollment)  
A fitness/wellness course must be one of these 4 courses

All full-time students, with the exception of Online- Only students or those excluded by program requirements or personal hardship cases recommended by the Chair of the Physical Education Division and approved by the Vice President for Academic Affairs, are required to complete **four courses** in physical education for graduation. Each student, unless otherwise exempt, must take a health or physical education course for each semester of attendance as a full-time student up to a maximum of four courses. **NOTE! The health or physical education requirement is four (4) courses regardless of the credit awarded in the course. A student must take four courses regardless of the total number of credit hours accumulated.** Veterans of more than one year of active military service may be given credit for four (4) courses of health or physical education upon presentation of Form DD 214 to the Registrar's Office. Veterans must make this request before enrolling in a health or physical education course.

A competency in fitness/wellness will be required of all graduates of Darton College with exception of those excluded by program requirements, special contracts, and certificate programs. The requirement may be fulfilled by satisfactory completion of one of the following courses: PHED 110 5, Strength Training; PHED 1106, Walk, Jog, Run; PHED 1161, Fitness I; PHED 1162, Fitness II; PHED 1110, Deep Water Exercise; PHED 1139, Fitness Swimming; PHED 1115, Step Aerobics; PHED 1116, Step Aerobics II; PHED 1123, Aerobic Pump; or PHED 1182, Personal Conditioning; PHED 1198, Aerobic Dancing; HLTH 1163H Personal Health (Honors.)

Health and Physical Education courses may not be repeated and will not count towards the required courses needed for graduation. Classroom health courses may not be repeated.

Since Darton College does not grant an exemption from physical education for health reasons, students with a physical disability may satisfy this requirement by completing four health courses which are taught in a classroom setting. Students are urged to ask their advisors or one of the physical education instructors if there are any questions regarding the strenuousness of a physical education course. It is the responsibility of each student with a physical disability who elects to take an activity physical education course to advise the instructor of the disability so that proper accommodations can be made.

A student may substitute music performance classes (MUSC 1080 College Band and MUSC 1090 College Choir) for up to two (2) of the physical education requirements.

### Online-Only Students

Fitness/Wellness 1 course

The One Fitness course requirement for Online Only students was implemented in the year 2002. Therefore, any student attending Darton as an online-only student from 2002 – current, will meet the requirement of Fitness/Wellness, 1 course. Any course work completed at Darton College prior to this 2002 Online Only PE requirement will not alter the current status of this student as Online Only.

**Darton College's Physical Education Requirements for Graduation**

<b>Transfer Student to Graduate AA and AS</b>	<b>Part-time less than 12 hours</b>  Fitness Competency Required for Graduation	<b>Full-time 12 or more hours</b>  One Course per full-time semester, maximum of four. One course must meet the Fitness Competency Requirements.

## J. COOPERATIVE TRANSFER AGREEMENTS

**Mercer University School of Engineering** - Darton College and the Mercer University School of Engineering have an agreement whereby pre-engineering students may first attend Darton College for approximately two academic years and then transfer to Mercer University School of Engineering to complete a bachelor's level degree of their choice.

**Albany State University** – Darton College and Albany State University have an agreement whereby Nursing, Forensic Science, Biomedical Technology, and Military Science students may attend Darton College for approximately two academic years and then transfer to Albany State University to complete a bachelor's level degree.

## K. CAREER PROGRAMS

The career programs of study are designed for students whose primary educational goal is a two-year Associate Degree or a certificate based on a planned occupational program. They also apply equally to students already in occupations who desire to upgrade their educational level. In general, however, they are designed for students who will enter their career at the end of one or two years of college and may or may not continue their college education.

The courses making up programs of study in career programs have been selected to give the student the best possible background needed for employment following the completion of the program. Therefore, some of the courses listed in each of the programs may not be transferable to other institutions because they may not offer comparable courses. If in doubt as to whether a particular course will transfer to another institution, students are encouraged to consult their advisors or contact the other institution involved.

The College reserves the right to discontinue, at any time, the enrollment of a student in a career program if, in the judgment of the Vice President for Academic Affairs and the particular departmental faculty involved, the student does not appear to have the necessary qualifications to continue in the program. However, the student may be permitted to continue in school in another program of study.

Admissions requirements to the College are listed in the Admissions section of this catalog. Only additional requirements for career programs will be listed with the program's course of study. For additional information, contact the Director of Admissions or the Coordinator of the program concerned.

## L. COLLEGE TRANSFER CURRICULA

The following programs of study are designed for students whose educational goal is a four-year degree, the first two years of which they can complete at Darton College. These students will take the Core Curriculum of sixty (60) hours as listed on [page 64](#) plus the program of study appropriate to their academic objective, and up to four (4) courses in physical education as required.

## M. CERTIFICATE PROGRAMS

A certificate is awarded for successful completion of a specialized set of skills or program of study similar to career associate degrees, but normally with fewer courses. Certificates range in length from 8-50 credits. Several certificates are intended to be portions of diplomas or degrees. Thus, a student completing certain certificates will have completed a skill set that is part of a series of skills that may be used to complete a diploma or associate degree.

Certificates are listed in our catalog under Programs of Study.

**GRAPHIC DESIGN (0574)**  
**Humanities Division**  
**RECOMMENDED COURSES FOR**  
**CERTIFICATE PROGRAM**

The Graphic Design Certificate Program is structured to provide basic skills for immediate employment in the graphic design field. The Graphic Design Certificate requires a completion of 18 hours of study (six courses of 3 hours each.) Four of those six courses are in the existing Art Program. The students will be introduced to basic, introductory level skills in these areas: drawing, two-dimensional design, digital design, photography, graphic design production, and web page design.

<b>Fall Semester</b>		<b>Sem. Hrs.</b>

**VIDEO TECHNIQUES AND APPLICATIONS CERTIFICATE (0569)**  
**Humanities Division**  
**RECOMMENDED COURSES FOR**  
**CERTIFICATE PROGRAM**

The Video Techniques and Applications Certificate has been created to provide a working knowledge of the basics of the Videography and Digital Video Editing Field and to use that knowledge to immediately enter the workforce. The Video Techniques and Applications Certificate requires a completion of 18 hours of study (six courses of 3 credit hours each.) Two of these courses are in the Art Transfer Degree Program. This program includes basic and advanced digital video camera techniques, basic and advanced digital video editing techniques, computer art, two-dimensional design and portfolio preparation and review.

<b>Fall Semester</b>		<b>Sem. Hrs.</b>

**CISCO SUPPORT SPECIALIST OPTION (4357)**  
**Business Division**  
**RECOMMENDED COURSES FOR CAREER**  
**ASSOCIATE OF APPLIED SCIENCE DEGREE PROGRAMS**

The Cisco Support specialist degree option is designed to prepare students to become entry level network technicians. Areas of emphasis will be on network concepts of LAN's and WAN's and on the installing, configuring and maintaining of Cisco routers and switches in a small to medium business environment.

Students will participate in the Cisco Networking Academy Program. The Cisco Networking Academy Program is a comprehensive e-learning program that provides students with the Internet technology skills essential in a global economy. The Networking Academy delivers Web-based content, online assessment, student performance tracking, hands-on labs, instructor training and support, and preparation for industry standard certifications.

Upon completion of the appropriate courses, the student may elect to take the Cisco Certified Network Associate (CCNA) examination. The CCNA is the first of two certifications (the second – Cisco Certified Networking Professional – CCNP) on the path toward CIE status, Cisco Certified Internet Work Expert, the industry's most respected networking certification. Other certifications can be pursued upon completion of the appropriate courses, including A+, Network+, Linux+, and Security+.

While every effort is made to assist the student in preparing for the CCNA examination, no guarantee is made that students will pass the examination.

The prerequisite for this program is a "C" or better in CISM 2201, Fundamentals of Computer Applications. Exceptions are made for students with excellent computer skills or experience and are made by the director of the program as needed.

The courses in the program are subject to change in order to be responsive to the changing information technology demands of the workforce.

**NETWORK SUPPORT ENGINEER OPTION (5357)**  
**Business Division**  
**RECOMMENDED COURSES FOR CAREER**  
**ASSOCIATE OF APPLIED SCIENCE DEGREE PROGRAMS**

The Network Support Engineer degree program is designed to prepare students to become support experts in the fields of hardware/software support and network administration. Areas of emphasis will be network concepts such as Local Area Network (LAN) and Wide Area Network (WAN) administration from the Microsoft and Cisco points of view.

Upon completion of the appropriate courses, the student may elect to take the Microsoft Certified IT Professional (MCITP) exams and/or the Cisco Certified Network Associate exam. Other certifications can be pursued upon completion of the appropriate courses, including A+, Network+, Linux+, and Security+. While every effort is made to assist the student in preparing for these professional exams, no guarantee is made that he/she will successfully pass them.

The student must demonstrate a competency in basic computer concepts. This can be accomplished through attaining the A+ professional certification or earning a minimum grade of "C" in COPR 2250. Exceptions are made for students with exceptional computer experience and are made by the director of the program as needed.

The courses in the program are subject to change in order to be responsive to the changing information technology demands of the workforce.

**NETWORK SUPPORT SPECIALIST OPTION (3357)**  
**Business Division**  
**RECOMMENDED COURSES FOR CAREER**  
**ASSOCIATE OF APPLIED SCIENCE DEGREE PROGRAMS**

The Network Support Specialist degree program is designed to prepare students to become support specialists in both a hardware/software and network environment. Areas of emphasis will be network concepts such as Local Area Network (LAN) and Wide Area Network (WAN) administration.

Upon completion of the MCITP appropriate courses, the student may elect to take the Microsoft Certified Systems IT Professional exams\*. Other certifications attainable upon completion of the appropriate courses would include A+, Network+, Linux+, and Security+. While every effort is made to assist the student in preparing for the MCITP exams, no guarantee is made that he/she will pass the exams.

The student must earn a minimum grade of "C" in CISM 2201 before enrolling in any networking courses. Exceptions are made for students with exceptional computer experience and are made by the director of the program as needed. Applicants having passed any of the MCITP exams prior to taking the equivalent course may be exempted from that course if approved by the director of the program.

The courses in the program are subject to change in order to be responsive to the changing information technology demands of the workforce.

**TECHNOLOGY OPTION (5576)**  
**Business Division**  
**RECOMMENDED COURSES FOR**  
**CERTIFICATE PROGRAM**

This option allows students to enroll in an array of courses in technology and in the content area of choice. This option provides needed flexibility without requiring an option to be created every time there is a specific need. For example, a certificate could be readily customized to meet the needs of an educator who desires courses in the content area of instruction and in technology. The certificate could be utilized just as easily by a student desiring to enroll in art with a technology emphasis. Fifteen hours of the program must be taken in technology related courses, and **no more than nine hours can be taken in core curriculum courses.**

<b>First Semester</b>		<b>Sem.Hrs.</b>

COPR 1124	Online Communication Technologies	3 <hr style="width: 10px; margin: 0;"/> 6
<b>Third Semester</b>		<b>Sem. Hrs.</b>
COPR 1125	Instructional Design of the Online Course	3
COPR 1114	Facilitating Learning Online	2 <hr style="width: 10px; margin: 0;"/> 5
<b>One-Year Total</b>		<b>14</b>

**CANCER REGISTRY MANAGEMENT PROGRAM (0387)**  
**Allied Health Division**  
**RECOMMENDED COURSES FOR**  
**ASSOCIATE OF SCIENCE DEGREE PROGRAM**

The Associate Degree in Cancer Registry Management at Darton College is designed to prepare the student for entry-level employment in either a hospital-based or population-based cancer registry.

Cancer registries play an important role in the fight against cancer by identifying reportable cancers, code and stage primary site, histology and extent of disease, and report cancer data to healthcare officials and hospital administrators for use in cancer prevention and control. Cancer data collected by registrars is also used to assist medical staff and epidemiologists in special studies and research.

**To be admitted to the Cancer Registry Management Program, the student must:**

1. Be admitted to Darton College
2. Complete all required Learning Support courses
3. Present a composite score of 870 on the SAT or 19 or higher on the ACT
4. Have a minimum of a 2.5 GPA
5. Complete all pre-requisite course requirements or show evidence of current enrollment and expected satisfactory completion of pre-requisite courses
6. Complete and submit an application for admission to the program to the Program Director before July 31 for consideration for fall semester
7. Comply with all technology requirements as listed under the Online Tab on the [Darton College Homepage](#), this includes but is not limited to dependable computer access and internet browser, Adobe, Microsoft office suite, RealPlayer, etc. See Online Technical Requirements for full details.
8. Schedule an interview with the Program Director
9. Not already in another Allied Health Division Program

**Additional Requirements:**

1. To continue in the Cancer Registry Management (CRM) program, a "C" is required in all HITE courses. If the student fails to make a "C" in an HITE course, and it is the student's first failure, the student may reapply to the CRM program. All of the student's previous HITE course work will be evaluated by the Program Director and the CRM faculty and the Program Director will make the final decision for continuation in the program. More than one "D" or "F" in HITE courses will result in permanent dismissal from the program.
2. Because of the nature of the profession, the student is required to sign and abide by a statement that the student will honor the confidential nature of health/medical records. A charge of breach of confidentiality will be treated according to the procedures outlined in the Student Handbook, "Code of Conduct".
3. A student may be denied permission to continue in the program if, in the opinion of the faculty, the Allied Health Dean and the Vice President of Academic Affairs, the student does not demonstrate the necessary qualifications for a cancer registrar.
4. To satisfactorily complete the curriculum and develop the skills required of an entry level registrar, the student must demonstrate:
  - a. Visual Acuity (with or without corrective lenses) to read paper, microfilm and electronic documents
  - b. Physical Ability to process reports and records, to operate equipment necessary for record keeping (manually operated filing equipment,

computer keyboard, printers, microfilm readers/printers) and to move about in limited space

- c. Manual Dexterity to perform the fine motor functions necessary to document analysis of records (manage pen, pencils, papers) and to operate electronic equipment (computers, word processors and other specialized software programs)
- d. Hearing (with or without aids) to hear the spoken voice in order to be able to respond verbally.
- e. For additional Allied Health Division policies that apply to this program, please refer to Academic Regulations, Sections Q-T.

\*\*A higher level Math may be substituted

\*\*\* Oral Communication requirement may be met by completion of other communication courses. [See Core Curriculum, Area B](#)

\*\*\*\*US History After 1877 may be substituted

For additional Allied Health Division policies that apply to this program, please refer to [Academic Regulations, Sections Q - T](#),

**CARDIOVASCULAR TECHNOLOGY (0381)  
RECOMMENDED COURSES FOR CAREER  
ASSOCIATE OF APPLIED SCIENCE DEGREE PROGRAM**

This Associate of Science degree program is designed to prepare Cardiovascular Technologists who will assist in invasive and non-invasive cardiology settings. Cardiovascular Technologists are educated to intervene with clients experiencing alterations in health that affect the heart or blood vessels in the areas of diagnostic studies, treatment, client teaching and wellness promotion. The Cardiovascular Technology program is accredited by the Joint Review Committee on Education in Cardiovascular Technology (JRC-CTV), 6 Pine Knoll Drive, Beverly, MA 01915-1425, phone (978) 456-5594 through the Committee on Accreditation of Allied Health Education Programs (CAAHEP), 1361 Park Street, Clearwater, FL, 33756. Phone (727) 210-2350, Fax (727) 210-2354. Darton College is one of only thirty-three programs in the entire United States with such designation.

One class per year will be selected. Applicants are urged to submit their completed forms early. The Cardiovascular Technology Program has limited enrollment. Students are selected on the basis of SAT/ACT scores, college course grades, completion of required cardiovascular related coursework, and other qualifications related to academic and professional potential.

**Additional Admissions Requirements:**

1. Applicant must have completed admission to Darton College.
2. All required Learning Support courses must be completed.
3. A composite score of 870 or higher on the Scholastic Aptitude Test (SAT) or a composite score of 19 or higher on the American College Testing Service Assessment Test (ACT) or have a minimum of 2.00 ("C" average) on all college work previously taken, if any.
4. Complete the required prerequisite courses, BIOL 1100K, ENGL 1101, MATH 1111, ALHE 1120 and CVTE 1100 with a GPA of 2.0 or greater in the spring or have earned credit on 9 or more semester credit hours of general education courses including one science course required in the program achieving a grade point average of 2.50 or higher. The grade received in the science course must be a C or higher. (All science courses must be completed with a grade of C or higher.)
5. Submit proof of current American Heart Association Cardiopulmonary Resuscitation Certification (CPR.)
6. A minimum of a 2.0 GPA on previous course work completed within the last five years. If this course work is older than 5 years, it will be evaluated by the Program Director and may need to be repeated.
7. Proof of Hepatitis B immunization prior to first patient contact.
8. To comply with the requirements of cooperating clinical facilities, the Allied Health Division requires students to submit a completed health form. These forms will be provided upon enrollment in CVTE 1110.
9. To progress successfully through the curriculum and function as a practicing cardiovascular technologist after graduation, the individual must have:
  - a. Visual acuity with or without corrective lenses to identify cyanosis and absence of respiratory movement in a patient.
  - b. Hearing with or without auditory aids to understand the normal speaking voice without viewing the speaker's face (to ensure that the Cardiovascular Technician will be able to attend to a patient's call for help.)
  - c. Physical ability sufficient (minimal impairment of upper and lower extremities) to perform cardiopulmonary resuscitation;
  - d. Manual dexterity and visual acuity with corrective lenses to accurately draw up solutions in a syringe.
  - e. Speech sufficient to communicate with staff and patients in a timely manner. Refer to program handbook for complete information.

**Additional Program Requirements:**

1. Students must earn a "C" or better in all Science and Professional courses in order to progress to the next course in sequence. Any student with a "D" or "F" in one professional course will not be allowed to continue in the program. The student may re apply for readmission in the next class. Students seeking readmission will be evaluated by the Cardiovascular Technology program faculty to determine acceptability and placement in the program. Previously completed professional courses may be accepted or may need to be repeated at the discretion of the faculty. Students who have a "D" and/or "F" in more than one Cardiovascular Technology course (this may be two different courses or the same course twice) will result in permanent dismissal from the program. A "WF" is considered "F". Students who fail a clinical practicum must repeat both the clinical and classroom courses covering that content.
2. Students are required to maintain a 2.0 cumulative GPA in order to graduate from the program and Darton College.
3. Students must maintain current Cardiopulmonary Resuscitation Certification throughout enrollment.
4. The Division of Allied Health reserves the right to discontinue, at any time, the enrollment of a Cardiovascular Technology student if, in the judgement of the Vice President for Academic Affairs and the Cardiovascular Technology program faculty, the student does not appear to have the necessary qualifications for a Cardiovascular Technology career.
5. Students are required to pass the Regents Test as a requirement for graduation as stated in the college catalog. Early testing is encouraged for those who qualify.
6. The student must abide by the policies and procedures of the Cardiovascular Technology Program as defined in the Program Handbook.
7. Students will have three attempts to successfully demonstrate competency of any skill taught in the laboratory or clinical practicums. Students unable to demonstrate competency after 3 attempts will fail the laboratory or clinical course and will not be allowed to progress in the program. Students may re apply according to the previously listed policies.
8. The faculty, staff, and students in health care programs shall uphold professional and ethical standards.
9. The student is expected to assume responsibility for his/her own health in the event of illness, accident or exposure to communicable disease in class, lab, and clinic.
10. Successful completion of 1,000 hours of clinical experience at selected clinical sites is required to graduate.

**Additional Costs and Requirements:**

1. Cardiovascular Technology students will be responsible for additional fees to cover the costs of uniforms, liability insurance and testing.
2. Professional liability insurance is required prior to clinical assignment. Fees will be assessed annually in the summer as part of the students Tuition and Fees.
3. Students are required to have approved uniforms, shoes, lab coat, stethoscope, and a watch capable of reading seconds.
4. Students will complete the American Heart Association ACLS course as they progress through the program. Fees for these courses are required at the time of the course.
5. Travel for practicums will be required. Students will be required to travel during the last two (2) semesters of the Cardiovascular Technology Program. Travel will, from time to time, require overnight stays in order to complete the required clinical rotation, therefore, the student should plan according to his/her personal needs. The student will be responsible for any costs relating to travel to and from practicum sites. Currently, the associated clinical facilities are throughout the Southeast. All cardiovascular technology students should expect to travel. **No exceptions.** Many of the clinical facilities have agreed to provide housing at no cost to the student but housing is not guaranteed. **ONLY STUDENTS FROM**

**DARTON COLLEGE OR OTHER TEACHING INSTITUTIONS ARE ALLOWED TO RESIDE IN THE STUDENT HOUSING.** Food and personal items while at the clinical facilities are the responsibility of the student. Financial assistance for these additional expenses cannot be guaranteed although every effort will be made to direct students with major financial problems. The Cardiovascular Technology Program faculty makes no guarantees regarding student travel.

**CRIMINAL JUSTICE MANAGEMENT OPTION (4586)**  
**Social Science Division**  
**RECOMMENDED COURSES FOR**  
**CERTIFICATE PROGRAM**

The Criminal Justice Management Certificate Option is designed to provide criminal justice managers and supervisors a unique combination of management and criminal justice theory combined with specific requisite skills that are necessary to become effective managers and supervisors in today's highly technical and complex criminal justice system. A Certificate is awarded upon completion.

<b>Fall Semester</b>		<b>Sem. Hrs.</b>

\*\*Elective must be approved by Criminal Justice faculty advisor.

**CRIMINAL JUSTICE TECHNOLOGY (0591)**  
**Social Science Division**  
**RECOMMENDED COURSES FOR**  
**CERTIFICATE PROGRAM**

The Criminal Justice Technology Certificate Option is designed to provide graduates with a foundation in Criminal Justice along with specialized training in computer forensics. The program is appropriate for (1) those currently employed in law enforcement who want to increase their skills and value to their organizations and (2) students who aspire to criminal justice occupations and wish to have skills that set them apart from other candidates. After completing this certificate, students may choose to continue their studies by enrolling in the Associate of Science program in Criminal Justice with eventual transfer to a four-year college.

	<b>Fall Semester</b>	<b>Sem. Hrs.</b>

## ASSOCIATE OF SCIENCE DEGREE PROGRAMS ALLIED HEALTH DIVISION

Additional requirements for all students in the Allied Health Division:

1. Evidence of professional liability insurance must be provided to the Program Director prior to placement in a clinical assignment.
  2. Students are financially responsible for all expenses related to an illness, accident or exposure to communicable diseases either in a laboratory or clinical setting.
  3. Students must show evidence of Hepatitis B vaccine immunization status according to program guidelines.
  4. Students will be expected to follow the health policies of the institution(s) where they are assigned for their clinical placements.
  5. Students will be required to purchase any uniforms, name tags, uniform patches, shoes, etc. required for their specific clinical placements.
- Individual programs may have additional program specific costs and fees. The student is advised to check with the appropriate program to obtain a complete list of these additional expenses.

### DENTAL HYGIENE (0355) RECOMMENDED COURSES FOR CAREER ASSOCIATE OF SCIENCE DEGREE PROGRAM

The program in Dental Hygiene is accredited by the Commission on Dental Accreditation and has been granted the accreditation status of approval. The Commission is a specialized accrediting body recognized by the United States Department of Education. The Commission on Dental Accreditation can be contacted at (312)440-4653 or at 211 East Chicago Avenue, Chicago, IL 60611.

#### **Additional Admission Requirements:**

1. Official college transcripts, plus official high school transcripts, if fewer than 30 semester hours of college work have been completed.
2. SAT I (or equivalent ACT) scores for Dental Hygiene are encouraged, but not required for admission. If no scores are presented, or if presented and if less than 430 verbal and 400 quantitative on the SAT I (less than 19 English and 18 mathematics on the ACT), the student must take the Collegiate Placement Examination (CPE) or COMPASS test. See [page 17](#).
3. Students requiring Learning Support must complete the Learning Support coursework prior to admission to the Dental Hygiene program.
4. A separate dental hygiene application submitted by June 1<sup>st</sup>. Applications received after June 1<sup>st</sup> may not receive full consideration.
5. A minimum of a 2.0 GPA on previous coursework.
6. Anatomy and Physiology, College Algebra and EITHER Survey of Chemistry I OR Essentials of Microbiology course work completed within the last ten years. If this course work is older than 10 years, it will be evaluated by the Program Director.
7. Proof of Hepatitis B immunization prior to first patient contact.
8. Proof of CPR Certification - American Heart Association Healthcare Provider Card prior to first patient contact.
9. To progress successfully through the curriculum and function as a practicing dental hygienist after graduation, the individual must have:
  - a. Visual acuity with or without corrective lenses to read an instrument calibrated in mm and to detect subtle dental stains;
  - b. Hearing with or without auditory aids to measure blood pressure using an aneroid sphygmomanometer and to obtain a medical/dental history by interview;
  - c. Physical ability to operate equipment (unit, stool, x-ray machine, etc.);

d. Manual dexterity to perform the fine motor functions associated with intra-oral instrumentation.

10. Please note that admission to Dental Hygiene is competitive and is based on the academic qualifications of the current applicant pool.

**Readmission of Returning Students:**

Any student who must interrupt enrollment must re-apply to the Dental Hygiene Program and, if accepted, placement will be determined after previous course work has been evaluated by the Program Director. The evaluation may result in repeating a course previously completed successfully for continuity of skill acquisition and/or professional knowledge. Dental Hygiene courses more than two years old must be repeated. Students who fail a Dental Hygiene clinical course must repeat both the clinical course and the concurrent lecture course.

**Additional Costs and Requirements:**

Dental Hygiene students will be responsible for additional fees for uniforms, instruments, liability insurance and membership in the Student American Dental Hygienists' Association. Additional costs will be incurred for licensure.

**Additional Graduation Requirements:**

In addition to College graduation requirements, the students must have a grade of C or better in all dental hygiene courses.

The Dental Hygiene Program reserves the right to discontinue, at any time, the enrollment of a Dental Hygiene student, if, in the judgment of the Vice President for Academic Affairs and the Dental Hygiene faculty, the student does not appear to have the necessary qualifications for dental hygiene. More than one D or F in the Dental Hygiene courses will result in permanent dismissal from the program.

**For additional Allied Health Division policies that apply to this program, please refer to [Academic Regulations, Section Q, Background Check of the college catalog.](#)**

Completed application forms must be RECEIVED NO LATER THAN JUNE 1<sup>st</sup>, of each year. The application is completed only when all the information requested is received. Students are responsible for making sure their application is complete.

**PROCEDURES AND REQUIREMENTS FOR  
ADMISSION TO THE DMS PROGRAM**

1. Meet all of Darton College's acceptance requirements.
2. Overall GPA of 2.5 or greater on a 4.0 scale or a minimum of 19 on the ACT.
3. Completion of a DMSP application. (Available online @ [www.darton.edu](http://www.darton.edu) and in the Allied Health Office.)
4. Application deadline is June 1<sup>st</sup> every year.
5. Submit 3 recommendation forms.
6. Completion of the following pre-DMSP course requirements with a grade of "C" or better before B-Term Summer Semester begins.

1. College Algebra
2. English I
3. Medical Terminology
4. Introduction to Physical Science I or any upper level science course, Physics, Chemistry, Microbiology.
5. Anatomy and Physiology for the Health Care Provider (**be aware this course may not transfer**).

Anatomy and Physiology I **and** II may be taken in lieu of Anatomy and Physiology for the Health Care Provider.

Students that have chosen to take Anatomy and Physiology I **and** II may be accepted with the following conditions:

Complete Anatomy and Physiology I **and** II with a grade of "C" or better before the application deadline.

Application & Document Submission to:  
Allied Health Division  
Diagnostic Medical Sonography Program  
Attention: Application Coordinator  
2400 Gillionville Rd.  
Albany, GA 31707-3098

DMS program telephone (229) 317-6986.

DMS program office is in building J Room 249.

Allied Health Telephone # (229) 317-6900.

**SELECTION NOTIFICATION**

Due to limited clinical placements, we are accepting 14 students and 1 alternate at this time

for each year's class.

**Points in the selection process will be awarded as follows:**

1. Three (3) commendation forms. Each form can count up to 65 points.
2. The student's cumulative GPA.  
200 POINTS for GPA 3.5-4.0  
150 POINTS for GPA 3.0 – 3.49  
100 POINTS for GPA 2.5-2.99

**Consideration and additional points may be given to those students that have:**

1. Provided documentation of a degree in an Allied Health Field, Science or Biology that is directly related to patient care and medical imaging; including but not limited to Radiologic Technology. Each degree can count up to 100 points.
2. Provided documentation of a certificate in a health area that is directly related to patient care. Each certificate can count up to 50 points.
3. Provided documentation of work experience in a health care environment that is directly related to patient care. This documentation can count up to 25 points.  
Documentation of work experience:
  - A. Must be on company letter head.
  - B. A minimum of 6 months work experience.
  - C. Provide a description of job duties that demonstrate hands on patient experience.
4. Provided documentation of 40 hours of volunteer work in a health care environment. This documentation can count up to 1 point per hour volunteered up to 40 hours.  
Documentation of volunteer work experience.
  - A. Must be on company letter head.
  - B. A minimum of 40 hours.
  - C. Provide a description of job duties.
5. Completed core course work can count up to 10 points.

**An interview with the program director and/or the DMS committee will be required of the students with completed application packets and meeting all criteria for the program.**

**SELECTION NOTIFICATION**

Letters of selection, alternate status, or non acceptance will be sent out following the selection process. The selection process takes place at the end of A-Term Summer Semester every year.

Students are notified by July 1<sup>st</sup> every year of selection status.

Selected students must confirm their intent to enroll in writing, within 10 days after the post marked date of their acceptance letter.

A student that fails to respond in the appropriate time will forfeit their position.

Alternate students may take the Introduction to Diagnostic Medical Sonography course.

The alternate student's inclusion in this course **does not mean** acceptance into the DMS Program unless a selected student resigns or loses his or her position.

Upon acceptance into the DMS Program students must provide a **certification of medical examination form, student physical and mental health self-evaluation form along with immunization documentation including the first**

**Hepatitis vaccination (all forms must be current within one year and must be in the DMSP office no later than September 1<sup>st</sup> following your selection).**

Failure to provide this documentation will lead to dismissal from the program and an alternate will be chosen to replace you. You may provide this information before notification of selections.

### **PREGNANCY POLICY**

Any student that is pregnant or becomes pregnant while in the Diagnostic Medical Program should consider the following:

- 1) Exposure to communicable diseases. As a student you may be exposed to **many** communicable diseases such as rubella and the **Hepatitis C virus** which are a serious danger to the developing fetus. It is the pregnant student's responsibility to avoid those patients that may put them at risk.
- 2) Students are at risk to radiation exposure while performing certain ultrasound exams. Pregnant students must protect themselves and their baby by using lead aprons and avoiding all radiation until after the first trimester.
- 3) If the students' medical condition limits their ability to continue in the program they may withdraw and continue with the next class, if a position is available, beginning with the course or courses dropped. Missed clinical time over the 3 days allowed may be made up but may also delay the student's graduation.

### **RE-ADMISSION OF RETURNING STUDENTS**

Any student who fails a DMS course will not be allowed to continue onto the next semester of DMS courses. If this is the student's first failure, the student may reapply to the DMS program for the following year. If the student fails for a second time, or fails more than one DMS course, it will result in permanent dismissal from the DMS program without chance of re-admission.

**For additional Allied Health Division policies that apply to this program, please refer to [Academic Regulations, Section Q, Background Check of the college catalog.](#)**

**EMERGENCY MEDICAL SERVICES**  
**Allied Health Division**  
**RECOMMENDED COURSES FOR**  
**CERTIFICATE PROGRAMS**

The Emergency Medical Services Program is designed to provide instruction at the certificate and an associate degree level for Emergency Medical Service providers. The Program offers three levels of certification; EMT-Basic, EMT-Intermediate, and EMT-Paramedic. Each course is based on the National Standard Curriculum. Upon completion of the required curricula, those students with a minimum of 2.0 are eligible to take the NREMT exam. After passing the NREMT certification exam, EMS personnel are certified and/or licensed to practice under medical direction to the level of their training by the Emergency Health Section of the Georgia Department of Human Resources.

**ALL** students, irrespective of track, must be admitted to Darton before applying to the EMS Program. Students must also take the University System of Georgia COMPASS Test. The following minimum scores must be met to ensure unconditional admission into the EMS Program:

Reading – 74      English – 60      Math – 37

**\*\*To be admitted to the Fast Track Program, applicants must exit any English and Reading learning support.**

**Additional Requirements:**

1. Submit a completed EMS Program Admissions package to the EMS Program or Allied Health Division.
2. Copies of EMT Certifications when applicable.
3. 250 word essay describing your interest in EMS.
4. EMS Admission Committee evaluation.
5. Recommendation by EMS Director, when applicable, and/or 1 character reference.
6. Completed hospital visitation form(s) and background check.
7. Completed health insurance, immunization, and TB screen forms.

The Emergency Medical Technician, irrespective of level, is a caregiver with the responsibility of providing life supporting assessments and interventions. Implied in this caregiving role are essential job functions that require the EMT to demonstrate certain cognitive (knowledge), psychomotor (skill), and affective (behavior) mastery. The performance of these job functions must be consistent with the expectation that the EMT must not place himself/herself, a fellow worker, or the patient in jeopardy because of physical or mental disabilities.

To satisfactorily complete all levels of certification, the student must have developed the necessary skills to become an entry level practitioner according to his/her level of training. The examples below are not all inclusive and additional disabilities that prove to prevent the performance of essential job functions may be considered on a case by case basis.

- **Visual Acuity** (with/without corrective vision) – Having the visual capacity to identify life-threatening signs of physical distress through objective patient assessment, identify details of a patient's medications, and with accuracy draw solutions into a syringe when required.
- **Auditory Acuity** (with/without aids) – Having the auditory capacity to accurately obtain a subjective medical history and to complete a patient assessment using an aneroid sphygmomanometer, stethoscope, and other equipment as necessary to detect sounds including but not limited to breath and bowel.

- **Physical Ability** – Having the physical capacity to safely lift patients and equipment weighing at least 180 lbs. with a partner, and have the stamina to perform cardiopulmonary resuscitation.
- **Speaking Ability** – Having the capacity to acquire a medical history and other details regarding the subjective assessment from the patient, family members, and/or bystanders and communicate those findings in various manners to coordinate patient care.
- **Manual Dexterity** – Having the capacity to perform intravenous catheterization, fill syringes, and perform other task(s) often associated with effective hand-eye coordination.
- **Mental Stress** – Having the capacity to perform without hesitation and with coordinated control, the skills of an EMT during times of mental stress, display principles of patient care consistent with the community standard, and respond positively to correction and modify behavior as required.

#### **(FT) Fast-Track Paramedic Program**

This course is designed for students with no prior EMS experience. FT students will take additional courses concurrent with semesters one and two of the Paramedic curricula. Upon successful completion of the second semester, FT students are eligible to take the NREMT-I certification exam and become qualified to enter the EMS job market in Georgia.

#### **EMT-I**

The Pre-requisite or Co-requisite for the EMT-Intermediate Curricula is the completion of the EMT-Basic Curricula Objectives and Requirements.

#### **Additional Costs and Fees**

1. Professional liability insurance is required prior to clinical assignment. Fees are assessed annually during the first semester as part of the student's tuition and fees.
2. The student must assume responsibility for his/her own health in the event of an illness, an accident, or exposure to communicable disease. Associated expenses will be the responsibility of the student.
3. Students are required to have approved uniforms and equipment as described in the program handbook. Associated expenses are not assessed in advance and will be the responsibility of the student.
4. Students are required to have received all necessary immunization as listed in the program handbook. Associated expenses are not assessed in advance and will be the responsibility of the student.
5. Each student will be held accountable for participating in the required Life Support courses. Associated expenses are not assessed in advance and will be the responsibility of the student at the time of the course.
6. Paramedic students are required to take a comprehensive self-assessment in the spring semester. Fees are assessed in the spring as part of the student's tuition and fees.
7. Upon completion of the required curriculum, those students with a minimum of 2.0 will be eligible to take the NREMT exam. Upon releasing the student for registry examination, it is expected that the student will complete the exam process within 30 days. Fees associated with National Registry testing (first attempt only) will be assessed during the spring semester.

**For additional Allied Health Division policies that apply to this program, please refer to [Academic Regulations, Section Q, Background Check](#)**

**EMERGENCY MEDICAL TECHNICIAN (0589)**  
**Allied Health Division**  
**RECOMMENDED COURSES FOR**  
**CERTIFICATE PROGRAM**

The Emergency Medical Technician – Intermediate Certificate provides the student with technical training as it applies to the entry level for Emergency Medical Services. This certificate offers the student hands on training in several aspects of EMS and prepares the student to pursue an advanced degree as a licensed Paramedic. The class sequence for the evening EMT-I class is as follows. Students who only wish to become EMT-Basics may exit after completing the fall semester. Upon successfully completing the NREMT-B exam, they may be licensed to practice as an EMT-Basic.

	<b>Summer Semester</b>	<b>Sem. Hrs.</b>
EMTP 1021	Introduction to Emergency Medical Services	<u>6</u> 6
	<b>Fall Semester</b>	
EMTP 1025	Trauma for the Emergency Medical Technician – Intermediate	3
EMTP 1036	Medical Emergencies for the Emergency Medical Technician – Intermediate	<u>4</u> 7
	<b>Spring Semester</b>	
EMTP 1032	Advanced Life Support for the Emergency Medical Technician – Intermediate	<u>5</u> 5
	<b>ONE YEAR TOTAL</b>	<b>18</b>

The Darton EMS Program also offers the EMT-I Program during the day. The class sequence is as follows:

	<b>Fall Semester</b>	
EMTP 1021	Introduction to Emergency Medical Services	6
EMTP 1025	Trauma for the Emergency Medical Technician – Intermediate	<u>3</u> 9
	<b>Spring Semester</b>	
EMTP 1036	Medical Emergencies for the Emergency Medical Technician – Intermediate	4
EMTP 1032	Advanced Life Support for the Emergency Medical Technician – Intermediate	<u>5</u> 9
	<b>ONE YEAR TOTAL</b>	<b>18</b>

**HEALTH INFORMATION TECHNOLOGY (0370)**  
**Allied Health Division**  
**RECOMMENDED COURSES FOR CAREER**  
**ASSOCIATE OF SCIENCE DEGREE PROGRAM**

The associate degree program in Health Information Technology at Darton College is designed to prepare the student for entry-level employment as a health information technician who performs tasks related to the use, analysis, presentation, abstracting, coding, storage and the retrieval of health care data in manual or electronic form.

The program is accredited by the Commission on Accreditation for Health Informatics and Information Management Education.

Graduates are eligible to write the national examination given by the American Health Information Management Association. Upon successful completion of the examination, the health information technician is awarded the professional credential of a registered Health Information Technician (RHIT) by the American Health Information Management Association.

**This program begins once a year in the fall semester. Applications are accepted January 1 to May 31 for consideration.**

**Admission Requirements:**

To be considered for admission to the Health Information Technology program, the Darton student must:

1. Complete all required Learning Support courses.
2. Complete all pre-requisite courses with a "C" or better.
3. Have a minimum GPA of 2.0.
4. Complete and submit an application for admission to the program to the Program Director.

**Additional Requirements:**

1. Once students are registered for classes, but before admitted to the program, they should access Online Learning on the Darton website for orientation to online system requirements.
2. Students with 2 unsuccessful attempts in program course are ineligible for program re-admission. Withdrawing from an HITE course is considered an unsuccessful attempt. A course grade of "D" or "F" is considered an unsuccessful attempt.
3. High speed internet connection is highly recommended for optimal use of AHIMA's Virtual Lab applications.
4. Professional liability insurance is required. The cost of this insurance is approximately \$17.50 per year.
5. Because of the nature of the profession, the student is required to sign and abide by a statement that the student will honor the confidential nature of health/medical records. A charge of breach of confidentiality will be treated according to the procedures outlined in the Student Handbook, "Code of Conduct."
6. Student membership in the American Health Information Management Association is recommended. The cost of student membership is \$35 per year.

7. A student may be denied permission to continue in the program if, in the opinion of the faculty, the Chair of Allied Health, and the Vice President for Academic Affairs, the student does not demonstrate the necessary qualifications for a health information technician.
8. To satisfactorily complete the curriculum and to develop the skills required of an entry level health information technician, the student must demonstrate:
  - a. Visual Acuity (with or without corrective lenses): to read paper, microfilm, and electronic documents.
  - b. Physical Ability: to process reports and records, to operate equipment necessary for record keeping (for example, manually operated filing equipment, printers, microfilm reader/printers, computer keyboard), and to move about in space limited by compacted filing.
  - c. Manual Dexterity: to perform the fine motor functions necessary to document analysis of records (i.e., must use pens, pencils, and manage papers), and to operate electronic equipment (i.e., computers, word processors).
  - d. Hearing (with or without aids): to hear the spoken voice in order to be able to respond verbally.
9. The student must abide by the policies and procedures of the Health Information Technology Program as defined by the Program Handbook.

**For additional Allied Health Division policies that apply to this program, please refer to [Academic Regulations, Section Q - T](#),**

**HEALTH INFORMATION TECHNOLOGY (0370)**  
**Allied Health Division**  
**RECOMMENDED COURSES FOR CAREER**  
**ASSOCIATE OF SCIENCE DEGREE PROGRAMS**

Students may declare Pre-HIT major upon college enrollment for the purpose of advisement while completing pre-requisite course work. However, declaring this major does not guarantee admission to the HIT Program.

**Pre-Requisites:**

Completion of all required Learning Support courses as identified by the college admissions process.

For additional Allied Health Division policies that apply to this program, please refer to Academic Regulations, Sections Q-T.

**MEDICAL CODING (0563)**  
**Allied Health Division**  
**RECOMMENDED COURSES**  
**FOR CERTIFICATE PROGRAM**

Medical coders review patient medical (health) records and assign numeric codes for each diagnosis and procedure. To perform this task, the student must possess expertise in the International Classification of Diseases and Current Procedural Terminology coding systems. This certificate program is designed to prepare the student for an entry-level position as a medical coder.

This certificate program begins once a year in the fall semester. Applications are accepted between May 1 and July 31.

**Requirements:**

The student must complete any Reading and English Learning Support area requirements, all pre-requisite courses, and be accepted into this program before beginning any HITE classes. A GPA of 2.0 is required in order to be accepted and the student must achieve a grade of "C" or better to remain in the program. *Darton College Code of Conduct Policies related to Disruptive and Obstructive Behavior will be enforced in an online program just as it would be in a traditional classroom. Exhibit of such behavior may result in dismissal from the program.*

**HUMAN SERVICES TECHNOLOGY (0371)**  
**Business/Social Science Division**  
**RECOMMENDED COURSES FOR CAREER**  
**ASSOCIATE OF SCIENCE DEGREE PROGRAMS**

The associate degree program in Human Services Technology at Darton College is designed to prepare entry level human service workers to function as direct care providers in mental health, addiction/substance abuse, gerontologic, and other existing and/or emerging human service settings. Graduates are trained to work as collaborative team members under professional supervision and function in the core roles of service provider, service coordinator, and advocate.

This program is accredited by the Council for Standards in Human Service Education. For additional information, please contact CSHSE at:

Council for Students in Human Service Education  
Susan Kincaid, VP Program Accreditation  
Western Washington University – Dept. of Human Services  
516 High Street  
Bellingham, WA. 98225 (360) 650-3531

The Human Services Technology Program provides a three dimensional focus on theoretical knowledge, applied competencies, and clinical/field experience. All students must satisfactorily complete a sequenced core curriculum in Human Services. Once this sequence is completed, students can choose a specialty track. The options are Community Health/Mental Health Worker or Addiction/Substance Abuse Counselor. Each option includes fieldwork experience appropriate to the specialty choice.

One class will be admitted per year. The application deadline for Fall Semester enrollment is August 1. Students may enroll on a part-time or full-time basis; the time required to complete the degree will depend upon the number of credits taken each semester. Since the core professional curriculum in Human Services is sequenced, courses are only offered once a year at designated times. Based on availability of faculty and student need, some classes may be offered both day and evening. Course selection and registration for these classes should be done after a personal meeting with the faculty advisor. However, once a student chooses a specialty track, 6 to 18 hours of practicum experience per week in local human service facilities are required. Approximately 500 clock hours in field work settings comprise the total program experience.

Graduates in Human Services receive an Associate of Science degree in Human Services Technology. They will be prepared to obtain jobs in settings related to their specialty track or to continue their education toward a Bachelor's Degree in areas such as human services, social work, psychology, sociology, rehabilitation counseling, and mental health technology. Students who are interested in a four-year degree should consult with the Human Services Program Director prior to registering for coursework each semester. These advising sessions will maximize the number of courses taken at Darton that will transfer to another institution.

**Admission Requirements:**

To be eligible for admission to the Human Services Technology program, the student must have completed English 0099 and Reading 0099, if applicable, and meet the following conditions:

1. SAT scores are not required; however, traditional students submitting SAT scores with 430/verbal and 400/math may exempt the COMPASS placement test. All required learning support must be completed prior to entering the program. Transfer students must have a GPA of 2.0 or nine semester hours of related courses at Darton with a GPA of 2.0. Students with a degree from an accredited college or university may enroll in Human Services Technology courses, providing prerequisites are met.

2. The student must complete an application packet to the Human Services Technology Program. This application includes an essay by the student on her/his interest in and understanding of human services and her/his professional goals.

**Re-Admission of Returning Students:**

Any student who fails a HUST or ALHE course will not be able to continue onto the next semester of HUST courses. If this is the student's first failure, the student may re-apply to the HST Program and, if accepted, placement of the returning student will be determined after previous coursework has been evaluated by the program director. Courses more than two years old will have to be repeated. More than one "D" and/or "F" in HUST or ALHE courses will result in permanent dismissal from the program. (This may be two courses or failure of the same course twice.)

The HST program reserves the right to discontinue, at any time and as the result of a 3 step process, the enrollment of a HST student if, in the judgment of the Vice President for Academic Affairs, the HST faculty, and the chair of the Business/Social Science Division, the student does not appear to have the necessary qualifications for a career as a HST.

**Additional Requirements:**

1. Proof of hepatitis B vaccination series, an up-to-date immunization record, and annual TB testing are required prior to enrolling in the first practicum experience.
2. A minimum grade point average of 2.0 is required in each Human Services course for graduation from the program. If a grade less than "C" is received the course must be repeated.
3. A fee of approximately \$17.50 is required to provide liability insurance coverage for the practicum and field work experiences, and is included in student fees.
4. The student is expected to provide transportation to and from any field work site and/or arrange for living accommodations.
5. Prior to the first practicum experience, the student will be expected to successfully complete a CPR course (provided by the Division of Social Science faculty).
6. Prior to the first practicum experience, the student must sign a statement that she/he will maintain confidentiality in matters relating to clients.
7. To satisfactorily complete the curriculum and to develop the skills required of an entry level human services technician, the student must be able to:
  - a. complete required documentation in written or recorded format for effective job performance,
  - b. hear the spoken voice (with or without auditory aids) or "hear" through lip-reading or sign language,
  - c. be independently mobile with or without the aid of assistive devices.
8. Graduates of the program must demonstrate their ability to communicate effectively in a variety of settings; to function in a warm, empathic, non-judgmental fashion with a diversity of clientele; and to recognize ethical and professional limitations in their relationship with clients.
9. Students must successfully pass both the Clinical placement (50%) and the Practicum/Field Placement Seminar coursework (50%) of HUST 2150, HUST 2210, HUST 2310, HUST 2220 or HUST 2320. Failure of either applicable portion of the clinical placement or seminar coursework will result in an "F" for the course.

**ADDICTION COUNSELING (0570)**  
**Business/Social Science Division**  
**RECOMMENDED COURSES FOR**  
**CERTIFICATE PROGRAMS**

This certificate program consists of six (6) Georgia Addiction Counselors' Association (GACA) approved courses that total to 270 clock hours of instruction. Students who complete this certificate program will meet the *academic training requirement* at the CAC-II level (Certified Addiction Counselor – Level Two) for certification in addiction counseling. The six courses are taught over a period of three semesters with two courses being offered per semester for a total of 6 semester credits and 90 clock hours each semester. Individuals who sit for the CAC Level II exam must have a Bachelor's degree.

**Admission Criteria:** Individuals who have achieved a Bachelor's Degree or higher, are either currently working in the field of addictions, or are interested in working in this field and meet the listed admissions criteria. However, individuals may also apply:

1. Exited all Developmental Studies/Learning Support classes
2. Earned at Darton or transferred credit to Darton, 90 quarter hours or 60 semester credit hours of college courses
3. Passed with a "C" grade or higher English 1101 (English Composition I) and English 1102 (English Composition II)

**TEACHER COMMUNICATION AND CRISIS SKILLS ENHANCEMENT (0572)**  
**Business/Social Science Division**  
**RECOMMENDED COURSES FOR**  
**CERTIFICATE PROGRAMS**

This certificate program will provide teachers and other professionals additional training in handling student/client crises and enhance their ability to manage student concerns and problems in general. Current teachers and any professional who wishes to develop skills in these areas are eligible to apply. All students in the Teacher Communication and Crisis Skills Enhancement Certificate must have exited READ 0099 and ENGL 0099 before taking any program courses.

Students who have been identified as needing Learning Support via the Compass Test must have exited READ 0099 and/or ENGL 0099 to enroll. Students taking on-line classes must have basic computer skills.

**BANKING (7586)**  
**Business Division**  
**RECOMMENDED COURSES FOR**  
**CERTIFICATE PROGRAM**

This option is designed primarily for individuals in the banking industry who are trying to improve their skills and knowledge. The banking courses use the American Institute of Banking (AIB) texts and resource materials. It is suggested that a plan of study be discussed with the business academic advisor before pursuing. Non-banking individuals may enter the program, but they should work closely with an academic advisor to choose the courses that will provide the most benefit.

<b>First Semester</b>		<b>Sem. Hrs.</b>
BUSA 1171	Principles of Banking	3
BUSA 1172	Law and Banking Applications	3
BUSA 1173	Money and Banking	<u>3</u>
		<b>9</b>
<b>Second Semester</b>		
Electives		<u>9</u>
<b>One-Year Total</b>		<b>18</b>
*Select electives from the following:		
BUSA 1176	Fundamentals of Consumer Lending	1
BUSA 1177	Introduction to Relationship Selling	1
BUSA 1179	Consumer Lending	3
BUSA 1180	Introduction to Supervision	3
BUSA 1181	Analyzing Financial Statements	3
BUSA 1182	Issues for Bankers	1

\*Or other courses approved by the business division advisor.

**HEALTH MANAGEMENT  
BUSINESS EMPHASIS\* (8586)

		15
 <b>One-Year Total</b>		 <b>28</b>

\*Admission is restricted to those who are currently employed in a management/supervisory capacity in a medical setting and have current certification/licensure in an allied health field or hold an associates or higher degree (s) in business. The chair of the Allied Health or Business Division may waive these requirements under extenuating circumstances.

**MANAGEMENT OPTION  
Business Division  
RECOMMENDED COURSES FOR A  
HOMELAND SECURITY (HSEC) OPTION (0544)**

The Homeland Security Management Certificate is designed for those students who have no experience in the field of Homeland Security and those who already have an entry level job or experience and need to enhance their education to stay competitive. Students must complete all of the core courses and choose a minimum of (2) electives.

	<b>Fall Semester</b>	<b>Sem.Hrs.</b>
HSEC 2109	Introduction to Homeland Security	3
HSEC 2114	National Response Plan	3
		6
	<b>Spring Semester</b>	
HSEC 2123	Terrorism and Homeland Security	3
HSEC 2127	The US Intelligence Community: Links to HSEC	3
		6
	<b>Summer Semester</b>	
HSEC 2131	Introduction to Emergency Management	3
Elective	3 hours from list below	3
		6
	<b>Fall Semester</b>	
HSEC 2134	Securing our Transportation Systems	3
HSEC 2138	Immigration Threats: Securing our Borders	3
		6
	<b>Spring Semester</b>	
HSEC 2142	Protecting Critical Infrastructure	3
Elective	3 hours from list below	3
		6
	<b>Total</b>	<b>30</b>
HSEC 2146	*Protection of Hazardous Materials	3
HSEC 2153	**Theories of Terrorism: Analysis through Case Studies	3
HSEC 2159	*Information Security (INFOSEC)	3
HSEC 2164	*Corporate Security	3
POLS 1105	*Current World Problems	3
POLS 2201	*American State and Local Government	3
POLS 2401	*Introduction to Global Issues	3

(30) Semester Hours required

\*A minimum of (2) elective courses are required

\*\*Prerequisite exists (See course outline)

**LOGISTICS AND SUPPLY CHAIN MANAGEMENT (0545)**  
**Business Division**  
**RECOMMENDED COURSES FOR**  
**CERTIFICATE PROGRAM**

This certificate is designed to provide basic knowledge to those students interested in managing global supply chain and logistics.

	<b>First Semester</b>	<b>Sem. Hrs.</b>
BUSA 2234	Logistics and Supply Chain Management	3
BUSA 2235	Inventory Management	3
BUSA 2236	Transportation and Traffic Management	<u>3</u>
		<b>9</b>
	<b>Second Semester</b>	
BUSA 2237	Cost, Performance and Customer Service Management For Supply Chain	3
BUSA 2238	Global Logistics	3
BUSA 2239	Purchasing and Material Management	<u>3</u>
		<b>9</b>
	<b>Certificate Total</b>	<b>18</b>

**MANAGEMENT AND MARKETING (0584)**  
**Business Division**  
**RECOMMENDED COURSES FOR**  
**CERTIFICATE PROGRAM**

The Management and Marketing Certificate is structured to provide basic skills for employment in the marketing and management fields. All students will be given the option of selecting six courses from a menu of courses.

		<b>Sem. Hrs.</b>
ACCT 2101	Principles of Accounting	3
BUSA 1105	Introduction to Business	3
BUSA 2106	The Environment of Business	3
BUSA 2200	Principles of Management	3

**MEDICAL LABORATORY TECHNOLOGY (0365)**  
**Allied Health Division**  
**RECOMMENDED COURSES FOR CAREER**  
**ASSOCIATE OF SCIENCE DEGREE PROGRAMS**

The Medical Laboratory Technology program prepares graduates to practice as a laboratory technician in hospitals, clinics, physician offices, and other health care facilities. Graduates are eligible to sit for national certifying exams. The program is accredited by The National Accrediting Agency for Clinical Laboratory Sciences (NAACLS), 5600 North River Road, Suite 720, Rosemont, IL 60018-5119 (847) 939-3597, (773) 714-8880, FAX (773) 714-8886, [www.naacls.org](http://www.naacls.org).

**MLT Admissions Criteria:**

1. Students must have an SAT I score of 870 or 9 semester hours of related courses at Darton with a GPA of 2.5.
2. Students needing Learning Support courses must complete them prior to enrolling in medical laboratory technology courses.
3. Transfer students must have a GPA of 2.5 or 9 semester hours of related courses at Darton with a GPA of 2.5.

**Additional Requirements:**

1. A minimum grade of "C" is required in each MLT professional course.
2. A medical examination, including proof of hepatitis B immunizations, may be required prior to entry into clinical practicum courses.
3. Students must satisfy admission requirements to Darton College.
4. Liability insurance is required upon enrollment in any MLT technical course.
5. To satisfactorily complete the curriculum and to develop the skills required of an entry level medical laboratory technician, the student must have:
  - (a) Visual acuity (with or without corrective lenses) sufficient to differentiate colors used as reaction indicators; to observe the patient during phlebotomy procedure; to differentiate and identify specimens utilizing microscopic examination; to read laboratory manuals, procedure, policies, specimen labels, test requisitions and other materials pertinent to professional practice;
  - (b) Physical ability to manipulate clinical laboratory instruments and equipment in a manner consistent with operational procedures;
  - (c) Manual dexterity to perform venepuncture procedures and to operate hand held medical laboratory equipment and tools in a manner consistent with operational guidelines.

**MLT Re-Admission Criteria**

Students who do not progress in MLT Program courses as outlined by the curriculum guide may continue in the program under the following conditions:

- (a) They meet Darton College admission criteria.
- (b) They meet MLT Program admission criteria.
- (c) They do not have more than one "D" or "F" in program courses.
- (d) Course enrollment will be permitted on a space-available basis and only if prerequisites are met.
- (e) Students absent from the program for a period exceeding one semester will be required to demonstrate prior course competency by exam or repeat for credit.
- (f) Students with two unsuccessful attempts in program courses are ineligible for program readmission. Withdrawing from a MLT course is considered an unsuccessful attempt. A course grade of "D" or "F" is considered an unsuccessful attempt.

**Additional Costs:**

Students in the Medical Laboratory Technology Program are responsible for the following approximated expenses in addition to books, tuition and fees:

Liability Insurance	\$ 17.50
Uniforms/lab coat	\$ 100.00
Laboratory Supplies (Gloves, masks, face shields, scissors, rulers, pens, graph paper and markers)	\$ 50.00
Specified immunization	\$200.00
	<b>\$367.50</b>

**Clinical Assignments:**

The Darton College MLT Program has clinical affiliations with many hospitals and clinics in South west Georgia. Clinical assignments are made by the program faculty with approved affiliates only. Students must be prepared to travel to their clinical training facility.

**Program Application Required:**

Applications are available in the Allied Health office at Darton College or may be obtained from the Program home page at:

[www.darton.edu/programs/AlliedHealth/mlt/](http://www.darton.edu/programs/AlliedHealth/mlt/)

Application	Deadline
Fall Semester	August 1
Spring Semester	December 7
Summer Semester	May 1

**For additional Allied Health Division policies that apply to this program, please refer to [Academic Regulations, Section Q, Background Check](#)**

**ADMINISTRATIVE WITHDRAWALS:**

Students may be withdrawn from the program and/or from a clinical affiliate for lack of competence, if determined to pose a threat to the health or safety of others; for failure to comply with the Darton College Code of Conduct or failure to comply with the policies of a clinical affiliate.

**DRUG SCREEN and CRIMINAL BACKGROUND CHECKS:**

Students may be subject to drug screens and criminal background checks as a requirement for participating in program activities. Students are also subject to drug screens requested at random or for probable cause.

Students may be prevented from participating in program activities until results are provided and they are approved for return to program activities.

**HISTOLOGIC TECHNOLOGY (0373)**  
**Allied Health Division**  
**ASSOCIATE OF APPLIED SCIENCE DEGREE PROGRAM**

The Histologic Technology A.A.S. Degree Program provides students with academic and practical training for job-entry skills in anatomic pathology.

Upon successful completion of the program, students receive an Associate of Applied Science Degree and a Certificate in Histologic Technology. The certificate program component is accredited by the National Accreditation Agency for Clinical Laboratory Sciences (NAACLS), 5600 N. River Road Suite 720 Rosemont, IL 60018, phone (773) 714-8880, fax (773) 714-8886 [www.naacls.org](http://www.naacls.org).

**Histology Admission**

**Option I:**

**High School Option**

1. Admission to Darton College
2. Completion of all learning support courses.
3. Completion of high school Algebra, Chemistry and Biology with a "C" or higher.
4. Program application required.\*

**Option II:**

**College Option**

This option is an alternative way to gain admission into the program as well as a way to eliminate prior academic deficiencies.

1. Admission to Darton College
2. Completion of all learning support courses.
3. Completion of college Algebra, Chemistry and Biology with a "C" or higher.
4. Completion of at least 30 hours of the general education requirements prior to admission.
5. Program application required.\*

\*Applications are available through the Education Coordinator or in the Allied Health office at Darton College. Applications are also available from the program homepage at:

[www.darton.edu/programs/AlliedHealth/hist/](http://www.darton.edu/programs/AlliedHealth/hist/)

Application	Deadline
Fall Semester	June 30
Spring Semester	November 30

**Selection:**

Once applicants meet the general admission criteria for the program, their completed folders are forwarded to the Program Director for review. Students for the program are selected from the applicants according to the following criteria:

- Prior Degree Attained
- Prior laboratory work experience
- GP A
- Completed program application

Applicants with the highest point accumulation are selected until the class positions are filled. Class size is based upon annual clinical site availability.

**Additional Requirements:**

1. A minimum grade of a "C" in each professional Histology course.
2. Students are required to submit a copy of a recent physical exam prior to program acceptance.

3. Students are required to meet the health requirements of the clinical affiliate to which they are assigned.
4. Students must have documented immunization to Hepatitis B.
5. Liability insurance is required upon enrollment in the program.
6. To satisfactorily complete the curriculum and to develop required skills the students must have:
  - a. **Visual acuity** (with or without corrective lenses) to observe and perform technical procedures; to identify and differentiate specimens, reagents and equipment; to read laboratory manuals, procedures, policies, specimen labels and materials pertinent to professional practice:
  - b. **Physical ability** to manipulate laboratory instruments and equipment in a manner consistent with operational procedures;
  - c. **Manual dexterity** to operate laboratory equipment and use tools in a manner consistent with operational guidelines.

**ADMINISTRATIVE WITHDRAWALS:**

Students may be withdrawn from the program and/or from a clinical affiliate for lack of competence, if determined to pose a threat to the health or safety of others; for failure to comply with the Darton College Code of Conduct or failure to comply with the policies of a clinical affiliate.

**DRUG SCREEN and CRIMINAL BACKGROUND CHECKS:**

Students may be subject to drug screens and criminal background checks as a requirement for participating in program activities. Students are also subject to drug screens requested at random or for probable cause.

Students may be prevented from participating in program activities until results are provided and they are approved for return to program activities.

**Program Cost Requirements:**

Students in the Histologic Technology AAS Program are responsible for the following approximate expenses in addition to books, tuition and fees:

Liability Insurance	\$17.50
Uniforms/lab coats	\$150.00
Laboratory Supplies (gloves, pens, markers, etc.)	\$50.00
Special immunizations (HBV)	<u>\$200.00</u>
	<u>\$417.50</u>

**Clinical Assignments:**

The Darton College program director or designated staff will arrange clinical assignments with the program's approved affiliates only. Students must be prepared to travel to the clinical training facility.

**Continuation in the Program:**

Students must complete each required course with a grade of "C" or better.

A student may repeat a single course in which the score is less than a "C."

A student repeating a course in which an unsatisfactory grade was received will experience a delay in clinical placement until the deficient course is satisfactorily completed.

A student withdrawing from the program or a program course may be considered for admission in subsequent classes at the time of the next class selection.

Students absent from the program for a period exceeding one semester will be required to demonstrate prior course competency by exam or repeat for credit.

**For additional Allied Health Division policies that apply to this program, please refer to [Academic Regulations, Section Q, Background Check](#)**

\*Certificate Option only

\*\*Students pursuing a Bachelors degree may wish to take BIOLK 2111 and 2112 in lieu of BIOL 1100K

\*\*\*Electives to include fulfillment of the Fitness competency requirement by completion of one of the following:

PHED 1105 Strength Training, PHED 1106 Walk, Jog, Run, PHED 1161 Fitness I, PHED 1162 Fitness II, PHED 1110 Deep Water Exercise, PHED 1139 Fitness Swimming, PHED 1115 Step Aerobics, PHED 1116 Step Aerobics II, or PHED 1182 Personal Conditioning.

NOTE: Students must score a "C" or higher in all Histology program courses in order to successfully complete each course. Satisfactory completion of the Darton College NAACLS Accredited Histology Certificate Program provides the necessary qualifications for National Certification Examinations.

**HISTOLOGY (0564)**  
**Allied Health Division**  
**RECOMMENDED COURSES FOR**  
**CERTIFICATE PROGRAM**

The Histotechnology Certificate Program provides students with academic and practical training for job-entry skills in anatomic pathology. The program is approved by the Board of Regents of the University System of Georgia and seeks accreditation with The national Accreditation Agency for Clinical Laboratory Sciences (NAACLS), 8410 West Bryn Mayer Avenue, Suite 670, Chicago, Illinois 60631, Phone (773) 714-8880, [www.naacls.org](http://www.naacls.org). completion of a NAACLS accredited histologic technician certificate program will qualify the student to take their national board exams.

**Histology Admission**

**Option I:**

**High School Option**

1. Admission to Darton College
2. Completion of all learning support courses.
3. Completion of high school Algebra, Chemistry and Biology with a "C" or higher.
4. Program application required.\*

**Option II:**

**College Option**

This option is an alternative way to gain admission into the program as well as a way to eliminate prior academic deficiencies.

1. Admission to Darton College
2. Completion of all learning support courses.
3. Completion of college Algebra, Chemistry and Biology with a "C" or higher
4. Program application required.\*

**Selection:**

Once applicants meet the general admission criteria for the program, their completed folders are forwarded to the Program Director for review. Students for the program are selected from the applicants according to the following criteria:

- Prior Degree Attained
- Prior laboratory work experience
- GP     A
- Completed program application

Applicants with the highest point accumulation are selected until the class positions are filled. Class size is based upon annual clinical site availability.

\*Applications are available through the Educational Coordinator or in the Allied Health office at Darton College. Applications are also available from the program homepage at:

[www.darton.edu/programs/AlliedHealth/hist/](http://www.darton.edu/programs/AlliedHealth/hist/)

**Additional Requirements:**

1. A minimum grade of a "C" in each professional Histology course.
2. Students are required to submit a completed medical form obtained from the office of Allied Health or have a copy of a recent physical exam on file.
3. Students must have documented immunization to Hepatitis B.
4. Liability insurance is required upon enrollment in the program.
5. To satisfactorily complete the curriculum and to develop required skills the students must have:
  - a. **Visual acuity** (with or without corrective lenses) to observe and perform technical procedures; to identify and differentiate specimens, reagents and equipment;

to read laboratory manuals, procedures, policies, specimen labels and materials pertinent to professional practice:

- b. **Physical ability** to manipulate laboratory instruments and equipment in a manner consistent with operational procedures;
- c. **Manual dexterity** to operate laboratory equipment and use tools in a manner consistent with operational guidelines.

**Clinical Assignments:**

The Darton College program director or designated staff will arrange clinical assignments with the program's approved affiliates only. Students must be prepared to travel to the clinical training facility.

**Continuation in the Program:**

Students must complete each required course with a grade of "C" or better.

A student may repeat a single course in which the score is less than a "C."

A student repeating a course in which an unsatisfactory grade was received will experience a delay in clinical placement until the deficient course is satisfactorily completed.

A student withdrawing from the program or a program course may be considered for admission in subsequent classes at the time of the next class selection.

	<b>Certificate Total</b>	<b>19</b>

NOTE: Students must score a "C" or higher in all Histology program courses in order to successfully complete each course. Satisfactory completion of the Darton College NAACLS Accredited Histology Certificate Program provides the necessary qualifications for National Certification Examinations.

**For additional Allied Health Division policies that apply to this program, please refer to [Academic Regulations, Section Q, Background Check](#)**

**PHLEBOTOMY (0599)  
Allied Health Division  
RECOMMENDED COURSES FOR  
CERTIFICATE PROGRAM**

Students must have completed all required Learning Support courses before admission to the program is granted. A Certificate of Completion will be awarded when all requirements are satisfied.

	<b>Fall Term</b>	<b>Sem. Hrs.</b>
PHLE 1101	Phlebotomy I	2
PHLE 1102	Clinical Phlebotomy II	<div style="display: flex; justify-content: flex-end; align-items: center;"> <span style="margin-right: 5px;">4</span> <hr style="width: 10px; border: 0.5px solid black;"/> <span>6</span> </div>

**Additional Costs and Fees:**

In addition to tuition, fees and books, costs include the following:

Liability insurance	\$ 17.50
Uniforms/lab coats	150.00
Laboratory Supplies (gloves, masks, face shields, markers & pens) 50.00	
Specified Immunizations	<u>200.00</u>
<b>\$417.50</b>	

**Clinical Assignments:**

Clinical assignments are made by the Phlebotomy Faculty with approved program affiliates only. Students must be prepared to travel to their assigned clinical training facility.

**PHLE Re-Admission Criteria:**

Students who do not progress in PHLE Program courses as outlined by the curriculum guide may be considered for readmission provided:

- a. They meet Darton College admission criteria.
- b. They meet PHLE Program admission criteria.
- c. They do not have more than one "D" or "F" in program courses.
- d. Course enrollment will be permitted on a space-available basis and only if prerequisites are met.

**For additional Allied Health Division policies that apply to this program, please refer to [Academic Regulations, Section Q, Background Check](#)**

**ADMINISTRATIVE WITHDRAWALS:**

Students may be withdrawn from the program and/or from a clinical affiliate for lack of competence, if determined to pose a threat to the health or safety of others; for failure to comply with the Darton College Code of Conduct or failure to comply with the policies of a clinical affiliate.

**DRUG SCREEN and CRIMINAL BACKGROUND CHECKS:**

Students may be subject to drug screens and criminal background checks as a requirement for participating in program activities. Students are also subject to drug screens requested at random or for probable cause.

Students may be prevented from participating in program activities until results are provided and they are approved for return to program activities.

**CHURCH MUSIC (0565)**  
**Humanities Division**  
**RECOMMENDED COURSES**  
**FOR CERTIFICATE PROGRAMS**

This certificate is primarily designed for individuals in the church music industry who are trying to improve their skills and knowledge. The church music courses use the texts and materials of current music classes with the exception of the Church Music Seminar which includes seminar presentations on various topics related to the church music industry.

- Planning and organizing a choral/music program for all ages.
- Conducting, music reading, music arranging (choral and/or instrumental), literature and repertoire.
- Working with accompanists and instrumentalists.
- Key board Skills
- Music ministry/Worship planning (contemporary and traditional).
- Developing a network and career center for placement of church musicians in ministry locations.
- Contemporary issues of church music.

It is suggested that a plan of study be discussed with the music advisor before pursuing the program and to assure the courses selected provide the greatest benefit.

**NURSING (0353)**  
**NURSING DIVISION**  
**ASSOCIATE OF SCIENCE DEGREE PROGRAMS**

The Associate Degree Program in Nursing at Darton College is approved by the Georgia Board of Nursing. The Nursing Program is also accredited by the National League for Accrediting Commission (NLNAC). Information regarding nursing programs may be obtained by contacting the NLNAC at 3343 Peachtree Road, NE, Suite 500, Atlanta, Georgia 30326, Phone: 404-975-5000, Fax: 975-5020. It is a five semester program planned to prepare the graduate to function as a nurse in first-level staff positions in hospitals and comparable agencies. After successful completion of the Associate of Science in Nursing degree, graduates will be academically eligible to write the state licensing examination to practice as a registered nurse. The state Board of Nursing has the right to refuse to grant a registered nurse license to any individual who has been convicted of moral and/or legal violations specified in Georgia law.

In addition to the application forms submitted for admission to the College in general, students applying for the first time and those returning to nursing courses after a break in nursing enrollment are required to submit a separate application for admission to the Associate Degree Nursing Program. Application forms are available in the Nursing Office and should be completed and returned to the Nursing Office.

To comply with the requirements of cooperating clinical facilities, the Nursing Division requires students to submit a completed health form and to complete a criminal background check. These forms will be provided upon enrollment in NURS 1101.

The Associate Degree Nursing Program has limited enrollment, and students are selected on the basis of college course grades, completion of required nursing related coursework, pre-admission test score, and other qualifications related to academic and professional potential.

Students who wish to be considered for admission to the nursing program must submit a nursing program application to the Nursing Office a minimum of one semester prior to the desired date of admission.

Consideration for initial admission or re-admission to the program will be given after it has been determined that all admission requirements have been fulfilled. Readmissions are based on available space.

Applicants accepted for a designated beginning nursing class who do not enroll in that class must re-submit an application to the Nursing Office to be considered for a subsequent class. Accepted applicants who fail to maintain admission standards will be dropped before beginning the nursing program.

**Additional Admissions Requirements**

1. Applicants must have completed required Learning Support courses.
2. Applicants must complete the pre-admission test.
3. Applicants must have a minimum overall college GPA of 2.5 with a minimum of 3-5 of the core classes. The 3-5 core classes may include Human Anatomy and Physiology I, English 1101, and Medical Terminology.
  - a. Only core courses required for the associate degree nursing program will be used to calculate the grade point average. Grades achieved in **each attempt** will be used in the calculation of this grade point average.
  - b. Grade of "D", "F", and /or "WF" in core courses applicable to the nursing program older than ten years may not be calculated in the admission GPA.
4. When faculty/student ratio limits the acceptance of all qualified students, preference may be given to students with the highest GPA and nursing pre-admission test score and have completed all required core classes.
5. Transfer students will be evaluated based on the requirements outlined above.

6. Students who have received two D's and/or F's in nursing courses at any other institution are not eligible for admission to the Darton College nursing program.
7. Science courses taken more than five years prior to enrolling in the nursing program will be evaluated by the Nursing Division Chair.
  - a. BIOL 2115K will not have to be repeated.
  - b. All Biology 2111K and 2112K will need to be repeated if greater than five years if person is not an active health care professional. Students may elect to take both of these courses or BIOL 1100K as a refresher to meet the science requirements.
  - c. Students in active healthcare practice do not have to re-take the sciences unless it has been eight years or more since the courses were completed.
8. Students who have completed an LPN Nursing Program or the Advanced Nava 1 Corpsman Hospitalman Course (NER-HN-001) and have one year of active practice within the past two years may challenge NURS 1101, NURS 1105 and NURS 1111 for credit. Ap pointments to challenge these courses will be made after the application, a copy of PNE transcript and a copy of current Georgia license have been submitted.
9. Students desiring to transfer nursing courses for credit must:
  - a. present evidence that transfer course meets the requirements of the nursing curriculum at Darton College, and
  - b. successfully complete the required competency examination on each nursing course presented for transfer credit.
10. Students wishing to repeat NURS 1101 must submit a new application for admission to the nursing program. Readmission will be on a space-available basis.
11. LPNs and paramedics who have been practicing as an LPN or a paramedic for at least one year may be eligible for the Healthcare Professional to RN bridge program provided all other admission criteria have been met.

#### **Additional Nursing Program Requirements**

1. All students must be admitted to the Nursing Program before enrolling in NURS 1101 and NURS 1105. NURS 1105 and NURS 1101 must be taken immediately preceding or within one semester of NURS 1111.
2. Students who have been out for more than one semester are required to challenge NURS 1101 and NURS 1105 prior to enrolling in NURS 1111. Clarification is needed on those students who have progressed from NURS 1111 but who are out of nursing classes for more than one semester.
3. If a student is out of any nursing course for more than one semester and the student did not successfully complete the previous semester, the student will be required to challenge NURS 1101 and NURS 1105 before continuing in the next nursing course.
4. It is recommended that students applying for the Evening Program have completed all of the core courses required for nursing prior to enrolling in NURS 1101.
5. Students will be required to submit a completed health form which documents satisfactory health status prior to clinical practicum. The forms will be available after enrollment in NURS 1101.
6. The student is expected to assume responsibility for his/her own health in the event of illness, accident, or exposure to communicable disease. Evidence of health insurance is required prior to clinical practicum. Professional liability insurance is also required.
7. Students must have a grade of C or better in all science courses and all nursing courses. More than one D and/or F in nursing courses will result in permanent dismissal from the program. A WF is considered F. Students who fail a nursing course must repeat both the theory and clinical components of the course. Students will be re-admitted to the course based on space available.
8. Students are required to maintain at least a 2.0 cumulative grade point average in order to remain in the nursing program.

9. A grade of C or better is required in ENGL 1101, ENGL 1102, BIOL 2111, BIOL 2112, and BIOL 2115.
10. Students must successfully complete a Cardiopulmonary Resuscitation Course (either American Red Cross or American Heart Association) before or during NURS 1101. This certification must include CPR for the adult, child, and infant (CPR for the Healthcare Provider) and must be maintained throughout enrollment and updated as necessary.
11. Any nursing course presented for graduation that was completed three calendar years or more prior to anticipated date of graduation must be successfully challenged or repeated for credit.
12. Students are required to take the Regents' Test each semester unless already passed, exempted with test scores, or enrolled in Learning Support English or Learning Support Reading. Passing the Regents' Test is a requirement for graduation from Darton College.
13. Students must have completed all core courses required in the nursing program and the Regents' Test prior to enrolling in the last semester of the nursing program.
14. Students will demonstrate clinical competency of 100% accuracy in computation of medication dosages in NURS 1111, NURS 1112 (or 1311), NURS 2111 (or NURS 2311), NURS 2113 and NURS 2115. Students must demonstrate 100% competency on a math test each semester. A maximum of three (3) opportunities will be provided prior to the last day to withdraw from a course without penalty. If a student is unsuccessful on all three attempts, he/she will receive a clinical failure for calculation of medication dosages. If the student drops, he/she will be eligible to register for the next semester of nursing provided that all of the other entry requirements are met.
15. The Division of Nursing reserves the right to discontinue, at any time, the enrollment of a nursing student if, in the judgment of the Vice President for Academic Affairs and the nursing faculty, the student does not appear to have the necessary qualifications for a nursing career.
16. The faculty, staff, and students in health care programs shall uphold professional and ethical standards.
17. A student may withdraw only once from any given nursing course and no more than three times throughout the duration of the nursing program.
18. Students must pass the Computer READI (Readiness for Education At a Distance Indicator) Exam or a grade of C or better in CISM 1100.
19. Core performance standards\* for admission and progression in the nursing program are:
  - a. Critical-thinking ability sufficient for clinical judgment as evidenced by the ability to identify the cause/effect relationships in clinical situation, and develop nursing care plans.
  - b. Interpersonal abilities sufficient for interaction with individuals, families, and groups from various social, emotional, cultural, and intellectual backgrounds as evidenced by the ability to establish rapport with patient/clients and colleagues.
  - c. Communication abilities sufficient for verbal and written interaction with others as evidenced by the ability to explain treatment procedures, initiate health teaching, and document and interpret nursing actions and patient/client responses.
  - d. Physical abilities sufficient for movement from room to room and in small spaces as evidenced by the ability to move around in a patient's room, work spaces, and treatment areas and administer cardiopulmonary procedures.
  - e. Gross and fine motor abilities sufficient for providing safe, effective nursing care as evidenced by the ability to calibrate and use equipment and position patients/clients.
  - f. Auditory ability sufficient for monitoring and assessing health needs as evidenced by the ability to hear monitor alarm, emergency signals, auscultatory sounds, and cries for help.

- g. Visual ability sufficient for observation and assessment necessary in nursing care as evidenced by the ability to observe patient/client responses.
- h. Tactile ability sufficient for physical assessment as evidenced by the ability to perform palpation, functions of physical examination, and/or those related to therapeutic intervention such as insertion of a catheter.

\*Taken from the Southern Regional Education Board, Council on Collegiate Education for Nursing, "The Americans With Disabilities Act: Implications for Nursing Education (March 1993)", updated 2005.

In compliance with the Americans with Disabilities Act (ADA), Darton College will honor requests for reasonable accommodations made by individuals with disabilities. Students must disclose their disability to the office of Disability Services before academic accommodations can be implemented.

### **Additional Costs and Fees**

1. All applicants must pay the application fee for the pre-admission test.
2. Professional liability insurance is required prior to clinical assignment.
3. The student must assume responsibility for his/her own health in the event of illness, accident, or exposure to communicable disease. Evidence of health insurance is required prior to clinical practicum.
4. All nursing students are required to meet the requirements of the facilities utilized for clinical experience which may include laboratory screenings and immunizations. All students are required to have a repeat tuberculin skin test at the end of the first year. Health and other forms will be provided as needed.
5. All nursing students will be expected to pay a Testing Fee each semester.
6. All nursing students are required to have uniforms, white hose or white socks, shoes, scissors, and watch with sweep second hand.
7. Nursing students are required to join the Darton College GANS Chapter to enhance professional development.
8. All nursing students will be required to pay for a one-time criminal background check on admission to the program. This information will be available to all clinical facilities. \*If the student has a conviction in the criminal background check, the student may not be allowed in a particular practice setting. Reasonable accommodations will be made.
9. If drug abuse is suspected, the student will be required to be tested at the student's expense.

### **Additional Graduation Requirements**

In addition to the College graduation requirements, the student must have a minimum grade of "C" in each nursing course.

## ADVANCED PLACEMENT FOR LICENSED PRACTICAL NURSES

### Credit by Examination

The LPN may challenge NURS 1101 and NURS 1111 by examination. Successful performance on the three components of the challenge examination (theory, clinical laboratory, and mathematics tests) allows the LPN to exempt the fundamentals courses and enter the Associate Degree curriculum. Admissions requirements are the same as for regular Associate Degree students.

### Admissions Criteria for Credit by Examination Option

All applicants for the credit by examination option must meet these criteria:

1. Be eligible for admission to Darton College and the Associate Degree Nursing Program.
2. Submit a transcript from practical nursing education program.
3. Have completed a practical nursing program and have one year of active nursing practice within the last two years. Employee verification and job description required.
4. Submit evidence of unrestricted LPN Licensure.
5. Have completed all prerequisite requirements for the entry nursing class.

### HEALTHCARE PROFESSIONAL BRIDGE

LPN's and Paramedics may be admitted to a shortened Associate Degree Nursing curriculum with the following:

1. Be eligible for admission to Darton College and the Associate Degree Nursing Program.
2. Hold a valid Paramedic certification or LPN license with a minimum of one year of experience.
3. Have earned 16 or more credit hours of general education courses in the nursing curriculum including BIOL 2111 – achieving a GPA of 2.5 or higher.
4. Healthcare Professional Bridge students with previous work experience will have fewer clinical hours than generic students.

### ON-LINE HYBRID NURSING PROGRAM

Persons interested in applying to the on-line track will need to meet the same requirements as other students seeking admission to Darton Nursing. Additionally, students wishing to enter the on-line (hybrid) track will need the following:

1. Priority will be given to individuals who have completed core classes required for nursing.
2. A minimum overall college GPA of 2.5.
3. Evidence of prior learning experience in an on-line format.
4. Submission of a written essay documenting their on-line learning experiences and their reasons for choosing a career in nursing.
5. No previous failing grades in other nursing programs.

Students who are accepted into the on-line track will have to meet all of the same theory and clinical requirements as traditional classroom students. Students will be expected to complete on-line assignments and actively participate in on-line discussion forums. All testing will be performed on the Darton Albany campus under the supervision of a Darton Nursing faculty member. Likewise, all clinical assignments will be completed in Albany area healthcare facilities under direct supervision of Darton clinical faculty. Students will be required to travel to Albany several times during the semester to complete these requirements.

**OCCUPATIONAL THERAPY ASSISTANT (0372)**  
**Allied Health Division**  
**RECOMMENDED COURSES FOR CAREER**  
**ASSOCIATE OF SCIENCE DEGREE PROGRAMS**

The OTA program at Darton College has two tracks for student attendance. The first track is known as the 1+1 option. The student choosing this pathway enters the program after having completed the listed prerequisites. Students following this track will finish the core curriculum in one year. The second track is known as the combined option. Students choosing this pathway enter the program with the curriculum arranged so that over the span of two years they complete integrated prerequisites and core classes. Both track options have the same field work expectations.

OTA classes begin each Fall Semester. To be considered as a candidate, completed application packets should be submitted to the Occupational Therapy Assistant Selection Committee no later than July 1st. Application packets which are incomplete or are received after the deadline will be considered only if the class has not been filled. Students who are in the process of completing prerequisites in the Summer Semester for track number one, may apply for the Fall class provided that all 27 prerequisite hours will be completed by the end of Summer Semester. The selection committee must be provided college transcripts at the end of Summer Semester as proof of completion of prerequisites. Accepted applicants who fail to maintain admission standards will be withdrawn before beginning the OTA program.

Consideration for acceptance into the Occupational Therapy Assistant program will be based on the following:

1. Be admitted to Darton College. Applicants must present a composite scores of 87 0 or higher on the Scholastic Aptitude Test (SAT I) or a composite score of 19 or higher on the American College Testing Service Assessment Test (ACT) **and** have a minimum of 2.00 ("C" average) on all college work previously taken, if any.
2. Thoroughness and completeness of answers in OTA application packet.
3. Written communication skills as demonstrated on required essay, "Why I have chosen a career as an Occupational Therapy Assistant."
4. Documented observation hours in an Occupational Therapy setting (40 hours in two distinctly different settings.)
5. Successful completion of the prerequisites with a grade of "C" or better and minimum GPA as stated in the Darton College Catalog. Prerequisites should be completed within five years of the date of application. Prerequisites completed more than five years prior to the date of application are subject to approval by the OTA Selection Committee.
6. Complete Certificate of Immunization form by private physician or health department to include Hepatitis series and PPD current within one year..
7. Experience in school, work and life which would help prepare a student for a career as an OTA.
8. Completion of Regents reading and writing requirements for Track I applicants.

Preliminary selection criteria, including GPA, essay, volunteer work and life experiences are ranked by the Occupational Therapy Assistant Selection Committee. Offers of acceptance will be made by mail. Remaining candidates will either be placed on a waiting list as an alternate or denied admission. Candidates wishing to be reconsidered for a subsequent class must submit a new application packet.

After successful completion of the OTA program, which includes both didactic and fieldwork components, an Associate of Science degree will be awarded. Graduates who have completed fieldwork affiliations are eligible to take the national certification examination administered by the National Board for Certification of Occupational Therapy (NBCOT). Successful completion of this examination leads to eligibility for state licensure granted by the Georgia Board of Occupational Therapy. Student application for limited license status can be completed in the interim period between graduation and completion of the certification examination. If you have a felony record or have been convicted of legal and/or moral violations, NBCOT and the state licensure board have the right to refuse to

grant you certification and/or licensure. After satisfactory performance on the examination, Certified Occupational Therapy Assistants (COTA) will be qualified for entry-level employment in hospitals and other related health care settings.

The OTA Program is accredited by the Accreditation Council for Occupational Therapy Education (ACOTE.) For additional information, please contact ACOTE using the following information:

ACOTE - The American Occupational Therapy Association  
P.O. Box 31220  
Bethesda, MD 20824-1220  
(301) 652-2682

#### **Additional OTA Program Requirements:**

1. Any OTA course presented for graduation that was completed three calendar years or more prior to anticipated date of graduation must be successfully challenged or repeated for credit.
2. Students returning to the OTA program after withdrawing or failure of an OTA class will be readmitted on a space available basis.
3. A student may withdraw only once from any given OTA course and no more than three times throughout the duration of the OTA program.

#### **Additional Cost and Fees:**

All OTA students are required to have a criminal background check completed prior to the first scheduled Level I fieldwork assignment.

#### **Re-Admission of Returning Students:**

Because of the sequential nature of the course offerings, students must complete all courses in a Semester before advancing in the program. If a student is experiencing a first time failure, the student may re-apply to the OTA program for admission in the next fall class. Students reapplying to the OTA program must maintain the same requirements expected of all applicants outlined in the OTA Application Packet. Courses more than two years old will have to be repeated. More than one "D" and/or "F" in the OTA curriculum will result in permanent dismissal from the program. (This may be two courses or failure of the same course twice.)

The OTA program reserves the right to discontinue, at any time, the enrollment of an OTA student if, in the judgment of the Vice President for Academic Affairs, the OTA faculty and the Chair of the Allied Health Division, the student does not appear to have the necessary qualifications for a career as an OTA.

Due to the fact that pre-requisites for the Occupational Therapy Baccalaureate programs are different, graduation from the OTA program will not necessarily prepare the student for entry into an Occupational Therapy professional education program. Students wishing to pursue a career as an Occupational Therapist should enroll as an Occupational Therapy major.

#### **Additional OTA Program Requirements**

1. The OTA program requires a full-time commitment from the student. Generally, classes will be scheduled Monday through Friday from 8:00 am to 5:00 pm with some evening and/or weekend time commitments as needed.
2. Since clinical education is a critical component of the program, all clinical practicums must be passed. Traveling out of town will be necessary. Students are responsible for their own transportation, food and lodging during the practicums unless other arrangements are made by the clinical site or student.
3. Students must provide evidence of the following prior to the first clinical practicum:
  - a. Health insurance (available through Darton College).
  - b. Completed health form, including evidence of initiation of the hepatitis B Vaccine series.
  - c. Cardiopulmonary resuscitation (CPR) certification - American Heart Association BLS Health Care Provider course must be maintained throughout the program.

- d. Malpractice insurance (available through Darton College).
  - e. Signed letter of confidentiality and honor code.
4. The student is expected to assume responsibility for his/her own health in the event of illness, accident, or exposure to communicable disease.
  5. A minimum grade of "C" is required in all OTA courses to advance in the program.
  6. Fieldwork must be passed to graduate. In the event of unsatisfactory performance, a practicum may be repeated on e time w ithin 18 months of com pletion of didactic course work.
  7. Once enrolled in the program, failure to satisfactorily complete the course work in the scheduled sequence w ill result i n the student being w ithdrawn f rom the progra m. The student must re-apply, be re-accepted and repeat ALL determined course work.
  8. Students must follow all policies and procedures relevant to Darton College, the OTA Program and the fieldwork sites.
  9. Membership in state and natio nal pr ofessional organizations is encouraged t o enhance professional development.
  10. All OTA student s are req uired to purchase a n ame tag, unifor ms as specified by clinical sites, stethoscope, sphygmomanometer, goniometer (large and hand) and a watch with a sweep second hand.
  11. In orde r to successfully complet e the c linical fieldwork and work effectively as a n OTA, students are required to possess the follo wing functional abilities and criti cal skills:
    - a. Able to stand, walk on all surfaces , stoop, bend, kneel, crouch a nd sit for long periods of time.
    - b. Able to maintain good balance to assist with gait and transfer training.
    - c. Able to transfer or maneuver (by self or with assistance) patients weighing up to 300 pounds.
    - d. Able to lift, push, pull and carry objects weighing up to fifty pounds.
    - e. Able to reach above and below the waist.
    - f. Able to manually and visually o perate and/ or m anipulate w heelchair, mobility aids, ambulation devices, instrumentation and equipment.
    - g. Able to visually and cognitively assess changes in a patient's condition.
    - h. Able to question the patient and rela y information about the patient verbally and in writing.
    - i. Able to wear appropriate protective equipment and to tolerate unsightl y, noxious environments.
    - j. Able to manage physical, emotional and mental stress effectively.
    - k. Able to toler ate others' value sy stems, morals, cultures, sexual o rientation and religious beliefs.
  12. Students on Track 2 must complete the Regents reading and writing requirements by the third enrolled semester.

Prerequisite	Total	30
Core	Curriculum Total	<u>42</u>
	<b>Two-Year Total</b>	<b>72</b>

\*Oral Communication requirement may be met by completion of other communication courses. See [Core Curriculum, Area B](#)

\*\*All OTA students must complete level II fieldwork within 18 months following the completion of academic preparation.

\*\*\*CISM 2201 may be used in place of CISM 1100

Fieldwork must be passed to graduate. In the event of unsatisfactory performance, a practicum may be repeated one time within 18 months of completion of didactic coursework. The Occupational Therapy Assistant Program is accredited by the Accreditation Council for Occupational Therapy Education (ACOTE) of the American Occupational Therapy Association (AOTA), located at 4720 Montgomery Lane, P. O. Box 31220, Bethesda, MD 20824-1220. AOTA's telephone number is (301) 652-AOTA. Graduates of the program will be able to sit for the national certification examination for the occupational therapy assistant administered by the National Board for Certification in Occupational Therapy (NBCOT). After successful completion of this examination, the individual will be a Certified Occupational Therapy Assistant (COTA). Most states require licensure in order to practice; however, state licenses are usually based on results of the NBCOT Certification Examination. Please note that a felony conviction may affect a graduate's ability to sit for the NBCOT certification examination or to attain state licensure.

## Track # 1

### OTAS 1100

Co-Requisites: OTAS 1104, OTAS 1105, OTAS 1111, ALHE 1115.

Pre-Requisites: Admission to the OTA Program: ENGL 1101, BIOL 1100K, CISM 1100, COMM 1000, MATH 1101(or Higher), ENGL 1102, PSYC 1101, HIST 2111 or 2112, POLS 1101, ALHE 1120

### OTAS 1104

Co-Requisites: OTAS 1100, OTAS 1105, OTAS 1111, ALHE 1115.

Pre-Requisites: Admission to the OTA Program: ENGL 1101, BIOL 1100K, CISM 1100, COMM 1000, MATH 1001(or Higher), ENGL 1102, PSYC 1101, HIST 2111 or 2112, POLS 1101, ALHE 1120

### OTAS 1105

Co-Requisites: OTAS 1100, OTAS 1104, OTAS 1111, ALHE 1115.

Pre-Requisites: Admission to the OTA Program: ENGL 1101, BIOL 1100K, CISM 1100, COMM 1000, MATH 1001(or Higher), ENGL 1102, PSYC 1101, HIST 2111 or 2112, POLS 1101, ALHE 1120

### OTAS 1111

Co-Requisites: OTAS 1100, OTAS 1104, OTAS 1105, ALHE 1115.

Pre-Requisites: Admission to the OTA Program: ENGL 1101, BIOL 1100K, CISM 1100, COMM 1000, MATH 1001 (or Higher), ENGL 1102, PSYC 1101, HIST 2111 or 2112, POLS 1101, ALHE 1120

### OTAS 1131

Co-Requisites: OTAS 1140, OTAS 1145, OTAS 1121.

Pre-Requisites: OTAS 1100, OTAS 1104, OTAS 1105, OTAS 1111, ALHE 1115.

**OTAS 1140**

Co-Requisites: OTAS 1131, OTAS 1145, OTAS 1121.

Pre-Requisites: OTAS 1100, OTAS 1104, OTAS 1105, OTAS 1111, ALHE 1115.

**OTAS 1145**

Co-Requisites: OTAS 1131, OTAS 1140, OTAS 1121.

Pre-Requisites: OTAS 1100, OTAS 1104, OTAS 1105, OTAS 1111, ALHE 1115.

**OTAS 1121**

Co-Requisites: OTAS 1131, OTAS 1140, OTAS 1145.

Pre-requisites: OTAS 1100, OTAS 1104, OTAS 1105, OTAS 1111.

**OTAS 1132**

Co-Requisites: ALHE 2050, OTAS 2200, OTAS 2250, OTAS 2260.

Pre-Requisites: OTAS 1121, OTAS 1131, OTAS 1140, OTAS 1145, PSYC 2215

**OTAS 2200**

Co-Requisites: ALHE 2050, OTAS 1132, OTAS 2250, OTAS 2260.

Pre-Requisites: OTAS 1121, OTAS 1131, OTAS 1140, OTAS 1145, PSYC 2215

**OTAS 2250**

Co-Requisites: ALHE 2050, OTAS 1132, OTAS 2200, OTAS 2260.

Pre-Requisites: OTAS 1121, OTAS 1131, OTAS 1140, OTAS 1145, PSYC 2215

**OTAS 2260**

Co-Requisites: ALHE 2050, OTAS 1132, OTAS 2200, OTAS 2250

Pre-Requisites: OTAS 1121, OTAS 1131, OTAS 1140, OTAS 1145

**For additional Allied Health Division policies that apply to this program, please refer to [Academic Regulations, Section Q, Background Check](#)**

**OCCUPATIONAL THERAPY ASSISTANT (0372)**  
**Allied Health Division**  
**RECOMMENDED COURSES FOR CAREER**  
**ASSOCIATE OF SCIENCE DEGREE PROGRAMS**

**Option #2 Combined Track**

Separate from the one-plus-one option, students who have completed developmental requirements can be accepted into the OTA program earlier. This second track offering affords greater flexibility in meeting the various needs of our learners.

<b>Freshman Year</b>	<b>Fall Semester</b>	<b>Sem. Hrs.</b>
ENGL 1101	English Composition I	3

**OFFICE ADMINISTRATION (0352)**  
**(Administrative Support)**  
**Business Division**  
**RECOMMENDED COURSES FOR CAREER**  
**ASSOCIATE OF APPLIED SCIENCE DEGREE PROGRAMS**

The Associate of Applied Science Degree in Office Administration is designed to provide students with opportunities to develop or improve the knowledge and skills necessary for securing initial employment or for upgrading their present skills.

The program prepares the graduate for entry-level positions as executive assistants and administrative assistants, or for employment opportunities in today's automated offices using microcomputer software applications such as word processing and spreadsheets. In addition, courses such as communicating in the business environment, human relations, and administrative secretarial procedures will provide the graduate with skills that will assist them in becoming contributing members of the office team.

**PARALEGAL STUDIES ( 0383)**  
**Business Division**  
**RECOMMENDED COURSES FOR CAREER**  
**ASSOCIATE OF APPLIED SCIENCE DEGREE PROGRAMS**

This program is designed to prepare graduates as competent paralegals or legal assistants. Graduates will gain a broad knowledge of numerous areas of law while strengthening specific legal skills that will enhance their role as non-lawyers in the delivery of legal services. The paralegal program will train students in the practical application of legal theory and develop analytical, critical thinking, communication, and organization skills. While paralegals or legal assistants may not provide legal services directly to the public, graduates of this program will be prepared to work effectively and efficiently with attorneys, clients, and the public and will demonstrate a high regard for ethical behavior, professional responsibility, and confidentiality.

All PT schools in Georgia are graduate level programs. This means that a bachelor's degree (4-year degree) is required before admission. Each school may require different prerequisites for admission, therefore it is highly recommended that the student choose a possible graduate (PT) school and check the school's requirements for application in order to map out the best educational path.

It is not a requirement to have a 4 year degree in physical therapy. One may major in English or even Business and still be able to attend PT school. The requirements for each school will differ – please check the links below for further information.

Medical College of Georgia <a href="http://www.mcg.edu/sah/pt/">http://www.mcg.edu/sah/pt/</a>	Augusta, GA

**PROGRAM INFORMATION**

PTA Program Applications may be picked up in the Allied Health Division Office J-210 or downloaded from the Darton College website @ [www.darton.edu](http://www.darton.edu)

**Deadline for all PTA application material to be turned in is June 1<sup>st</sup> of each year.**  
 The student may apply to the program if all prerequisite classes will be completed by the end of the Summer Semester prior to the start date in the Fall Semester. Therefore, if the student is in the process of completing classes in the summer Semester of the June 1<sup>st</sup> deadline, he/she may still apply.

To be considered for admission to the Physical Therapist Assistant program, the applicant must:

1. Be admitted to Darton College
2. Have a cumulative grade point average (GPA) of 2.0 or higher.
3. Have all prerequisite coursework completed with a grade of "C" or higher prior to the start date of the Fall Semester to which they are applying. Prerequisites should be completed within five years of the date of application. Prerequisites completed more than five years prior to the date of application are subject to approval by the PTA Selection Committee.
4. Complete the PTA application packet including:
  - a. Application for admission to the PTA program
  - b. Prerequisite Information Form
  - c. Documentation of at least 40 hours of observational experience in one or more physical therapy settings. Hours should be verified by the signature of a physical therapist or a physical therapist assistant on the "Observational Hours/Recommendation Form" found in the application packet.

One class per year will be selected and will begin each Fall Semester. Application packets which are incomplete or are received after June 1<sup>st</sup> may not be considered. Preliminary selection criteria, including GPA and observational hours completed, are ranked by the PTA Selection Committee. All applicants who meet the admission criteria will be invited for a personal interview. Offers of acceptance will be made based on the final ranking of those interviewed.

Due to the fact that prerequisites for Physical Therapy programs are different, graduation from a PTA program is not a "stepping-stone" and will not prepare the student for entry into a Physical Therapy professional education program. Students wishing to pursue a career as a physical therapist should enroll as a Physical Therapy major (0027) in the Allied Health Division.

**PHYSICAL THERAPIST ASSISTANT (0363)**  
**Allied Health Division**  
**RECOMMENDED COURSES FOR CAREER**  
**ASSOCIATE OF SCIENCE DEGREE PROGRAMS**

After completion of the pre-\_\_\_\_ prerequisite/core-curriculum and acceptance into the PTA\_\_\_\_  
Program, the following schedule will apply. This is a full-time program and the following  
classes must be taken in the order they are listed. An overall grade of "75 or higher" is  
required in each class in order to remain in the program. Failure to satisfactorily complete  
the coursework in the scheduled sequence will result in the student being withdrawn from  
the program.

	<b>Two-Year Total</b>	<b>77</b>

The mission of the Darton College Physical Therapist Assistant Programs is to graduate knowledgeable, competent, self-assured, adaptable, and service-oriented physical therapist assistants.

The Physical Therapist Assistant (PTA) Program at Darton College is accredited by the Commission on Accreditation in Physical Therapy Education (CA PTE). Admission to the program is a two-step process. Students may declare a PTA major upon college enrollment while completing prerequisite coursework for the purpose of advisement. However, this does not guarantee admission to the program.

After successful completion of the four semester PTA program, this includes both didactic and clinical components, an Associate of Science degree will be awarded. Graduates will be academically eligible to apply for national licensure by examination through the Georgia State Board of Physical Therapy. It is noted that permission to take the examination is granted by the Georgia State Board of Physical Therapy. The board has the right to refuse to grant a license to any individual who has been convicted of legal and/or moral violations specified by Georgia law.

After satisfactory performance on the examination, licensed physical therapist assistants will be qualified for entry-level employment in hospitals, rehabilitation centers, outpatient clinics, and other health care settings.

The PTA program reserves the right to discontinue, at any time, the enrollment of a PTA student if, in the judgment of the Vice President for Academic Affairs, the PTA faculty, and the chair of the Allied Health Division, the student does not appear to have the necessary qualifications for a career as a PTA.

#### **Additional PTA Program Requirements**

1. The PTA program requires a full-time commitment from the student. Generally, classes will be scheduled Monday thru Thursday from 9:00 am to 5:00 pm with some evening and/or Friday/weekend time commitments as needed.
2. Since clinical education is a critical component of the program, all clinical practicums must be passed. Some out of town travel will be necessary. Students are responsible for their own transportation, food, and lodging during the practicums unless other arrangements are made by the clinical site or student.
3. Students must provide evidence of the following prior to clinical experiences:
  - a. Completed health form, including evidence of the hepatitis B vaccine series.
  - b. Cardiopulmonary resuscitation (CPR) certification - American Heart Association BLS Health Care Provider course. This must be maintained throughout the program.
  - c. Malpractice insurance (available through Darton College).
  - d. Signed letter of confidentiality and honor code.
4. The student is expected to assume responsibility for his/her own health in the event of illness, accident, or exposure to communicable disease.
5. A minimum grade of "C" is required in each PTA didactic course to advance in the program.
6. Clinical practicums must be passed to graduate. In the event of unsatisfactory performance, one practicum may be repeated one time only during the Spring Semester if deemed appropriate by the clinical faculty.
7. Once enrolled in the program, failure to satisfactorily complete the coursework in the scheduled sequence will result in the student being withdrawn from the program. The student would have to reapply, be re-accepted, and repeat appropriate coursework.
8. Students must follow the policies and procedures of the PTA program.
9. Membership in the American Physical Therapy Association is strongly recommended to enhance professional development.
10. All PTA students are required to purchase uniforms as specified by clinical sites and a clinical kit which includes a stethoscope, blood pressure cuff, goniometer, and other commonly needed clinical items.

11. In order to successfully complete the clinical practicums and work effectively as a PTA, students are required to possess the following functional abilities and critical skills:
- a. Able to stand, walk on all surfaces, stoop, bend, kneel, crouch, and sit for long periods of time.
  - b. Able to maintain good balance to assist with gait and transfer training.
  - c. Able to transfer or maneuver (by self or with assistance) patients weighing up to 300 pounds.
  - d. Able to lift, push, pull, and carry objects weighting up to fifty pounds.
  - e. Able to reach above and below the waist.
  - f. Able to manually, auditorially, and visually operate and/ or manipulate wheelchairs, mobile aids, ambulation devices, instrumentation, and equipment.
  - g. Able to visually and cognitively recognize changes in a patient's condition.
  - h. Able to effectively communicate with patients and relay information about a patient verbally and in writing.
  - i. Able to wear appropriate protective equipment and to tolerate unsightly, noxious environments.
  - j. Able to manage physical, emotional, and mental stress effectively.
  - k. Able to tolerate others' value systems, morals, cultures, and religions, which may be different from your own.
  - l. Able to exhibit professional behavior and ethical conduct in a clinic and classroom.

**Re-Admission of Returning Students:**

Any student who fails a PTA course will not be able to continue onto the next semester of PTA courses. If this is the student's first failure, the student may re-apply to the PTA Program for the following year. If the student fails for a second time, it will result in permanent dismissal from the program without change of re-admission.

**POLYSOMNOGRAPHIC TECHNOLOGY (0384)**  
**Allied Health Division**  
**RECOMMENDED COURSES FOR CAREER**  
**ASSOCIATE OF SCIENCE DEGREE PROGRAMS**

The Associate of Science Degree program in polysomnography at Darton College is a six semester sequence. The first three semesters consists of required prerequisite courses, and the remaining three semesters constitute the actual professional curriculum. The professional curriculum is designed to prepare the graduate to function as a polysomnographic technologist in hospitals, sleep clinics, home care and free standing sleep labs. The Polysomnography Program is seeking accreditation by the Council on Accreditation of Allied Health Education Programs (CAAHEP) 1361 Park Street, Clearwater, FL, 33756, (727) 210-2350 through the Committee on Accreditation of Education for Polysomnographic Technologists (CoA-PSG) at the Academy of Sleep Medicine, One Westbrook Corporate Center, Suite 920, Westchester, Illinois 60154, (708) 492-0930.

In addition to application forms submitted to the college, students applying to the Polysomnography Program for the first time or for reapplying for any reason are required to submit a separate application for selection into the Polysomnography Program. Applications are available in the Allied Health Division Office or may be downloaded from the Polysomnography web page for students interested in enrolling in the Polysomnography Program.

To comply with the requirements of cooperating clinical facilities, the Polysomnography Program requires students to submit a completed immunization form.

To be considered for admission into the Polysomnography program, a completed application should be received by June 15 for the upcoming fall class. Applications received after the deadline will be considered only if the class has not been filled. The Polysomnography program has a limited enrollment and students are encouraged to apply as soon as possible. Students are accepted on the basis of SAT/ACT scores, grade point average and number of credits earned, and completed application packet. An offer of acceptance is made to the applicants who achieve the highest rankings in the selection process. The selection process continues until the class is filled.

**Additional Admission Requirements:**

1. Admission to Darton College.
2. Completion of all Learning Support requirements.
3. A composite score of 870 or higher on the Scholastic Aptitude Test (SAT) or a composite score of 19 or higher on the American College Testing Service Assessment Test (ACT) OR have a minimum of a 2.00 cumulative grade point average on all college work previously attempted.
4. A) Complete the required prerequisite course: BIOL 1100K, MATH 1001, ENGL1101, ALHE 1120, and SLEP 1100\* with a GPA of 2.0 or greater in the summer OR  
B) Have completed 15 or more credit hours of the General Education courses required for graduation from the program with a GPA of 2.0 or higher. Students entering under option B will be required to take SLEP 1100 in the Spring Semester and obtain at least a "C" to remain in the program. Science courses taken more than five years prior to enrollment in the program will be evaluated by the Polysomnography Program Faculty and may need to be repeated.

**Polysomnography Program Requirements:**

1. Students will be required to submit a completed immunization form which documents satisfactory health status prior to clinical practicum.
2. The student is expected to assume responsibility for his/her own health in the event of

illness, accident or exposure to communicable disease in class, lab and clinic.

3. Students must earn a "C" or better in all Science and Professional courses in order to progress to the next course in sequence. Any student failing a professional course will not be allowed to continue in the program. The student may reapply for admission in the next class. Students seeking readmission will be evaluated by the Polysomnography faculty to determine acceptability and placement in the program. Previously completed professional courses may be accepted or may need to be repeated at the discretion of the faculty. Students who fail more than one Polysomnography course (this may be two different courses or the same course twice) will be dismissed from the program and will not be re-accepted. Students who fail a clinical practicum must repeat both the clinical and courses covering that content.

4. Students are required to maintain a 2.0 cumulative GPA in order to graduate from the program and Darton College.

5. Students are required to pass the Regents Test as a requirement for graduation as stated in the college catalog.

6. The Polysomnography Program reserves the right to discontinue, at any time, the enrollment of a Polysomnography student if, in the judgment, of the Vice President for Academic Affairs and the Polysomnography Faculty, the student does not appear to have the necessary qualifications for a career as a Polysomnographic Technologist. Refer to the program handbook for more information.

7. The student must abide by the policies and procedures of the Polysomnography Program as defined in the Program Handbook.

8. The student must possess the essential physical and mental functional requirements for the profession in the categories of visual acuity, hearing, physical ability, speech and manual dexterity.

#### **Visual Acuity**

Accommodation: Corrective Lenses

- a. Distinguish scalar markings on instruments calibrated in increments of 1mm.
- b. Visually identify positions of analog controls and digital displays on medical equipment in low light conditions.
- c. Identify correct placement of monitoring leads and correct set up of medical equipment.
- d. Identify and distinguish visually between normal and abnormal waveforms used in patient monitoring.

#### **Hearing Acuity**

Accommodation: Auditory Aids

- a. Indirect measurement of blood pressure with a stethoscope.
- b. Ability to hear patients through auditory monitoring devices.

#### **Physical Ability**

Accommodation: Minimal impairment of extremities and lower back

- a. Ability to use and move equipment including but not limited to the following: Flow meters, mechanical oxygen concentrators, large and small medical gas cylinders, PAP machines, computers and computer components.
- b. Assist patients of limited mobility to and from bed and other areas, move patients to adjust monitoring devices, etc.
- c. Provide CPR and other emergency life support assistance as needed in a safe and timely manner.

#### **Speech Ability**

Accommodation: None Known

- a. To be able to interview patients and ask questions about the patient's condition, history, medications, current level of symptoms, and communicate via intercom during testing.
- b. To communicate information verbally and nonverbally to others in an

appropriate and timely fashion.

**Manual Dexterity**

Accommodation: Must perform fine motor tasks.

- a. Must be able to identify by touch appropriate areas of the skull, face, neck, chest, arms and legs to ensure proper hookup.
- b. To adjust fine incremental controls using dials, touch pads, or computer devices.
- c. Manipulation of delicate implements during the set up and take down of the test.

**Mental Stress**

Accommodation: None known.

- a. Perform without hesitation and with coordinated control, all elements of the Polysomnographic Technologists scope of practice during times of mental stress.
  - b. Displays principles of patient care consistent with the community and BRP T standards.
  - c. Responds positively to correction and modifies behavior as required.
9. Students will have three attempts to successfully demonstrate competency of any skill taught in the laboratory or clinical practicums. Students unable to demonstrate competency after 3 attempts will fail the laboratory or clinical course and will not be allowed to Progress in the program. Students may reapply according to the previously listed policies.
10. Students must arrange their own travel, and lodging if needed, to out-of-town clinical facilities. Clinical sites are currently located in Albany, Moultrie, Columbus and Thomasville GA. This may change as new clinical sites are added and may extend over the whole state. Students are assigned clinical sites to provide a well-rounded clinical experience. Every attempt will be made to accommodate students' needs, but no students are guaranteed any particular clinical schedule or clinical site.

**Additional Costs and Fees:**

1. Professional liability insurance is required prior to clinical assignment. Fees will be assessed annually in the spring as part of the students' Tuition and Fees.
2. Students are required to complete a series of Hepatitis B vaccinations. A series of at least 3 shots are required. Costs will vary depending on the students' choice of provider. Students must have completed the series prior to beginning their clinical assignment.
3. Students are required to take a practice RPSGT exam in their SLEP1108 course. Fees for this will be assessed that semester, and is currently \$50.00.
4. Students are required to have approved uniforms, shoes, lab coat, watch and identification badge.
5. Students must have proof of BLS/CPR certification through the American Heart Association or the American Red Cross, and it must be current at the time of graduation.
6. Membership in the American Association of Sleep Technologists is strongly recommended once approved for program admission. Student membership fees are \$50.00.

\*Students may elect to complete BIOL 2111K and BIOL 2112K in place of BIOL 1100K.

\*\*Students may elect to complete PHYS 1111K and PHYS 1112K in place of PHSC 1011K

\*\*\*Students may take MATH 1111 College Algebra or any higher level math course in place of Math 1001 to satisfy program requirements.

\*\*\*\*Oral communication requirement may be met by completion of other communication courses. [See Area B of the Core Curriculum.](#)

\*\*\*\*\*Taking both CISM and CISM 1101 is equivalent to CISM 2201.

\*\*\*\*\*HLTH 1160 or HLTH 1166 will satisfy PHED requirement.

**PSYCHIATRIC TECHNOLOGY PROGRAM (0374)**  
**Business/Social Science Division**  
**Admissions Requirements**

Psychiatric Technician Admission Requirements:

1. Students must have an SAT score of 870, or an ACT score of 19, or 9 semester hours of related courses at Darton with a GPA of 2.0.
2. Students needing learning support classes must complete them prior to enrolling in the psychiatric technology courses.
3. Transfer students must have a GPA of 2.0 or 9 semester hours of related courses at Darton with a GPA of 2.0.
4. Students who have a degree from an accredited college/university may enroll in psychiatric technology courses, providing prerequisites are met.

Additional Requirements:

1. The student must satisfy admission requirements to Darton College.
2. The student must complete an application packet to the Psychiatric Technology Program. This includes an application form, an essay form, and a checklist. The student must also schedule an interview with the Program Director.
3. A minimum grade of "C" is required in each PTEC course.
4. A fee of approximately \$17.50 is required to provide liability insurance coverage during the clinical internship placements.
5. The student is expected to provide transportation to and from any clinical internship sites and/or arrange for living accommodations.
6. Proof of hepatitis B vaccination series, an up to date immunization record, and annual TB testing are required prior to enrolling in the first clinical internship placement.
7. Prior to the first clinical internship placement, the student will be expected to successfully complete a CPR course (provided by the Division of Allied Health faculty).
8. Prior to the first clinical internship placement, the student must sign a statement agreeing to maintain confidentiality in matters relating to patients.
9. To satisfactorily complete the curriculum and to develop the skills required of an entry level psychiatric technician, the student must have:
  - (a) Visual skill sufficient to observe patient behaviors and to work with patient charts and records.
  - (b) Hearing ability sufficient with auditory aids to understand the normal speaking voice without viewing the speaker's face (to ensure that the psychiatric technician will be able to attend a patient's call for help).
  - (c) Physical ability to perform basic patient care skills such as taking blood pressures and dispensing medications. Must also be able to reach objects, and lift, carry and restrain patients.

**PSYCHIATRIC TECHNICIAN CERTIFICATE (0573)**

**ASSOCIATE OF SCIENCE DEGREE PROGRAM**

The Associate of Applied Science degree in Radiology Science at Darton College is designed to prepare learners for the performance of critically important, diagnostic radiology procedures. Graduates of this two-year Radiology Science program will be qualified through education, clinical learning experiences, and the credentialing process to perform radiology tests and procedures. The education provided via this program will enable learners to acquire the prerequisite skills necessary to pursue additional training in higher level radiology service areas including C T SCAN, mammography, and in other specialized procedures.

**RESPIRATORY CARE (0366)**  
Allied Health Division  
**RECOMMENDED COURSES FOR CAREER**  
**ASSOCIATE OF SCIENCE DEGREE PROGRAMS**  
Regular Program Tract

The Associate of Science Degree in Respiratory Care at Darton College is a seven semester sequence. The first three semesters consist of required prerequisite and general education courses, and the remaining four semesters constitute the actual professional curriculum. The professional curriculum is designed to prepare the graduate to function as an advanced level Respiratory Care Professional (RCP) in hospitals, non-acute care agencies, and in home care. After successful completion of all academic and clinical requirements, the graduate will be eligible to take the entry-level exam and upon successful completion of this examination the graduate may take the advanced level examination of the National Board for Respiratory Care (NBRC), 8310 Nieman Rd., Lenexa, KS (913)599-4200. Upon passing the NBRC entry-level exam and meeting all requirements for Georgia State licensure, the graduate may be licensed in the state of Georgia as a Respiratory Care Professional (RCP). The Composite State Board of Medical Examiners, 2 Peachtree St. NW, 36<sup>th</sup> Floor, Atlanta, GA 30303 (404)656-3913, has the right to refuse to grant a license to any individual who has been convicted of moral and/or legal violations specified in Georgia law. The Darton College Respiratory Care Program is accredited by the Commission on Accreditation for Respiratory Care (CoARC), 1248 Harwood Rd., Bedford, TX 76021 (817)283-2835.

In addition to the application forms submitted to the admissions office for admission to the college, students applying to the Respiratory Program for the first time or reapplying for any reason are required to submit a separate application for selection into the Respiratory Program. Applications are available in the Allied Health Division Office or they may be downloaded from the Darton Website for students interested in enrolling in the Respiratory Program.

To comply with the requirements of cooperating clinical facilities, the Respiratory Care program requires students to submit a completed health form.

To be considered for selection into the Respiratory Care Program, a completed program application must be received by July 15<sup>th</sup> for the upcoming Fall class. Applications received after the deadline will be considered only if the class has not been filled. The Respiratory Care Program has a limited enrollment; students are encouraged to apply as soon as possible. Students are selected on the basis of Grade point average in prerequisite courses, Overall grade point average and number of credits earned, and completed application packet materials, and an interview with program faculty. An offer of acceptance is made to the applicants who achieve the highest rankings in the selection process. The selection process continues until the class is filled.

Associate Degree graduates of the Darton College Respiratory Care Program may be eligible to receive advanced placement in the Bachelor of Science programs in Respiratory Care offered by the four-year institutions of the University System of Georgia. Students desiring to complete a Bachelor of Science in Respiratory Care should make direct inquiry to the institution of choice.

**Admission Requirements:**

1. Admission to Darton College
2. Completion of all Learning Support requirements
3. Completion of the required pre-requisite and general education courses with a cumulative GPA of 2.5 or higher. In addition, students must earn a grade of "C" or better in the following courses: ALHE 1115, ALHE 1120, BIOL 1100K, CHEM 1151, PHSC 1011K, and BIOL 2115.
4. Satisfactory completion of the Regents test requirements.

Science courses taken more than five years prior to enrollment in the program will be evaluated by the Respiratory Program Faculty and may need to be repeated.

**Respiratory Care Program Requirements:**

1. Students will be required to submit a completed health form documenting satisfactory health status prior to clinical practicum.
2. The student *is responsible* for his/her own health in the event of illness, accident, or exposure to communicable disease in class, lab, or clinic.
3. Students must earn a "C" or better in all Professional courses in order to progress to the next course in sequence. Any student failing to complete a professional course will not be allowed to continue in the program. The student may reapply for admission in the next class. Students seeking re-admission will be evaluated by the Respiratory Care faculty to determine acceptability and placement in the program. Previously completed professional courses may be accepted or may need to be repeated at the sole discretion of the faculty. Students who fail to complete more than one Respiratory course (this may be two different courses or the same course twice) will be dismissed from the program and will not be re-accepted. Withdrawing from a respiratory course in lieu of failing will count as an attempt the same as a failure. Students who fail a clinical practicum must at a minimum repeat both the clinical and classroom courses covering that content.
4. Students are required to maintain a cumulative 2.0 GPA in order to graduate from the program and Darton College.
5. Students are required to pass the Regents' Test as a requirement for graduation as stated in the college catalog.
6. The Respiratory Care Program reserves the right to discontinue, at any time, the enrollment of a Respiratory Care student if, in the judgment of the Vice President for Academic Affairs and the Respiratory Care Faculty, the student does not appear to have the necessary qualifications for a career as a Respiratory Care Professional. Refer to the program handbook for more information.
7. The student must abide by the policies and procedures of the Respiratory Care program as defined in the program handbook.
8. The student must possess the essential physical and mental functional requirements for the profession in the categories of visual acuity, hearing, physical ability, speech, and manual dexterity. Refer to the Program Handbook for complete information.
9. Students will have three attempts to successfully demonstrate competency of any skill taught in the laboratory or clinical practicum. This policy includes the American Heart Association ACLS course at the end of RESP 1138. Students unable to demonstrate competency after 3 attempts will fail the laboratory or clinical course, including ACLS, and will not be allowed to progress in the program. Students may re-apply according to the previously listed policies.

**Additional Fees and Costs:**

1. Professional liability insurance is required prior to clinical assignment. Fees are assessed annually in the spring as part of the students Tuition and Fees.
2. Students are required to complete a series of Hepatitis B vaccinations. A series of at least 3 shots are required. Costs will vary depending on the student's choice of provider. Students must have completed at least the first 2 shots of the series prior to clinical assignment. See the program handbook for more information.
3. Students are required to take a comprehensive self-assessment exam in their final semester. Fees for this exam are assessed in the final semester.
4. Students are required to have approved uniforms, shoes, lab coat, stethoscope, and a watch capable of reading seconds.
5. Students will complete American Heart Association BLS, ACLS, and NRP courses as they progress through the program. Fees for these courses are required at the time of the course. See the program handbook for more information.

6. Student membership in the American Association for Respiratory Care is strongly recommended. Student membership fees are \$50.00.
7. Students will be required to undergo a criminal background check before clinical assignment. Darton College uses a company called PreCheck for this purpose. Fees for this background check are assessed during the first semester of the professional curriculum.

Students may take MATH 1001 Quantitative Reasoning or MATH 1101 Math Modeling in place of College Algebra.

\*Students may elect to complete BIOL 2111K and BIOL 2112K in place of BIOL 1100K.

\*Students may elect to complete CHEM 1211K and CHEM 1212K in place of CHEM 1151K.

\*Students may elect to complete PHYS 1111K in place of PHSC 1011K.

\*\*\* Oral communication requirement may be met by completion of other communication courses. [See Core Curriculum, Area B.](#)

\*\*Students may take MATH 1001 quantitative Reasoning or Math 1101 Math Modeling in place of College Algebra.

**RESPIRATORY CARE PROGRAM (0366)**  
**Allied Health Division**  
**RECOMMENDED COURSES FOR CAREER**  
**ASSOCIATE OF SCIENCE DEGREE PROGRAMS**  
**NIGHT AND WEEKEND TRACK**

The Night and Weekend Track leading to the Associate of Science Degree in Respiratory Care at Darton College is designed for non-traditional students who due to family and job considerations cannot make a commitment to enroll in a full time traditional college program, but are interested in making a career change to Respiratory Care. All courses required for completion of the associate of Science in Respiratory Care Degree will be offered during evenings and weekends. Completion of the program requirements is a two-step process.

1. Students must complete all General Education prerequisite course requirements including any learning support requirements. Students must also complete the Regents Test requirements.
2. Students then complete the professional curriculum, which requires six semesters and is designed to prepare the graduate to function as an advanced level Respiratory Care Professional (RCP) in hospitals, non-acute care agencies, and in home care.

After successful completion of all academic and clinical requirements, the graduate will be eligible to take the entry-level exam (CRT) and upon successful completion of this examination the graduate may take the advanced level examination (RRT) of the National Board for Respiratory Care (NBRC), 8310 Nieman Rd., Lenexa, KS (913) 599-4200. Upon passing the NBRC entry-level exam and meeting all requirements for Georgia State licensure, the graduate may be licensed in the state of Georgia as a Respiratory Care Professional (RCP). The Composite State Board of Medical Examiners, 2 Peachtree St. NW, 36<sup>th</sup> Floor, Atlanta, GA 30303 (404) 656-3913, has the right to refuse to grant a license to any individual who has been convicted of moral and/or legal violations specified in Georgia law. The Darton College Respiratory Care Night and Weekend Program is accredited by the Commission on Accreditation for Respiratory Care (CoARC), 1248 Harwood Rd., Bedford, TX 76021 (817) 283-2835.

The night and weekend track will be limited to no more than 10 students per class. In order to qualify for acceptance to the night and weekend track students must have completed the following.

1. Be accepted to Darton College
2. Complete all learning Support Requirements
3. Complete all of the required general education prerequisite courses with an overall GPA of 2.5 or higher **and** students must earn a grade of "C" or better in the following courses:

BIOL 1100K	Human Anatomy and Physiology,
CHEM 1151K	Survey of Chemistry I,
PHSC 1011K	Physical Science I,
BIOL 2115K	Microbiology

Science courses taken more than five years prior to enrollment in the program will be evaluated by the Respiratory Program Faculty and may need to be repeated.

4. Complete the Regent's Test requirements.
5. Complete the Respiratory Care Night and Weekend Program Track application package. The application package includes:
  - Respiratory Care Program application
  - Completed hospital visitation form
  - 250 Word essay form
  - Three personal recommendation forms
  - Completed health questionnaire

These materials must be submitted to the Program Director or the Allied Health Division office. Applications are available in the Allied Health Division Office or they may be

downloaded from the Darton Website for students interested in enrolling in the night and weekend Respiratory Program.

**Students applying to the Respiratory Care Program should list major code 0266 on the Darton College application as their proposed major.**

To comply with the requirements of cooperating clinical facilities, the Respiratory Care program requires students to submit a completed health form. To be considered for selection into the night and weekend Respiratory Care Program, a completed program application must be received by December 1. Applications received after the deadline will be considered only if the class has not been filled. The night and weekend program has a limited enrollment; students are encouraged to apply as soon as possible. Students are selected on the basis of grade point average on program prerequisite courses, overall GPA, completed application packet, references and an interview with the program faculty. An offer of acceptance is made to the applicants who achieve the highest ranking in the selection process. The selection process continues until the class is filled.

Associate Degree graduates of the Darton College Respiratory Care Program may be eligible to receive advanced placement in the Bachelor of Science programs in Respiratory Care offered by the four-year institutions of the University System of Georgia. Students desiring to complete a Bachelor of Science in Respiratory Care should make direct inquiry to the institution of choice.

**Respiratory Care Program Requirements:**

1. Students will be required to submit a completed health form documenting satisfactory health status prior to clinical practicum.
2. The student *is responsible* for his/her own health in the event of illness, accident, or exposure to communicable disease in class, lab, or clinic.
3. Students must earn a "C" or better in all Professional courses in order to progress to the next course in sequence. Any student failing to complete a professional course will not be allowed to continue in the program. The student may reapply for admission in the next night and weekend tract class or in the next traditional program tract class. Students seeking readmission will be evaluated by the Respiratory Care faculty to determine acceptability and placement in the program. Previously completed professional courses may be accepted or may need to be repeated at the discretion of the faculty. Students who fail to complete more than one Respiratory course (this may be two different courses or the same course twice) will be dismissed from the program and will not be re-accepted. Withdrawing from a respiratory course in lieu of failing will count as an attempt the same as a failure. Students who fail a clinical practicum must repeat both the clinical and classroom courses covering that content.
4. Students are required to maintain a cumulative 2.0 GPA in order to graduate from the program and Darton College.
5. Students are required to pass the Regents Test as a requirement for graduation as stated in the college catalog. Early testing is encouraged for those who qualify.
6. The Respiratory Care Program reserves the right to discontinue, at any time, the enrollment of a respiratory care student if, in the judgment of the Vice President for Academic Affairs and the Respiratory Care Faculty, the student does not appear to have the necessary qualifications for a career as a Respiratory Care Professional. Refer to the program handbook for more information.
7. The student must abide by the policies and procedures of the Respiratory Care program as defined in the program handbook.
8. The student must possess the essential physical and mental functional requirements for the profession in the categories of visual acuity, hearing, physical ability, speech, and manual dexterity. Refer to the program handbook for complete information.
9. Students will have three attempts to successfully demonstrate competency of any skill taught in the laboratory or clinical practicum. The policy includes the American Hear t

Association ACLS course at the end of RESP 2320. Students unable to demonstrate competency after 3 attempts will fail the laboratory or clinical course, including ACLS, and will not be allowed to progress in the program. Students may re-apply according to the previously listed policies.

10. Students must arrange their own travel to out-of-town clinical facilities. Clinical sites are located in Tifton, Cordele, Bainbridge, Valdosta, Moultrie, Americus, Columbus and Albany. Students are assigned clinical sites to provide a well-rounded clinical experience. Every attempt will be made to accommodate students' needs, but no students are guaranteed any particular clinical schedule or clinical site.

**Additional Fees and Costs:**

1. Professional liability insurance is required prior to clinical assignment. Fees are assessed annually in the spring as part of the student's tuition and fees.
2. Students are required to complete a series of Hepatitis B vaccinations. A series of at least 3 shots are required. Costs will vary depending on the student's choice of provider. Students must have completed at least the first 2 shots of the series prior to clinical assignment. See the program handbook for more information.
3. Students are required to take a comprehensive self-assessment exam in their final semester. Fees for this exam are assessed in the final semester.
4. Students are required to have approved uniforms, shoes, lab coat, stethoscope, and a watch capable of reading seconds.
5. Students will complete American Heart Association BLS, ACLS, and NRP courses as they progress through the program. Fees for these courses are required at the time of the course. See the program handbook for more information.
6. Student membership in the American Association for Respiratory Care is strongly recommended. Student membership fees are \$50.00.

**Courses Required:**

All of the learning support and general education prerequisite courses required for graduation from the Respiratory Care Program are currently available in at least one of the following formats at Darton College.

- Online classes
- Evening classes
- TV (Ch 19) classes
- Saturday classes

The required general education prerequisite courses are:

<u>Course Number</u>	<u>Course</u>	<u>Credit Hours</u>
ENGL 1101	English Composition 1	3
MATH 1001	Quantitative Skills and Reasoning***	3
POLS 1101	American Government	3
PSYC 1101	General Psychology 3	3
HIST 2111 or 2112	U.S. History	3
COMM 1000	Cultural Diversity in Communication*	2
ALHE 1120	Medical Terminology	1
BIOL 1100K	Human Anat. And	
Ph	ysics For Healthcare**	4
CHEM 1151K	Survey of Chemistry I	4
PHSC 1011K	Physical Science I	4

BIOL 2115K	Microbiology	4	
ALHE 1115	Clinical Professionalism		$\frac{1}{35}$

\*Students may elect to complete BIOL 2111K and BIOL 2112K in place of BIOL 1100K. Students may elect to complete CHEM 1211K and CHEM 1212K in place of CHEM 1151K. Students may elect to complete PHYS 1111K in place of PHSC 1011K. Students who desire to transfer to a bachelor's degree program are encouraged to take the two semester sequences.

\*\*Students may take MATH 1111 College Algebra or an y higher level math course in place of MATH 1001 to satisfy program requirements.

\*\*\* Oral communication requirement may be met by completion of other communication courses. [See Core Curriculum, Area B.](#)

Students are also required to pass the Regents Test. Students must take the examination according to Darton College and University System requirements.

Once the general education courses have been completed and the student is accepted to the Respiratory program, completion of the Respiratory coursework takes 6 semesters. Students must enroll in all of the courses required that semester. Courses must be taken in the required sequence. Classes will be scheduled Monday through Thursday evenings. Clinical practicum's will be scheduled as needed and may be completed on weekends.

**This degree program is also available as an online degree program. See the description of the online program of study at <http://online.darton.edu/degrees>**

Secondary Education majors are required to follow the respective guidelines for the specific content areas. For example, those who intend to teach math should follow Areas A through G of the Mathematics major curriculum. All secondary education majors are required to complete nine hours in education related courses. Therefore secondary education majors will complete a total of 69 hours in their respective degree area. **Failure to complete the three education courses will delay a student's ability to enter a four-year teacher education program.**

The following is a listing of the secondary education majors that are available:

Art, Biology, Chemistry, English, Foreign Language, History, Mathematics, Music, Physics, Speech, and Theatre.

Listed below are the minimum requirements a student must meet to be admitted into an undergraduate education program at a four-year college in the University System of Georgia.

1. Students must earn a minimum cumulative GPA of 2.5 on all attempted hours in the System core curriculum in areas A-F, as required for teacher preparation.
2. Students must have passed the Regents' Test.
3. Students must have passed PRAXIS I or GACE I.
4. Receiving institutions may establish higher admission requirements.

**TEN CREDIT-HOUR PROGRAMS**  
**Business Division**

Students who are not interested in the two-year career programs or the one-year certificate programs may wish to inquire about the ten credit-hour programs. These programs are designed to develop entry level skills or upgrade present skills. Students may enroll in these programs without taking the COMPASS Placement Test, however, students may not enroll in a course that has a learning support course as a prerequisite or corequisite.

Students are invited to examine the business career programs. A program coordinator will help design a core of courses in a specific program. Below are examples of ten-credit hour programs that have been designed.

<b>Courses</b>		<b>Sem. Hrs.</b>
	<b>ACCOUNTING</b>	
ACCT 2101	Principles of Accounting I	3
ACCT 2102	Principles of Accounting II	3
Electives	ACCT/BUSA/COPR/ECON	<u>4</u>
		10
	<b>BUSINESS COMPUTER SYSTEMS</b>	
CISM 2201	Fundamentals of Computer Applications	3
COPR 2220	Windows/Visual Basic	3
Electives	ACCT/BUSA/COPR/ECON	<u>4</u>
		10
	<b>MANAGEMENT - BASIC RETAILING</b>	
BUSA 2240	Principles of Marketing	3
BUSA 2250	Retail Management	3
OCEX 2290	Occupational Experience	3
Elective		<u>1</u>
		10
	<b>OFFICE ADMINISTRATION</b>	
CISM 2201	Fundamentals of Computer Applications	3
BUED 1111	Beginning Document Processing	3
BUED 2251	Beginning WordPerfect/Word	3
Elective	ACCT/BUED/BUSA/COPR/ECON	<u>1</u>
		10

The core of courses must not be greater than 10 hours. Beyond 10 hours, other college policies apply which would change the intent of these programs.

## COURSE DESCRIPTIONS

## Section Ten

**General** – The following list of courses shows the responsible academic division, course number, course title, number of semester hours credit, course description, prerequisite, if any, and frequency of offering. The courses are arranged alphabetically followed by the course number.

- Symbols** – Course numbers (Example: EN GL 1101) are in two distinct parts. The department code (EN GL) is derived from the name of the instructional department, usually the letters from the name. In the course number (110 1) the first digit of the number signifies first or second year level. Applied Music course numbers are constructed individually; an explanation of how they are constructed can be found in the introductory remarks for those courses. The number in parentheses following the course title specifies the amount of credit, in semester hours, which the course will yield upon successful completion.
- Transferability of Courses** – The Core Curriculum of the University System of Georgia provides for the transferability of those courses which are part of the Core Curriculum Plan. The courses developed for the one- and two-year career programs have been designed to give the student the best possible background needed for employment in the career. Therefore, some of the following do not offer comparable programs and courses. If in doubt, students should discuss the matter with the advisor or the other institution involved.
- Learning Support Prerequisites** – Students who are placed in Learning Support courses because of their scores on the Admission and Placement Tests will be required to satisfy specific developmental requirements before they can enroll in the college level courses (courses numbered 1000 or higher). The minimum developmental level required for admission into any college level course is listed as a prerequisite in the course description.

**ACCT 2101 Principles of Accounting I (3-0-3)**

A study of the underlying theory and application of financial accounting concepts. Corequisite: Minimum COMPA SS reading score of 74 or enrollment in READ 0099.

Prerequisite: B USA 1005 or higher math course with grade of C or better OR permission of instructor.

Offered: All semesters.

**ACCT 2102 Principles of Accounting II (3-0-3)**

A study of the underlying theory and application of managerial accounting concepts.

Prerequisite: ACCT 2101 with grade of C or better.

Offered: All semesters.

**ACCT 2205 Microcomputers in Accounting (3-0-3)**

This project based course will introduce Quickbooks and include payroll accounting. The software will be used to set up a company and perform transactional analysis and recording.

Prerequisite: ACCT 2101 with grade of C or better or permission of instructor.

Offered: Fall.

- ACCT 2211 Intermediate Accounting** (3-0-3)  
 A review of the basic accounting model; the fundamentals of actuarial mathematics and its practical application to accounting problems; accounting theory and practice as related to recognition, measurement, and reporting of income; the balance sheet and statement of cash flows; current assets; tangible and intangible fixed assets, depreciation, depletion, and deferred charges.  
 Prerequisite: ACCT 2102 with grade of C or better.  
 Offered: Spring (even years).
- ACCT 2220 Income Tax Procedures** (3-0-3)  
 A practical presentation of Federal Income Tax fundamentals, with emphasis on individual returns. Topics considered include gross income, deductions and tax credits. The course is designed primarily for those students who expect to terminate their study at the two-year college level.  
 Corequisite: Minimum COMPASS reading score of 74 or enrollment in REA D 0099.  
 Prerequisite: ACCT 2101 preferred or tax accounting experience.  
 Offered: Fall.
- ACCT 2225 Cost Accounting** (3-0-3)  
 The basic elements of cost accounting with emphasis on managerial applications of process, job-order, and standard cost accounting systems.  
 Prerequisite: READ 0099 or a minimum reading CPE score of 75 and ACCT 2102 with grade of C or better.  
 Offered: On demand.
- ACCT 2230 Manufacturing Cost Accounting** (3-0-3)  
 The basic elements of manufacturing cost accounting with emphasis on managerial applications of process, job-order, and standard cost accounting systems.  
 Prerequisite: None.  
 Offered: On demand.
- ALHE 1103 Orientation to MLT** (1-0-1)  
 This course provides an introduction to basic clinical laboratory science and web-based instruction. Students learn about the organizational structure of a clinical laboratory, regulation of quality and reliability of testing, personnel qualifications, safety, medical-legal issues, specimen collection and processing, principles of instrumentation and laboratory mathematics.  
 Prerequisite: None.  
 Corequisite: None.  
 Offered: Fall.
- ALHE 1105 Health Care System Foundation** (2-0-2)  
 This introductory course addresses three central areas in health care and human services: the historical development of and current trends and changes in the health care delivery system; the emerging database on the mind-body relationship in health and illness; and basic concepts in health care research and design. Attention is specifically given to managed care and its impact on health care delivery, the biopsychosocial model of assessment and diagnosis, and the interpretation of journal articles from professional health-related publications.  
 Prerequisite: READ 0099.  
 Offered: Fall or on demand.

- ALHE 1115 Clinical Professionalism** (0-3-1)  
 This course addresses key competency areas for health care professionals. Elements including communication skills, time management, professional development, personal skills, policies and procedures, motivation and attitude, and the medical record are emphasized.  
 Prerequisite: READ 0099.  
 Offered: On demand.
- ALHE 1120 Medical Terminology** (1-0-1)  
 Medical terminology approached through roots, prefixes, and suffixes of medical terms. Definition and spelling of anatomical, diagnostic, symptomatic and operative medical terms are covered.  
 Prerequisite: READ 0099.  
 Offered: Fall, Spring, Summer.
- ALHE 2000 Ethics and the Healthcare Professional** (2-0-2)  
 Introduction to the meaning and scope of ethical dilemmas in health care; ethical decision-making; the health professional as an individual, as a care giver, and as a member of the health care team; the health care professional as a member of society.  
 Prerequisites: PSYC 1101, BUSA 2220 or permission of instructor.  
 Offered: Summer and on demand.
- ALHE 2050 Health Care Delivery System** (1-0-1)  
 Introduces students to the historical development, structure, operations, current and future directions of the major components of the American Healthcare Delivery system. It examines the ways in which the healthcare services are organized and delivered, the influences that impact healthcare public policy and factors that determine the allocation of healthcare resources.  
 Prerequisite: READ 0099.  
 Offered: Summer and on demand.
- ALHE 2100 Personal Growth & Development** (3-0-3)  
 An experiential course designed to enable the student to become aware of effectively utilizing self as an agent of therapeutic change. Emphasis is on helping each student identify personal values, assets and weaknesses and understand how these influence his/her decisions and interactions with others in a helping relationship. The dynamics of professional burnout will be explored, and each student will develop an individual plan for self care.  
 Prerequisites: PSYC 1101 and admission to HST Program or PTA Program or permission of instructor.  
 Offered: Summer.
- ANTH 1103 Introduction to Cultural Anthropology** (3-0-3)  
 A study of the elements of functioning cultures, including kinship systems, patterns of marriage, social and political structures, and economic organization.  
 Corequisite: Min. COMPASS reading score of 74 or enrollment in READ 0099.  
 Prerequisite: None.  
 Offered: On demand.

- ART 1010 Drawing** (2-4-3)  
 This course introduces the techniques, materials, and principles of drawing. The course is composed of several projects/exercises that will emphasize the analysis and rendering of line, form, value, texture, color, and perspective. During the course, students will apply their understanding of drawing style, technique, media, and methods of drawing.  
 Prerequisite: None.  
 Offered: Fall.
- ART 1020 Design I** (2-4-3)  
 This course involves the fundamentals of two-dimensional design introduced through projects in a variety of media. The course is composed of several projects that will emphasize the visual and intellectual aspects of form, visual awareness, analytical thinking, craftsmanship, use of media and techniques, and the application of design principles.  
 Prerequisite: None.  
 Offered: Fall.
- ART 1030 Design II** (2-4-3)  
 This course is an investigation of three-dimensional forms and space using various materials and methods. In this course, students will demonstrate their ability to invent imaginative and conceptual complex sculptures in response to a series of studio problems using hand-building and simple materials.  
 Prerequisite: None.  
 Offered: Spring.
- ART 1100 Art Appreciation** (3-0-3)  
 Development of an awareness and understanding of the visual arts through studio and classroom experiences, gallery visits, and lectures. ART 1100 and FIAR 2250 are related courses; only one can count toward graduation.  
 Prerequisite: None.  
 Offered: All semesters.
- ART 1150 Art Practicum** (0-6-3)  
 A studio course designed for the student who has advanced beyond the basic art structure courses and wishes to explore various media in order to develop skills, techniques, and a higher level of expertise.  
 Prerequisites: Completion of ART 1010, ART 1020, ART 1030, ART 2111, ART 2120, ART 2130, ART 2140, ART 2150, ART 2160, ART 2170, ART 2180, ART 2210, or ART 2220 & permission of instructor or consent of Division Dean.  
 Offered: All semesters
- ART 2111 Basic Photography** (2-4-3)  
 Instruction in fundamentals of black/white still photography: camera technique, exposure determination methods, film processing. Special assignments in visual perception, editing, and theme photography. (Previously ART 1110)  
 Prerequisite: None.  
 Offered: Fall & Spring.

- ART 2120 Painting** (2-4-3)  
 Acrylic Painting. An introduction to the fundamentals of painting related to subject matter, content, composition, and color. Preparation of supports and grounds, and use of basic painting tools, techniques, and materials will be stressed.  
 Prerequisite: None.  
 Offered: Spring.
- ART 2130 Watercolor** (2-4-3)  
 Fundamentals of watercolor techniques, drawing, principles of composition, and color theory. Landscape, still life, figure, and abstract studies.  
 Prerequisite: None.  
 Offered: On demand.
- ART 2140 Ceramics I** (2-4-3)  
 This studio course involves the development of personal expression using the ceramic process. The course will examine the many processes of ceramics production such as hand forming, throwing on the wheel, glaze application, and firing.  
 Prerequisite: None.  
 Offered: On demand.
- ART 2150 Computer Art** (0-6-3)  
 In this introductory lab course, students explore the computer and digital technologies as tools to produce personal and creative work in preparation for careers in commercial and fine art. Students are introduced to the digital imaging power of Adobe Photoshop, and commonly used page layout and graphic design software programs.  
 Prerequisite: None.  
 Offered: Fall, Spring.
- ART 2160 Visual Design** (0-6-3)  
 This is an introductory course in solving visual design problems. The course is an exploration of the basic principles of graphic design production, as they apply to the commonly-produced products in the graphic design field (logos, advertisements, brochures, newsletters, etc.), typography, print production techniques and considerations, and the basic elements of web page design.  
 Prerequisite: ART 2150 or permission of the instructor or consent of the Division Dean.  
 Offered: Spring.
- ART 2170 Web Page Design** (0-6-3)  
 This is an introductory course in designing websites for the Internet. The course is an exploration of the basic principles of designing, creating, and maintaining websites. The course introduces the fundamentals of designing web pages using HTML code and commonly used web page layout programs.  
 Prerequisite: Art 2150 or permission of the instructor or consent of the Division Dean.  
 Offered: Fall.

- ART 2180 Digital Photography** (2-4-3)  
 In this course, students will create digital photographic images by combining fundamental photographic skills with digital camera technology and computer print technology. Emphasis will be placed on camera operation, techniques, and esthetics. Students will explore a range of both fine art and commercial photographic applications.  
 Prerequisite: ART 2111 or ART 2150 or permission of the instructor or consent of the Division Dean.  
 Offered: Fall, Spring.
- ART 2190 Photographic Lighting Principles & Techniques** (0-6-3)  
 This is an introductory course in basic studio and location lighting principles and techniques. The course is an exploration of the creation and use of lighting arrangements as they apply to all specialties of commercial and fine art photography. The course is composed of demonstrations and projects that will explore the principles of artificial, natural and combination lighting. During the course, the students will demonstrate their understanding of basic lighting techniques through individual projects.  
 Prerequisite: ART 2111, ART 2180 or permission of the instructor or consent of the Division Dean.  
 Offered: Fall.
- ART 2200 Professional Practices, Portfolio Preparation & Review** (3-0-3)  
 This is a course designed to prepare the student for entry into the business of commercial and fine art. The skills learned are applicable to any specialty in the field of commercial and fine art. The course is composed of lectures concerning the business of commercial and fine art, visiting lecturers who are specialists in their field, field trips to a variety of art establishments, research into the requirements and expectations of potential employers, clients, galleries and museums and directed preparation of each student's professional portfolio.  
 Prerequisite: None.  
 Offered: Spring.
- ART 2210 Video I** (3-3-3)  
 This lab course introduces students to basic video production techniques and provides a theoretical, analytical, technical, and aesthetic approach to the pre-production, production, and post-production of videography. Lectures and practical exercises in camera operation, lighting, sound, scriptwriting, storyboarding, directing, and studio and site preparation will be covered. Each student will produce three short videos in preparation for editing.  
 Prerequisite: None.  
 Corequisite: ART 2230.  
 Offered: Fall.
- ART 2220 Video II** (3-3-3)  
 This lab course is a continuation of Video I and introduces students to advanced video production techniques and provides advanced theoretical, analytical, technical, and aesthetic approaches to videography. Students will be required to shoot three short videos covering the following subjects: commercial, documentary, and fine art. The student will use all the pre-production, production, and post-production techniques learned in Video I.  
 Prerequisite: ART 2210.  
 Offered: Spring.

- ART 2230 Video Editing** (3-3-3)  
 This course introduces basic video editing and trimming, customizing and capturing images, video and audio effects and audio mixing, multi-camera editing, titling and final outputting. Emphasis is placed on Final Cut Pro software and its operation, techniques, and aesthetics. Students will explore a range of both fine art and commercial editing applications. Students will be required to produce and present a digital portfolio.  
 Prerequisite: ART 2150 or permission of the instructor or consent of the Division Dean.  
 Corequisite: ART 2210.  
 Offered: On demand.
- ART 2280 Art History I** (3-0-3)  
 This lecture course explores the history of the visual arts from the Prehistoric Period through Northern Renaissance. Topics include a study of the visual arts, painting, sculpture, architecture, and related arts, against the background of cultural, political, and economic development.  
 Prerequisite: None.  
 Offered: Fall.
- ART 2285 Art History II** (3-0-3)  
 This lecture course explores the history of the visual arts from the Baroque Period through the twentieth century with major focus on epochs of Western art history. Topics include painting, architecture, sculpture, and design.  
 Prerequisite: None.  
 Offered: Spring.
- BIOL 1100K Human Anatomy & Physiology for the Health Care Professional** (4-2-4)  
 This course is a survey of general principles of human anatomy and physiology with an emphasis on medical applications. It is restricted to students in Allied Health Science programs or requires the consent of the division chair. Laboratory exercises supplement the lecture material.  
 Prerequisite: READ 0099.  
 Offered: All semesters.
- BIOL 1107K Principles of Biology I** (3-3-4)  
 This is an integrated conceptual course which includes all levels of biological organization with the principles of origin, development, genetics, diversity, behavior, and energetics. Laboratory exercises supplement the lecture material.  
 Prerequisite: Completion of Learning Support and high school or college chemistry. Cannot be used with BIOL 1110 to satisfy Area D.  
 Offered: All semesters.
- BIOL 1108K Principles of Biology II** (3-3-4)  
 This is an integrated conceptual course that includes a survey of living organisms, behavior, and ecology. Laboratory exercises supplement the lecture material.  
 Prerequisite: BIOL 1107K.  
 Offered: All semesters.

- BIOL 1110K Introduction to Environmental Biology** (3-2-4)  
 This course uses an interdisciplinary approach to contemporary environmental problems for students not majoring in science. Laboratory exercises supplement the lecture material. Cannot be used with BIOL 1107 to satisfy Area D.  
 Prerequisite: None.  
 Offered: All semesters.
- BIOL 1135K Life Science for Teachers 3 – 5 (restricted to DCSS in-service)** (3-0-3)  
 The course addresses fundamentals of Life Science for teachers, grades 3 -5. This course covers basic principles and teacher misconceptions from the fields of Cells, Organisms, Genetics, Ecology, Evolution and the Characteristics of Science. The course content is aligned to the Georgia Performance Standards for grades 3-5. Restricted to in-service teachers grades 3-5.  
 Prerequisites: None.  
 Corequisite: None.  
 Offered: On demand.
- BIOL 2003 Life Sciences for Middle Grades Teachers** (3-0-3)  
 This course will provide middle grades teachers with high-level science content that is the foundation for the topics of cell and organism, genetics, adaptation, and ecology. This course does not satisfy any core curriculum requirement. Restricted to Middle Grades Teachers.  
 Prerequisites: None.  
 Offered: On demand.
- BIOL 2023 Life Sciences for Special Education Teachers** (3-0-3)  
 This course is restricted to in-service special education teachers. It is a brief summary of the important aspects of biological science including cells, genetics, diversity and adaptations of organisms, and ecology. Classroom applications will be explored. Laboratory exercises supplement the lecture material. This course does not satisfy any core curriculum requirement.  
 Prerequisite: Restricted to in-service special education teachers.  
 Offered: On demand.
- BIOL 2111K Human Anatomy & Physiology I** (4-2-4)  
 This course covers general physiological principles emphasizing the structure and function of the human organ systems including the study of cells, tissues, organs, and systems of the body as an integrated whole. Laboratory exercises supplement the lecture material.  
 Prerequisites: Exit Learning Support.  
 Offered: All semesters.
- BIOL 2112K Human Anatomy & Physiology II** (4-2-4)  
 This course is a continuation of BIOL 2111K. Laboratory exercises supplement the lecture material.  
 Prerequisite: BIOL 2111K.  
 Offered: All semesters.
- BIOL 2115K Essentials of Microbiology** (3-3-4)  
 This course covers basic pathogenic microbes and some helminths related to genetics, immunity, diseases, and controls. Laboratory exercises supplement the lecture material.  
 Prerequisites: BIOL 2112K or BIOL 1108K or CHEM 1151K and BIOL 1100K.  
 Offered: All semesters.

- BIOM 2100K Molecular Genetics (3-3-4)**  
 This course covers principles of prokaryotic and eukaryotic cell genetics. Emphasis is placed on the molecular basis of heredity, chromosome structure, patterns of Mendelian and non-Mendelian inheritance, evolution and biotechnological applications. Upon completion, students should be able to recognize and describe genetic phenomena and demonstrate knowledge of important genetic principles. This course has been approved to satisfy the Comprehensive Articulation Agreements for transferability as a pre-major and/or elective course requirements.  
 Prerequisites: Permission of program director.  
 Offered: On demand.
- BIOM 2101K Introduction to Biotechnology (3-3-4)**  
 This course introduces the basic skills and knowledge necessary in a biological or chemical laboratory. Emphasis is placed on good manufacturing practices, safety, solution preparation, and equipment operation and maintenance following standard operating procedures. Upon completion, students should be able to prepare and perform basic laboratory procedures using lab ware, solutions and equipment according to prescribed protocols.  
 Prerequisite: None.  
 Offered: On demand.
- BIOM 2202K Applications in Biotechnology (2-4-4)**  
 This course is designed for students to gain experience in conducting supervised research on a particular research project. In addition, students will conduct literature reviews, present experimental findings, and present an oral and poster presentation of all research conducted at end of the course.  
 Prerequisite: BIOM 1100K, BIOL 2115K  
 Offered: On demand.
- BIOM 2204K Cellular/Molecular Biology (3-3-4)**  
 This course allows students to explore the major events that occur inside a cell. This course covers principles of prokaryotic and eukaryotic cell genetics. Emphasis is placed on the molecular basis of heredity, chromosome structure, patterns of Mendelian and non-Mendelian inheritance, evolution, and biotechnological applications. Upon completion, students should be able to recognize and describe genetic phenomena and demonstrate knowledge of important genetic principles. This course has been approved to satisfy the Comprehensive Articulation Agreements for transferability as a pre-major and/or elective course requirement.  
 Prerequisites: Permission of program director.  
 Offered: On demand.
- BIOM 2205K Introduction to Biochemistry (2-4-4)**  
 The purpose of this course is to explore the major biochemical events that occur inside prokaryotic and eukaryotic cells. The main areas of focus are on catabolic/anabolic chemical reactions that occur in cells; major metabolic pathways in a cell; impact of pH, acidity and alkalinity on metabolism; properties of buffers; chemical/structural properties of proteins; protein-protein interactions; characteristics of amino acids; and general enzyme functions. Supplemental learning is conducted via lab activities which include chromatography, spectrophotometry, DNA analysis, DNA amplification, and protein production/purification.  
 Prerequisites: Permission of program director.  
 Offered: On demand

- BIOM 2210K Biomedical Laboratory Experience** (1-2-2)  
 This course provides an opportunity to pursue an individual laboratory project in biotechnology. Emphasis is placed on developing, performing and maintaining records of a project in a specific area of interest. Upon completion, students should be able to complete the project with accurate records and demonstrate an understanding of the project.  
 Prerequisite: BIOM 2201K.  
 Offered: On demand.
- BUED 1105 Keyboarding** (2-0-2)  
 Introduction to the touch operation of the alphabetic and numeric key boards and the 10-key numeric pad. Course may be exempted by passing a proficiency examination.  
 Prerequisite: None.  
 Offered: On demand.
- BUED 1111 Beginning Document Processing** (3-0-3)  
 Introduction to keyboarding and formatting techniques and the development of basic speed and accuracy. The formatting of numerous business applications (letters, reports, tables) is included. Minimum passing speed: 30 wpm for 3 minutes. Course may be exempted by passing a proficiency examination.  
 Prerequisite: BUED 1105 Keyboarding.  
 Offered: On demand.
- BUED 1112 Intermediate Document Processing** (3-0-3)  
 Review of basic skills; business letters, reports, tables, and special communication forms (invoices, memorandums, purchase orders, minutes, news releases, etc.). Minimum passing speed: 40 wpm for 5 minutes. Course may be exempted by passing a proficiency examination.  
 Prerequisite: BUED 1111 with grade of C or better.  
 Offered: On demand.
- BUED 1113 Advanced Document Processing** (3-0-3)  
 Emphasizes vocational application of keyboarding/formatting/editing skills in sections that portray realistic office-like settings. Minimum passing speed: 50 wpm for 5 minutes. This course may be exempted by passing a proficiency examination.  
 Prerequisite: BUED 1112 with grade of C or better.  
 Offered: On demand.

- BUED 2200 Medical Office Management** (3-0-3)  
 The use of a medical simulation for use in medical office management, medical assisting, or secretarial office management. Patient scheduling, patient charts, billing, collections, insurance, banking, and payroll will be covered.  
 Corequisite: Minimum COMPASS reading score of 78 or enrollment in READ 0099.  
 Prerequisite: None.  
 Offered: On demand.
- BUED 2215 Office Technologies** (3-0-3)  
 Usage of state-of-the-art office technology in support of administrative office duties. Course focuses on the processing, distribution, and retention of information.  
 Corequisite: Min. COMPASS reading score of 78 or enrollment in READ 0099.  
 Prerequisite: BUED 1112 or permission of instructor.  
 Offered: Summer.
- BUED 2235 Medical Insurance Form Preparation** (3-0-3)  
 This course will cover how to complete a variety of medical forms through hands-on experience. Such forms as universal Medical (HIC), Superbill, Workman's Compensation, Group Hospital Insurance, and Medicaid are included. The latest information on HMOs, DRGs, and HCPCs for Medicare and Medicaid is included. CPT Procedure Coding and ICD 9's Diagnostics Coding are also covered.  
 Corequisite: None.  
 Prerequisite: READ 0099 or a minimum reading CPE score of 75.  
 Offered: On demand.
- BUED 2240 Medical Office Procedures** (3-0-3)  
 Prepares students for secretarial employment in medical offices by developing office skills to a higher level of proficiency. Emphasizes decision-making competencies, human relations techniques, performance patterns, and professional development. Content includes medical environment, medical staff, medical ethics, medical law, interacting with patients, telephoning, scheduling appointments, managing medical records, medical correspondence, communication, mail distribution, health insurance and alternative financing plans, billing and collection, and computerizing the medical office.  
 Prerequisite: READ 0099 or a minimum reading CPE score of 75 and BUED 2251 with grade of C or better or permission of instructor.  
 Offered: Spring.  
 SPECIAL NOTE: BUED 2240 and BUED 2245 are related courses; only one of the two can count towards graduation.
- BUED 2245 Office Procedures** (3-0-3)  
 Prepares students for Office Administration employment by developing office skills received in previous courses to a higher level of proficiency. Decision-making competencies, human relations techniques, performance patterns, and operational skills for the office professional are emphasized. Content includes employment opportunities, work organization, office technology, office reprographics, telecommunications, the office team, public relations, document preparation, mailing services, meeting and conference planning, and travel arrangements.  
 Prerequisite: BUED 1112 with grade of C or better or permission of instructor.  
 Offered: Summer.  
 SPECIAL NOTE: BUED 2240 and BUED 2245 are related courses; only one of the two can count towards graduation.

- BUSA 1005 Business Mathematics** (3-0-3)  
 Basic processes in mathematics, problems, and exercises develop proficiency in quantity-oriented operations. Management-oriented materials are included to introduce mathematics as a tool in management decision-making.  
 Corequisite: None.  
 Prerequisite: READ 0099 or a minimum reading CPE score of 75 and MATH 0099.  
 Offered: On demand.
- BUSA 1100 Financial Planning and Investment Management** (2-0-2)  
 Provides the foundation for studying and applying personal financial planning techniques for a lifetime.  
 Corequisite: Minimum COMPASS reading score of 74 or enrollment in READ 0099.  
 Prerequisite: None.  
 Offered: All semesters.
- BUSA 1105 Introduction to Business** (3-0-3)  
 An integrative study of the functional areas of business (finance, operations, marketing, human resources, etc.).  
 Corequisite: Minimum COMPASS reading score of 74 or enrollment in READ 0099.  
 Prerequisite: None.  
 Offered: Fall, Spring.
- BUSA 1121 Small Business Management** (3-0-3)  
 This course provides an extensive coverage of topics related to small business management and entrepreneurship. Students will learn managing (operation, human resources, risk, and assets), marketing, financing, and evaluation of the financial performance of small businesses. Students will also learn how to prepare a comprehensive business plan.  
 Prerequisites: None.  
 Corequisites: Minimum COMPASS reading score of 74 or enrollment in READ 0099.  
 Offered: On demand.
- BUSA 1145 International Business, Culture and Economics** (2-0-2)  
 This is an introductory course covering various aspects of the international business environment, including global culture and the economy, different political systems and legal systems around the world, the international financial system, and international business management.  
 Prerequisites: None.  
 Corequisites: Minimum COMPASS reading score of 74 or enrollment in READ 0099.  
 Offered: On demand.
- BUSA 1171 Principles of Banking** (3-0-3)  
 This course provides an introduction to the banking industry and highlights nearly every aspect of banking, from the fundamentals of negotiable instruments to contemporary issues and developments within the industry. This course provides the foundation of all AIB training and is designed for personnel, at any level, new to banking.  
 Prerequisite: None.  
 Offered: On demand.

- BUSA 1172 Law and Banking Applications (3-0-3)**  
 This course is devoted to the laws and regulations that govern funds transaction, whether by check, EFT, wire transfers, or letters of credit. In addition, focus is placed on issues of liability, wrongful payment and dishonor, electronic banking, deposit accounts, mutual funds, and annuities. This course is designed for entry- and officer-level personnel who are new to banking or require a refresher course on the legal basis for many banking services and transactions.  
 Prerequisite: None.  
 Offered: On demand.
- BUSA 1173 Money and Banking (3-0-3)**  
 This course describes how money functions in the U.S. and world economies. Topics include the concept of money supply and the role the bank plays as a money creator and participant in the nation's payment mechanism. Other topics include how the various types of financial institutions operate, the workings of monetary and fiscal policies, and the functions and power of the Federal Reserve. This course is designed for officer trainees through mid-management level bankers and banking personnel who have not had a formal course in money and banking.  
 Prerequisite: None.  
 Offered: On demand.
- BUSA 1176 Fundamentals of Consumer Lending (1-0-1)**  
 This course provides basic knowledge about consumer credit. Topics covered include terminology, basic categories of consumer credit, determining credit worthiness, the application process, and bank regulations. This course is designed for participants who currently sell or are otherwise involved in the consumer lending process.  
 Prerequisite: None.  
 Offered: On demand.
- BUSA 1177 Introduction to Relationship Selling (1-0-1)**  
 This course introduces the relationship selling process and the skills and techniques that support a customer, needs-focused, sales approach. This course is designed for any branch personnel involved with in-branch sales.  
 Prerequisite: None.  
 Offered: On demand.
- BUSA 1178 Lending: Introductory (2-0-2)**  
 This is an introductory course on the lending process. The major concepts of lending are presented using a sample consumer loan as a guideline. This course is designed for bank personnel who have an interest in the lending process, but have not yet begun a career in lending.  
 Prerequisite: None.  
 Offered: On demand.
- BUSA 1179 Consumer Lending (3-0-3)**  
 This course on consumer lending provides current information about regulations governing credit practices, and reviews loan processing, cross-selling, and collections. This course is designed for entry-level consumer lenders, consumer credit personnel, and bank employees who need to understand consumer credit.  
 Prerequisite: None.  
 Offered: On demand.

- BUSA 1180 Introduction to Supervision (3-0-3)**  
 This course provides an introduction to supervision in the banking industry. Emphasis is placed on becoming a better manager by focusing on interpersonal relations required of today's successful managers. This course is designed for both practicing and aspiring bank supervisors who have little formal knowledge of supervision.  
 Corequisite: Minimum COMPASS reading score of 74 or enrollment in READ 0099.  
 Prerequisite: None.  
 Offered: On demand.
- BUSA 1181 Analyzing Financial Statements (3-0-3)**  
 This AIB course provides the skills needed to effectively assess a borrower's ability to repay loans. It builds core competencies through instruction and application based on actual small business lending cases.  
 Corequisite: None.  
 Prerequisite: None.  
 Offered: On demand.
- BUSA 1182 Issues for Bankers (1-0-1)**  
 This course covers three topics of interest to bankers. It covers business ethics from a banker's perspective, an understanding of Fair Lending laws as they apply to bank personnel, and the fundamental skills and techniques for using the telephone effectively on the job. Participants explore the importance of ethical behavior in banking from a personal and organizational perspective as well as from the legal perspective. The course also spotlights the importance of the telephone as a business tool and provides techniques for its effective use.  
 Corequisite: None.  
 Prerequisite: None.  
 Offered: On demand.
- BUSA 2105 Communicating in the Business Environment (3-0-3)**  
 A course emphasizing both interpersonal and organizational communications; to include written and oral exercises appropriate to business practice. If the student has not completed ENGL 1102 or the Regents' Testing Program (RTP), he/she must complete BUSA 2105 with a grade of C or better.  
 Prerequisite: ENGL 1101 with grade of C or better.  
 Offered: Fall, Spring.
- BUSA 2106 The Environment of Business (3-0-3)**  
 An introduction to the legal, regulatory, political, social, ethical, cultural, environmental and technological issues which form the context for business; to include an overview of the impact of demographic diversity on organizations.  
 Corequisite: Minimum COMPASS reading score of 74 or enrollment in READ 0099.  
 Prerequisite: None.  
 Offered: All semesters.
- BUSA 2200 Principles of Management (3-0-3)**  
 A study of applied management techniques and practices emphasizing planning, organizing, decision making, staffing, directing, and controlling as they pertain to solving management problems.  
 Corequisite: Min. COMPASS reading score of 74 or enrollment in READ 0099.  
 Prerequisite: None.  
 Offered: Fall, Spring.

- BUSA 2215 Principles of Human Resources Management (3-0-3)**  
 The study of personnel administration as a staff function. It includes discussion of employment standards, procurement and placement, remuneration, training, safety and health, employee services, and labor relations.  
 Corequisite: Minimum COMPA SS reading score of 74 or enrollment in READ 0099.  
 Prerequisite: None.  
 Offered: Fall.
- BUSA 2220 Human Relations (3-0-3)**  
 A study of the patterns of human behavior leading to effective work relationships. The following are discussed: the influence of leadership, the organization itself, peer groups, and the social environment in which the organization exists as related to human motivation.  
 Corequisite: Minimum COMPA SS reading score of 74 or enrollment in READ 0099.  
 Prerequisite: None.  
 Offered: Spring.
- BUSA 2234 Logistics and Supply Chain Management (3-0-3)**  
 This course surveys current practices in logistics management including purchasing, transportation, warehousing and inventory control.  
 Corequisite: None.  
 Prerequisite: None.  
 Offered: On demand.
- BUSA 2235 Inventory Management (3-0-3)**  
 This course provides a comprehensive study of inventory control and warehousing as key functions within the supply chain.  
 Corequisite: None.  
 Prerequisite: None.  
 Offered: On demand.
- BUSA 2236 Transportation and Traffic Management (3-0-3)**  
 This course explores transportation and traffic management principles and techniques including truck, ship, rail, air and intermodal. Topics include selecting carriers, contracting, government regulations, tariffs, documentation, rate structures, import/export management, and interstate/intrastate traffic management.  
 Corequisite: None.  
 Prerequisite: None.  
 Offered: On demand.
- BUSA 2237 Cost, Performance and Customer Service Management For Supply Chain (3-0-3)**  
 This course deals with managing cost and performance issues along the supply chain as they are vital to ensuring high profitability and customer satisfaction.  
 Corequisite: None.  
 Prerequisite: None.  
 Offered: On demand.

- BUSA 2238 Global Logistics** (3-0-3)  
 This course develops a framework for an overview of the theories, commercial dynamics, public policies, laws and the various economic, political and social factors affecting the actual operations and regulation of global trade, transportation, and logistics.  
 Corequisite: None.  
 Prerequisite: None.  
 Offered: On demand.
- BUSA 2239 Purchasing and Material Management** (3-0-3)  
 This course includes an overview of quality assurance, quantity determination, price and cost analysis and supplier relations. The policies and procedures of purchasing management are introduced and issues of concern to today's purchasing professional are discussed.  
 Corequisite: None.  
 Prerequisite: None.  
 Offered: On demand.
- BUSA 2240 Principles of Marketing** (3-0-3)  
 Principles and methods involved in moving goods and services from producers to consumers; the marketing environment, channels of distribution, marketing functions, marketing decision-making, and the merchandising/retailing function of marketing including retail organization, merchandise management, customer services, and retail control.  
 Corequisite: Minimum COMPA SS reading score of 74 or enrollment in READ 0099.  
 Prerequisite: None.  
 Offered: Fall.
- BUSA 2245 Advertising and Promotion** (3-0-3)  
 A study of the factors involved in the marketing communications process. This includes promotional strategy, media selection, promotional segmentation, public relations and sales promotion.  
 Corequisite: Minimum COMPA SS reading score of 74 or enrollment in READ 0099.  
 Prerequisite: None.  
 Offered: On demand.
- BUSA 2250 Retail Management** (3-0-3)  
 A study of the factors involved in the management of a retailing enterprise. This includes store design and layout, structure of the retail organization, retail personnel management, buying and pricing of merchandise, customer service, store security, and basic accounting procedures.  
 Corequisite: None.  
 Prerequisite: READ 0099 or a minimum reading CPE score of 74.  
 Offered: Every other summer – odd years.
- BUSA 2255 Personal Selling** (3-0-3)  
 Includes principles of selling with practical applications such as careers in sales, sales psychology, sales techniques and customer service. Covers concepts and techniques of making an effective sales presentation from prospecting to follow-up.  
 Corequisite: None.  
 Prerequisite: READ 0099 or a minimum reading CPE score of 74.  
 Offered: Every other summer – even years.

- BUSA 2260 Labor Relations (3-0-3)**  
 Labor-management relations including the practice and techniques of collective bargaining with respect to the interrelationships between the individual worker, the union, the employer, and the general public, stressing the responsibilities of labor and management.  
 Corequisite: Minimum COMPASS reading score of 74 or enrollment in READ 0099.  
 Prerequisite: None.  
 Offered: On demand.
- CHEM 1151K Introductory Chemistry (3-2-4)**  
 This course covers the basic principles of chemistry including atomic structure, nuclear chemistry, bonding, solution chemistry, organic chemistry, and a brief introduction to biochemistry. Laboratory exercises supplement the lecture material. Cannot be used with CHEM 1211 or PHSC 1012 to satisfy Area D.  
 Prerequisites: Completion of all Learning Support requirements or permission of the Division Chair.  
 Offered: All semesters.
- CHEM 1211K Principles of Chemistry I (3-3-4)**  
 First course in a two-semester sequence covering the fundamental principles and applications of chemistry designed for science majors. Topics to be covered include composition of matter, nomenclature, stoichiometry, solution chemistry, gas laws, thermochemistry, quantum theory and electronic structure, periodic relations, and bonding. Laboratory exercises supplement the lecture material. Cannot be used with CHEM 1100 or PHSC 1012 to satisfy Area D.  
 Prerequisites: Completion of one year of high school chemistry with a minimum grade of "C" or CHEM 1151K and placement in MATH 1111 or completion of MATH 0099.  
 Offered: All semesters.
- CHEM 1212K Principles of Chemistry II (3-3-4)**  
 Second course in a two-semester sequence covering the fundamental principles and applications of chemistry designed for science majors. Topics include molecular structure, intermolecular forces, properties of solutions, reaction kinetics and equilibria, thermodynamics, and electro- and nuclear chemistry. Laboratory exercises supplement the lecture material.  
 Prerequisite: CHEM 1211K.  
 Offered: All semesters.
- CHEM 2240K Principles of Organic Chemistry I (3-3-4)**  
 This course will cover the properties, methods of preparation, and mechanisms of the principle classes of carbon compounds. Laboratory instruction will include basic techniques for preparation, purification and identification of organic compounds. Laboratory exercises supplement the lecture material.  
 Prerequisite: CHEM 1212K or consent of Division Chair.  
 Offered: Fall, Summer.
- CHEM 2241K Principles of Organic Chemistry II (3-3-4)**  
 This is a continuation of CHEM 2240K. Laboratory exercises supplement the lecture material. Prerequisite: CHEM 2240K.  
 Offered: Spring, Summer.

- CISM 0099 Beginning Computers (1-0-1)**  
 A course designed to prepare the new computer user with the basics of computer operation. Topics include how to turn the computer on, use of the mouse and the keyboard, introduction to the Internet and e-mail, and the use of a basic word processing package.  
 Prerequisite: None.  
 Offered: On demand.
- CISM 1100 Computer Concepts and Software Applications (2-0-2)**  
 A course designed to assure a basic level of computer applications literacy, including basic hardware and software, societal issues, word processing and spreadsheet software using Microsoft Word and Excel, as well as LAN, e-mail and Internet use. Taking both CISM 1100 and CISM 1101 is equivalent to CISM 2201. Credit for graduation may be received only for (a) CISM 2201 or (b) CISM 1100 or (c) CISM 1100 and CISM 1101. CISM 2201 and CISM 1100 are related courses; credit may not be received for both.  
 Corequisite: Minimum COMPA SS reading score of 74 or enrollment in READ 0099.  
 Prerequisite: None.  
 Offered: On demand.
- CISM 1101 Computer Applications (1-0-1)**  
 Designed to provide basic competency in database management and presentation software using Microsoft Access and Power Point. Designed for those students who take CISM 1100 and later decide to major in Business Administration or Computer Information Systems. Taking both CISM 1100 and CISM 1101 is equivalent to CISM 2201. Credit for graduation may be received only for (a) CISM 2201 or (b) CISM 1100 or (c) CISM 1100 and CISM 1101. CISM 2201 and CISM 1100 are related courses; credit may not be received for both.  
 Prerequisite: CISM 1100.  
 Offered: Fall, Spring, Summer.
- CISM 2201 Fundamentals of Computer Applications (3-0-3)**  
 A course designed to assure a basic level of computer applications literacy, including basic hardware and software, societal issues, word processing, spreadsheet, database, presentation software using Microsoft Word, Excel, Access, and PowerPoint, as well as LAN, e-mail and Internet use. Taking both CISM 1100 and CISM 1101 is equivalent to CISM 2201. Credit for graduation may be received only for (a) CISM 2201 or (b) CISM 1100 or (c) CISM 1100 and CISM 1101. CISM 2201 and CISM 1100 are related courses; credit may not be received for both.  
 Corequisite: Minimum COMPA SS reading score of 74 or enrollment in READ 0099.  
 Prerequisite: None.  
 Offered: Fall, Spring, Summer.
- COMM 1000 Cultural Diversity in Communication (2-0-2)**  
 This course emphasizes the patterns of public and interpersonal communication among and between ethnic groups and minority cultures globally with strategies and skills for improving the quality of those interactions. This class will deepen the understanding of communication as a social process using the course as a public speaking forum.  
 Prerequisite: READ 0099.  
 Offered: All semesters.

- COMM 1100 Human Communications** (3-0-3)  
 This course provides a broad approach to oral communication skills including intrapersonal, interpersonal, small group, and public speaking. The course will also examine intercultural and mass communication.  
 Prerequisite: READ 0099.  
 Offered: On demand.
- COMM 1110 Public Speaking** (3-0-3)  
 The organization of materials and the vocal and physical aspects of delivery in various speaking situations will be the focus of this course.  
 Prerequisites: READ 0099 and ENGL 0099.  
 Offered: All semesters.
- COMM 1111 Issues in Argumentation and Advocacy** (3-0-3)  
 This course investigates the nature of argumentation in personal, social, and political processes of controversial issues in public policy, emphasizing the structures and strategies of argumentation. Special focus will be on oral presentations of developed argumentative discourses and practice of the practical skills of public debate employed in advocacy. Required of majors.  
 Prerequisites: READ 0099 and ENGL 0099.  
 Offered: On demand.
- COMM 2105 Introduction to Interpersonal Communication** (3-0-3)  
 This course examines the dynamics of communication. It focuses on basic processes in face-to-face interaction from the perspective of communication competence. Analyzes the variability of design, production, exchange, and interpretation of messages in relational family, professional, and cultural contexts. It develops skills in oral communication and building relationships. Required of majors.  
 Prerequisite: READ 0099.  
 Offered: Spring.
- COMM 2210 Voice and Diction** (3-0-3)  
 This course includes study and extensive practice of phonetics, enunciation, and listening skills. This course is designed for those who wish to have a career in which strong speaking skills are needed. This course could also be helpful for those who study English as a second language. It is not intended for use as a speech correction/pathology course. A variety of methods will be used such as those credited to Linklater and Lessac.  
 Prerequisite: READ 0099.  
 Offered: On demand.
- COMM 2220 Introduction to Small Group Communication** (3-0-3)  
 This course examines the dynamics of the group communication process, focusing on basic theories of group communication and emphasizes performance-based application within the group setting. Analyses of listening in groups, verbal and nonverbal communication, conflict and cohesion, argumentation, and decision-making are included. The oral communication component offers experience formulating and delivering group presentations. Required of majors.  
 Prerequisite: READ 0099.  
 Offered: Fall.

- COMM 2230 Introduction to Mass Communication (same as JOUR 1100)** (3-0- 3)  
 Introduction to mass communication is a survey of the field of mass communication, including newspapers, magazines, radio, television, cable television, and public relations and advertising, with emphasis on the historical development, current practices, and future trends of these media. This course is also listed as JOUR 1100.  
 Prerequisite: None.  
 Offered: Fall and Spring.
- COMM 2235 News Writing (same as JOUR 1110)** (3-0-3)  
 Introductory course in writing for the mass media, with emphasis on gathering, writing, and reporting for newspapers and broadcast media. This course is also listed as JOUR 1110.  
 Prerequisite: ENGL 1101.  
 Offered: Fall.
- COPR 1100 Computer & Internet Basics** (1-0-1)  
 Study of the Internet; research skills on the World Wide Web, including Georgia Library Learning Online (GALILEO); basic computer and Windows concepts; how to use electronic mail, including listservs. Hands-on experience will be emphasized in all areas.  
 Prerequisite: None.  
 Offered: On demand.
- COPR 1103 Incorporating Web Content into the Classroom** (1-0-1)  
 A course designed to introduce and train educators to incorporate the Web into their classroom activities.  
 Prerequisite: Internet skills & working knowledge of one or more software packages.  
 Offered: On demand.
- COPR 1105 Multimedia Presentations I** (1-0-1)  
 A study of computer multimedia presentation principles and techniques using several software packages such as Microsoft PowerPoint.  
 Corequisite: Min. COMPASS reading score of 74 or enrollment in READ 0099.  
 Prerequisite: Have a working knowledge of one or more software packages.  
 Offered: On demand.
- COPR 1108 Survey of Online Instruction and Technology** (1-0-1)  
 A course designed to familiarize online faculty with Darton college policies and to assure a basic level of WebCT Vista and Banner software ability as needed for the development and teaching of online classes for Darton College.  
 Prerequisites: Permission of the Dean/Division Chair.  
 Offered: On demand.
- COPR 1110 Multimedia Presentations II** (1-0-1)  
 A study of advanced computer presentation principles and techniques using several software packages.  
 Prerequisite: COPR 1105.  
 Offered: On demand.
- COPR 1112 Educational Spreadsheet Applications** (1-0-1)  
 This course will explore the use of elements of Microsoft Excel to design and create spreadsheets relevant to the educational setting.  
 Prerequisite: COPR 1100 or permission of the instructor.  
 Offered: On demand.

- COPR 1114 Facilitating Learning Online** (2-0-2)  
 This course is designed for faculty and future teachers who are or may be facilitating online courses. This course demonstrates and shares a spectrum of online learning concepts, theories, and principles using interactive and collaborative experiences. It is designed to improve the facilitation skills of faculty members who offer online courses in higher education and is focused on theory, concepts, and practices for effective online facilitation. F.L.O. is presented in GeorgiaView and models effective facilitation skills, however it is **not** intended to teach specific technical skills related to GeorgiaView or any other software used to deliver online facilitated courses. GeorgiaView tutorials if needed are available in Course Resources on the course homepage.  
 Prerequisite: Knowledge of and ability to function in GeorgiaView and the Internet.  
 Corequisites: None.  
 Offered: On demand.
- COPR 1116 Educational Word Processing Applications** (1-0-1)  
 This course emphasizes educational application of word processing skills in classroom management and learning activities using interactive and multimedia elements.  
 Prerequisite: COPR 1100 or permission of the instructor.  
 Offered: On demand.
- COPR 1119 Power Point with Educational Applications** (1-0-1)  
 This course will use MS PowerPoint to create multimedia presentations for viewing on a classroom computer or the Internet. Design and use of presentations to enhance lectures, student reports, projects. Discussions and assessments are emphasized.  
 Prerequisite: COPR 1100 or permission of the instructor.  
 Offered: On demand.
- COPR 1122 Introduction to Instructional Technology** (3-0-3)  
 A course designed to introduce the student to the use of computers, software and the Internet in the online academic setting. This course will offer a survey of the theory of instructional design and the use of the computer as an instructional tool.  
 Prerequisites: None.  
 Corequisites: None.  
 Offered: On demand.
- COPR 1123 Web-based Tools and Applications for Education** (3-0-3)  
 A course designed to introduce the student to the selection, creation, utilization and evaluation of web-based tools in the online classroom environment. Students will learn how to evaluate and select web-based tools and applications for use in the online classroom as well as how to implement and utilize applications in the online classroom setting.  
 Prerequisites: None.  
 Corequisites: None.  
 Offered: On demand.

- COPR 1124 Online Communication Technologies** (3-0-3)  
 A course designed to introduce the student to a variety of communication technologies that can be used in the online classroom environment. Students will learn how to use discussion boards, email, voice/video chat, instant messaging, and blog/journaling within their courses to enhance student-teacher and student-student communication.  
 Prerequisites: None. Corequisites: None.  
 Offered: On demand.
- COPR 1125 Instructional Design of the Online Course** (3-0-3)  
 A course designed to familiarize students with the process of instructional design. This course will introduce students to the systematic process of analyzing the learner, developing & selecting objectives, assessment instruments, & instructional materials & evaluating & re-evaluating the instructional design of a course.  
 Prerequisites: None.  
 Corequisites: None.  
 Offered: On demand.
- COPR 2220 Visual Basic for Business Applications** (3-0-3)  
 Structured programming concepts are studied & used in designing Visual Basic programs.  
 Prerequisite: Grade of C or better in CISM 2201 or CISM 1100 or have a working knowledge of one or more software packages.  
 Offered: On demand.  
 Note: COPR 2214 has been eliminated.
- COPR 2225 Advanced Spreadsheet Applications** (3-0-3)  
 The study of advanced topics in the use of electronic spreadsheets. Hands-on experience will be provided through the use of a popular spreadsheet software package such as Microsoft Excel.  
 Prerequisite: Grade of C or better in CISM 2201 or CISM 1100 or have a working knowledge of a spreadsheet package & a Compass Math score of at least 30 or completion of MATH 0097.  
 Offered: On demand.
- COPR 2226 Advanced PowerPoint/Access** (3-0-3)  
 The course offers students the opportunity to develop advanced skills using Microsoft PowerPoint and Microsoft Access at levels appropriate for the Microsoft Certified Application Specialist exams.  
 Prerequisites: CISM 2201 or CISM 1101 or permission of instructor.  
 Corequisites: None.  
 Offered: On demand.
- COPR 2230 Systems Analysis** (3-0-3)  
 Study of systems analysis and design procedures as they relate to business-oriented applications. Team projects allow students to gain experience by using tools available to the systems analyst.  
 Prerequisite: CISM 2201 with grade of C or better or permission of instructor.  
 Offered: On demand.

- COPR 2235 Database Management Systems (3-0-3)**  
 The study of database management theory and practice. Experience with designing, creating and utilizing databases will be achieved through hands-on projects using a popular software package such as Microsoft Access.  
 Prerequisite: CISM 2201 or CISM 1101 with grade of C or better or permission of instructor.  
 Offered: On demand.
- COPR 2244 Introduction to Networking (4-0-4)**  
 Provides an overview of LAN, MAN, and WAN networking concepts and technologies including media, devices, topologies, the OSI model, protocols, network architectures, and troubleshooting techniques. Basic network administration and concepts are introduced with an emphasis on practical networking situations.  
 Prerequisite: COPR 2250, CSCI 1300, or CSCI 1301 or permission of instructor.  
 Offered: On demand.
- COPR 2245 Configuring Windows Client Operating Systems (4-2-5)**  
 Intended for students who plan to be support specialists that will be responsible for installing, configuring, managing and supporting a network infrastructure that use the Microsoft operating system products.  
 Corequisite: None.  
 Prerequisite: COPR 2244 with grade of C or permission of instructor.  
 Offered: On demand.
- COPR 2246 Managing and Maintaining a Windows Server (4-2-5)**  
 Designed for students to learn the proper procedures to plan and maintain a Windows network operating system infrastructure.  
 Prerequisite: COPR 2244 with a grade of C or permission of instructor.  
 Offered: On demand.
- COPR 2250 Computer Systems Support I (3-0-3)**  
 Topics include, but are not limited to: how to install hardware such as drives, modems, memory, network cards, etc.; installing software, resolving conflicts, configuring IRQs; using printer and video drivers; and configuring PC operating systems. Follows A+ certification curriculum.  
 Prerequisite: Grade of C or better in CISM 2201 or permission of instructor.  
 Offered: Fall, Spring.
- COPR 2251 Computer Systems Support II (3-0-3)**  
 An advanced study of hardware and operating systems. Topics include troubleshooting and peer-to-peer networking. Follows A+ certification curriculum.  
 Prerequisite: COPR 2250 or permission of instructor.  
 Offered: Fall, Spring.
- COPR 2255 Special Problems in Computer Systems (3-0-3)**  
 This course is designed to provide students with the opportunity to study one or more of a broad range of current topics and applications. The topics chosen may be those that are not covered in another course and that reflect the rapidly changing nature of this field. Students may use a maximum of 12 hours of Special Topics in Computer Systems in a program of study.  
 Prerequisite: To be determined by instructor.  
 Corequisite: To be determined by instructor.  
 Offered: On demand.

- COPR 2256 Special Problems in Computer Systems (2-0-2)**  
 This course is designed to provide students with the opportunity to study one or more of a broad range of current topics and applications. The topics chosen may be those that are not covered in another course and that reflect the rapidly changing nature of this field. Students may use a maximum of 12 hours of Special Topics in Computer Systems in a program of study.  
 Corequisite: To be determined by instructor.  
 Prerequisite: To be determined by instructor.  
 Offered: On demand.
- COPR 2257 Special Problems in Computer Systems (1-0-1)**  
 This course is designed to provide students with the opportunity to study one or more of a broad range of current topics and applications. The topics chosen may be those that are not covered in another course and that reflect the rapidly changing nature of this field. Students may use a maximum of 12 hours of Special Topics in Computer Systems in a program of study.  
 Corequisite: To be determined by instructor.  
 Prerequisite: To be determined by instructor.  
 Offered: On demand.
- COPR 2260 Introduction to Website Creation (1-0-1)**  
 Study of the skills necessary to design web pages for publication to the Internet. Use of text, color, and graphics effectively and layout of pages for viewing on multiple platforms. Students create and publish a personal web page and a small community website.  
 Prerequisite: CISM 2201 or permission of instructor.  
 Offered: On demand.
- COPR 2263 Internetworking Concepts (2-0-2)**  
 Provides an in-depth analysis of how different networks interconnect and communicate using industry standards. Topics covered include types of networks, network architectures, advanced bridging and routing. Enterprise-Wide networks, the Internet model, network security, and selecting appropriate interconnect devices and technologies.  
 Prerequisites: COPR 2265 and COPR 2245.  
 Offered: On demand.
- COPR 2281 Cisco I: Networking for Home and Small Businesses (5-0-5)**  
 CCNA1: Networking Basics is the first of the four courses leading to the Cisco Certified Network Associate (CCNA) certification. The goal of this course is to introduce the student to fundamental networking concepts and technologies. This course provides a hands-on introduction to networking and the Internet using tools and hardware commonly found in the home and small business environment. This course covers skills necessary to plan and implement small networks across a range of applications needed to obtain entry-level Home Network Installer jobs. It also provides the foundation skills needed for Network Technician, Computer Technician, Cable Installer, and Help Desk Technician jobs. Hands-on labs will reinforce lectures.  
 Prerequisite: Grade of C or better in CISM 2201 or permission of instructor.  
 Students without some background in computer networks may find taking COPR 2244 prior to this course helpful.  
 Offered: On demand.

- COPR 2282 Cisco II: Working at a Small-to-Medium Business or ISP (5-0-5)**  
 CCNA2: Working at a Small-to-Medium Business or ISP is the second of four courses leading to the Cisco Certified Network Associate (CCNA) certification. The goal of this course is to assist the student in developing the skills necessary to provide customer support to users of small-to-medium networks and across a range of applications. The course provides an introduction to routing and remote access, addressing and network services. It will also familiarize the student with servers providing e-mail services, web space, and Authenticated Access. This course covers skills required for entry-level Help Desk Technician and entry-level Network Technician jobs. In addition, the student will complete preparation for the Cisco Certified Entry Network Technician (CCENT) exam. Hands-on labs will reinforce lectures.  
 Prerequisite: COPR 2281.  
 Offered: On demand.
- COPR 2283 Cisco III: Introducing Routing and Switching in the Enterprise (5-0-5)**  
 CCNA3: Introducing Routing and Switching in the Enterprise is the third of four courses leading to the Cisco Certified Network Associate (CCNA) certification. The goal of this course is to assist the student in developing skills necessary to use protocols to maximize enterprise LAN and WAN performance. The course provides more advanced configurations of switching and routing protocols, configuration of access control lists, and basic implementation of WAN links. It also provides detailed troubleshooting guidance for LAN, WAN, and VLAN implementations. This course prepares the student with the skills required for entry-level Network Technician, Help Desk Technician and Computer Technician jobs. Hands-on labs will reinforce lectures.  
 Prerequisite: COPR 2282.  
 Offered: On demand.
- COPR 2284 Cisco IV: Designing and Supporting Computer Networks (5-0-5)**  
 CCNA4: Designing and Supporting Computer Networks is the last of four courses leading to the Cisco Certified Network Associate (CCNA) certification. The goal of this course is to assist the student in developing the skills necessary to design small Enterprise LANs and WANs. The course provides an introduction to collecting customer requirements, translating those requirements into equipment and protocol needs, and creating a network topology which addresses the needs of the customer. It will also familiarize the student with how to create and implement a design proposal for a customer. This course prepares the student with the skills required for entry-level Pre-Sales Support and entry-level Network Design jobs. In addition, the student will complete preparation for the CCNA exam. Hands-on labs will reinforce lectures.  
 Prerequisite: COPR 2283.  
 Offered: On demand.
- COPR 2287 Advanced Access (3-0-3)**  
 Covers advanced Microsoft Access skills including, but not limited to, complex reports and forms with subforms, using Switchboard Manager, integration with other Microsoft Office programs, using Web features, macros, modules, and introduction to VBA.  
 Prerequisites: A grade of "C" or better in CISM 2201 or permission of instructor.  
 Offered: On demand.

- COPR 2290 UNIX** (1-3-2)  
 Designed to provide students with an understanding of UNIX tools, programming, and administration. Special emphasis will be given to the X Window System graphical user interface and Internet use.  
 Prerequisite: CISM 2201 or permission of instructor.  
 Offered: On demand.
- COPR 2291 Fundamentals of UNIX** (3-0-3)  
 Designed to provide students with an understanding of UNIX commands and filters and basic operating environment commands. Students learn the fundamental command-line features including file system navigation, file permissions, text editors, command shells and basic network use.  
 Prerequisite: COPR 2244 with a grade of C or better or permission of the instructor.  
 Offered: On demand.
- COPR 2301 Maintaining a Windows Network Infrastructure** (4-2-5)  
 Designed to provide students with the knowledge and skills necessary to successfully plan, implement, and troubleshoot a Microsoft Windows Active Directory directory service infrastructure. The course focuses on forest and domain structure, Domain Name System (DNS), site topology and replication, organizational unit structure and delegation of administration, Group Policy, and user, group, and computer account strategies.  
 Prerequisites: COPR 2246 with grade of C or better or permission of instructor.  
 Offered: On demand.
- COPR 2302 Planning and Maintaining a Windows Network Infrastructure** (4-2-5)  
 Designed to provide students with the knowledge and skills necessary to implement, manage and maintain a Microsoft network infrastructure. Students will be provided with the skills and knowledge necessary to configure a Windows-based computer to operate in a Microsoft networking infrastructure. Real life enterprise conditions will be simulated through lab exercises.  
 Prerequisites: COPR 2246 with a grade of C or better or permission of instructor.  
 Offered: On demand.
- COPR 2303 Planning and Maintaining Windows Active Directory** (4-2-5)  
 Provides students with the knowledge and skills to design a Microsoft Active Directory directory service and network infrastructure for a Microsoft network environment.  
 Prerequisites: COPR 2246 with a grade of C or better or permission of instructor.  
 Offered: On demand.
- COPR 2304 Designing Security for a Windows Network** (4-2-5)  
 Provides students with the knowledge and skills necessary to design a security framework for small, medium, and enterprise networks using Microsoft technologies.  
 Prerequisite: COPR 2246 with a grade of C or permission of instructor.  
 Offered: On demand.

- COPR 2311 Website Architecture and Development I** (3-0-3)  
 This course is designed to introduce students to website creation and development with HTML and XHTML. The students gain proficiency in website creation with the use of basic HTML/XHTML using frames, tables, lists and forms.  
 Prerequisite: CISM 2201 with a grade of C or better (or equivalent) or basic computer literacy.  
 Offered: On demand.
- COPR 2312 Website Architecture and Development II** (3-0-3)  
 This course is designed to introduce students to website creation and development with JavaScript, DHTML, Multimedia content, and XML. The students will gain proficiency in website creation with the use of JavaScript, DHTML, Multimedia content such as streaming media, and XML.  
 Prerequisite: COPR 2311 Website Architecture and Development I with a grade of C or better.  
 Offered: On demand.
- COPR 2313 Web Server Administration** (3-0-3)  
 This course is designed to prepare a student with the basic knowledge and skills to be a Web Server Administrator. This course covers both the Linux Apache and Microsoft Internet Information Server environments.  
 Prerequisite: COPR 2311 Website Architecture and Development I with a grade of C or better.  
 Offered: On demand.
- COPR 2314 Dynamic Website Development with Cold Fusion** (3-0-3)  
 This course is designed to introduce students to the creation and deployment of web-based applications using the Cold Fusion Markup Language (CFML) and Cold Fusion Studio for middleware deployment and administration.  
 Prerequisites: COPR 2311 Website Architecture and Development I and Database administration course with a grade of C or better (or equivalent course in a database application.)  
 Offered: On demand.
- COPR 2321 Basic Principles of Network Security** (3-0-3)  
 This course provides an introduction in the basics of network security. Topics include providing a secure framework for an organization, the basics of cryptography, the development of policies and procedures for overall security and various methods of attack and potential compromise of a computer or networking system.  
 Prerequisite: CISM 2201 or permission of instructor.  
 Offered: On demand.

- COPR 2328 Enterprise Messaging** (4-2-5)  
 This course provides an introduction into the basics of enterprise messaging with a focus on Microsoft Exchange. Topics include configuring Outlook and Outlook Web Access (OWA) clients, the administration of Public Folders, configuring and managing Exchange Server Managing Routing and Internet Connectivity, backup and recovery or Exchange Server and securing Exchange Server.  
 Prerequisites: COPR 2301 or permission of instructor.  
 Offered: On demand.
- COPR 2330 Implementing and Maintaining SQL Server** (4-2-5)  
 This course provides an introduction into the basics of SQL Server operations. Topics include installing and configuring SQL Server, implementing high availability and disaster recovery, supporting data clients, maintaining databases, monitoring and troubleshooting SQL Server performance and creating and implementing database objects.  
 Prerequisites: COPR 2246 with a "C" or better or permission of instructor.  
 Corequisites: None.  
 Offered: On demand.
- COPR 2334 Computer Forensics** (3-0-3)  
 This course provides an introduction into the basics of computer forensics. Topics include current computer forensics tools, digital evidence controls, working with Windows and DOS Systems, Macintosh and Linux Boot Processes and File Systems, Data Acquisition and Computer Forensics Analysis.  
 Prerequisites: COPR 2250 and COPR 2251 or permission of instructor.  
 Corequisites: None.  
 Offered: On demand.
- COPR 2337 Advanced Principles of Network Security** (3-0-3)  
 This course examines and covers the ten (10) domains of Information System Security as defined by the International Information Systems Security Certification Consortium, Inc. Upon completion of this course, the student will be able to demonstrate an understanding of the ISC Common Body of Knowledge (CBK) of the Information System Security procedures and suggested policies.  
 Prerequisites: COPR 2339, COPR 2321.  
 Offered: On demand.
- COPR 2341 Microsoft Word Applications** (3-0-3)  
 An intermediate study of Microsoft Word. Topics will include creating a table of contents and indexes; tracking, accepting, and rejecting document changes; creating, editing, and running macros; and creating forms. Extensive hands-on exercises are included.  
 Prerequisite: CISM 1100, CISM 2201, or permission of instructor.  
 Offered: On demand.
- COPR 2342 Advanced Microsoft Word Applications** (3-0-3)  
 An advanced study of Microsoft Word with an emphasis on desktop publishing applications. Extensive hands-on exercises are included.  
 Prerequisite: COPR 2341 or permission of instructor.  
 Offered: On demand.

**COPR 2405 Advanced Cisco: Implementing Cisco IOS Network Security (5-0-5)**

This course develops associate-level knowledge and skills required to secure Cisco networks. The student will exercise the skills required to develop a security infrastructure, recognize threats and vulnerabilities to networks, and mitigate security threats. The CCNA Security curriculum emphasizes core security technologies, the installation, troubleshooting and monitoring of network devices to maintain integrity, confidentiality and availability of data and devices, and competency in the technologies that Cisco uses in its security structure.  
Prerequisites: COPR 2284 – Cisco IV, or Cisco Certified Network Associate (CCNA) designation, or permission of instructor.  
Offered: On demand.

**COPR 2407 Advanced Cisco: Implementing Cisco IOS Unified Communications (5-0-5)**

This course develops the required skill set for specialized job roles in voice technologies such as voice technologies administrator, voice engineer, and voice manager. The student will exercise skills in VoIP technologies such as IP PBX, IP telephony, handset, call control, and voicemail solutions. The CCNA Voice curriculum provides a strong foundation in voice applications and infrastructure concepts; and the skills to perform baseline installation, operation, and maintenance tasks on Cisco VoIP solutions, particularly the Smart Business Communications system from 8-250 lines.  
Prerequisites: COPR 2284 - Cisco IV, or Cisco Certified Network Associate (CCNA) designation, or permission of instructor.  
Offered: On demand.

**COPR 2409 Advanced Cisco: Implementing Cisco Unified Wireless Networking Essentials (5-0-5)**

This course develops the knowledge and skills necessary to configure, implement and support wireless LANs, specifically those networks using Cisco equipment. With CCNA Wireless the student will learn how to support a basic wireless network on a Cisco WLAN in a SMB to enterprise network. The CCNA Wireless curriculum includes information and practice activities to enable them to configure, monitor and troubleshoot basic tasks of a Cisco WLAN in SMG and Enterprise networks.  
Prerequisites: COPR 2284 - Cisco IV, or Cisco Certified Network Associate (CCNA) designation, or permission of instructor.  
Offered: On demand.

**CRJU 1100 Introduction to Criminal Justice (3-0-3)**

The history, philosophy and problems of criminal justice in America. The justice process, federal, state & local law enforcement, courts, corrections organization, and functions.  
Corequisite: Min. COMPASS reading score of 74 or enrollment in READ 0099.  
Prerequisite: None.  
Offered: Fall.

**CRJU 1110 Criminal Justice Management and Supervision (3-0-3)**

Development of modern criminal justice management and supervisory theory and practices. Leadership roles, problem solving, critical thinking skills, personnel management, hiring, retention, and assignment. Issues in management of criminal justice agencies of all sizes.  
Corequisite: Minimum COMPASS reading score of 74 or enrollment in READ 0099.  
Prerequisite: None.  
Offered: On demand.

- CRJU 2205 Introduction to Criminal Law (3-0-3)**  
 Development of substantive criminal law. Crimes against persons, property and public order. Criminal procedure, constitutional basis, speech, assembly, arrest, search, self-incrimination and right to counsel, due process, and civil rights.  
 Corequisite: Minimum COMPASS reading score of 74 or enrollment in READ 0099.  
 Prerequisite: None.  
 Offered: Spring.
- CRJU 2215 Introduction to Criminology (3-0-3)**  
 Nature, distribution and characteristics of crime and the criminal; major theories of crime causation.  
 Corequisite: Minimum COMPASS reading score of 74 or enrollment in READ 0099.  
 Prerequisite: None.  
 Offered: Spring.
- CRJU 2230 Introduction to Corrections (3-0-3)**  
 Development of modern correctional thinking; characteristics of the correctional institution and the inmate; correctional methods in the institution and the community; the future of corrections.  
 Corequisite: Minimum COMPASS reading score of 74 or enrollment in READ 0099.  
 Prerequisite: None.  
 Offered: Fall.
- CRJU 2240 Budgeting and Grant Management for Crim. Justice Managers (3-0-3)**  
 Budgeting styles, practices, preparation, and presentations; legal aspects and requirements for budgets; grant research, preparation, and management for criminal justice managers and supervisors.  
 Corequisite: Minimum COMPASS reading score of 74 or enrollment in READ 0099.  
 Prerequisite: None.  
 Offered: On demand.
- CSCI 1150 Computer Programming in Visual Basic (3-0-3)**  
 This is a course which presents the fundamentals of programming with Visual Basic. Topics covered will include problem solving, program development, data types, subroutines, control structures for selection and loops, file processing, arrays, functions, strings, and graphics.  
 Prerequisite: MATH 1101 or MATH 1111 or consent of Division Chair.  
 Offered: Fall.
- CSCI 1300 Introduction to Computer Science (3-0-3)**  
 This is an introduction to structured programming using the C++ programming language. The course includes an overview of computers and programming; problem-solving and algorithm development; simple data types; arithmetic and logical operators, selection structures, repetition structures, text files; arrays (one- and two-dimensional); procedural abstraction and software design; modular programming (including subprograms or the equivalent).  
 Prerequisite: MATH 1111 or MATH 1101 or consent of Division Chair.  
 Offered: All semesters.

- CSCI 1301 Computer Science I** (3-2-4)  
 This is an introduction to fundamentals of programming using the object-oriented programming language Java. The course includes an overview of computers and programming. This course includes the fundamentals of the object-oriented paradigm (classes, objects, encapsulation, inheritance and polymorphism.) It also includes simple data types; arithmetic and logical operations, selection structures, repetition structures, and array (one dimensional.)  
 Prerequisite: CSCI 1300 or consent of Division Chair.  
 Offered: All semesters.
- CSCI 1302 Computer Science II** (3-2-3)  
 This is a continuation of CSCI 1301. The course includes an overview of abstract data types (ADTs); arrays (Two-dimensional and multi-dimensional), data structures such as structures, strings, binary files; introduction to algorithm analysis (including Big-O); recursion, pointers and linked lists, software engineering concepts; dynamic data structures (stacks, queues, trees).  
 Prerequisite: CSCI 1301 or consent of Division Chair.  
 Offered: Fall, Spring.
- CSCI 1371 Computing for Engineering** (3-0-3)  
 Foundations of computing with an introduction to design and analysis of algorithm and an introduction to design and construction of programs for engineering problem-solving.  
 Prerequisites: MATH 1113.  
 Corequisite: None.  
 Offered: On demand.
- CVTE 1100 Introduction to Cardiovascular Technology** (1-0-1)  
 This course is designed to provide the student with the basic understanding of the Cardiovascular Technician Profession. Topics of discussion will include Invasive Cardiology, Non-Invasive Cardiology, Basic Cardiovascular Anatomy and Physiology, basic Cardiovascular terminology, basic Electrocardiography (ECG/EKG), ethical and legal considerations, vital signs, current and coming technology related to the field of study, employment opportunities, outlook, and earnings potential as defined by the U.S. Department of Labor. A field trip will also be used to help enhance the learning of the Cardiovascular Technician student.  
 Corequisites: None.  
 Prerequisite: Completion of all Learning Support requirements.  
 Offered: Summer.
- CVTE 1110 Cardiovascular Pharmacology** (3-0-3)  
 This course is designed to provide the student with the basic understanding of Cardiopulmonary pharmacology. Topics of discussion will include Medical-Legal aspects, documentation, routes of administration, and Pharmacodynamics and Pharmacokinetics of the following: Analgesic, Anesthetic, Narcotic medications and reversal agents, Antiarrhythmic medications, Antihypertensive medications, Cardiac Stimulants, Antianginal medications, Anticoagulant, Antiplatelet and Thrombolytic medications, Diuretics, Oxygen, and miscellaneous medications as they relate to the professional field.  
 Prerequisite: Admission to the Cardiovascular Technology Program. CVTE 1100 is required as a Prerequisite or a Corequisite.  
 Corequisite: CVTE 1115, CVTE 1118, CVTE 1131.  
 Offered: Fall semester.

**CVTE 1115 Cardiopulmonary Anatomy & Physiology (3-0-3)**

This course is designed to provide the student with the understanding of Cardiac Anatomy and Physiology. Areas of study include normal cardiovascular anatomy and physiology, embryology, congenital heart disease, and acquired cardiac and vascular diseases, microcirculation, autoregulation, blood components, fluid and electrolytes, lymphatics, acid base balance, oxygen transport and rennin angiotensin system.

Prerequisite: Admission to the Cardiovascular Technology Program. CVTE 1100 is required as a Prerequisite or a Corequisite.

Corequisite: CVTE 1110, CVTE 1118, CVTE 1131.

Offered: Fall semester.

**CVTE 1118 Physics of Ultrasound (1-0-1)**

This course defines the basic principles of ultrasound physics and introduces the student to their practical use in diagnostic ultrasound. Topics of discussion will include definition of sound, propagation of sound in tissue, transducers, Doppler signal processing, Doppler instrumentation, ultrasound imaging and ultrasound safety.

Prerequisite: Admission to the Cardiovascular Technology Program. CVTE 1100 is required as a Prerequisite or a Corequisite.

Corequisite: CVTE 1110, CVTE 1115, CVTE 1131.

Offered: Fall semester.

**CVTE 1120 Non-Invasive Cardiology I (4-3-5)**

This course in non-invasive cardiology highlights the theory, rationale, application, performance and interpretation of the following modalities: auscultation, normal and abnormal heart sounds, phonocardiography, M-mode, A-mode and two-dimensional Doppler. The laboratory portion introduces the student to non-invasive cardiology by hands-on experience with the above mentioned modalities.

Prerequisites: CVTE 1110, CVTE 1115, CVTE 1118, CVTE 1131.

Corequisite: CVTE 1130.

Offered: Spring semester.

**CVTE 1130 Physics of Invasive Cardiology I (4-3-5)**

This course serves as an introduction to the cardiac catheterization laboratory with an emphasis placed on basic cardiac catheterization protocols, theory and application of angiographic procedures, and the concept of sterile technique. Additional topics include aseptic techniques, sterilization, patient assessment, radiography, pharmacology, cardiovascular waveform analysis, coronary artery anatomy, equipment and tools utilized in cardiac catheterization, hemodynamic data and analysis, right and left heart catheters, and complications and treatment of cardiac catheterization. The laboratory portion provides an introduction to the cardiac catheterization laboratory with an emphasis on the above mentioned items.

Prerequisite: CVTE 1110, CVTE 1115, CVTE 1118 and CVTE 1131,

Corequisite: CVTE 1120

Offered: Spring semester.

- CVTE 1131 Patient Assessment (2-3-3)**  
 This course introduces the concepts and techniques of patient assessment through inspection, palpation, percussion, and auscultation. The student will demonstrate proficiency in patient physical examination, and taking a complete patient medical history. Principles of barrier protection for blood and body fluid exposures and isolation precautions will be emphasized. Basic ECG monitoring, basic laboratory values such as CBC, electrolytes, and basic microbiology are presented. Assessment of critically ill patients is introduced. Each student will be required to successfully complete a Lab competency check-off in order to progress to CVTE 1120.  
 Prerequisites: Admission to the Cardiovascular Technology Program. CVTE 1100 is required as a Prerequisite or a Corequisite.  
 Corequisites: CVTE 1110, CVTE 1115, CVTE 1118.  
 Restricted: Admission to the Cardiovascular Technology Program.  
 Offered: Fall semester.
- CVTE 2110 Non-Invasive Cardiology II (4-3-5)**  
 This course is a continuation of CVTE 1120 and presents an in-depth view of the diagnosis of common disease states. The application of theory, techniques, applications and interpretation of M-mode, color Doppler, pulsed and continuous wave Doppler, two-dimensional echocardiography and transesophageal echocardiography. The laboratory portion allows the student to further explore their skills with non-invasive modalities.  
 Prerequisite: CVTE 1120.  
 Corequisite: CVTE 2120.
- CVTE 2115 Vascular I (1-3-2)**  
 This course presents an in-depth view of the diagnosis of common vascular disease states. The application of theory, techniques, applications and interpretation of M-mode, color Doppler, pulsed and continuous wave Doppler. The laboratory portion allows the student to further explore their skills with vascular modalities.  
 Prerequisites: CVTE 112, CVTE 1130, RESP 2321.  
 Corequisites: CVTE 2110, CVTE 2120.
- CVTE 2120 Invasive Cardiology II (4-3-5)**  
 This course is a continuation of CVTE 1130 and continues to familiarize the student with various procedures and techniques related to invasive cardiology. Emphasis is placed on the hemodynamic aspects of diagnostic cardiac catheterization as well as information related to the new interventional techniques utilized in the cath lab. Assessment of the EKG patterns related to arrhythmias and infarct/ischemia is also included in this course.  
 Prerequisite: CVTE 1130.  
 Corequisite: CVTE 2110.
- CVTE 2130 Non-Invasive Cardiovascular Practicum I (0-40-7)**  
 Clinical experience is provided within the students selected specialty area of Non-Invasive Cardiology. The student is scheduled for clinical rotations in the Non-Invasive Cardiovascular laboratories with our affiliated hospitals throughout the southeast. During each rotation cycle, the student receives extensive hands-on experience and observation utilizing equipment, performance of tests and providing patient care. This course is the first of two courses designed to assist the Cardiovascular Technology student in meeting the required 1000 hours of clinical rotation in Non-Invasive Cardiology as required by the accrediting body.  
 Prerequisite: CVTE 2110 and CVTE 2120.  
 Corequisite: None.

- CVTE 2135 Invasive Cardiovascular Practicum I** (0-40-7)  
 Clinical experience is provided within the students selected specialty area of Invasive Cardiology. The student is scheduled for clinical rotations in the Invasive Cardiovascular laboratories with our affiliated hospitals throughout the southeast. During each rotation cycle, the student receives extensive hands-on experience and observation utilizing equipment, performance of tests and providing patient care. This course is the first of two courses designed to assist the Cardiovascular Technology student in meeting the required 1000 hours of clinical rotation in Invasive Cardiology as required by the accrediting body.  
 Prerequisite: CVTE 2110 and CVTE 2120.  
 Corequisite: None.
- CVTE 2140 Non-Invasive Cardiovascular Practicum II** (1-40-8)  
 The first week of the course will be review of the previous clinical rotation with emphasis on strengthening weaker areas as defined by the preceptors from the various clinical affiliates. The clinical experience will then continue to be provided within the students selected specialty area of Non-Invasive Cardiology. The student continues scheduled clinical rotations in the Non-Invasive Cardiovascular laboratories with our affiliated hospitals throughout the southeast, becoming more proficient with the skills required to become a Cardiovascular Technologist. During each rotation cycle, the student receives additional extensive hands-on experience and observation utilizing equipment, performance of tests and providing patient care. This course is the second of two courses designed to assist the Cardiovascular Technology student in meeting the required 1000 hours of clinical rotation in Non-Invasive Cardiology as required by the accrediting body.  
 Prerequisite: CVTE 2130.  
 Corequisite: None.
- CVTE 2145 Invasive Cardiopulmonary Practicum II** (1-40-8)  
 The first week of the course will be review of the previous clinical rotation with emphasis on strengthening weaker areas as defined by the preceptors from the various clinical affiliates. The Clinical experience will then continue to be provided within the students selected specialty area of Invasive Cardiology. The student continues scheduled clinical rotations in the Invasive Cardiovascular laboratories with our affiliated hospitals throughout the southeast, becoming more proficient with the skills required to become a Cardiovascular Technologist. During each rotation cycle, the student receives additional extensive hands-on experience and observation utilizing equipment, performance of tests and providing patient care. This course is the second of two courses designed to assist the Cardiovascular Technology student in meeting the required 1000 hours of clinical rotation in Invasive Cardiology as required by the accrediting body.  
 Prerequisite: CVTE 2135  
 Corequisite: None.
- DANC 1400 Technical Theatre for Dancers** (1-2-2)  
 Introduction to technical aspects of dance productions, including the technical vocabulary required to communicate with theatre technicians in the areas of sound and lighting. Exploration of all the basic aspects of dance production, including music, costuming, programming, and management.  
 Prerequisites: Introduction to DANC 1500 and/or permission from instructor.  
 Corequisites: None.  
 Offered: Spring.

- DANC 1500 Introduction to Dance** (2-1-2)  
 All aspects of dance as an artform, exploring related roles of the dancer, choreographer and spectator through historical inquiry, aesthetic perspectives, basic dance elements, and the creative process. Course material will be presented through a series of lectures, videos, historical and critical readings, discussions, reflective analytical writing, and actual movement experience.  
 Prerequisites: None.  
 Corequisites: None.  
 Offered: Fall, Summer.
- DANC 1600 Dance Improvisation** (0-2-1)  
 Dance Improvisation explores movement initiated through various sources, including internal motivation. This course emphasizes individual and group interaction within structured and free improvisational situations for the purpose of developing the student's creative approach to composing and performing. This course may be used as a PE activity course.  
 Prerequisites: None.  
 Corequisites: None.  
 Offered: Fall.
- DANC 1700 Modern Dance History** (2-0-2)  
 Modern Dance history focuses on the acquisition and application of historical data in verbal, written, and kinesthetic form. This course is a study of the historical evolution of modern dance beginning in the late 1800's and continuing into consideration of the artists, issues, and trends of today's contemporary dance scene. Course structure includes readings, writings, videos, and discussions of the historical, aesthetic and kinesthetic development of modern dance.  
 Prerequisites: ENGL 0099; READ 0099.  
 Corequisites: None.  
 Offered: Spring.
- DANC 1740 Modern Dance I** (0-3-1)  
 Modern Dance I introduces elementary modern dance technique and vocabulary. Techniques basic to this dance form plus somatic and motional properties as they relate to dance are emphasized. Special emphasis is placed on dynamic alignment, sensing and activating weight in the body, body awareness, increasing the student's ease and range of motion, balance, coordination and personal expression. Movement explorations take place on the floor, standing, and in sequenced movements through space. This course may be used as a PE activity course.  
 Prerequisites: None.  
 Corequisites: None.  
 Offered: All semesters.
- DANC 1750 Modern Dance II** (0-3-1)  
 Modern Dance II continues the development of modern dance technique and vocabulary. Special emphasis is placed on intermediate-level dynamic alignment, sensing & activating weight in the body, body awareness, increase the student's ease and range of motion, balance, coordination and personal expression. Movement explorations take place on the floor, standing, and in sequenced movements through space. This course may be used as a PE activity course.  
 Prerequisites: DANC 1740 or permission of instructor.  
 Corequisites: None.  
 Offered: All semesters.

- DANC 1760 Modern Dance III** (0-2-1)  
 This course continues the development of modern dance technique and vocabulary including somatic and motional properties as they relate to dance. Emphasis is placed on advanced-level integration of rhythms, dynamics, alignment, body awareness, balance, coordination and personal expression.  
 Prerequisites: Modern II DANC 1750 and/or permission from instructor.  
 Corequisites: None.  
 Offered: All semesters.
- DANC 1800 Ballet History and Performance – Studio, Stage, Sidelines and Stories** (2-3-3)  
 This course is a study of the historical evaluation of ballet history beginning with the introduction of dance into the French courts and ending with modern day ballet choreography and performers. This course will include components of readings, videos, and discussions on the historical progression, aesthetics, and repertory of ballet.  
 Prerequisites: None.  
 Corequisites: None.  
 Offered: Fall.
- DANC 1840 Ballet Technique I** (0-3-1)  
 Ballet Technique I focuses on the development of elementary technical skills in ballet, including directions of the body, alignment, function and access of turnout, strength, flexibility, and use of the French ballet lexicon, with emphasis on safe and efficient body use. This course may be used as a PE activity course.  
 Prerequisites: None.  
 Corequisites: None.  
 Offered: All semesters.
- DANC 1850 Ballet Technique II** (0-3-1)  
 Ballet Technique II focuses on the development of intermediate technical skills in ballet, including safe and efficient alignment and clear articulation of movement vocabulary, with emphasis on increased vocabulary and musicality. This course will also include directions of the body, proper use of tation, and use of the French ballet lexicon. This course may be used as a PE activity course.  
 Prerequisites: DANC 1840 or permission of the instructor.  
 Corequisites: None.  
 Offered: All semesters.
- DANC 1860 Ballet Technique III** (0-2-1)  
 Expands appreciation of ballet as a creative art form. Focuses on ballet technique, while emphasizing increased flexibility, strength, and coordination. Reviews dance phrase combinations by integrating rhythm, dynamics and movement.  
 Prerequisites: Ballet Technique II DANC 1850 and/or permission from instructor.  
 Corequisites: None.  
 Offered: All semesters.

- DANC 1900 Dance Composition** (1-2-2)  
 Dance Composition is designed to allow the student to investigate movement affinities and to discover new movement vocabularies through solo and small group compositions. Studies examine the basic elements of dance – the body in time, space and dynamics, as well as the use of music with movement. This course emphasizes personal coaching and critique, and peer feedback, within a nurturing and experiential environment.  
 Prerequisites: DANC 1600 or permission of the instructor.  
 Corequisites: None.  
 Offered: Spring.
- DART 1000 First Year Experience** (2-0-2 Institutional credit only)  
 DART 1000 is a two hour first-year experience course designed to assist first-year students in the transition into college. The course focuses on academic success skills, College policies and resources, as well as other topics designed to assist in the adjustment to the academic and social community at Darton College. DART 1000 is required for all first-time, full-time students and students that need to take ENGL 0099 and/or READ 0099.  
 Prerequisites: None.  
 Corequisites: None.  
 Offered: Every Semester.
- DHYG 1101 Orofacial Anatomy** (4-0-4)  
 A study of the anatomical sciences of the orofacial region to include oral histology and embryology; head and neck anatomy; and dental anatomy.  
 Prerequisite: Admission to Dental Hygiene Program.  
 Offered: Fall.
- DHYG 1110 Nutrition** (1-0-1)  
 An overview of the major nutrient classifications, functions, sources, and deficiencies. Emphasis on the well-balanced diet for maintenance of health.  
 Prerequisite: CHEM 1151K.  
 Offered: Spring.
- DHYG 1114 Radiology** (2-3-3)  
 Basic principles of roentgenographic techniques including exposing, processing, mounting and charting radiographs. Anatomical landmarks for interpretation and safety precautions for the patient and operator.  
 Prerequisites: DHYG 1101, 1121, 1131 with grades of C or better.  
 Corequisites: DHYG 1110, DHYG 1132, DHYG 1122.  
 Offered: Spring.
- DHYG 1121 Dental Hygiene Lecture I** (3-0-3)  
 An introduction to fundamental concepts relating to the profession of dentistry, including terminology, history, and organization. A study of asepsis, patient assessment, deposits, and preventive services.  
 Prerequisite: Admission into the Dental Hygiene program.  
 Offered: Fall.
- DHYG 1122 Dental Hygiene Lecture II** (2-0-2)  
 A continued study of patient management and education, and dental hygiene treatment.  
 Corequisites: DHYG 1110, 1114, 1132.  
 Prerequisites: DHYG 1101, 1121, 1131 with grades of C or better.  
 Offered: Spring.

- DHYG 1131 Dental Hygiene Clinic I** (0-6-2)  
 An introduction to specific tasks required for delivery of dental hygiene services; infection control, patient assessment, scaling procedures, and polishing-fluoride application procedures. Students acquire competencies through manikin and peer experiences under continuous supervision by clinical faculty.  
 Prerequisite: Admission into Dental Hygiene program.  
 Offered: Fall.
- DHYG 1132 Dental Hygiene Clinic II** (0-9-3)  
 A continuation of DH YG 1131 with the addition of sharpening, plaque control instruction, and power scaling instrument. When safe techniques have been mastered, students deliver dental hygiene care to adult and child patients. An introduction to nutritional counseling.  
 Prerequisites: DHYG 1101, 1121, 1131 with grades of C or better.  
 Offered: Spring.
- DHYG 1133 Dental Hygiene Clinic III** (0-6-2)  
 A continuation of DH YG 1132 with the addition of radiographs and dietary counseling. Instruction will also be provided in the manipulation of dental materials and advanced periodontal instrumentation. Students will visit a limited number of dental specialty offices. Prerequisites: DHYG 1110, 1114, 1122, 1132 with grades of "C" or better.  
 Offered: Summer.
- DHYG 2100 Periodontics** (2-0-2)  
 Principles of periodontology, etiology, and classification of periodontal disease with emphasis on prevention and scope of responsibility of the dental hygienist and treatment planning.  
 Corequisites: DHYG 1110, 1114, 1122, 1132 with grades of "C" or better.  
 Prerequisite: BIOL 2115K.  
 Offered: Spring.
- DHYG 2150 Pharmacology** (2-0-2)  
 Drugs, their properties, dosage, method of administration and therapeutic use with attention given to those drugs most commonly used in dentistry.  
 Prerequisites: DHYG 1133, 2100, 2550 with grades of "C" or better and BIOL 2115K.  
 Offered: Fall.
- DHYG 2210 Dental Hygiene Lecture IV** (1-0-1)  
 A seminar course with emphasis on special needs patients and advanced periodontal patients. Prerequisites: DHYG 1133, 2100, 2550 with grades of "C" or better.  
 Offered: Fall.
- DHYG 2220 Dental Hygiene Lecture V** (1-0-1)  
 A seminar course with emphasis on jurisprudence and office management for the dental hygienist.  
 Prerequisites: DHYG 2150, 2210, 2250, 2310 with grades of "C" or better.  
 Offered: Spring.

- DHYG 2250 General and Oral Pathology** (3-0-3)  
 Basic principles, causes and underlying mechanisms of disease phenomena with special emphasis on the oral cavity.  
 Prerequisites: D HYG 1133, 2100, 2550 with grades of "C" or better and BIOL 1100K or BIOL 2112K.  
 Offered: Fall.
- DHYG 2310 Dental Hygiene Clinic IV** (0-12-4)  
 A continuation of D HYG 1133 with the addition of study models, sealants, advanced periodontal patients and oral irrigation.  
 Prerequisites: DHYG 1133, 2100, 2550 with grades of "C" or better.  
 Offered: Fall.
- DHYG 2320 Dental Hygiene Clinic V** (0-12-4)  
 A continuation of DHYG 2310.  
 Prerequisites: DHYG 2150, 2210, 2250, 2310 with grades of "C" or better.  
 Offered: Spring.
- DHYG 2400 Community Dental Health** (2-3-3)  
 Principles of public health dentistry, educational concepts and strategies in dental health education. Emphasis on assessment of dental needs, developing and evaluating programs, and epidemiology and research.  
 Prerequisites: D HYG 2150, 2210, 2250, 2310 and COMM 1000 with grades of "C" or better.  
 Offered: Spring.
- DHYG 2550 Dental Specialties & Materials** (2-0-2)  
 Introduction to the specialty areas of dental practice. A study of dental materials used in a general practice office.  
 Prerequisites: DHYG 1110, 1114, 1122, 1132 with grades of "C" or better.  
 Offered: Summer.
- DMSP 1101 Introduction to Diagnostic Medical Sonography** (1-3-2)  
 This course is designed to introduce the student to the basic principles of ultrasound. The professionalism, functions, and desirable attributes of a sonographer will be discussed along with patient care principles and techniques. It presents the language of sonographers and cross sectional anatomy used in ultrasound as well as body planes. It examines leadership and educational opportunities found in sonography as an occupation.  
 Prerequisites: Admission into the Diagnostic Medical Sonography Program. Completion of ALHE 1115, BIOL 1100K or BIOL 1111K and 1112K, MATH 1111, and PHSC 1011K, or BIOL 2115K or CHEM 1151K or PHYS 1111K with a grade of "C" or better.  
 Offered: Fall freshman year.
- DMSP 1102 Abdomen Ultrasound I** (2-3-3)  
 This course is designed to introduce the ultrasound student to normal appearing abdominal anatomy and cavities. The sonographic appearance of normal abdominal organs will be presented along with the normal size range of each organ. It will build upon the cross sectional anatomy introduced in DMSP 1101 to provide the student with a better understanding of the sonographic location of the abdominal organs.  
 Prerequisites: DMSP 1101 with a grade of "C" or better.  
 Offered: Spring semester junior year.

- DMSP 1103 Obstetrical Ultrasound I (2-3-3)**  
 This course presents fetal development from conception through the third trimester. First to third trimester of normal fetal anatomy and sonographic appearance. Laboratory test pertaining to the fetus and mother. Ultrasound protocols for scanning the first to third trimester fetus. Fetal lie in the uterus as viewed by ultrasound as well as normal fetal environment.  
 Prerequisites: Completion of all previous semesters DMSP courses with a grade of "C" or better.  
 Offered: Spring semester junior year.
- DMSP 1104 Pelvic Ultrasound (2-3-3)**  
 This course will explore the normal sonographic measurements, appearance and cross sectional anatomy of the non-gravid female pelvis and male pelvis. The musculature and surrounding vessels will be discussed along with all normal Doppler findings. It will include all the hormonal changes that effect the reproductive cycle as well as laboratory values associated with normal and abnormal female health. A comprehensive sonographic evaluation of abnormalities pertaining to all female and male pelvic anatomy will be investigated.  
 Prerequisites: A grade of "C" or better in all previous DMSP course work.  
 Offered: Spring semester junior year.
- DMSP 1105 Clinical Observations (0-16-2)**  
 This course is an initial introduction to the clinical environment. It allows the student to familiarize themselves with the operational process and examine protocols of their clinic site.  
 Prerequisites: Completion of all DMSP courses with with a grade of "C" or better.  
 Offered: Spring semester junior year.
- DMSP 2111 Abdomen Ultrasound II (3-0-3)**  
 This is an advanced course in abdominal sonography. The sonographic appearance of abdominal organ diseases and their processes will be examined. Normal and abnormal lab values will be discussed. The normal and abnormal Doppler signals of various organs will be evaluated. Special procedures of the abdomen will be included such as biopsies, paracentesis and various interventional procedures. Sterile technique is included.  
 Prerequisites: Completion of previous DMSP course with with a grade of "C" or better.  
 Offered: Summer semester junior year.
- DMSP 2112 Obstetrical Ultrasound II (3-0-3)**  
 This course presents fetal development and abnormalities from the first trimester through the third trimester. The role of sonographers in performing interventional/invasive procedures. Multiple gestations, amniotic fluid index, congenital/genetic anomalies, viability, fetal monitoring, maternal factors, fetal therapy and the post partum mother will also be evaluated.  
 Prerequisites: Completion of all DMSP courses with with a grade of "C" or better.  
 Offered: Summer semester junior year.

- DMSP 2113 Clinical Observation and Practicum I (0-24 -2)**  
 This is an expansion of the clinical observations course DMSP 1105. Students will begin their hands-on experience by entering patient data, recording patient history, selecting the appropriate transducer for the exam, positioning the patient for the exam and practicing the art of scanning.  
 Prerequisites: Completion of all DMSP courses with with a grade of "C" or better.  
 Offered: Summer semester junior year.
- DMSP 2114 Pediatric Ultrasound (3-0- 3)**  
 This course is designed to introduce the DMSP student to the various stages and sonographic appearance of normal and abnormal brain development. The significance of abnormal findings. Various techniques of scanning the infant brain along with the particular care needed for scanning the neonate, newborn, and pediatric patient. Sonographic evaluation of the normal and abnormal infant spine is included. Abdominal and pelvic exams will also be discussed.  
 Prerequisites: Completion of all DMSP courses with with a grade of "C" or better.  
 Offered: Fall semester senior year.
- DMSP 2115 Superficial Structures and Invasive Procedures (3-3- 4)**  
 This course will discuss the various ultrasound techniques used while performing an exam on the following: thyroid, breast, scrotum, prostate, anterior abdominal wall, neck, non cardiac chest, gastrointestinal tract, and extremities. The student will learn to appraise the normal and abnormal sonographic findings of these areas as well as disease processes and laboratory values. Invasive procedures will also be evaluated.  
 Prerequisites: Completion of all DMSP courses with with a grade of "C" or better.  
 Offered: Fall semester senior year.
- DMSP 2116 Clinical Observation and Practicum II (0-24 -2)**  
 This is an expansion of DMSP 2113 with increasing responsibilities of the student sonographer. This course allows student observation and participation in the clinical setting with hands-on experience with patients and equipment.  
 Prerequisites: Completion of all DMSP courses with with a grade of "C" or better.  
 Offered: Fall semester senior year.
- DMSP 2117 Ultrasound in Review (3-0- 3)**  
 This is a comprehensive review course for all previous DMSP courses to prepare the student for the ultrasound registry. It will also review any troubled areas a student may be experiencing.  
 Prerequisites: Completion of all DMSP courses with with a grade of "C" or better.  
 Offered: Spring semester senior year.
- DMSP 2118 Clinical Observations and Practicum III (0-24 -2)**  
 An expansion of DMSP 2116 this class will allow students to gain confidence in their skills and the knowledge gained throughout the DMS program.  
 Prerequisites: Completion of previous DM SP course with with a grade of "C" or better.  
 Offered: Spring semester senior year.

- DMSP 2120 Vascular Ultrasound** (2-3-3)  
 This course is designed to provide the student with a basic introduction to the assessment of flow regarding the vascular system using ultrasound. The student develops the skills necessary to perform basic diagnostic ultrasound studies for presentation to the physician. The student 1) review the physics of Doppler ultrasounds; 2) becomes familiar with and is able to perform all abdominal Doppler exams, including transplant organs, and intraoperative guidance; 3) becomes familiar with other exams such as peripheral vascular studies.  
 Corequisites: DMSP 2117, DMSP 2118.  
 Prerequisite: DMSP 2116.  
 Offered: Spring semester senior year.
- ECON 2105 Principles of Macroeconomics** (3-0-3)  
 This principles of economics course is intended to introduce students to concepts that will enable them to understand and analyze economic aggregates and evaluate economic policies.  
 Corequisite: Minimum COMPA SS reading score of 74 or enrollment in READ 0099.  
 Prerequisite: MATH 0099.  
 Offered: All semesters.
- ECON 2106 Principles of Microeconomics** (3-0-3)  
 This principles of economics course is intended to introduce students to concepts that will enable them to understand and analyze structure and performance of the market economy. It deals with price and output determination, cost of production, market structures, anti-trust regulations, market failure, and governmental regulation. The emphasis is on microeconomics.  
 Corequisite: Minimum COMPA SS reading score of 74 or enrollment in READ 0099.  
 Prerequisite: MATH 0099.  
 Offered: All semesters.
- EDUC 2110 Investigating Critical and Contemporary Issues in Education** (3-0-3)  
 This course engages students in observations, interactions, and analyses of critical and contemporary educational issues. Students will investigate issues influencing the social and political contexts of educational settings in Georgia and the United States. Students will actively examine the teaching profession from multiple vantage points both within and outside the school. Against this backdrop, students will reflect on and interpret the meaning of education and schooling in a diverse culture and examine the moral and ethical responsibilities of teaching in a democracy. This course requires a field component totaling 10 hours. (This course replaces EDUC 2205 – Introduction to Education)  
 Corequisites: Minimum COMPASS reading score of 74 or enrollment in READ 0099.  
 Offered: All semesters.

- EDUC 2120 Exploring Socio-Cultural Perspectives on Diversity in Educational Contexts** (3-0-3)  
 Given the rapidly changing demographics in our state and country this course is designed to equip future teachers with the fundamental knowledge of understanding culture and teaching children from diverse backgrounds. Specifically, this course is designed to examine 1) the nature and function of culture; 2) the development of individual and group cultural identity; 3) definitions and implications of diversity, and 4) the influences of culture on learning, development, and pedagogy. This course requires a field component totaling 10 hours. (This course replaces EDUC 2210 – Introduction to Special Education)  
 Corequisites: Minimum COMPASS reading score of 74 or enrollment in READ 0099.  
 Offered: All semesters.
- EDUC 2130 Exploring Teaching and Learning** (3-0-3)  
 This course will explore the key aspects of learning and teaching through examining your own learning processes and those of others, with the goal of applying your knowledge to enhance the learning of all students in a variety of educational settings and contexts. This course requires a field component totaling 10 hours. (This course replaces PSYC 22215 – Human Growth and Development in the teacher education curriculum)  
 Corequisites: Minimum COMPASS reading score of 74 or enrollment in READ 0099.  
 Offered: All semesters.
- EDUC 2614 Professional Pedagogy for the GACE** (3-0-3)  
 This course is designed to prepare teachers to complete the two GACE Professional pedagogy tests successfully. All topics addressed come directly from the test framework for the Professional Pedagogy Assessment. Examples of topics that will be covered include: motivation, diversity, assessment, instructional strategies, creating a conducive learning environment and characteristics of learners. The course will also address professionalism within the field and cover the legal and ethical guidelines for educators in Georgia.  
 Prerequisites: In-Service Teachers  
 Corequisites: None.  
 Offered: On demand.
- EDUC 2618 Survey Pedagogy and Classroom Management** (2-0-2)  
 This course is designed for current teachers who are interested in improving their classroom management and pedagogical skills. Components of the course will include such topics as motivation, effective instructional strategies, the creation of productive learning environments, and classroom assessment strategies.  
 Prerequisites: In-Service Teachers  
 Corequisites: None.  
 Offered: On demand.
- EDUC 2810 The Teaching of Reading** (3-0-3)  
 This course is designed to assist in understanding the process of teaching students to read. Students will be exposed to numerous approaches to the teaching of reading.  
 Prerequisite: EDUC 2110.  
 Offered: On demand.

- EDUC 2825 Classroom Management** (1-0-1)  
 This course is designed to teach effective classroom management skills through the use of every day examples of behavioral principles. Students will learn the basic concepts involved in behavioral analysis.  
 Prerequisite: EDUC 2110.  
 Offered: On demand.
- EMTP 1021 Introduction to Emergency Medical Services** (5-2-6)  
 This course introduces the student to the Emergency Medical Technician profession. This course covers information found in the U.S. Department of Transportation Basic and Intermediate/85 curricula. Topics include: introduction to emergency care, EMS systems, well-being of the EMT, medical-legal aspects of emergency care, roles and responsibilities, medical terminology, blood and airborne pathogens, infectious diseases, ambulance and emergency vehicle operations, the human body, patient assessment, communications and documentation, lifting and moving patients, gaining access, airway assessment and management, basic life support (CPR), and automatic external defibrillation.  
 Prerequisite: None.  
 Corequisite: None.  
 Offered: Fall, Summer.
- EMTP 1025 Trauma for the Emergency Medical Technician – Intermediate** (2-2-3)  
 This course covers the assessment and treatment of traumatic injuries for the emergency medical technician-intermediate. Topics include: Patient assessment, Rapid Trauma Survey, bleeding wounds and shock, pneumatic anti-shock garment, shock therapy, shock management, intravenous administration, intraosseous infusion, soft-tissue and musculoskeletal injuries, head and spinal injuries, long spine board, immobilization devices, detailed and ongoing exams, extrication, hazardous materials, basic trauma life support.  
 Prerequisite: None.  
 Corequisite: EMTP 1021.  
 Offered: Fall, Spring.
- EMTP 1032 Advanced Life Support for the Emergency Medical Technician Intermediate** (4-3-5)  
 This course includes information contained in the U.S. Department of Transportation Basic and Intermediate/85 curricula and provides additional training and increased knowledge and skills in specific aspects of advanced life support to include: patient assessment, body systems, advanced airway maneuvers, respiratory assessment and treatments, cardiovascular assessment, and pharmacology for the emergency medical technician-Intermediate/85. This course will also contain the final program academic and skills review and preparation for the national board exam through the National Registry of EMT's.  
 Prerequisite: EMTP 1021, EMTP 1025, EMTP 1036.  
 Corequisite: None.  
 Offered: Spring, Summer.

**EMTP 1036 Medical Emergencies for the Emergency Medical Technician – Intermediate (3-1-4)**

This course includes information contained in the U.S. Department of Transportation Basic and Intermediate/85 curricula and provides additional training and increased knowledge and skills in specific aspects of medical emergencies for the emergency medical technician-Intermediate/85. Topics include: patient handling, medical emergencies, endocrine emergencies, altered mental status, overdoses and poisonings, obstetric/gynecological emergencies, pediatric emergencies, environmental and behavioral emergencies, and emergencies with special needs patients.

Prerequisite: EMTP 1021.

Corequisite: EMTP 1025.

Offered: Fall, Spring.

**EMTP 1102 Trauma (4-4-5)**

This course includes and expands upon the material from the Trauma Module and Pathophysiology from the 1999 Emergency Medical Technician-Paramedic: National Standard curriculum (EMT-P NSC). It includes units on fluids and electrolytes, abnormal fluid states, acid base balance, abnormal lab values, blood and transfusion therapy, and shock. The course also contains units on trauma systems, mechanism of injury, soft tissue trauma, head and facial injuries, spinal trauma, thoracic and abdominal injuries, and musculoskeletal trauma. Patient assessment and management in an organized, timely fashion using the BTLS approach to trauma care is emphasized. Students must take and successfully complete the International Basic Trauma Life Support Course for Advanced Providers at the conclusion of the course.

Prerequisite: EMTP 1111.

Offered: Fall.

**EMTP 1104 Medical Emergencies (4-4-5)**

This course includes most of the material covered in the 1999 Revised EMT-Paramedic, National Standard Curriculum Medical Module as well as the Geriatrics, Patients with Special Challenges and Acute Interventions for Chronic Care from the Special Considerations Module. Other units covered are: anatomy and physiology of the nervous system, endocrine emergencies, environmental emergencies, infectious disease, acute GI and GU emergencies, anaphylaxis, toxicology, hematologic emergencies, and alcoholism.

Prerequisite: EMTP 1111.

Offered: Spring.

**EMTP 1105 Cardiovascular Emergencies (5-4-6)**

This course includes materials from the Medical Module of the revised Emergency Medical Technician – Paramedic: National Standard Curriculum. Topics include units Anatomy and physiology of the cardiovascular system, basic arrhythmia interpretation, cardiovascular assessment, atherosclerosis, coronary artery disease, risk factor identification and reduction, acute coronary syndrome, congestive heart failure, sudden arrhythmic death, hypertensive crisis and syncope. Units on ACLS cardiovascular pharmacology I and II, artificial pacemakers, defibrillation, cardioversion, 12-lead EKGs, circulatory adjuncts, and ACLS algorithms are also included. Students must successfully complete an ACLS Course prior to completion of the course.

Prerequisite: EMTP 1111.

Offered: Spring.

**EMTP 1107 Intermediate Trauma and Pediatric Emergencies (3-3-4)**

This course is required for the Fast-Track students and includes the material from the Trauma/Medical and Special Considerations/Pediatrics sections of the Emergency Medical Technician-Intermediate National Standard Curriculum (EMT-I NSC.) It includes units on baseline vital signs and the SAMPLE history, the human body, patient assessment, and airway management and ventilation. In addition, EMTP 1107 includes units on trauma assessment and management of the patient experiencing shock, soft tissue trauma, burns, head and spine injury, chest and abdominal trauma, and musculoskeletal trauma in the adult patient. It also includes basic units on pediatric assessment, medical and traumatic emergencies.

Prerequisite: Limited to Fast-Track Paramedic Students admitted to EMS Program.

Offered: Summer.

**EMTP 1108 Intermediate Ambulance Operations and Medical Emergencies (2-3-4)**

This course includes the material from the Medical Emergencies and EMS Operations section of the Emergency Medical Technician – Intermediate National Standard Curriculum (EMT-I/85 NSC.) It includes units on respiratory, cardiac, diabetic, allergic, poisoning and overdoses, neurological, abdominal, and environmental emergencies in the adult patient as well as the geriatric patient. In addition, EMTP 1108 includes basic information on ambulance operations. Students will practice safe vehicle operations, stretcher safety, patient movement, intermediate level patient assessment and management. Actual field application and clinical decision making will be required.

Prerequisites: Limited to Fast-Track Paramedic students admitted to EMS Program.

Offered: Fall.

**EMTP 1110 Introduction to Paramedic Profession (2-3-3)**

This course includes and expands upon the material from the Preparatory Module of the Emergency Medical Technician-Paramedic: National Standard Curriculum (EMT-P NSC). It includes units on the paramedic profession, EMS systems, roles and responsibilities, ambulance operations, back injury prevention, asepsis, hand washing, phlebotomy, IV therapy, communications, documentation, crime scene awareness, medical incident command, hazardous materials incidents, rescue awareness and operations, and clinical decision making.

Prerequisite: Admission to EMS Program.

Offered: Summer.

**EMTP 1111 Essentials of EMS (2-1-2)**

This course includes well-being of the paramedic, illness and injury prevention, medical legal issues and ethics. Patient assessment including the medical history and physical exam are covered in depth. Each body system is examined individually. In addition, unique aspects of pediatric, geriatric, and psychiatric evaluation are emphasized.

Prerequisite: Admission to EMS Program.

Offered: Summer.

- EMTP 1112 Psychiatric Emergencies** (2-1-3)  
 EMTP1112 includes the material from the Emergency Medical Technician-Paramedic National Standard Curriculum Preparatory and Medical Modules. The EMT-P NSC modules include therapeutic communication, life span development, and psychiatric and behavioral emergencies. Units covered include mental health, mental illness, psychiatric terminology, psychiatric medications, mental status examination, suicide and homicide assessment, substance abuse assessment, domestic violence, spouse and child abuse, rape, death and dying, interview techniques, effective listening and communication skills.  
 Prerequisite: Admission to EMS Program.  
 Offered: Summer.
- EMTP 1113 Pharmacology** (2-3-3)  
 EMTP 1113 includes and expands upon the material from the Pharmacology and Venous Access and Medication Administration Sections of the Preparatory Module of the Emergency Medical Technician-Paramedic: National Standard Curriculum (EMT-P NSC). It includes basic units on drug information, drug actions, weights and measures, and medication administration. It also includes advanced units on systemic pharmacology and therapeutics of drugs affecting the central and autonomic nervous systems, cardiovascular system, respiratory system, hematologic system, renal system, endocrine system, gastrointestinal system, and immune system. It concludes with a unit on the paramedic drug box contents, maintenance, and administration procedures.  
 Prerequisite: EMTP 1111.  
 Offered: Fall.
- EMTP 1115 OB/GYN/Neonatal Emergencies** (1-3-2)  
 EMTP 1115 includes material from the Medical and Special Considerations Modules of the revised Emergency Medical Technician-Paramedic: National Standard Curriculum. It includes the following topics: anatomy and physiology of the female reproductive system, abdominal pain, vaginal bleeding, rape, physiology of pregnancy, fetology, normal and abnormal labor and delivery, and post-partum complications. The ITLS approach to trauma in pregnancy is emphasized. In addition, determination of the APGAR scoring and care of the high-risk neonate are included. Students are required to successfully complete the Neonatal Resuscitation program during the course.  
 Prerequisite: EMTP 1111.  
 Offered: Fall.
- EMTP 1117 Respiratory Emergencies** (2-4-3)  
 This course includes and expands upon the material covered in the EMT-assessment and management of patients with acute and chronic respiratory problems, oxygen therapy, advanced airway management techniques, airway adjuncts, and mechanical ventilation. A unit on anesthesia essential concludes the course.  
 Prerequisite: EMTP 1111.  
 Offered: Fall.

- EMTP 1118 Pediatric Emergencies (2-0-2)**  
 EMTP 1118 includes material from the Special Considerations Modules of the revised Emergency Medical Technician-Paramedic: National Standard curriculum. The following topics are included: pediatric assessment, developmental stages, family assessment and management, respiratory emergencies, child safety, trauma, dehydration, shock, infant and child BLS and ACLS, neurologic emergencies, SIDS, child abuse, and care of children with special needs. After the pediatric emergencies labs and clinical practicum, have been completed, students must successfully complete the Pediatric Advanced Life Support Course.  
 Pre or Corequisite: EMTP 1111.  
 Offered: Fall.
- EMTP 1119 Pediatric Emergencies Clinical Practicum (0-3-1)**  
 EMTP 1119 Pediatric Emergencies Clinical Practicum supports the content of EMTP 1118 Pediatric Emergencies. Students will perform patient assessment and management techniques on infants and children in the hospital setting. Students will assess developmental stages, communicate with patients and family members, and treat pediatric patients with respiratory infections, gastroenteritis, sickle cell crisis and a variety of medical and traumatic emergencies. Lab sessions will include pediatric oxygen therapy and airway adjuncts, management of pediatric shock including IV and intraosseous therapy, child and infant BLS and ACLS, pediatric ITLS, and miscellaneous medical emergencies scenarios. After the pediatric emergencies labs and clinical practicum have been completed, students must successfully complete the Pediatric Advanced Life Support Course.  
 Pre or Corequisite: EMTP 1118  
 Offered: Spring.
- EMTP 1121 Essential Math for the Prehospital Emergency Care Provider (1-0-1)**  
 EMTP 1121 includes material covered in the EMT-Paramedic, National Standard Curriculum Preparatory Module, Venous Access and Medication Administration section. The course includes a basic review of mathematical principles including fractions, decimals, and percentages. Various systems of measure including metric, household, and apothecary are included. Drug calculations which involve moving within and between the various systems of measure are included. Problem solving of drug calculations using ratio and proportion is stressed. Units on computation of drug dosages with one unknown, calculation of drug dosages based on patient weights, calculation of IV drug drips, and calculation of IV drug drips based on patient weights are part of the course. Students must be able to convert patient weights from pounds to kilograms.  
 Pre or Corequisite: EMTP 1110 or EMTP 1113.  
 Offered: On demand.
- EMTP 1125 Summative Evaluation (2-5-3)**  
 The student applies in the pre-hospital setting the clinical skills and didactic knowledge acquired during the course of study. All skills are performed under the direct supervision of Paramedics who are certified as clinical preceptors. Case evaluation of trauma, medical, pediatric patients will be provided in the classroom and lab. Students must satisfactorily complete an oral exam on selected scenarios. Review for the national registry exam as well as successful completion of a comprehensive program exam is required.  
 Prerequisite: EMTP1111.  
 Offered: Spring.

**ENGL 0097 Learning Support English I** (4-0-4)

ENGL 0097 stresses basic grammar and punctuation and the composition of short essays. In addition to a concentrated study of writing skills, the course includes the development of the communication skills of reading, discussion, and critical thinking.

Exit Requirements: To complete ENGL 0097, a student must have at least a C average on all course work.

Placement: A score of 50 or below on the COMPASS Writing Skills Test.

Offered: All semesters.

**ENGL 0099 Learning Support English II** (4-0-4)

ENGL 0099 prepares the student to enter the credit English sequence. The course includes assignments in the language-based processes of reading, writing, and discussion, as well as critical thinking and problem solving. It stresses the rules and conventions of standard written English and provides extensive practice in writing a variety of types of compositions.

Exit Requirements: minimum of a C average on course work, passing grade on Departmental Essay Competency Examination (D ECE) and a satisfactory score of 60 or higher on the COMPASS Writing Skills Test.

Placement: A score of 51 - 60 or below on the COMPASS Writing Skills Test.

Offered: All semesters.

**ENGL 1101 English Composition I** (3-0-3)

ENGL 1101 is a composition course focusing on skills required for effective writing in a variety of contexts, with emphasis on exposition, analysis, and argumentation, and also including introductory use of a variety of research skills. This course emphasizes the development of thought and expression through personal, informative, and persuasive essays. The course is concerned largely with the composing process involving substantial reading and analysis of ideas in preparation for written assignments. ENGL 1101 promotes the development of reading, speaking, listening, and thinking. In addition, the course includes study of grammar and punctuation as needed. Exit requirements include a minimum of a "C" average on course work.

Prerequisites: Satisfactory scores on the English and Reading placement examinations or completion of ENGL 0099 and READ 0099 with grades of "C" or better.

Offered: All semesters.

- ENGL 1102 English Composition II** (3-0-3)  
 ENGL 1102 is a composition course that develops writing skills beyond the levels of proficiency required by ENGL 1101, that emphasizes interpretation and evaluation, and that incorporates a variety of more advanced research methods. This course includes the development of thought and expression through critical analysis. ENGL1102 also emphasizes style, content, and organization of essays. This course includes the planning and writing of analytical essays and continues the development of reading, speaking, listening, and critical thinking. Course activities involve reading and discussion of literary genres, review as needed of punctuation and grammar, and library research.  
 Exit requirements include a minimum of a "C" average on course work and completion of a documented research paper.  
 Prerequisites: Satisfactory scores on the English placement examination or completion of ENGL 1101 with a grade of "C" or better.  
 Offered: All semesters.
- ENGL 2035 Children's Literature: Understanding the World of Wonder, Whimsey, and Wisdom with Words** (3-0-3)  
 This course is designed to be an interactive, practical class that supplements & enhances the utilization of Children's Literature in the everyday classroom & other venues where there is a desire to promote excellence in literacy skills. The historical, intellectual, and emotional perspectives of Children's literature will be reviewed. This course does not satisfy any core curriculum requirement.  
 Prerequisite: Restricted to in-service special education teachers and completion of ENGL 1102 with a grade of "C" or higher.  
 Offered: On demand.
- ENGL 2111 World Literature I** (3-0-3)  
 ENGL 2111 is a study of major works of world literature from the beginnings ca. 1500 B.C.E.-ca. 1650 C.E. Cultures represented in this period range from Akkadian, Egyptian, Hebrew, & Greek to Chinese, Roman, Indian, Islamic, Western Medieval & Renaissance, Japanese, African, and Native American. This immense period includes such works & authors as Gilgamesh, The Odyssey, Confucius, Bhagavad-Gita, Vergil, Kalidasa, T'ao Ch'ien, Koran, Abolqasem Ferdowsi, Dante, Chaucer, Murasaki Shikibu, Shakespeare, Sei Shonagon, Montaigne, Cervantes, & the Popo Vuh.  
 Prerequisite: ENGL 1102 with a grade of "C" or better. Offered: On demand.
- ENGL 2112 World Literature II** (3-0-3)  
 ENGL 2112 is a study of major works of world literature from ca. 1650 to the present. Cultures represented in this period range from Chinese, Indian, & Japanese to Western European, Russian, Native American, African, Islamic, Latin American, Hebrew, & Caribbean. Authors include Voltaire, Cao Xuequin, Matsuo Basho, Goethe, Whitman, Dostoyevsky, R. Tagore, Baudelaire, Kawabata Yasunari, L. Senghor, Chinua Achebe, D. Walcott, Borges, Dickinson, & Solzhenitsyn.  
 Prerequisite: ENGL 1102 with a grade of "C" or better.  
 Offered: On demand.
- ENGL 2121 British Literature I** (3-0-3)  
 ENGL 2121 is a study of British Literature from its beginning through the eighteenth century. This time span covers the Old English period, the Middle Ages, the Renaissance, the Metaphysical and Cavalier eras, and the Restoration and Neoclassical periods. Works studied include those of the "Beowulf" poet, Chaucer, Spenser, Shakespeare, Milton, Donne, Marvell, Dryden, Pope, & Swift.  
 Prerequisite: ENGL 1102 with a grade of "C" or better. Offered: On demand.

- ENGL 2122 British Literature II** (3-0-3)  
 ENGL 2122 is a study of British Literature from the late eighteenth century to the present, encompassing the Romantic, Victorian, and Modern periods. Works studied include those of Wordsworth, Coleridge, Byron, Shelley, Keats, Tennyson, Browning, Yeats, Lawrence, and Joyce.  
 Prerequisite: ENGL 1102 with a grade of "C" or better.  
 Offered: On demand.
- ENGL 2131 American Literature I** (3-0-3)  
 ENGL 2131 is a study of American Literature from colonial days through the American Revolution & into the mid-nineteenth century. Authors from these periods include Anne Bradstreet, Phyllis Wheatley, Poe, Hawthorne, Melville, Emerson, Thoreau, & Frederick Douglas.  
 Prerequisite: ENGL 1102 with a grade of "C" or better.  
 Offered: On demand.
- ENGL 2132 American Literature II** (3-0-3)  
 ENGL 2132 is a study of modern American literature from the mid-nineteenth century to the present day. Prose authors of this period include Mark Twain, William Dean Howells, Henry James, Stephen Crane, Theodore Dreiser, Ernest Hemingway, F. Scott Fitzgerald, William Faulkner, and Ralph Ellison. Poets of this period include Robert Frost, T.S. Eliot, and Gwendolyn Brooks.  
 Prerequisite: ENGL 1102 with a grade of "C" or better.  
 Offered: On demand.
- ENGL 2210 Creative Writing** (3-0-3)  
 ENGL 2210 (fiction and poetry) is a sophomore level course taught in a workshop format. Students write short stories, poetry, or both. Students study each other's work, as well as that of professional writers, to learn the fundamentals and techniques of literary writing.  
 Exit requirements: A minimum of a "C" average on course work.  
 Prerequisite: ENGL 1102 with a grade of "C" or better.  
 Offered: On demand.
- ENGL 2220 Writing Non-Fiction** (3-0-3)  
 ENGL 2220 takes a somewhat more sophisticated look at composition than is possible in English Composition II. The course focuses on writing essays in clear, direct, graceful language that draws on grammar's potential for variety & interest. The course addresses the value of an enhanced vocabulary for creating these results. The course supplements its exercises with writing essays & articles with reading & analyzing works by prose masters from antiquity to our own period.  
 Exit requirements: A minimum of a "C" average on course work.  
 Prerequisite: ENGL 1102 with a grade of "C" or better.  
 Offered: On demand.

- ENGL 2230 Professional & Technical Writing** (3-0-3)  
 ENGL 2230 is an intermediate composition course that develops professional workplace communication skills. It emphasizes strategies, forms, and techniques of writing that aims to inform, persuade, or instruct people. The course provides hands-on experience in writing and presenting business and technical documents produced by a variety of methods. It focuses on strategies used in marketing communication, public relations, and human resources and also includes experience with group collaboration.  
 Exit requirements: A minimum of a "C" average on course work.  
 Prerequisite: Completion of ENGL 1102 with a grade of "C" or better.  
 Offered: On demand.
- ENGR 1111 Engineering Graphics** (2-3-3)  
 This course is an introduction to graphic communication and engineering design. It includes orthographic, sectional, and auxiliary views, working drawings, dimensioning, three dimensional drawings, surface and solid modeling, and descriptive geometry. The AutoCAD software will be utilized in the laboratory.  
 Prerequisite: READ 0099.  
 Offered: Fall.
- ENGR 2201 Engineering Statics & Dynamics** (4-0-4)  
 This course covers the principles of statics and dynamics in two & three dimensions which includes the equilibrium of rigid bodies, analysis of structures & machines, friction, kinetics and kinematics of rigid bodies, work-energy principle, linear impulse-linear momentum principle, & mechanical vibrations of rigid bodies.  
 Prerequisite: PHYS 2211. Offered: Spring.
- ESLC 0099 Orientation to American Life and Culture** (2-0-2)  
 The ESL Culture class is an orientation course for international students whose native homeland is not the United States. This course is designed to meet in a traditional classroom and use class support through Web CT. The class will also utilize text books, web sites, and group discussions in order to gain understanding and adaptation skills. This course focuses on American culture, culture shock, day to day life, adaptation/survival skills, educational systems, and idiomatic expression.  
 Prerequisites: None.  
 Corequisites: Any one of the following: ESLL 0070, 0080, 0090, ESLR 0070, 0082, 0092, ESLG 0071, 0081, 0091, 0095.  
 Offered: On demand.
- ESLG 0071 Basic Grammar** (4-0-4)  
 This course focuses on basic English grammatical concepts and skills, including parts of speech, spelling, punctuation, word order, and sentence building.  
 Placement: Placement from ESOL skills assessment test.  
 Offered: On demand.

- ESLG 0081 Intermediate Grammar (4-0-4)**  
 This course is designed to develop the students' understanding of and skills at using essential grammatical structures of Standard English in writing. It provides a review of flexi cal and syntactic features of the parts of speech, phrases, clauses, and the concepts of coordination and subordination as well as grammatical trouble spots such as the idiomatic use of prepositions, verbals, and articles. It includes paragraph writing and editing in preparation for the essay process.  
 Placement: ESLG 0071 with a grade of C or better or a qualifying score on the ESOL skills assessment test.  
 Offered: On demand.
- ESLG 0091 Advanced Grammar (4-0-4)**  
 This course is designed to enhance the students' understanding of and skills at using advanced syntactic structures correctly and effectively in writing. It provides a review of compound and complex sentence patterns of Standard Written English as well as grammar trouble spots according to individual and class needs.  
 Placement: ESLG 0081 with a grade of C or better or a qualifying score on the ESOL skills assessment test.  
 Offered: On demand.
- ESLG 0095 Writing (4-0-4)**  
 This course focuses on refining organizational and editing skills and individual needs of the students who need only to pass the Departmental Essay Competency Exam in order to exit the writing portion of the ESL Program.  
 Offered: On demand.
- ESLL 0070 Basic Listening and Speaking (4-0-4)**  
 The course focuses on comprehending and conducting brief conversations supported by clues in context, as well as letter and word pronunciation.  
 Placement: Placement from ESOL skills assessment test.  
 Offered: On demand.
- ESLL 0080 Intermediate Listening and Speaking (4-0-4)**  
 This course focuses on producing and understanding conversations about self, basic academic and/or occupational interests and situations, and multiple verb tenses.  
 Placement: ESLL 0070 with a grade of C or better or a qualifying score on the ESOL skills assessment test.  
 Offered: On demand.
- ESLL 0090 Advanced Listening and Speaking (4-0-4)**  
 This course focuses on complex discussions and understanding of academic, social, and/or business lectures. Advanced idiomatic expressions, inferences, and emotional overtones are studied, as well as shifts in registers, reductions, blends, and American Culture protocols.  
 Placement: ESLL 0080 with a grade of C or better or a qualifying score on the ESOL skills assessment test.  
 Offered: On demand.

- ESLR 0072 Basic Reading and Vocabulary (4-0-4)**  
 This course focuses on reading short, simple sentences supported by pictures; present, past, and future tense forms; common idioms; drawing simple contextual conclusions; and content based vocabulary.  
 Placement: Placement from ESOL skills assessment test.  
 Offered: On demand.
- ESLR 0082 Intermediate Reading and Vocabulary (4-0-4)**  
 This course focuses on the use of contextual clues to predict meaning and ideas within a paragraph. Limited occupational, academic, internet, or news items are studied, as well as skimming, scanning, distinguishing between main and supporting ideas, and developing spelling and vocabulary skills through the use of key terms in readings.  
 Placement: ESLR 0072 with a grade of C or better or a qualifying score on the ESOL skills assessment test.  
 Offered: On demand.
- ESLR 0092 Advanced Reading and Vocabulary (4-0-4)**  
 This course focuses on understanding contextual meaning, word forms, synonyms, and connotation. Distinction between fact and opinion in writing is studied, as well as paraphrasing sentences, and reading articles, periodicals, academic texts with more abstract and grammatical complexity, and internet research.  
 Placement: ESLR 0082 with a grade of C or better or a qualifying score on the ESOL skills assessment test.  
 Offered: On demand.
- ETHI 1101 Issues in Ethics (2-0-2)**  
 A general introduction to ethical theories and their application to current moral issues. Emphasis is placed on the student developing a decision-making scheme to apply to moral dilemmas. Credit may not be received for both ETHI 1101 and PHIL 2210.  
 Corequisite: Minimum COMPA SS reading score of 74 or enrollment in READ 0099.  
 Prerequisite: None.  
 Offered: On demand.
- FIAR 2250 Humanities Through the Arts (3-0-3)**  
 Humanities through the Arts provides an interdisciplinary view of the West in art, music, and literature from the Renaissance through the 20th century. FIAR 2250 and ART 1100 are related courses; only one can count toward graduation.  
 Prerequisites: ENGL 0099 and READ 0099.  
 Offered: On demand.
- FOSC 2100 Criminalistics: An Introduction to Forensic Science (2-2-3)**  
 COURSE MUST BE TAKEN AT ALBANY STATE UNIVERSITY AND TRANSFERRED TO DARTON COLLEGE.  
 Lecture and laboratory course designed to teach investigators techniques in the analysis of physical evidence; designed for professional lab technicians or criminalists; laboratory report on measurements of mass and density, microscopy of hairs and fibers, development and comparison of latent fingerprints, calibration of UV spec and GC-MS.  
 Corequisites: None.  
 Prerequisite: None.  
 Offered: On demand.

- FREN 1001 Elementary French I** (3-0-3)  
 FREN 1001 is an introduction to listening, speaking, reading and writing in French, and to the cultures of French-speaking regions.  
 Prerequisites: READ 0099 and ENGL 0099.  
 Offered: On demand.
- FREN 1002 Elementary French II** (3-0-3)  
 FREN 1002 is a continuation of FREN1001 with continued listening, speaking, reading and writing in French, and orientation to the cultures of French-speaking regions.  
 Prerequisite: FREN 1001 or equivalent.  
 Offered: On demand.
- FREN 2001 Intermediate French I** (3-0-3)  
 FREN 2001 continues FREN 1002, with emphasis on refining all of the language skills (reading, writing, listening, speaking), on the understanding and appreciation of the cultural traditions of the French-speaking people, and with an introduction to the literature of the Francophone world. Prerequisite: FREN 1002 or equivalent.  
 Offered: On demand.
- FREN 2002 Intermediate French II** (3-0-3)  
 FREN 2002 is a continuation of FREN 2001, with emphasis on refining skills in reading, writing, listening and speaking, exploration of Francophone cultures with comparison and contrast to the student's native culture with continued development of listening, speaking, reading, and writing skills in French, as well as awareness and understanding of various socio-cultural aspects and the distinctiveness of certain cultural traditions of the Francophone world.  
 Offered: On demand.
- GEOG 1101 Introduction to Human Geography** (3-0-3)  
 A survey of global patterns of resources, population, culture & economic systems. Emphasis is placed upon the factors contributing to these patterns & the distinctions between the technologically advanced & less advanced regions of the world.  
 Corequisite: Min. COMPASS reading score of 74 or enrollment in READ 0099.  
 Prerequisite: None.  
 Offered: On demand.

- GEOL 1135 Earth Science for Teachers – Restricted to DCSS teachers 3-5** (3-0-3)  
 Fundamentals of Earth Science for teachers, grades 3-5. This course covers basic principles and teacher misconceptions from the fields of Geology, Astronomy, Oceanography and Meteorology. Map interpretation, minerals and rocks, processes acting at the Earth's surface and within the Earth, plate tectonics, geologic time and dating, composition and motions of the Earth, solar system, phases of the moon, origin and life cycles of stars, galaxies, water movements, ocean floor, weather and climate. The course content is aligned to the Georgia performance Standards for grades 3-5.  
 Prerequisites: None.  
 Corequisites: None.  
 Offered: On demand.  
 Restricted to in-service teachers, grades 3-5.
- GEOL 2004 Survey of Earth Science for Middle Grade Teachers** (3-0-3)  
 This course is designed for middle grade teachers. It is a brief summary of the important aspects of earth science. Classroom applications will be explored. Laboratory exercises supplement the lecture material. This course does not satisfy any core curriculum requirements.  
 Restricted to Middle Grade Teachers.  
 Offered: On demand.
- GEOL 2024 Physical Science for Special Education Teachers** (3-0-3)  
 This course is restricted to in-service special education teachers. It is a brief summary of the important aspects of earth science. Classroom applications will be explored. Laboratory exercises supplement the lecture material. This course does not satisfy any core curriculum requirement.  
 Prerequisite: Restricted to in-service special education teachers.  
 Offered: As required.
- HIST 1111 Survey of World History I** (3-0-3)  
 A survey of world history from the prehistoric period to the early modern period.  
 Corequisite: Minimum COMPA SS reading score of 74 or enrollment in READ 0099.  
 Prerequisite: None.  
 Offered: Fall, Spring.
- HIST 1112 Survey of World History II** (3-0-3)  
 A survey of world history from the early modern period to the present.  
 Corequisite: Minimum COMPA SS reading score of 74 or enrollment in READ 0099.  
 Prerequisite: None.  
 Offered: Fall, Spring.
- HIST 2111 U.S. History Through 1877** (3-0-3)  
 A survey of U.S. History to the post-Civil War period. This course satisfies the Georgia Legislative requirement that all students receiving a degree from any unit of the University System shall pass a course or examination in the history of the United States and Georgia.  
 Corequisite: Minimum COMPA SS reading score of 74 or enrollment in READ 0099.  
 Prerequisite: None  
 Offered: All semesters.

- HIST 2112 U.S. History After 1877** (3-0-3)  
 A survey of U.S. History from the post-Civil War period to the present. This course satisfies the Georgia Legislative requirement that all students receiving a degree from any unit of the University System shall pass a course or examination in the history of the United States and Georgia.  
 Corequisite: Minimum COMPA SS reading score of 74 or enrollment in READ 0099.  
 Prerequisite: None.  
 Offered: All semesters.
- HITE 2100 Health Record Content & Structure** (2-2-3)  
 The basic concepts and techniques for managing and maintaining health record systems including storage and retrieval, the use and structure of healthcare data and data sets, quantitative and qualitative analysis of healthcare data, forms design, release of information, function of indexes and registers and the accreditation, certification and licensure standards applicable to healthcare data.  
 Corequisites: ENGL 1102 or permission of instructor.  
 Prerequisite: Exit Learning Support and ENGL 1101.  
 Offered: Fall & Spring.
- HITE 2110 Organization and Supervision in Health Information Management** (2-2-2)  
 Introduction to the principles of organization and supervision in order to develop effective skills in leadership, motivation, and team building techniques in the practice of health information management.  
 Prerequisites: HITE 2100 and ENGL 1102 or permission of instructor.  
 Corequisites: ALHE 2050.  
 Offered: Summer.
- HITE 2150 Coding I** (3-2-3)  
 Principles of ICD-9-CM used in the assignment of valid diagnostic and/or procedure codes.  
 Prerequisites: BIOL 1100K, HITE 2100, or permission of instructor.  
 Prerequisite/Corequisites; HITE 2400.  
 Offered: Fall.
- HITE 2160 Coding II** (2-1-2)  
 Principles of CPT coding system used to assign valid procedure and service codes.  
 Prerequisite: HITE 2150.  
 Offered: Spring.

- HITE 2170 Advanced Coding and Reimbursement** (2-1-3)  
 This course integrates and builds on basic knowledge and skills acquired in HITE 2150 and HITE 2160, enhancing skill level through use of clinical case studies. Reimbursement topics include DRGs, APCs, RBRVs, Chargemasters and Coding Compliance. Students will have live access to a QuadraMed encoder.  
 Prerequisites: HITE 2150, HITE 2400.  
 Corequisites: HITE 2160, HITE 2600, HITE 2610, HITE 2650.  
 Offered: Spring.
- HITE 2200 Healthcare Statistics** (2-0-2)  
 Emphasis is placed on the effective use, collection arrangement, presentation and verification of health care data, and on the concepts of descriptive statistics and data validity and reliability.  
 Prerequisites: ALHE 2050, MATH 1101, HITE 2100, CISM 2201, or permission of instructor.  
 Offered: Fall.
- HITE 2250 Legal & Ethical Issues in Health Information** (1-2-2)  
 An introduction to the legal and ethical issues applicable to health information.  
 Prerequisite: ALHE 2050 and HITE 2100 or permission of instructor.  
 Prerequisite/Corequisites: ALHE 2050 and HITE 2110.  
 Offered: Summer.
- HITE 2400 Pathophysiology & Pharmacology** (2-2-3)  
 The study of the nature and cause of disease including the etiology, signs, symptoms, diagnostic evaluation, clinical treatment, and pharmacology management of disease processes.  
 Prerequisites: BIOL 1100K, HITE 2100, or permission of instructor.  
 Corequisite: HITE 2150.  
 Offered: Fall.
- HITE 2423 Disease Management** (3-0-3)  
 This course is an introduction to the pathophysiology of cancer, using principles from anatomy and physiology to provide a foundation for the study of oncology disease process. Diagnostic and staging procedures, treatment modalities including surgery, radiation therapy, and chemotherapy.  
 Prerequisite: BIOL 1100K.  
 Corequisite: HITE 2100.  
 Offered: Fall.
- HITE 2500 Health Information System Applications** (1-2-3)  
 The concepts of medical record management through an information system that is an organized combination of people, hardware, software, communication networks and data resources that collect, transform and disseminate information in a healthcare organization.  
 Prerequisites: HITE 2100 or permission of instructor.  
 Offered: Fall.
- HITE 2550 Quality Assessment** (1-2-2)  
 Introduction to the principles of the quality assessment process.  
 Prerequisites: HITE 2100, HITE 2200, or permission of instructor.  
 Offered: Spring.

- HITE 2600 Professional Practice I** (0-20-2)  
 Supervised clinical experience in an acute care setting.  
 Corequisite: HITE 2610, HITE 2170, HITE 2650.  
 Prerequisites: HITE 2100, HITE 2150, HITE 2250, HITE 2110, HITE 2500.  
 Offered: Spring.
- HITE 2610 Professional Practice II** (0-20-2)  
 A continuation of HITE 2600 in alternative healthcare settings.  
 Prerequisite: HITE 2100, HITE 2110, HITE 2250, HITE 2150.  
 Corequisite: HITE 2600, HITE 2550, HITE 2160, HITE 23170, HITE 2650.  
 Offered: Spring.
- HITE 2650 Seminar on Health Information Technology** (1-0-1)  
 Exploration of current issues and trends in the health information profession and in the health care industry with emphasis on review for RHIT exam.  
 Prerequisites: HITE 2100, HITE 2110, HITE 2400, HITE 2500, HITE 2550, HITE 2150, HITE 2250, HITE 2600, or permission of instructor.  
 Corequisites: HITE 2610, HITE 2160, HITE 2170.  
 Offered: Spring.
- HITE 2717 Registry Organization** (3-0-3)  
 An introduction to cancer registries; hospital-based and central registries; legal issues and confidentiality; focus on management functions of budgeting, annual reports, staffing, computer hardware and software requirements.  
 Prerequisites: Admission to the Cancer Registry Management Program and completion of all learning support requirements.  
 Corequisite: HITE 2724.  
 Offered: Summer.
- HITE 2724 Registry Operations** (3-0-3)  
 Focus on CoC Standards, cancer committees, cancer conferences and quality monitoring. Prerequisite: Admission to the Cancer Registry Management Program. Completion of all learning requirements. Corequisites: HITE 2717. Offered: Summer.
- HITE 2731 Patient Follow-up** (3-0-3)  
 This course covers cancer patient follow-up methodology, confidentiality and ethical issues; identification of second primaries, recurrence, spread of disease and survival data. Physical, patient, and other follow-up resources and activities will be introduced.  
 Prerequisites: Admission to the Cancer Registry Management Program.  
 Corequisite: HITE 2717, HITE 2724, HITE 2423, HITE 2738, HITE 2752.  
 Offered: Spring.

- HITE 2738 Oncology Coding and Staging Systems** (3-3-4)  
 Concepts of coding and staging of malignant neoplasms, including a general overview of International Classification of Disease for Oncology (ICD-O) nomenclature and classification system; AJCC and SEER staging extent of disease concepts used by physicians and cancer surveillance organizations to determine treatment and survival.  
 Prerequisites: HITE 2717, HITE 2724, HITE 2423.  
 Corequisites: HITE 2731, HITE 2752.  
 Offered: Spring.
- HITE 2745 Abstracting Principles I** (2-3-3)  
 Introduction to the principles of cancer registry abstracting; identification and selection of appropriate clinical information from medical records in a manner consistent with cancer registry core data item requirements recording; coding and staging site-specific cancer information; manual and computerized applications will be introduced.  
 Prerequisites: Admission to the associate degree in Health Information Technology; HITE 2717, HITE 2738, HITE 2423.  
 Corequisites: None.  
 Offered: Summer.
- HITE 2746 Abstracting Principles II** (2-3-3)  
 Continuation of the applications of the principles of cancer registry abstracting; identification and selection of appropriate clinical information from medical records in a manner consistent with cancer registry core data item requirements recording; coding and staging site-specific cancer information; use of quality control edits to assure timelines, completeness and accuracy of data.  
 Prerequisites: Minimum of an associate degree in Health Information Technology; HITE 2724, HITE 2731, HITE 2738, HITE 2745, HITE 2717, HITE 2423.  
 Corequisites: HITE 2759.  
 Offered: Fall.
- HITE 2752 Cancer Statistics and Epidemiology** (2-0-2)  
 Introduction to cancer statistics, descriptive and analytic, epidemiology, cancer surveillance, annual report preparation, presentation of cancer data and special studies; use of cancer statistical data for marketing and strategic planning.  
 Prerequisites: HITE 2717.  
 Corequisites: HITE 2731, HITE 2738.  
 Offered: Spring.
- HITE 2759 Clinical Practicum** (0-160-5)  
 Clinical experience performing actual tasks in registry management, data collection processes, data utilization, and computer applications under the supervision of a CTR (Certified Tumor Registrar.)  
 Prerequisites: HITE 2717, HITE 2723, HITE 2724, HITE 2731, HITE 2738, HITE 2745.  
 Corequisites: HITE 2746.  
 Offered: On demand.

- HLTH 1150 Principles & Practices of Well-Being** (2-0-2)  
 A study of health promotion education covering topics such as consequences of lifestyle choices, behavior modification of coronary risk factors, psychological motivation techniques, and application of wellness screening.  
 Prerequisite: None.  
 Offered: On demand.
- HLTH 1160 First Aid, CPR and AED Essentials** (2-0-2)  
 Trains students to provide immediate first aid care for most injuries and medical situations until advanced medical help arrives. Red Cross certification for Adult CPR, Infant and Child CPR, and Standard First Aid is issued to those who successfully complete Red Cross requirements.  
 Prerequisite: None.  
 Offered: Fall, Spring.
- HLTH 1161 Human Sexuality** (2-0-2)  
 Basic information about human sexuality which includes anatomy, pregnancy-childbirth, birth control, sexual variations, and sexually transmitted diseases.  
 Prerequisite: None.  
 Offered: Spring.
- HLTH 1162 Weight Management** (2-1-2)  
 Basic principles of weight management and body composition. Students are required to keep daily nutrition logs as well as exercise in the Darton College Fitness Facility.  
 Prerequisite: None.  
 Offered: On demand.
- HLTH 1163 Personal Health** (2-0-2)  
 Health problems and trends in modern health practices. Nutrition, heart disease, fitness, and consumer health protection.  
 Prerequisite: None.  
 Offered: Fall.
- HLTH 1164 Stress Management** (2-0-2)  
 This course provides an introduction to various strategies that can be utilized by individuals and groups to counteract the effects of stress in their lives. The concepts of health promotion, disease prevention, self-care and healing provide the framework within which the student experiences the use of various stress management strategies.  
 Prerequisite: None.  
 Offered: On demand.
- HLTH 1165 Mental Health** (2-0-2)  
 Causes, types, treatment, and prevention of mental illness. Consideration given to society's reaction to the mentally ill and how to maintain mental health.  
 Prerequisite: None.  
 Offered: On demand.

- HLTH 1166 Drugs and Drug Abuse** (2-0-2)  
 Basic information about drug use and abuse which includes alcohol, depressants, narcotics, tobacco, stimulants, psychedelics, marijuana, over-the-counter drugs, and prescription drugs.  
 Prerequisite: None.  
 Offered: Fall.
- HSEC 2109 Introduction to Homeland Security** (3-0-3)  
 This course provides the historic overview of the terrorist threat which influenced the establishment of the Department of Homeland Security (DHS.) The statutory authority, organization, structure, processes and policies of the DHS will be examined. The course will also briefly review the role of National Intelligence and technology in supporting the capabilities of the DHS as well as its future role. An examination of the current National Strategy for Homeland Security will also be included.  
 Prerequisite: None.  
 Corequisite: None.  
 Technology: 100% online.  
 Offered: On demand.
- HSEC 2114 National Response Plan** (3-0-3)  
 The NRP provides the national framework for the coordination and interaction between Federal, State, local, tribal and volunteer organizations to help save lives and protect America's communities. The NRP provides the complete spectrum of incident management activities to include the prevention of, preparedness for, response to, and recovery from terrorism, major natural disasters, and other major emergencies as well as the best practices from a wide variety of incident management disciplines to include fire, rescue, emergency management, law enforcement, public works, and emergency medical services. This course provides an in-depth review of the NRP and its supporting annexes.  
 Prerequisite: None.  
 Corequisite: None.  
 Technology: 100% online.  
 Offered: On demand.
- HSEC 2123 Terrorism and Homeland Security** (3-0-3)  
 Terrorism against the U.S. was the driving force behind the creation of the Department of Homeland Security and continues to be the shaper of its strategies. This course gives the student an understanding of international and domestic terrorism, to include a review of current terrorist groups, goals, past exploits, targeting methods, etc. It also examines the specific national policies which pertain directly to the identification and prevention of terrorist acts against the U.S.  
 Prerequisite: None.  
 Corequisite: None.  
 Technology: 100% online.  
 Offered: On demand.

- HSEC 2127 The U.S. Intelligence Community; Links to HSEC** (3-0-3)  
Homeland Security programs are only as effective as the U.S. Intelligence community can make them. This course will examine the agencies which make up the U.S. National Intelligence community and their interaction /coordination with the Department of Homeland Security.  
Prerequisite: None.  
Corequisite: None.  
Technology: 100% online.  
Offered: On demand.
- HSEC 2131 Introduction to Emergency Management** (3-0-3)  
A hands-on course which provides students with planning procedures to identify vulnerabilities, assess risk and develop mitigation plans to minimize the affects of natural & man-made disasters which will have a significant impact on the security of the communities & infrastructure at the local, state & national level. This course will also thoroughly examine the National Incident Management System (NIMS) & Incident Command Systems (ICS) which enable first responders from different jurisdictions & disciplines to better coordinate/cooperate during the response efforts to a disaster.  
Prerequisite: None.  
Corequisite: None.  
Technology: 100% online.  
Offered: On demand.
- HSEC 2134 Securing our Transportation Systems** (3-0-3)  
Mass transportation systems have been a principle target of terrorist actions both in the U.S. & around the world and continue to remain vulnerable due to the mass effect that a terrorist action can have. These systems continue to be the primary method to move people & trade goods into, out of & across the U.S. The Department of Transportation, working closely with the Department of Homeland Security, has developed numerous security preparedness plans & a national freight transportation policy that includes national strategic objectives. This course will conduct an examination of the threats, vulnerabilities to U.S. transportation systems & the programs, technologies & practices used to counter these threats.  
Prerequisite: None.  
Corequisite: None.  
Technology: 100% online.  
Offered: On demand.

- HSEC 2138 Immigration Threats: Securing our Borders** (3-0-3)  
 The protection of our borders from illegal entry by land, air and sea is a growing area of focus for many federal agencies. This course will examine the current methods used by federal agencies to protect our borders and will also review current national policies as well as the Secure Border Initiative (SBI), Coast Guard Biometric Collection Program, Immigration and Customs Enforcement (ICE), and Mutual Agreement between Government and Employees (IMAGE.) The course will also include some information-sharing capabilities and programs between federal agencies.  
 Prerequisite: None.  
 Corequisite: None.  
 Technology: 100% online.  
 Offered: On demand.
- HSEC 2142 Protecting Critical Infrastructure** (3-0-3)  
 The security of critical infrastructure is paramount to a government's ability to provide services & governance to its people. That fact makes these assets likely targets of terrorism as the effects of a successful attack will be widespread & gain the desired attention that is the intent of the attack. This course will cover planning considerations and mitigation programs to protect these critical resources from attack. The course will also examine the National Infrastructure Protection Plan (NIPP) & related Homeland Security Presidential Directives (HSPD).  
 Prerequisite: None.  
 Corequisite: None.  
 Technology: 100% online.  
 Offered: On demand.
- HSEC 2146 Protection of Hazardous Material** (3-0-3)  
 A hands-on course which examines the multitude of hazardous materials present in our daily environment. This course will provide students with some planning, mitigation and emergency response principles to deal with the protection and response to attacks involving hazardous materials, the protection of the environment, critical infrastructure and citizens.  
 Prerequisite: None.  
 Corequisite: None.  
 Technology: 100% online.  
 Offered: On demand.
- HSEC 2153 Theories of Terrorism: Analysis through Case Studies** (3-0-3)  
 The course will present a format of the most sophisticated theories by the best terrorist analysts in the world, while still focusing on the domestic and international threats of terrorism and the basic security issues that surround terrorism today. Students will demonstrate their understanding of the strategies and principles gained through previous courses by conducting an analysis of these articles in the context of current U.S. strategies and programs.  
 Prerequisites: HSEC 2114, National Response Plan; HSEC 2123, Terrorism and Homeland Security.  
 Corequisite: None.  
 Technology: 100% online.  
 Offered: On demand.

- HSEC 2159 Information Security (INFOSEC)** (3-0-3)  
Information security transcends all national borders and reaches out from the global network. Whether at the local, state or national level and including the private sector, critical information must be shared across internet and intranet as a principal part of required daily procedures. As a result, these institutions are vulnerable to cyber attacks by domestic and international terrorists as well as foreign business competitors. The prevention of intrusion, data theft and data loss is paramount to maintaining the security of public infrastructure, protecting sensitive information and providing essential services to both the private and public sector. This course will examine topics such as asset identification, human factors, compliance with regulations, personnel security, risk assessment and ethical considerations as well as computer and network security tools and methods. It will provide an up-to-date look at the whole range of security and information topics. In post-9/11 times, managers and IT Professionals need to address a wide range of security-related issues, and develop security systems that take all these diverse factors into account.  
Prerequisite: None.  
Corequisite: None.  
Technology: 100% online.  
Offered: On demand.
- HSEC 2164 Corporate Security** (3-0-3)  
This course outlines the essential roles of corporate & municipal managers & demonstrates the importance of their relationships with federal, state, & local government agencies as well as public and private community sectors in conducting emergency planning. The focus is on proactively planning for emergencies, particularly in the recognition & advance coordination of response to incidents instead of simply implementing emergency measures. Topics include the overall scope of comprehensive emergency planning; the types of hazards & risks faced by emergency response personnel, as well as the public, in typical emergencies; & provide specific recommendations regarding the immediate & long-term health & safety of emergency response personnel. Finally, course work will discuss a range of issues that must be given special attention in the development & implementation of an emergency response plan including: hazard & risk reduction, decontamination, data & information management, monitoring strategies & devices, terrorism, & the training of emergency response personnel.  
Prerequisite: None. Corequisite: None.  
Technology: 100% online. Offered: On demand.
- HUST 1100 Introduction to Human Services** (1-0-1)  
This course is designed to provide the student with an awareness of the conditions in modern society that impact the health of individuals, families, & communities. It provides an introduction to the field of human services. Topics include the history and philosophical foundations of human services & the identification of populations served by human service workers. The principles of human services, essential skills, & roles required to develop an appreciation of what it means to be a human services worker are emphasized.  
Prerequisite: Admission to HST program.  
Offered: Fall and Spring.

- HUST 1105 Therapeutic Communications for Healthcare Professionals (3-1-3)**  
 An introductory course covering the communication skills essential to a helping relationship using a patient/client centered model. Skills emphasized are interviewing, listening, attending to patient/client verbal & non-verbal cues, problem-definition, negotiation, confrontation, & written documentation. Application of communication theory & utilization of communication skills to elicit a psychosocial history, identify patient/client assets & limitations, & to arrive at a mutually acceptable definition of the "problem" with a range of human services clientele are emphasized. The central focus of this course is on how a repertoire of communication skills relate to critical thinking & problem-solving skills.  
 Prerequisites: PSYC 1101, ALHE 1105, HUST 1100 or permission of instructor.  
 Offered: Spring.
- HUST 1110 Families and Other Systems (3-1-3)**  
 This didactic & experiential course provides an introduction to family systems theory and its implication in family assessment, family therapy, & agency/institution analysis. Topics include an historical perspective on the evolution of family therapy, basic system theory concepts as applied to families & other systems, the family life cycle, & an overview of the major models of family therapy. The student will learn basic family assessment methods & interventions to enable the development of initial treatment plans & facilitate the referral of families to the appropriate community resources.  
 Prerequisites: HUST 1100, PSYC 1101 or permission of the instructor.  
 Offered: Spring.
- HUST 1115 Crisis Intervention (2-0-2)**  
 In this course emphasis is placed on both theoretical & practical understanding of human crises. The term "crises" is defined, levels of severity of crises are differentiated, basic crisis counseling to evaluate crises are introduced, intervention techniques are explored, & crisis resolution is examined.  
 Prerequisite: Admission to HST program or permission of the instructor.  
 Offered: Fall.
- HUST 2000 Group Theory and Process (3-1-3)**  
 This course is designed as an introduction to the theory and process of group interaction. It will combine didactic & experiential activities that will enable the student to become familiar with different types of groups, to recognize the dynamics of group functioning, to understand the rationale for group work, to recognize the skills required to become an effective group facilitator, & to have direct experience in planning, participating in, & leading a group session.  
 Prerequisites: HUST 1100, HUST 1105, HUST 1110, HUST 1115 or permission of the instructor.  
 Offered: Fall, Summer.
- HUST 2050 Counseling Theories & Methods (3-0-3)**  
 This course provides an introduction to the major theories of counseling. For each identified theory, basic concepts, definitions of health and normalcy, and strategies and interventions will be examined. The student will apply these theories to real case examples and will develop his/her own theory of counseling.  
 Prerequisites: HUST 1100, HUST 1105, HUST 1110, HUST 1115 or permission of the instructor.  
 Offered: Fall.

- HUST 2150 Human Services Practicum** (0-6-2)  
 This introductory practicum offers the human services student the opportunity to apply theoretical learning in selected health agency settings for 6 hours per week. The student will work under direct supervision of qualified agency personnel. The student will be required to participate in a one-hour weekly seminar which will focus on integrating these applied experiences with classroom learning.  
 Prerequisites: HUST 1100, HUST 1105, HUST 1110, HUST 1115 or permission of the instructor.  
 Offered: Spring.
- HUST 2210 Community/Mental Health Field Placement I** (0-12-4)  
 The student will spend 12 hours per week in a field setting related to his/her health/mental health specialty track. The student will have the opportunity for direct client contact and will, under supervision, enhance skills in interviewing, observing, reporting and assessing client needs. The student will be required to participate in a one-hour weekly seminar which will focus on integrating these applied experiences with classroom learning.  
 Prerequisites: HUST 2150 or permission of the instructor.  
 Corequisite: None  
 Offered: Fall.
- HUST 2220 Community/Mental Health Placement II** (0-15-5)  
 The student will spend 15 hours per week in a second field setting related to his/her health/mental health specialty track. The student, under supervision, will further refine his/her service coordination skills & intervention techniques in direct service delivery. The student will be required to participate in a one-hour weekly seminar which will focus on integrating these applied experiences with classroom learning.  
 Prerequisites: HUST 2000, HUST 2050, HUST 2210, HUST 2650, HUST 2700 or permission of the instructor.  
 Offered: Spring.
- HUST 2310 Addiction/Substance Abuse Placement I** (0-12-4)  
 The student will spend 12 hours per week in a field setting related to his/her addiction/substance abuse counselor specialty track. The student will have the opportunity for direct client contact and will, under supervision, enhance skills in interviewing, observing, reporting, and assessing client needs. The student will be required to participate in a one-hour weekly seminar which will focus on integrating these applied experiences with classroom learning.  
 Prerequisites: HUST 2150.  
 Corequisite: None.  
 Offered: Fall.
- HUST 2320 Addiction/Substance Abuse Placement II** (0-15-5)  
 The student will spend 15 hours per week in a second field setting related to his/her addiction/substance abuse specialty track. The student, under supervision, will further refine his/her service coordination skills and intervention techniques in direct service delivery. The student will be required to participate in a one-hour weekly seminar which will focus on integrating these applied experiences with classroom learning.  
 Prerequisites: HUST 2000, HUST 2050, HUST 2650, HUST 2700, HUST 2310.  
 Offered: Spring.

- HUST 2650 Applied Community Health** (3-0-3)  
 This course will focus on the application of previous coursework to a variety of healthcare settings. The student is introduced to the field of community health and to the provision of services to people with a wide range of health problems, including a specific emphasis on patient/client populations with disabilities. Topics covered include basic concepts of health/mental health; major types of disabilities; practical usage of the DSM-IV; dual diagnosis and treatment issues; personality disorders and addicted patient s/clients; and commonly used interventions to prevent, promote and/or restore the health/mental health of individuals, families and groups. Course material will be directly linked to field placement experiences.  
 Prerequisites: HUST 2150 or permission of the instructor.  
 Corequisite: None.  
 Offered: Fall, Summer.
- HUST 2700 Understanding and Treating Addictions** (3-0-3)  
 This course is designed to provide basic knowledge in the field of addictions. Emphasis is in three major areas: the biopsychosocial factors of alcoholism, drug addiction, & other types of addiction; the pharmacology of psychoactive substances; & the eight components of the skill groups in addiction counseling. Course material in all three areas will be directly linked to the field placement experiences for those students working in addiction/substance abuse treatment settings.  
 Prerequisites: HUST 2150 or permission of the instructor.  
 Corequisite: None.  
 Offered: All Semesters.
- HUST 2750 Current Trends in Addiction & Mental Health** (3-0-3)  
 This course addresses contemporary issues in addictions and mental health. Emphasis is in four major areas: ethnic and cultural issues that influence diagnosis, treatment and utilization of services, special populations such as consumers/clients with HIV/AIDS; co-occurring disorders; and matching treatment services to individual client needs (i.e., brief therapy, partial hospitalization, out-patient treatment, etc.) In addition attention will be given to the following current issues in the fields: treatment issues for adolescent and geriatric consumers/clients; spiritual concerns and disciplines; gay/lesbian issues; psychopharmacology; relapse dynamics and prevention, and managed care and treatment costs.  
 Prerequisite: HUST 2650, HUST 2700, HUST 2210 or HUST 2310 or permission of the instructor.  
 Offered: Fall, Spring.
- INED 2902 International Perspectives** (1-2-2)  
 This course is designed to enhance and enrich the educational experience of students who travel abroad in a program sanctioned by Darton College. It will provide students with an introduction to the culture(s) to be visited, an understanding and appreciation of the importance of the specific sites on the itinerary, and orientation to some of the cultural/social/political issues specific to the area. This course requires 30 academic hours of instruction.  
 Prerequisite: None.  
 Corequisite: Enrollment in (one of) the travel abroad program(s) sanctioned by Darton College.  
 Offered: On demand.

- INED 2903 International Perspectives** (2-2-3)  
 This course is designed to enhance and enrich the educational experience of students who travel abroad in a program sanctioned by Darton College. It will provide students with an introduction to the culture(s) to be visited, an understanding and appreciation of the importance of the specific sites on the itinerary, and orientation to some of the cultural/social/political issues specific to the area. This course requires 45 academic hours of instruction.  
 Prerequisite: None.  
 Corequisite: Enrollment in (one of) the travel abroad program(s) sanctioned by Darton College.  
 Offered: On demand.
- ISCI 2001 Foundations of Life/Earth Science** (2-2-3)  
 This course is an Area F science course for early childhood education majors. This course will emphasize the understanding and use of the major concepts of life and earth science, including the characteristics and interdependence of life, and the major earth systems. As a general theme, strategies of investigating science will be used and discussed in the context of various topics.  
 This course may only be used as an Area F course for Early Grades Education Major.  
 Prerequisites: Successful completion of one Area D Science Course.  
 Corequisites: None.  
 Offered: Fall and Spring semesters. Summer semester if requested by Chair of Business and Social Science Division.
- ISCI 2002 Foundations of Physical Science** (2-2-3)  
 This course is an Area F science course for early childhood education majors. This course will emphasize the understanding and use of the major concepts of physical science, including physics and chemistry. As a general theme, strategies of investigating science will be used and discussed in the context of various topics.  
 This course may only be used as an Area F course for Early Grades Education Major.  
 Prerequisites: Successful completion of one Area D Science course.  
 Corequisites: None.  
 Offered: Fall and Spring semesters. Summer semester if requested by Chair of Business and Social Science Division.
- JAPN 1001 Elementary Japanese I** (3-0-3)  
 JAPN 1001 is an Introduction to Japanese language, both spoken and written, and orientation to Japanese culture.  
 Prerequisites: READ 0099 and ENGL 0099.  
 Offered: Fall, Spring.
- JAPN 1002 Elementary Japanese II** (3-0-3)  
 JAPN 1002 is a continuation of JAPN 1001 and includes expansion of vocabulary and grammar, and practice in conversation, writing, and reading, as well as advancing knowledge of Japan related issues.  
 Prerequisite: JAPN 1001 or equivalent.  
 Offered: Spring.

- JAPN 2001 Intermediate Japanese I** (3-0-3)  
 JAPN 2001 is a continuation of JAPN 1002 and includes intermediate grammar, expansion of vocabulary and continued practice in conversation, writing, and reading and further extension of Japan related issues.  
 Prerequisite: JAPN 1002 or equivalent.  
 Offered: Fall.
- JAPN 2002 Intermediate Japanese II** (3-0-3)  
 JAPN 2002 is a continuation of JAPN 2001 and includes intermediate grammar, expansion of vocabulary and continued practice in conversation, writing and reading, and advancing knowledge of Japan related issues.  
 Prerequisite: JAPN 2001 or equivalent.  
 Offered: Spring.
- JOUR 1000 Journalism Practicum** (0-0-1)  
 This course is a practicum through which students do the planning, research, writing, editing, and lay-out necessary to publish a newspaper. JOUR 1000 is open to students taking news writing and reporting and to students working on the school newspaper. JOUR 1000 may be taken each semester, but the credit does not substitute for other journalism courses required in the journalism degree program.  
 NOTE: Only one hour of JOUR 1000 will count toward a degree.  
 Prerequisite: JOUR 1110 or permission of the instructor.  
 Offered: On demand.
- JOUR 1100 Introduction to Mass Communication (same as COMM 2230)** (3-0-3)  
 JOUR 1100 is a survey of the field of mass communication, including newspapers, magazines, radio, television, cable television, and public relations and advertising, with emphasis on the historical development, current practices, and future trends of these media. This course is also listed as COMM 2230.  
 Prerequisite: None.  
 Offered: Fall and Spring.
- JOUR 1110 News Writing (same as COMM 2235)** (3-0-3)  
 JOUR 1110 is an introductory course in writing for the mass media, with emphasis on gathering, writing, and reporting for newspapers and broadcast media. This course is also listed as COMM 2235.  
 Prerequisite: ENGL 1101.  
 Offered: Fall.

- JOUR 1111 Writing for Television, Radio, and the New Media** (3-0-3)  
 Enrollment in journalism schools is up, but newspaper readership is declining. The future of journalism probably is in what is known as cross-platform, or multi-media, reporting. This course proposes to teach students, who have learned traditional methods of reporting in Journalism 1110, to write for a variety of genres and media. This class would include discussions of how and why journalism has evolved from newspapers and broadcast in the 20th century to newspapers, broadcast, cable, and the New Media in the 21st century. The course would also provide instruction and practice in writing for the New Media, which includes web sites, blogs, Twitter, Facebook, Digg.com, and others. Finally, the course includes a study of how people access, use, and produce news. Careful attention would be given to the interactive nature of today's reporting.  
 Prerequisite: ENGL 1101.  
 Corequisite: None.  
 Offered: Spring semester.
- LEAD 1101 Leadership Development** (2-0-2)  
 The purpose of the course is to help students identify the attributes of effective leaders so that they can build their leadership potential and develop skills that will be of benefit to them personally and in their chosen profession.  
 Corequisite: Minimum COMPA SS reading score of 74 or enrollment in READ 0099.  
 Prerequisite: None.  
 Offered: On demand.
- MATH 0097 Introductory Algebra** (4-0-4)  
 MATH 0097 is an introductory algebra course designed for students with some mathematical background who need additional algebraic skills. Topics include fractions, decimals, signed numbers, linear equations, systems of equations in two variables, exponents, inequalities, polynomials, factoring, and graphing linear equations. Topics will be supported by appropriate technology. Exit requirement: A grade of "C" or better in the course.  
 Placement: A score below 30 on the COMPASS Algebra Test.  
 Offered: All semesters.
- MATH 0099 Intermediate Algebra** (4-0-4)  
 MATH 0099 is a continuation of MATH 0097. Topics include linear equations and inequalities, factoring, polynomials, exponents, roots and radicals, rational expressions, complex numbers, quadratic equations, and basic elements of geometry. Topics will be supported by appropriate technology. Exit Requirement: A grade of "C" or better in the course and a Compass Algebra Test score of 37 or above.  
 Placement: A score between 30 and 36 on the COMPASS Algebra Test or a CPC deficiency and a score of 37 or above on the COMPASS Algebra Test; or successful completion of MATH 0097.  
 Offered: All semesters.

- MATH 1001 Quantitative Skills and Reasoning** (3-0-3)  
 This course is an alternative in Area A of the Core Curriculum and is not intended to supply sufficient algebraic background for students who intend to take Precalculus, trigonometry, or the calculus sequence for mathematics and science majors. This course places quantitative skills and reasoning in the context of experiences that students will be likely to encounter. It emphasizes processing information in context from a variety of representations, understanding of both the information and the processing, and understanding which conclusions can be reasonably determined. A graphing calculator is required. MATH 1001 is a math course for non-science majors and may be used as a prerequisite to MATH 2205 and/or MATH 1145. Students receiving credit for MATH 1001 cannot receive credit for MATH 1101 or MATH 1111.  
 Prerequisites: MATH 0099 or satisfactory score on math placement test.  
 Offered: Every Semester.
- MATH 1105 Laboratory Clinical Math** (1-1-1)  
 This course covers mathematical topics including probability, conversions, ratio and proportion, graphing, and basic statistical computation and application.  
 Prerequisite: Admission to the Dental Hygiene Program.  
 Offered: Fall.
- MATH 1111 College Algebra** (3-0-3)  
 This course is a functional approach to algebra that incorporates the use of applied technology. Emphasis will be placed on the study of functions and their graphs, inequalities, and linear, quadratic, piecewise defined, rational, polynomial, exponential, and logarithmic functions. Appropriate applications will be included. A graphing calculator is required. Students receiving credit for MATH 1111 cannot receive credit for MATH 1001.  
 Prerequisite: MATH 0099 or satisfactory score on math placement test.  
 Offered: All semesters.
- MATH 1112 Trigonometry** (3-0-3)  
 This course covers trigonometric functions. The topics include identities, solutions of triangles, complex numbers, conics, and vectors. A graphing calculator is required. Students receiving credit for MATH 1112 cannot receive credit for MATH 1113.  
 Prerequisite: MATH 1111 or consent of Division Chair.  
 Offered: All semesters.
- MATH 1113 Pre-Calculus** (3-0-3)  
 This course is designed to prepare students for calculus, physics, and related technical subjects. Topics include an intensive study of algebraic and transcendental functions accompanied by analytic geometry. A graphing calculator is required. Students receiving credit for MATH 1113 cannot receive credit for MATH 1112.  
 Prerequisite: MATH 1111 or consent of Division Chair.  
 Offered: Fall.
- MATH 1145 Survey of Calculus** (3-0-3)  
 This is a survey of Calculus for students in non-science curricula. The topics include limits, derivatives, integrals, logarithmic and exponential functions. A graphing calculator is required. Students receiving credit for MATH 1145 cannot receive credit for MATH 1151.  
 Prerequisite: MATH 1001, MATH 1111, or MATH 1113.  
 Offered: Fall, Spring.

- MATH 1151 Calculus I with Geometry** (3-2-4)  
 This is the first of a three semester sequence in Calculus. Calculus I covers topics from analytical geometry, limits, derivatives of algebraic, trigonometric and exponential functions, and basic integration. A graphing calculator is required. Students receiving credit for MATH 1151 cannot receive credit for MATH 1145.  
 Prerequisite: MATH 1112 or MATH 1113 or consent of Division Chair.  
 Offered: Fall, Spring, Summer.
- MATH 2003 Algebra and Applications for Middle Grade Teachers** (3-0-3)  
 This course is designed for middle grade teachers. The course includes variable expressions; equations; inequalities; and linear, non-linear, and inverse functions. Applications will be included in each topic of discussion. A graphing calculator is required. This course does not satisfy any core curriculum requirement.  
 Restricted to Middle Grade Teachers.  
 Offered: On demand.
- MATH 2004 Number Sense for Middle Grade Teachers** (3-0-3)  
 This course is designed for middle grade teachers. The course includes sets of numbers, order relationships, numeration systems, divisibility properties of integers, prime and composite numbers, special sets of numbers and sequences, history of mathematics. Real world applications will be explored. This course does not satisfy any core curriculum requirement.  
 Restricted to Middle Grade Teachers.  
 Offered: On demand.
- MATH 2005 Probability and Statistics for Middle Grade Teachers** (3-0-3)  
 This course is designed for middle grade teachers. The course includes topics such as frequency distributions, graphing techniques, descriptive measures, counting techniques, probability, and simulation techniques. Applications will be included in each topic of discussion. A calculator will be required. This course does not satisfy any core curriculum requirement.  
 Restricted to Middle Grade Teachers.  
 Offered: On demand.
- MATH 2006 Geometry for Middle Grades Teachers** (3-0-3)  
 This course covers standard concepts from Euclidean Geometry including points, lines, and planes, plane and solid geometry, right-angle trigonometry, coordinate geometry, transformational geometry, logic, and measurement systems. This course does not satisfy any core curriculum requirements.  
 Restricted to Middle Grade Teachers.  
 Offered: On demand.

- MATH 2008 Foundations of Numbers and Operations** (3-0-3)  
 This course is an Area F introductory mathematics course for early childhood education majors. This course will emphasize the understanding and use of the major concepts of number and operations. As a general theme, strategies of problem solving will be used and discussed in the context of various topics.  
 Prerequisites: MATH 1001, MATH 1111, MATH 1112, or MATH 1113.  
 Corequisites: None.  
 Offered: Fall and Spring semesters. Summer semester if requested by Chair of Business and Social Science Division.
- MATH 2015 Probability and Statistics: SREB Middle Grades Series** (3-0-3)  
 This course is designed for middle grade teachers. The course includes topics such as frequency distributions, graphing techniques, descriptive measures, counting techniques, probability, simulation techniques, normal distributions, and confidence intervals. Applications will be included in each topic of discussion. A calculator will be required.  
 This course does not satisfy any core curriculum requirements.  
 Prerequisites: Restricted to Middle Grade Teachers.  
 Offered: On demand.
- MATH 2016 Geometry for Middle Trade Teachers SREB Mid Grades Series** (3-0-3)  
 This course covers standard concepts from Euclidean Geometry including points, lines, and planes, plane and solid geometry, right-angle trigonometry, coordinate geometry, transformational geometry, logic, and measurement systems.  
 This course does not satisfy any core curriculum requirements.  
 Prerequisites: Restricted to Middle Grade Teachers.  
 Offered: On demand.
- MATH 2023 Algebra and Applications for Special Education Teachers** (3-0-3)  
 This course is designed for in-service special education teachers. The course includes variable expressions, equations, inequalities and linear, nonlinear and inverse functions. Applications will be included in each topic of discussion. A graphing calculator is required. This course does not satisfy any core curriculum requirement.  
 Prerequisite: Restricted to in-service special education teachers.  
 Offered: As required.
- MATH 2024 Number Sense for Special Education Teachers** (3-0-3)  
 This course is designed for in-service special education teachers. The course includes sets of numbers, order relationships, numeration systems, divisibility properties of integers, prime and composite numbers, special sets or numbers and sequences, history of mathematics. Real world applications will be explored. This course does not satisfy any core curriculum requirement.  
 Prerequisite: Restricted to in-service special education teachers.  
 Offered: As required.
- MATH 2025 Probability and Statistics for Special Education Teachers** (3-0-3)  
 This course is designed for in-service special education teachers. The course includes topics such as frequency distributions, graphing techniques, descriptive measures, counting techniques, probability, and simulation techniques. Applications will be included in each topic of discussion. A calculator will be required. This course does not satisfy any core curriculum requirement.  
 Prerequisite: Restricted to in-service special education teachers.  
 Offered: As required.

- MATH 2026 Geometry for Special Education Teachers** (3-0-3)  
 This course is restricted to in-service special education teachers. The course covers standard concepts from Euclidean Geometry including points, lines, and planes, plane and solid geometry, right-angle trigonometry, coordinate geometry, transformational geometry, logic and measurement systems. This course does not satisfy any core curriculum requirement.  
 Prerequisite: Restricted to in-service special education teachers.  
 Offered: As required.
- MATH 2205 Introduction to Statistics** (3-0-3)  
 This is an elementary course in descriptive and inferential statistics. Areas covered include frequency distributions, graphing techniques, the normal distribution, descriptive measures, probability, hypothesis testing, correlation, linear regression, and confidence intervals. A graphing calculator is required.  
 Prerequisites: MATH 1001, MATH 1101, or MATH 1113 or consent of Division Chair.  
 Offered: All semesters.
- MATH 2218 Linear Algebra** (3-0-3)  
 Theory and applications of systems of linear equations, vector spaces, and linear transformations are covered. Fundamental concepts include: linear independence, basis and dimension, orthogonality, projections, least squares analysis solutions of inconsistent systems; matrices, eigenvalues, eigenvectors, and applications. A graphing calculator is required.  
 Prerequisites: MATH 2252 or MATH 1151 with consent of Division Chair.  
 Offered: On demand.
- MATH 2252 Calculus II** (3-2-4)  
 This is the second of a three semester sequence in Calculus. Calculus II includes a continuation of techniques of integration, applications of integration, plane analytical geometry, parametric equations, Taylor's theorem, sequences and series. A graphing calculator is required.  
 Prerequisite: MATH 1151 or consent of Division Chair.  
 Offered: Fall and Spring.
- MATH 2253 Calculus III** (3-2-4)  
 This is the third of a three semester sequence in Calculus. Calculus III includes vector valued functions, vector derivatives, curvature, geometry of space, partial differentiation, functions of several variables, vector analysis, multiple integration, and applications of multiple integration. A graphing calculator is required.  
 Prerequisite: MATH 2252 or consent of Division Chair.  
 Offered: Spring.
- MATH 2451 Mathematics I for Teachers** (3-0-3)  
 This course is designed for teachers of mathematics I as outlined in the new Georgia Performance Standards. The mathematics content will prepare teachers to teach the content in units 4, 5, and 6. In depth problem solving and interdisciplinary applications will be covered. In addition, the Mathematics Frameworks material will be thoroughly explored. The course will also review prerequisite content needed to master content for Units 4 through 6.  
 Prerequisites: In-Service Teachers.  
 Corequisites: None.  
 Offered: On demand.

**MATH 2456 Mathematics I for Teachers, Part 1** (3-0-3)

This course is designed for teachers of Mathematics I as outlined in the new Georgia Performance Standards. The mathematics content will prepare teachers to teach the first part of Mathematics I. In depth problem solving and interdisciplinary applications will be covered. In addition, the Mathematics Frameworks material will be thoroughly explored. Students will explore and interpret the characteristics of functions, using graphs, tables, and simple algebraic techniques, understand and use the language of mathematical argument and justification, simplify and operate with radical expressions, polynomials, and rational expressions, solve simple equations, discover, prove, and apply properties of triangles, quadrilaterals, and other polygons.

This course is non-transferable and limited to in-service educators.

Prerequisite: Must be in-service educator.

Corequisite: None.

Offered: On demand.

**MATH 2458 Mathematics I for Teachers, Part 2** (3-0-3)

This course is designed for teachers of Mathematics I as outlined in the new Georgia Performance Standards. The mathematics content will prepare teachers to teach the second part of Mathematics I. In depth problem solving and interdisciplinary applications will be covered. In addition, the Mathematics Frameworks material will be thoroughly explored. Students will discover, prove, and apply properties of triangles, quadrilaterals, and other polygons, determine the number of outcomes related to a given event, use the basic laws of probability, relate samples to a population, explore variability of data by determining the mean absolute deviation (the average of the absolute values of the deviations), explore and interpret the characteristics of functions, using graphs, tables, and simple algebraic techniques, solve simple equations, investigate properties of geometric figures in the coordinate plane.

This course is non-transferable and limited to in-service educators.

Prerequisite: Must be in-service educator.

Corequisite: none.

Offered: On demand.

**MATH 2462 Mathematics II for Teachers, Part I** (3-0-3)

This course is designed for teachers of mathematics II as outlined in the new Georgia Performance Standards. The mathematics content will prepare teachers to teach the first part of Mathematics II. In depth problem solving and interdisciplinary applications will be covered. In addition, the Mathematics Frameworks material will be thoroughly explored. Students will represent and operate with complex numbers, analyze quadratic functions in the forms  $f(x)=ax^2+bx+c$  and  $f(x)=a(x-h)^2+k$ , solve quadratic equations and inequalities in one variable, identify and use special right triangles, define and apply sine, cosine, and tangent ratios to right triangles, understand the properties of circles, find and compare the measures of spheres.

This course is non-transferable and limited to in-service educators.

Prerequisite: Must be in-service educator.

Corequisite: None.

Offered: On demand.

- MATH 2464 Mathematics II for Teachers, Part 2** (3-0-3)  
 This course is designed for teachers of mathematics II as outlined in the new Georgia Performance Standards. The mathematics content will prepare teachers to teach the first part of Mathematics II. In depth problem solving and interdisciplinary applications will be covered. In addition, the Mathematics Frameworks material will be thoroughly explored. Students will make informal inferences about population means and standard deviations using sample data, investigate step and piecewise functions, including greatest integer and absolute value functions, explore exponential functions, explore inverses of functions, investigate step and piecewise functions, including greatest integer and absolute value functions, determine an algebraic model to quantify the association between two quantitative variables.  
 This course is non-transferable and limited to in-service educators.  
 Prerequisite: Must be in-service educator.  
 Corequisite: None.  
 Offered: On demand.
- MESA 0099 MESA Orientation** (1-0-1)  
 This course assists students in acquiring the knowledge and skills necessary to reach their educational objectives in engineering, mathematics, and science-related fields. Topics include: career decisions and strategies, educational and personal enrichment, study skills and habits, time management, academic preparation, and success in college. Field trips may be required. Students receive a pass/fail grade. RESTRICTED to MESA students; exceptions approved by the MESA Director. May serve as an elective for majors in the Science and Math Division.  
 Prerequisites: None.  
 Corequisites: None.  
 Offered: Fall, Spring.
- MLTS 1160W Medical Laboratory Technology I** (3-0-3)  
 An in-depth study of the sciences of hematology and body fluids analysis. It deals with the morphology of blood and blood-forming tissues, the principles of blood sample collections, and the composition and function of multiple body fluids. Physiology and pathology are emphasized.  
 Prerequisite: Admission to the Medical Laboratory Technology Program or permission of the instructor.  
 Corequisite: MLTS 1160L.  
 Offered: Spring, online & traditional options.
- MLTS 1160L Medical Laboratory Technology I LAB** (0-3-1)  
 The laboratory component of the course is utilized to develop skills and competencies required to perform laboratory analysis of blood and body fluids.  
 Corequisite: MLTS 1160W.  
 Offered: Spring.
- MLTS 1161W Medical Laboratory Technology II** (3-0-3)  
 This course provides an introduction to the principles of immunology and provides the student with a concise and thorough guide to transfusion practices and immunohematology.  
 Prerequisite: 1160W.  
 Corequisite: 1161L.  
 Offered: Summer, online & traditional options.

- MLTS 1161L Medical Laboratory Technology II LAB (0-3-1)**  
 The laboratory component of the course is utilized to develop skills and competencies required to perform blood banking procedures and to maintain procedures for the efficient operation of a blood bank.  
 prerequisite: 1161W.  
 Offered: Summer.
- MLTS 1300 Introduction to Histology (2-3-3)**  
 This course emphasizes the introductory study of basic histology. Structure and identification of tissue systems and organs is emphasized at the cellular level. The laboratory component is structured to enhance the student's knowledge of certain histological preparations of human and veterinary tissue. Identification of images is achieved through virtual microscopy.  
 Prerequisite: Admission to the Histology Program or permission of the program director.  
 Offered: Fall and Spring.
- MLTS 1310W Histology I (3-0-3)**  
 This course emphasizes some of the competencies required to perform routine histological procedures. These would include tissue fixation, principles and application of microtomy, embedding techniques, laboratory operations, decalcification, solution preparation and processing.  
 Prerequisites: Admission to Histology Program or permission of program director.  
 Corequisites: MLTS 1310L.  
 Offered: Fall and Spring.
- MLTS 1310L – History I Lab (0-3-1)**  
 The course is a laboratory component complementary to MLTS 1310W. It is utilized to develop entry level skills required to perform non-staining histological procedures. Prerequisite: Admission to Histology Program or permission of program director. Corequisite: MLTS 1310W.  
 Offered: Fall and Spring.
- MLTS 1320W Histology II (2-0-2)**  
 This course emphasizes the fundamentals and clinical significance of routine and special histological staining procedures. The student will differentiate between different classes of special stains performed in a histology laboratory.  
 Prerequisites: Admission to the Histology Program or permission of the program director.  
 Corequisite: MLTS 1320L  
 Offered: Fall and Spring.
- MLTS 1320L Histology II (0-3-1)**  
 The laboratory component of the course is utilized to develop skills required to perform routine and special stains. Students will identify and provide clinical correlation of routine and special stains.  
 Prerequisites: MLTS 1300 or permission of the program director.  
 Corequisite: MLTS 1320W.  
 Offered: Fall and Spring.

- MLTS 1330 Histology III** (0-3-1)  
 Students practice histotechnology procedures in a supervised histology lab setting. The laboratory component of the course is utilized to develop skills and competencies required to perform routine and special histology procedures.  
 Prerequisites: Admission to the Histology Program.  
 Offered: Fall and Spring.
- MLTS 1340 Histology IV** (0-3-5)  
 This course is the practicum designed to enhance and refine techniques taught in the first semester. Students are required to complete at least 300 clinical hours in an approved affiliate histology laboratory. Orientation to departmental and institutional policies and procedures is required.  
 Prerequisites: MLTS 1300W, MLTS 1320W, MLTS 1300, MLTS 1310L, MLTS 1320L, MLTS 1330 or permission of the program director.  
 Corequisites: None.  
 Offered: Spring and Summer.
- MLTS 1350 Histology V** (2-0-2)  
 A study of immunohistochemistry procedures and interpretations.  
 Prerequisites: MLTS 1300, MLTS 1310W, MLTS 1320W, MLTS 1310L, MLTS 1320L and MLTS 1330 or permission of the program director.  
 Offered: Spring and Summer.
- MLTS 1360 Histology VI** (1-0-1)  
 Seminars in Histology: Various professional topics are presented for discussion including board exam reviews, professionalism, laboratory information systems and management principles.  
 Prerequisites: MLTS 1300, MLTS 1310W, MLTS 1320W, MLTS 1310L, MLTS 1320L and MLTS 1330 or permission of the program director.  
 Offered: Spring and Summer.
- MLTS 2010W Medical Laboratory Technology III** (2-0-2)  
 This course is a study of parasites, bacteria, viruses, mycobacteria, fungi, and their relationship to human disease states. Discussion is centered on the cultivation, methods of identification, antimicrobial susceptibility testing and serological diagnosis.  
 Prerequisite: BIOL 1115.  
 Offered: Fall, traditional & online options.
- MLTS 2010L Medical Laboratory Technology III LAB** (0-6-2)  
 The laboratory component of the course develops the skills and competencies required to perform the diagnostic procedures.  
 Prerequisite: MLTS 2010W.  
 Offered: Fall.
- MLTS 2020W Medical Laboratory Technology IV** (3-0-3)  
 An in-depth study of analytical techniques utilized to measure the biochemical entities of blood and various body fluids. The correlation of test results to human physiology and pathology is emphasized.  
 Prerequisite: CHEM 1212K.  
 Offered: Fall, traditional & online options.

- MLTS 2020L Medical Laboratory Technology IV LAB** (0-3-1)  
 The laboratory component is used to develop the skills and competencies required to operate and standardize the instruments utilized in the performance of chemical tests. The use of quality control is emphasized.  
 Prerequisite: MLTS 2020W.  
 Offered: Fall.
- MLTS 2630 Medical Laboratory Technology Externship** (0-36-18)  
 Students are introduced to the clinical laboratory in an affiliate clinical laboratory setting. The students receive an orientation to each department and an introduction to hospital policies and procedures. Each student rotates through appropriate departments and is allowed to demonstrate and develop their skills and competencies in blood bank, hematology, microbiology, chemistry, phlebotomy, and body fluid analysis under the supervision of the laboratory staff instructor.  
 Corequisite: MLTS 2670.  
 Prerequisites: MLTS 1160, MLTS 1161, MLTS 2010, MLTS 2020.  
 Offered: Fall.
- MLTS 2670 Seminars in Medical Laboratory Science** (1-0-1)  
 Seminar presentations on various topics related to medical laboratory science (topic reviews for board exams, professionalism, laboratory information systems, case presentations and/or other).  
 Corequisite: MLTS 2630.  
 Offered: Fall, traditional & online options.
- MUSC 1080 College Concert Band** (0-0-1)  
 This course involves the study, rehearsal, and concert performance of literature for band. This course involves a performance ensemble open to college students and community members. Repertory is consistent with proficiency levels of participants, but is challenging. May be taken each semester. Required of woodwind, brass, and percussion music majors as their performance ensemble during enrollment. Additional rehearsals may be announced by the instructor.  
 Prerequisite: Ability to play a band instrument at college level.  
 Offered: Fall, Spring.
- MUSC 1090 College Choir** (0-0-1)  
 This course involves the study, rehearsal, and concert performance of literature for choir. It's open to all students who enjoy singing. Repertory includes wide range of choral music representing all styles and periods. Extra rehearsals called at the discretion of the director. May be taken each semester.  
 Prerequisite: None.  
 Offered: Fall, Spring.

- MUSC 1100 Music Appreciation** (3-0-3)  
 The course is an introduction to music history and literature. No musical background is required. Students expand knowledge in order to appreciate and understand a wide variety of musical styles. This course examines the evolution of Western art music from the earliest days of civilization to the present. The course is designed to arouse students' interest in music as art and to develop their ability to understand it and respond to it. The course offers opportunities to hear recorded music in class and to experience live music in concerts. MUSC 1100 and FIAR 2250 are related courses; only one can count toward graduation.  
 Prerequisites: None.  
 Offered: On demand.
- MUSC 1101 Elementary Music Theory I** (1-2-2)  
 This course is a study of rhythm and its notation. Pitch and its notation, scales, keys, modes, and intervals, harmony (triads, chords, root positions, figured bass conventions). Harmonic analysis techniques, cadences, aspects of melodic construction, and voice leading principles.  
 Prerequisite: None.  
 Offered: Fall.
- MUSC 1102 Elementary Music Theory II** (1-2-2)  
 This course is a study of voice leading principles (review), functional tonality, seventh chords, and form.  
 Prerequisite: MUSC 1101.  
 Offered: Spring.
- MUSC 1110 Applied Music for Non-Music Majors and Majors Wishing to Study a Secondary Area** (0-0-.5)  
 A one-half hour private lesson each week and a t least 2.5 practice hours per week, leading to basic proficiency and performance of standard repertoire. Students may take MUSC 1110 each semester until they complete the objectives of the course. MUSC 1110 does not satisfy the applied music requirement for a degree in music.  
 Prerequisite: None.  
 Offered: All semesters.
- MUSC 1111 Applied Music for Non-Music Majors** (0-0-1)  
 A one hour private music lesson each week and at least five practice hours per week, leading to basic proficiency and performance of standard repertoire. Students may take MUSC 1111 each semester until they complete the objectives of the course. MUSC 1111 does not satisfy the applied music requirement for a degree in music.  
 Prerequisite: None.  
 Offered: On demand.

- MUSC 1113 Class Voice** (1-0-1)  
 Class singing instruction designed for students who have little or no prior individual vocal instruction. The class introduces the student to beginning vocal technique in such areas as posture, breath management, correct vowel formation, English and Italian diction, rhythm, and pitch. The course also includes instruction in practicing and preparing songs for public performance. Students are expected to sing individually as well as with the group during class time and for the final exam. All music will be performed during class or during the scheduled final exam. No public performance is required. Students may repeat this class for credit until they complete the objectives of the course. Class voice does not satisfy the applied music requirement for a degree in music.  
 Prerequisite: None.  
 Corequisite: None.  
 Offered: On demand.
- MUSC 1152 Instrumental Ensemble** (0-0-1)  
 A performing ensemble open to college students and community members. Repertoire includes all types of traditional selections in accordance with proficiency levels of participants, but is challenging.  
 Prerequisite: Ability to play a band instrument.  
 Offered: Fall and Spring.
- MUSC 1153 Vocal Ensemble** (0-0-1)  
 A performance ensemble with limited enrollment determined by audition. Repertoire includes traditional and contemporary selections in accordance with proficiency levels of participants. This performing ensemble dedicated to the study of choral music.  
 Prerequisite: Audition, or approval of instructor.  
 Corequisite: Enrollment in MUSC 1090.  
 Offered: Fall and Spring.
- MUSC 1171 Class Piano** (0-0-1)  
 Designed to enable the music major to successfully complete the piano proficiency exam required for graduation. Students should enroll in MUSC 1171 in successive semesters until all items of the exam are complete. Only music majors may enroll.  
 Prerequisite: None.  
 Offered: All semesters.
- MUSC 1172 Sight-Singing/Ear Training** (1-1-1)  
 This course is designed to develop sight-singing skills involving ear-training and rhythmic studies. Course components include sight-singing, melodic and harmonic dictation, and rhythmic exercises. Students are expected to sing with the class and alone as assigned. This course is designed to enable the music major to successfully complete the sight-singing/ear training proficiency exam required for graduation. The student should enroll in MUSC 1172 in successive semesters until all items of the proficiency exam are completed.  
 Prerequisite: None.  
 Corequisite: None.  
 Offered: All semesters.

- MUSC 1182 Seminars in Church Music I** (1-2-2)  
 This course is an introduction to church music for students pursuing a Church Music Certificate. Students expand their knowledge of church music related topics for understanding and future application in the church environment. Students study, prepare, and refine various skills required of the position of Church Music Director/Leader. Presentations of church music related topics and areas of interests will be conducted. This course is limited to students in the Church Music Certificate Program.  
 Prerequisite: None.  
 Offered: Fall.
- MUSC 1183 Seminars in Church Music II** (1-2-2)  
 This course advances development and skills in church music for students pursuing a Church Music Certificate. Students expand their knowledge of church music related topics for understanding and future application in the church environment. Students study, prepare, advance, and refine various skills required of the position of church Music Director/Leader. Presentations of church music related topics and areas of interests will be conducted. This course is limited to students in the Church Music Certificate Program.  
 Prerequisite: MUSC 1182.  
 Offered: Spring.
- MUSC 2201 Advanced Music Theory I** (1-2-2)  
 This course is a study of borrowed chords, secondary dominants, secondary seventh chords, and analysis of small forms.  
 Prerequisite: MUSC 1102. Offered: Fall.
- MUSC 2202 Advanced Music Theory II** (1-2-2)  
 This course is a study of neapolitan and augmented sixth chords and other chromatic chord forms, chords of the ninth, eleventh, and thirteenth, and advanced modulation. Harmonic techniques of the classical period, Sonata form, the Romantic nineteenth century harmonic developments, twentieth century compositional techniques, and recent musical developments will also be introduced.  
 Prerequisite: MUSC 2201.  
 Offered: Spring.
- MUSC 2211 Applied Music for Music Majors Only** (0-0-1)  
 Designed for music majors. A one-hour private music lesson each week leading to advanced technical proficiency and performance of advanced solo literature. Students learn repertoire necessary for transfer into a music baccalaureate degree program. Students may take the course each semester until they complete the objectives of the course. A minimum of five hours of practice a week is required.  
 Corequisite: MUSC 1090 (Voice Majors) or permission of program director; or MUSC 1080 (Instrumental majors) or permission of program director; or MUSC 1080 or 1090 (Guitar and Piano majors) or permission of program director.  
 Prerequisite: None.  
 Offered: All semesters.

- MUSC 2212 Applied Music for Music Majors Only** (0-0-1)  
 Designed for music majors. A one-hour private music lesson each week leading to advanced technical proficiency and performance of advanced solo literature. Students learn repertoire necessary for transfer into a music baccalaureate degree program. Students may take the course each semester until they complete the objectives of the course. A minimum of five hours of practice a week is required.  
 Corequisite: MUSC 1090 (Voice Majors) or permission of program director; or MUSC 1080 (Instrumental majors) or permission of program director; or MUSC 1080 or 1090 (Guitar and Piano majors) or permission of program director.  
 Prerequisite: MUSC 2211, MUSC 1101, MUSC 1102.  
 Offered: All semesters.
- MYTH 1000 Introduction to Mythology** (1-0-1)  
 MYTH 1000 is a study of the mythology of a selected culture. Discussions will include allusions to mythological tales and figures found in culture, literature, and the arts, as well as the function of myth in society.  
 Prerequisite: None.  
 Offered: On demand.
- NURS 1101 Fundamentals of Nursing** (3-6-5)  
 This course provides a fundamental foundation for the professional of nursing. The adult learner will be exposed to patient centered care model, teamwork, evidence-based practice and informatics. Principles of medication calculation and safe administration are emphasized. Development of personal responsibility and ethical behavior related to the profession of basic nursing skills will be acquired through supervised lab performance and selected clinical rotations.  
 Prerequisites: Admission to the Nursing program.  
 Corequisites: BIOL 2111K and NURS 1105.  
 Offered: Every semester.
- NURS 1105 Pharmacology for Nurses** (begins Fall, 2009) (1-0-1)  
 Pharmacology for Nurses provides a basic foundation of knowledge necessary for the safe administration of medications in nursing practice. The course encompasses drug classifications, actions, therapeutic dosages, side effects and patient education of selected medications. The importance of interdisciplinary collaboration, informatics, evidence-based practice and accurate calculation of appropriate dosages in various measurement systems are stressed.  
 Prerequisites: Admission to Nursing Program.  
 Corequisite: BIOL 2111K.  
 Offered: Every semester.
- NURS 1111 Adult Health I** (4-9-7)  
 The course emphasizes quality and safety in nursing education core competencies, as it relates to the provision of patient centered care to people experiencing respiratory, circulatory, renal, digestive, endocrine, musculoskeletal, and neurological alterations. Development of personal responsibility and ethical behavior is acquired through supervised lab performance and clinical experiences with selected patients.  
 Prerequisites: BIOL 2111K, NURS 1101, and NURS 1105 with grades of "C" or better.  
 Corequisite: BIOL 2112K.  
 Offered: Every semester.

- NURS 1112 Adult Health II** (4-9-7)  
 Adult nursing II places emphasis on the adult learner's development of increasing knowledge and personal responsibility and ethical behavior in the care of adult patients. Common health care alterations which are chronic in nature and that may require surgical intervention are emphasized. Supervised clinical experiences provide adult learners with opportunities to refine safe, ethical nursing practice.  
 Prerequisite: NURS 1111 and BIOL 2112K with a grade of "C" or better.  
 Corequisite: NURS 2117.  
 Offered: Every semester.
- NURS 1301 Fundamentals of Nursing (Health Care Professional Bridge)** (2-3-3)  
 This course provides a fundamental foundation for the profession of nursing. The adult learner will be exposed to patient centered care model, teamwork, evidence-based practice and informatics. Principles of medication calculation and safe administration are emphasized. Development of personal responsibility and ethical behavior related to the profession of basic nursing skills will be acquired through supervised lab performance and selected clinical rotations.  
 Prerequisites: Admission to Health Care Professional Bridge and BIOL 2111K.  
 Corequisite: NURS 2313.  
 Offered: Fall B Term annually.
- NURS 1311 Adult Health (Health Care Professional Bridge)** (5-9-8)  
 The course emphasizes quality and safety in nursing education core competencies, as it relates to the provision of patient centered care to people experiencing respiratory, circulatory, renal, digestive, endocrine, musculoskeletal, and neurological alterations. Common health care alterations which are chronic in nature and that may require surgical intervention are emphasized. Development of personal responsibility and ethical behavior is acquired through supervised lab performance and clinical experiences with selected patients.  
 Prerequisites: NURS 1301 and NURS 2313 and BIOL 2112K with grades of "C" or better.  
 Corequisite: NURS 1105.  
 Offered: Spring.
- NURS 2111 Nursing Care of Women and Children** (6-6-8)  
 Using a holistic approach, NURS 2111 explores the roles of the nurse in safely providing quality care to meet the needs of families who have children within an interdisciplinary structure of care. Applies principles of health promotion from the preconception period through adolescence and examines human growth, development, and responses to health deviation during these periods in the life cycle. Classroom and clinical instruction involves providing nursing care to antepartal, intrapartal, postpartal, and pediatric patients and incorporating evidence based practice and previously learned knowledge and skills.  
 Prerequisites: NURS 1112 and NURS 2117 with grades of "C" or better.  
 Corequisite: NURS 2113.  
 Offered: Every semester.

- NURS 2113 Psychiatric Nursing** (1-6-3)  
 This course focuses on the physiological, emotional, behavioral and sociocultural aspects of mental health and mental illness. The nurse's role as a collaborative member of the behavioral health team is introduced. The clinical rotations give the adult learner the opportunity to apply this knowledge to provide safe, effective patient centered care in a therapeutic milieu.  
 Prerequisites: NURS 1112 with grades of "C" or better.  
 Corequisite: NURS 2111.  
 Offered: Every semester.
- NURS 2115 Adult Health III** (4-12-8)  
 The final course in the Nursing program is designed to emphasize care of patients with complex acute as well as chronic multisystem disorders, and medical-surgical alterations. Supervised clinical experiences in high acuity unit will facilitate continued growth of student's professional practice. Supervised leadership roles in the clinical arena are provided for the students to enhance their management skills while directing their colleagues in providing safe patient care that meets entry level standards.  
 Prerequisites: Completion of NURS 2111 with a grade of "C" or better and completion of all core courses.  
 Offered: Every semester.
- NURS 2117 Leadership** (1-0-1)  
 Emphasis is placed on the introduction of the fundamental principles of leadership & management responsibilities for the entry level registered nurse. Topics will include but not limited to such practice issues as: patient safety & quality care, effective delegation & supervision, communication, collaborative care, informatics, quality improvement. Nursing research & evidence based practice is also included.  
 Prerequisites: NURS 1111 with Grade of "C" or better.  
 Corequisite: NURS 1112 or 2311.  
 Offered: Every semester.
- NURS 2311 Nursing Care of Women and Children (Health Care Professional Bridge)** (4-6-6)  
 Using a holistic approach, NURS 2311 explores the roles of the nurse in safely providing quality care to meet the needs of families who have children within an interdisciplinary structure of care. Applies principles of health promotion from the preconception period through adolescence and examines human growth, development, and responses to health deviation during these periods in the life cycle. Classroom and clinical instruction involves providing nursing care to antepartal, intrapartal, postpartal, and pediatric patients and incorporating evidence based practice and previously learned knowledge and skills.  
 Prerequisites: NURS 1311 and NURS 2313 with grades of "C" or better.  
 Corequisite: NURS 2115.  
 Offered: Summer semester.
- NURS 2313 Psychiatric Nursing (Health Care Professional Bridge)** (1-3-2)  
 This course focuses on the physiological, emotional, behavioral and sociocultural aspects of mental health and mental illness. The nurse's role as a collaborative member of the behavioral health team is introduced. The clinical rotations give the adult learner the opportunity to apply this knowledge to provide safe, effective patient centered care in a therapeutic milieu.  
 Prerequisites: Admission to Health Care Professional Bridge and BIOL 2111K.  
 Corequisite: NURS 1301. Offered: Fall B Term annually.

- OCEX 2290 Occupational Experience** (1-0-1); (2-0-2); (3-0-3)  
 Directed work experience with a business firm, government agency, or other organization under the Cooperative Education program in an area of a student's preparation and interest. Cooperative Education may or may not count toward degree requirements. Check your program in the College catalog or seek help from a faculty member in your major department.  
 Prerequisite: Completion of 9 semester hours with a 2.00 GPA & approval of instructor. Offered: All semesters.
- OTAS 1100 Introduction to Occupational Therapy** (2-3-3)  
 The following concepts will be presented: Functional definitions of occupational therapy; the history of occupational therapy, philosophy, and ethics; the roles of occupational therapy professionals; and differentiation of occupational therapist and occupational therapy assistant responsibilities, the reimbursement for O.T. services and professional credentialing. An overview of the particular patient populations which an occupational therapy assistant might interact with is given. Specific types of treatment settings are explored in detail, with the scope of OTA practice examined, including the research data gathering role. Awareness of local and national occupational therapy organizations is emphasized. Demonstrated professional behaviors are encouraged.  
 Corequisites: OTAS 1105, ALHE 1115.  
 Prerequisite: ALHE 1120 and admission to OTA program.  
 Offered: Fall.
- OTAS 1104 Introduction to Disease Conditions** (2-0-2)  
 The basic pathology of common disease conditions is examined. The effect of disease on each body system is studied, emphasizing etiology, diagnosis, prognosis, prevention, occupational therapy treatment methods, and precautions. The effects of pathology of disease across life-span occupational performance is presented.  
 Corequisites: OTAS 1100, OTAS 1105, ALHE 1115.  
 Prerequisite: ALHE 1120 and admission to OTA program.  
 Offered: Fall.
- OTAS 1105 Patient Care Skills for the OTA** (1-3-2)  
 Introduction of concepts and procedures of patient care in occupational therapy. Topics include patient positioning and draping, body mechanics, patient transfers, vital signs monitoring, infection control, aseptic techniques, therapeutic exercise, ADA awareness, confidentiality, adjustment and maintenance of assistive equipment, and safety.  
 Corequisites: OTAS 1100, ALHE 1115.  
 Prerequisite: ALHE 1120 and admission to OTA program.  
 Offered: Fall.
- OTAS 1111 Functional Anatomy and Kinesiology** (2-6-4)  
 Analysis of human movement and its impact on function through the integration of biomechanics, kinesiology and applied anatomy. Principles will be reinforced through a problem-solving approach for understanding movement. Goniometric measurements and manual muscle testing of the upper and lower extremities, trunk, and head will be included.  
 Corequisites: OTAS 1100, OTAS 1104, OTAS 1105, ALHE 1115.  
 Prerequisite: ALHE 1120 and admission to OTA program.  
 Offered: Fall.

- OTAS 1121 Therapeutic Media** (1-3-2)  
 Lecture and laboratory course emphasizes basic media and activities in a therapeutic setting. Focus is placed in lecture sessions on activity analysis. Laboratory focus is based on application of analysis to therapeutic intervention situations. Skill attainment in relation to the actual process of different media tasks will be encouraged.  
 Corequisites: OTAS 1145.  
 Prerequisites: OTAS 1100, OTAS 1105, ALHE 1115.  
 Offered: Spring.
- OTAS 1131 Physical Function in Occupation I** (2-6-4)  
 The role of the OTA in the evaluative process, treatment, documentation, and reassessment is presented. Recognition of specific skills related to adaptive procedures and the grading of tasks for maximized patient gains is examined. Treatment techniques and considerations for specific patient populations with physical dysfunction related issues are presented.  
 Corequisites: OTAS 1121, OTAS 1140, OTAS 1145.  
 Prerequisites: OTAS 1100, OTAS 1104, OTAS 1105, OTAS 1111, ALHE 1115, OTAS 1121.  
 Offered: Spring.
- OTAS 1132 Physical Function in Occupation II** (3-3-4)  
 A continuation of the OTS 1131 course. Emphasis is placed upon the OTA in the evaluative process, treatment role, and documentation for the patient population related to physical dysfunction. The role of the OTA across the continuum of care is viewed. Systematic examination of the OTA in the treatment process and appropriate problem-solving is encouraged. Level I field work is a component part of this course offering.  
 Corequisites: OTAS 2200, OTAS 2250, OTAS 2260, ALHE 2050.  
 Prerequisites: OTAS 1100, OTAS 1104, OTAS 1105, OTAS 1111, OTAS 1115, OTAS 1121, OTAS 1131, OTAS 1140, OTAS 1145, ALHE 1115.  
 Offered: Summer.
- OTAS 1140 Psychosocial Function in Occupation** (2-3-3)  
 Etiology, diagnosis, and treatment of psychiatric conditions encountered in the clinical setting by Occupational Therapy Assistants. Occupational therapy treatment techniques for remediation and prevention across the life-span continuum are covered. Recognition of the use of psychotropic medications in psychiatric treatment and corresponding possible side effects are studied. Level I fieldwork observations and field trips will be part of this course.  
 Corequisites: OTAS 1121, OTAS 1131, OTAS 1145.  
 Prerequisites: OTAS 1100, OTAS 1104, OTAS 1105, OTAS 1111, ALHE 1115, OTAS 1121.  
 Offered: Spring.

- OTAS 1145 Developmental Function in Occupation** (2-3-3)  
 Examination of the process of evaluation, treatment, and documentation for the OTA in settings working with a caseload involving developmental dysfunction. Emphasis is placed on developmental factors across ages and populations. Adaptive coping techniques and skills will be explored, with focus on practical problem-solving. Level I fieldwork placement will be a component part of this course offering.  
 Corequisites: OTAS 1121.  
 Prerequisites: OTAS 1100, OTAS 1105, ALHE 1115, OTAS 1121.  
 Offered: Spring.
- OTAS 2200 Assistive Techniques and Technologies** (2-3-3)  
 The use and modification of adaptive devices and equipment is studied. Creative problem-solving regarding specific medical conditions is encouraged through the development of adaptive equipment. Proper patient positioning in the therapeutic and home environment is examined. Further development of static and dynamic splinting skill techniques for diverse patient treatment needs will be learned. The ability to analyze and problem-solve regarding overcoming environmental barriers is fostered. Issues related to increasing safety and functional mobility are explored.  
 Corequisites: OTAS 1132, OTAS 2250, OTAS 2260, ALHE 2050.  
 Prerequisites: OTAS 1104, OTAS 1105, OTAS 1111, OTAS 1115, OTAS 1121, OTAS 1131, OTAS 1140, OTAS 1145, ALHE 1115.  
 Offered: Summer.
- OTAS 2250 Therapeutic Groups for OTA** (1-3-2)  
 A lecture and laboratory course designed to develop skills for group leadership in the diverse practice areas of occupational therapy. Techniques for therapeutic group treatment in relevant health care practice areas will be presented. Groups related to patient education will be covered in this course offering. Emphasis will be placed upon the therapeutic use of self in the group treatment process. An environment conducive to experiential learning, with the student actively practicing group leadership skills, will be fostered. Knowledge developed in the Psychosocial Dysfunction and Treatment course, OTAS 1140, and the Personal and Professional Development course, OTAS 2100, will be applied in this setting.  
 Corequisites: OTAS 1132, OTAS 2200, OTAS 2260, ALHE 2050.  
 Prerequisites: OTAS 1104, OTAS 1105, OTAS 1111, OTAS 1115, OTAS 1121, OTAS 1131, OTAS 1140, OTAS 1145, ALHE 1115.  
 Offered: Summer.

**OTAS 2260 Treatment Methods for the OTA** (1-3-2)

This course enables the student to apply specialized occupational theory, skills, and concepts learned in the didactic coursework to the clinic. Topics include common diagnoses seen, treatment environments, and treatments for areas of occupation including ADL, IADL, education, work, play, leisure, and social participation. Students will be required to develop applications for enabling function for mental health and physical well-being through occupational therapy assessment/evaluation, intervention, and patient/client education. Techniques and applications used in traditional and non-traditional practice settings will be explored. Students will develop an awareness of activity demands, contexts, adapting, grading, and safe implementation of occupations or activities. Course will also create a discussion forum addressing events, skills, knowledge, and/or behaviors related to the practice environment. This will include legal and ethical behavior, safety practices, interpersonal and teamwork skills, and appropriate written and verbal communication skills using the terminology of the occupation. Test-taking strategies for certification exams and the process for getting licensed will also be presented.

Corequisites: OTAS 1132, OTAS 2200, OTAS 2250, ALHE 2050.

Prerequisites: OTAS 1104, OTAS 1105, OTAS 1111, OTAS 1121, OTAS 1131, OTAS 1140, OTAS 1145.

Offered: Summer.

**OTAS 2400 Fieldwork Experience Level II (0-80)** -6)

The OTA student, having completed the didactic learning portion of the curriculum, is assigned one 16 week internship. The fieldwork program involves the student in experiences with clients, patients, therapists, and others in the health care community. Participation in Level II fieldwork placements allows application of classroom theory and academic knowledge base. Fieldwork will be available in a variety of settings providing opportunities for experience with diverse patient/client populations. The student fieldwork intern will experience various service delivery models reflective of current practice in the profession. Fieldwork internships are carried out in accordance with contractual agreements with health care facilities. Level II fieldwork internships are an integral part of the educational process and must be successfully completed within 18 months of the end of didactic course work.

Prerequisite: Completion of all didactic course work.

Offered: Fall.

**OTAS 2410 Fieldwork Experience Level II A** (0-40-3)

Full-time fieldwork experience following the completion of all didactic course work. The fieldwork program involves students in experiences with clients, patients, therapists, and others in the health care community. Participation in Level II fieldwork placements allows application of classroom theory and academic knowledge base. The fieldwork will be available in various settings providing opportunities for experience with diverse patient/client populations. The student fieldwork intern will experience various service delivery models reflective of current practice in the profession. Fieldwork internships are carried out in accordance with contractual agreements with health care facilities. Level II fieldwork internships are an integral part of the educational process and must be successfully completed within 18 months of the end of the didactic course work.

Prerequisite: Completion of all didactic course work.

Offered: Fall.

- OTAS 2420 Fieldwork Experience Level II B** (0-40-3)  
 Full-time fieldwork experience following the completion of all didactic course work. The fieldwork program involves students in experiences with clients, patients, therapists, and others in the health care community. Participation in Level II fieldwork placements allows application of classroom theory and academic knowledge base. The fieldwork will be available in various settings providing opportunities for experience with diverse patient/client populations. The student fieldwork intern will experience various service delivery models reflective of current practice in the profession. Fieldwork internships are carried out in accordance with contractual agreements with health care facilities. Level II fieldwork internships are an integral part of the educational process and must be successfully completed within 18 months of the end of the didactic course work.  
 Prerequisite: Completion of all didactic course work.  
 Offered: Fall.
- PARA 1110 Introduction to the Paralegal Profession** (3-0-3)  
 This course introduces the paralegal profession and the structure, function, and procedures of the legal system. Courtroom procedures, preparation of documents, case analysis, legal reasoning, career opportunities, certification, and professional affiliations will be explored with an emphasis on issues of ethics and confidentiality.  
 Corequisite: Minimum COMPA SS reading score of 74 or enrollment in READ 0099.  
 Prerequisite: None.  
 Offered: Fall.
- PARA 1120 The Understanding of Law** (3-0-3)  
 This course provides an introduction to the substantive areas of law, including contracts, property, torts, estates and probate, and criminal law, with an emphasis on developing practical paralegal skills. Students will analyze complex factual scenarios and will develop basic legal research and writing skills.  
 Corequisite: Minimum COMPA SS reading score of 74 or enrollment in READ 0099.  
 Prerequisite: None.  
 Offered: Fall semester, odd years.
- PARA 1130 Legal Research and Writing** (3-0-3)  
 This course provides an introduction to legal research techniques using primary and secondary authorities and writing various legal documents. Students will develop legal research skills through the use of traditional resources and computerized legal research software. Preparation and writing legal briefs and other documents relating to legal research will be emphasized.  
 Corequisite: Minimum COMPA SS reading score of 74 or enrollment in READ 0099.  
 Prerequisite: PARA 1110 or permission of program director.  
 Offered: Spring.

- PARA 1140 Litigation and Trial Practice (3-0-3)**  
 This course presents fundamental concepts and procedures of civil litigation including the rules of civil procedure, rules of evidence, and common law principles with an emphasis on the role of the paralegal. Students will explore all phases of litigation, including discovery, trial preparation, alternative dispute resolution, and post-trial issues while focusing on their role and ethical obligations as members of a litigation team.  
 Corequisite: Minimum COMPASS reading score of 74 or enrollment in READ 0099.  
 Prerequisite: PARA 1110 or permission of program director.  
 Offered: Spring Semester, even years.
- PARA 1150 Real Estate Law (3-0-3)**  
 This course provides an overview of the substantive law of real property and offers an examination of the procedural and practical aspects of property law with an emphasis on the role of the paralegal and the preparation of forms common to real estate transactions. A comprehensive overview of recording statutes, title abstracting, title insurance, surveys, mortgages, leases, deeds of trust, and closings are provided.  
 Corequisite: Minimum COMPASS reading score of 74 or enrollment in READ 0099.  
 Prerequisite: PARA 1110 or permission of program director.  
 Offered: Spring Semester, odd years.
- PARA 1160 Wills, Trusts, and Estates (3-0-3)**  
 This course presents fundamental concepts of the law of wills, trusts, and estate administration with an emphasis on the role of the paralegal. Students will examine the procedures, techniques, and the substantive law and will be exposed to legal documents commonly used in the administration of wills, trusts, and estates.  
 Corequisite: Minimum COMPASS reading score of 74 or enrollment in READ 0099.  
 Prerequisite: PARA 1110 or permission of program director.  
 Offered: Fall Semester, even years
- PARA 2110 Family Law (3-0-3)**  
 This course introduces principles, trends, and laws governing domestic relations, including the topics of marriage, annulment, divorce, alimony, child custody, property division, adoption, and other related topics, with an emphasis on the paralegal's role. Students will develop legal skills through mock exercises and case documentation and will examine court proceedings and ethical issues relevant to family law.  
 Corequisite: Minimum COMPASS reading score of 74 or enrollment in READ 0099.  
 Prerequisite: PARA 1110, or permission of program director.  
 Offered: Fall semester, every other odd year.

- PARA 2120 Contract Law** (3-0-3)  
 This course provides an introduction to the fundamental concepts of contract law with an emphasis on the paralegal's role. Topics will include formation, performance, and enforcement of contracts under the common law and the Uniform Commercial Code, breaches of contracts, and available remedies. There will be an examination of specific contracts and draft documents that are the subject of frequent litigation. Students will develop legal skills through case documentation and will examine court proceedings and ethical issues relevant to contract law.  
 Corequisite: Minimum COMPASS score of 74 or enrollment in READ 0099.  
 Prerequisite: PARA 1110, or permission of program director.  
 Offered: Spring semester, every other even year.
- PARA 2130 Bankruptcy Law** (3-0-3)  
 This course provides an overview of the laws of bankruptcy and the rights of creditors and debtors with an emphasis on the paralegal's role. Topics will include relevant common law and statutory laws, bankruptcy, and reorganization from both a creditor and debtor perspective. Students will develop legal skills through case documentation and will examine court proceedings and ethical issues relevant to bankruptcy law.  
 Corequisite: Minimum COMPASS score of 74 or enrollment in READ 0099.  
 Prerequisite: PARA 1110, or permission of program director.  
 Offered: Fall semester, every other even year.
- PARA 2140 Employment Law** (3-0-3)  
 This course provides an overview of employment and labor law with an emphasis on the paralegal's role. Topics will include contract negotiations, contracts of employment, governmental regulations, discrimination issues, and worker's compensation. Students will develop legal skills through case documentation and will examine court proceedings and ethical issues relevant to employment and labor law. Minimum COMPASS reading score of 74 or enrollment in READ 0099.  
 Prerequisite: PARA 1110 or permission of program director.  
 Offered: Spring semester, every other odd year.
- PARA 2150 Paralegal Certification Review** (1-0-1)  
 This one-hour course provides a comprehensive review of relevant material for the paralegal student who will pursue national certification by examination. Students will be provided with tips for studying and will utilize sample tests and other tools to prepare for the national certification examination.  
 Prerequisite: Completion of at least six PARA courses or permission of program director.  
 Offered: On demand.

- PARA 2160 Special Topics in Paralegal Studies** (3-0-3)  
 This course provides students with an opportunity to study selected advanced topics or current issues in the law relevant to paralegal students. Students may repeat this course as long as different topics are offered and as long as they do not exceed the maximum number of hours permitted. A maximum of six credit hours in special topics may be applied toward program graduation requirements in the associate of Applied Science Degree. A maximum of three credit hours in special topics may be applied toward the certificate.  
 Prerequisite: PARA 1110 or permission of program director.  
 Offered: Summer semester, or as needed.
- PARA 2164 Criminal Law and Procedure** (3-0-3)  
 This course provides an overview of criminal law and the criminal trial process with an emphasis on the paralegal's role. Students will explore the history and structure of the American legal system, relevant common law and statutory laws, Constitutional protections, the identification and basic elements of crimes, and the criminal trial process. Students will become well-informed about the resources available to paralegals and where to access those resources to serve clients effectively.  
 Prerequisite: PARA 1110 or permission of the program director.  
 Offered: Fall semester, every even year.
- PHED 0085 Lifeguard Management – Institutional Credit Only** (2-0-2)  
 As an American Red Cross course, the purpose of the Lifeguard Management course is to provide participants who have administrative or supervisor responsibilities for the performance of lifeguards with the skills and knowledge to effectively manage lifeguards and to create an environment that keeps patrons, lifeguards and the aquatic facility safe.  
 Will not count as an area G requirement.  
 DOES NOT SATISFY ANY CORE REQUIREMENTS. WILL NOT TRANSFER.  
 Prerequisites: None.  
 Offered: On demand.
- PHED 0086 Certified Pool Manager – Institutional Credit Only** (2-0-2)  
 This course covers the Managerial, as well as the Operational aspects of the Aquatics Director. It is designed to provide an individual, after successful completion, a thorough understanding of the managerial and pool operation aspects required to ensure that a varied aquatics program is found in a safely-run pool staffed by competent individuals.  
 Will not count as an area G requirement.  
 DOES NOT SATISFY ANY CORE REQUIREMENTS. WILL NOT TRANSFER.  
 Prerequisites: None.  
 Offered: On demand.
- PHED 1105 Strength Training (1-2-2)**  
 Involves strength training through a circuit of isotonic exercises using barbells, dumbbells, and a selection of fixed/variable resistance machines. Covers muscles of the body, types of muscular contractions, and principles of strength training. Includes orientation to Darton College Fitness Center.  
 Prerequisite: None.  
 Offered: On demand.

- PHED 1106 Walk, Jog, or Run for Fitness** (1-2-2)  
 Involves cardiovascular training through endurance walking, jogging, or running. Includes information on why such training is needed, how it is accomplished, and what results can be expected.  
 Prerequisite: None.  
 Offered: Fall, Spring.
- PHED 1110 Deep Water Exercise** (1-3-2)  
 Involves cardiovascular and muscular endurance training through water resistance exercises. Includes information on why such training is needed, how it is accomplished, and what results can be expected. All exercises are done with flotation equipment. Includes orientation to Darton College Fitness Center.  
 Prerequisite: None.  
 Offered: Spring.
- PHED 1112 Hip Hop** (0-2-1)  
 Hip Hop is a dance style, mainly street dance styles, danced to hip hop music, or that have evolved as a part of the hip hop culture. The first and original dance associated with hip hop is breakdance.  
 Prerequisite: None.  
 Corequisite: None.  
 Offered: Every semester.
- PHED 1115 Step Aerobics I** (1-2-2)  
 Emphasis is on cardiovascular endurance, muscle conditioning, and flexibility development. Continuous exercise is combined with music. Includes orientation to Darton College Fitness Center.  
 Prerequisite: None.  
 Offered: Fall, Spring.
- PHED 1116 Step Aerobics II** (0-3-1)  
 Emphasis is on cardiovascular endurance, muscle conditioning, and flexibility development. Designed to improve upon the skills and fitness knowledge of Aerobics I.  
 Prerequisite: PHED 1115.  
 Offered: Fall, Spring.
- PHED 1120 Baseball Techniques and Strategy** (0-2-1)  
 Practical experience in fundamental skills and techniques, team play & strategy.  
 Prerequisites: None.  
 Offered: On demand.
- PHED 1121 Softball** (0-2-1)  
 An introduction to the fundamental skills and knowledge necessary to play softball. Includes instruction in batting, fielding, throwing, basic strategies, and rules.  
 Prerequisite: None.  
 Offered: On demand.
- PHED 1122 Basketball** (0-2-1)  
 An introduction to the fundamental skills & knowledge necessary to play basketball. Includes instruction in passing, dribbling, shooting, basic strategies, & rules.  
 Prerequisite: None.  
 Offered: On demand.

- PHED 1123 Aerobic Pump** (1-2-2)  
 This course is designed to work the entire body using barbells with adjustable weights to music. Beginning with a general warm up, participants are led through a series of exercises including squats, presses, lifts and curls. The focus is on correct lifting techniques using light to moderate weights and high repetitions.  
 Prerequisite: None.  
 Offered: On demand.
- PHED 1124 Soccer** (0-2-1)  
 An introduction to the fundamental skills and knowledge necessary to play soccer. Includes instruction in kicking, heading, passing, dribbling, basic strategies, and rules.  
 Prerequisite: None.  
 Offered: On demand.
- PHED 1125 Badminton** (0-2-1)  
 Introduction to techniques such as serve, clear, drop, smash, and drives with an emphasis on strategy and rules.  
 Prerequisite: None.  
 Offered: Spring.
- PHED 1126 Tennis I** (0-2-1)  
 An introduction to the fundamental skills and knowledge necessary to play tennis. Includes instruction on the forehand, backhand, serve, basic strategies, and rules.  
 Prerequisite: None.  
 Offered: Fall, Spring.
- PHED 1127 Tennis II** (0-2-1)  
 Designed to improve upon and add to the skills and knowledge developed in Tennis I. Includes a review of forehand, backhand, and serve. Introduces the lob, smash, volley, and more advanced game strategies.  
 Prerequisite: PHED 1126 or permission of instructor.  
 Offered: On demand.
- PHED 1130 Swimming I** (0-2-1)  
 An introduction to the basic swimming skills necessary for water survival, safety, and recreation. Covers crawl stroke, elementary backstroke, sidestroke, breaststroke, floats, entries, and non-swimming rescues.  
 Prerequisite: None.  
 Offered: Fall.
- PHED 1131 Swimming II** (0-2-1)  
 Designed to improve upon and add to the skills and knowledge developed in Swimming I. The emphasis is on correct performance of the crawl, elementary backstroke, sidestroke, breaststroke, and back crawl.  
 Prerequisite: PHED 1130 or permission of instructor. Must be able to pass swim test.  
 Offered: On demand.

- PHED 1132 Lifeguard Training** (1-2-2)  
 Designed to teach fundamental skills and knowledge necessary to save one's own life or the life of another in the event of an aquatics emergency. Student can qualify for Red Cross certification through this course.  
 Prerequisite: Swim Test.  
 Offered: On demand.
- PHED 1133 Scuba** (0-2-1)  
 This course will provide the student with knowledge and skills to safely enter a confined water diving environment. Certification dives are not included.  
 Prerequisite: Pass swim test (200 yard swim and 10 minute float/tread water).  
 Offered: Fall, Spring.
- PHED 1134 Advanced Scuba** (1-1-1)  
 As a continuation of Scuba 1, this course will expand the student's knowledge and skills of entering a confined aquatics environment and extend into advanced scuba diving techniques.  
 Prerequisite: Open Water Diver Certificate.  
 Offered: On demand.
- PHED 1137 Sailing** (0-2-1)  
 Includes the principles of sailing, rigging, the basic sailing maneuver of tacking, coming about, jibing, mooring, & docking. Students are required to sign the University System Release, Waiver of Liability form before participation in the course.  
 Prerequisite: Swim test.  
 Offered: On demand.
- PHED 1139 Fitness Swimming** (1-2-2)  
 Involves cardiovascular training through endurance swimming. Includes information on why such training is needed, how it is accomplished, and what results can be expected. Red Cross Swim & Stay Fit Certification is available for those who swim 10, 20, 30, 40, & 50 miles. Includes orientation to Darton College Fitness Center.  
 Prerequisite: Swim test.  
 Offered: On demand.
- PHED 1141 Folk and Square Dance** (0-2-1)  
 Introduction to the basic steps and figures of square dancing as well as the various steps and music to folk dancing and line dancing.  
 Prerequisite: None.  
 Offered: On demand.
- PHED 1142 Swing Dancing** (0-2-1)  
 Introduction to the basic steps and figures of swing dancing. Covers dances such as the shag, swing, hustle, lindy, jitterbug and other variations.  
 Prerequisite: None.  
 Offered: Fall, Spring.
- PHED 1143 Beginning Snow Skiing** (0-2-1)  
 This course is designed to introduce the student to the basic skills of snow skiing. Basic instruction will be given at the college with practical experience taking place at a designated ski area. On slope skiing at a designated off-campus site is required for successful completion of the course.  
 Prerequisite: None. Offered: On demand.

- PHED 1145 Self Defense I** (0-2-1)  
 An introduction to self defense including striking skills and Jiujutsu. An emphasis is on avoidance, defensive strategies, and basic escape maneuvers for self protection.  
 Prerequisite: None.  
 Offered: On demand.
- PHED 1146 Self Defense II** (0-2-1)  
 A continuation of self-defense I with an emphasis on ground fighting and weapons defense.  
 Prerequisite: None.  
 Offered: On demand.
- PHED 1147 Cardio-Kickboxing** (0-2-1)  
 This course combines low impact aerobic conditioning with controlled boxing and kicking movements.  
 Prerequisite: None.  
 Offered: On demand.
- PHED 1151 Golf I** (0-2-1)  
 Introduction to techniques such as putting, chipping, pitching, sand play, full swing irons, and woods with an emphasis on the rules and etiquette of golf.  
 Prerequisite: None.  
 Offered: Fall, Spring.
- PHED 1152 Golf II** (0-2-1)  
 This course provides individual basic instruction in putting, chipping, pitching, sand play, and full swing. Students will be instructed on rules and etiquette as well as knowledge necessary for play on a golf course.  
 Prerequisite: PHED 1151 or permission of instructor.  
 Offered: Fall, Spring.
- PHED 1154 Challenge Course Facilitator Training I** (0-2-1)  
 This course is the first of a two course sequence designed to teach students the skills and knowledge required for becoming a challenge course facilitator. Topics include set-up, belay systems, climbing techniques, safety procedures, initiatives and debriefing. Completion of the course does not guarantee certification.  
 Prerequisite: None.  
 Offered: On demand.
- PHED 1156 Volleyball I** (0-2-1)  
 An introduction to the fundamental skills and knowledge necessary to play volleyball. Includes instruction in the serve, fore arm pass, overhead pass, dig, spike, block, basic strategies, and rules.  
 Prerequisite: None.  
 Offered: Fall.
- PHED 1157 Volleyball II** (0-2-1)  
 Designed to improve upon and add to the skills and knowledge developed in Volleyball I. Includes a review of underhand serve, bump pass, and set pass. Introduces the overhand serve, spike, block, and advanced game strategies.  
 Prerequisite: PHED 1156 or permission of instructor.  
 Offered: On demand.

- PHED 1161 Fitness I** (1-2-2)  
 Discussion of the four major components of fitness: cardiovascular endurance, muscular strength and endurance, flexibility, and body composition. Designed for students who want to implement these principles by using the Darton College Fitness Facility.  
 Prerequisite: None.  
 Offered: Fall, Spring, Summer.
- PHED 1162 Fitness II** (1-2-2)  
 Reviews the four basic components of fitness: cardiovascular endurance, muscular strength and endurance, flexibility, and body composition. Students will be required to research assigned fitness topics and submit written reports.  
 Prerequisite: PHED 1161 or permission of instructor.  
 Offered: Fall, Spring.
- PHED 1166 Racquetball I** (0-2-1)  
 An introduction to the fundamental skills and knowledge necessary to play racquetball. Includes instruction on forehands, backhands, serves, basic strategies, and rules.  
 Prerequisite: None.  
 Offered: Fall.
- PHED 1167 Racquetball II** (0-2-1)  
 Designed to improve upon and add to the skills and knowledge developed in Racquetball I. Instruction includes a review of drive serves, drops, and passes as well as new skills such as serves, kills, and game strategy.  
 Prerequisite: PHED 1166 or permission of instructor.  
 Offered: On demand.
- PHED 1168 Survival Skills** (0-2-1)  
 This course is designed to teach and apply the basic concepts needed to prevent a survival scenario or survive one, including: water sources and purification, shelter building, fire building, map and compass use, emergency action principles, wild edibles, animal observation, outdoor equipment, minimum impact camping, and wilderness ethics.  
 Prerequisite: None.  
 Offered: On demand.
- PHED 1171 Bowling I** (0-2-1)  
 An introduction to the fundamental skills and knowledge necessary to bowl. Includes instruction in basic mechanics (stance, approach, and delivery), spot bowling, spare bowling, score keeping, and rules.  
 Prerequisite: None.  
 Offered: Summer.
- PHED 1172 Bowling II** (0-2-1)  
 Designed to improve upon and add to the skills and knowledge developed in Bowling I. Includes a review of the basics and then emphasizes skill analysis, spot bowling, and spare bowling.  
 Prerequisite: PHED 1171 or permission of instructor.  
 Offered: On demand.

- PHED 1173 Tai Chi** (0-2-1)  
 Tai Chi is one of the most effective exercises for physical and mental well-being. It is one of the best-known martial arts from ancient China, and is based on Qigong and martial art techniques from thousands of years ago. Students will also learn its history, philosophy, and how to build a personal practice.  
 Prerequisite: None.  
 Corequisite: None.  
 Offered: On demand.
- PHED 1175 DC Fit** (2-0-2)  
 A wellness program that challenges the student to become more physically active, eat better, and jump-start a healthier life-style. This course will include a mini health fair, fun physical activities and online modules. DC Fit staff will perform an entry and exit assessment.  
 Prerequisites: None.  
 Corequisites: None.  
 Offered: On demand.
- PHED 1177 Tango Dancing** (0-2-1)  
 This course is designed to introduce the student to the fundamental of the tango dance technique. Emphasizes and develops correct body alignment, coordination, strength, flexibility, rhythm, and movement awareness. Includes tango dance vocabulary and various types of tango dance.  
 Prerequisite: None.  
 Offered: On demand.
- PHED 1178 Jazz I** (0-2-1)  
 This course is designed to introduce the student to the fundamental of jazz dance technique. Emphasizes and develops correct body alignment, coordination, strength, flexibility, rhythm, and movement awareness. Includes jazz dance vocabulary and simple jazz dance combinations.  
 Prerequisite: None.  
 Offered: On demand.
- PHED 1179 Jazz II** (0-2-1)  
 This course is designed to continue development of jazz dance techniques at the advanced beginning/intermediate level. Emphasizes increased stamina, strength, control, vocabulary and musicality.  
 Prerequisite: PHED 1178.  
 Offered: On demand.
- PHED 1181 Cycling I** (0-2-1)  
 Topics include safety, equipment, maintenance, skills such as cornering, ascending, descending and rules of the road. Students will learn the proper techniques for cycling and use these techniques on short road trips. A bicycle is required.  
 Prerequisite: None.  
 Offered: Fall.
- PHED 1182 Personal Conditioning** (1-2-2)  
 Cross training using different activities to improve fitness. Examples of activities include step aerobics, hi-low aerobics, resistance exercise, sport activities, etc. Includes orientation to Darton College Fitness Center.  
 Prerequisite: None.  
 Offered: Spring.

- PHED 1183 Walking I** (0-2-1)  
 Walking will include aerobic activity as well as a review of fitness principles associated with a safe, enjoyable, and effective walking program. The course will also cover the relationship between physical activity and calorie burning in the food-energy balance.  
 Prerequisite: None.  
 Offered: On demand.
- PHED 1184 Walking II** (0-2-1)  
 A continuation of Walking I which includes aerobic activity as well as a review of fitness principles associated with a safe, enjoyable, & effective walking program.  
 Prerequisite: PHED 1183 or permission of the instructor.  
 Offered: On demand.
- PHED 1185 In Line Skating** (0-2-1)  
 Instruction in the basic techniques of in line skating. Emphasis is on safety and proper equipment.  
 Prerequisite: None.  
 Offered: Fall, Spring.
- PHED 1187 Yoga** (0-2-1)  
 A course designed to teach the student the various styles & techniques involved of yoga.  
 Prerequisite: None.  
 Offered: On demand.
- PHED 1191 Challenge Course** (1-2-2)  
 This course familiarizes the student with concepts of adventure based programming which relies on activities such as cooperative games, group initiative and problem-solving elements, trust activities, and low and high ropes course elements which help individuals and groups learn about concepts such as decision-making and problem-solving, leadership, and how to be a team player. The course will also introduce the student to the technical methods and skills required to conduct challenge course activities.  
 Prerequisite: None.  
 Offered: On demand.
- PHED 1192 Varsity Athletics** (0-4-2)  
 Full-time students who are participating in the Darton College intercollegiate program may register for this course and receive two hours of physical education credit. This can only be taken one time.  
 Prerequisite: None.  
 Offered: On demand.
- PHED 1193 Social Dance** (0-2-1)  
 The student will be introduced to various social dance steps and will learn to use and sequence these basic steps in various dance situations.  
 Prerequisite: None.  
 Offered: On demand.
- PHED 1194 Latin Dancing I** (0-2-1)  
 Introduction to the basic steps and figures of Latin dance styles. Cover dances such as Cha Cha, Samba, Merengue and others.  
 Prerequisite: None. Offered: On demand.

- PHED 1195 Latin Dancing II** (0-2-1)  
Continuation of the basic steps and figures of Latin dance styles. Cover dances such as Cha Cha, Samba, Merengue and others.  
Prerequisite: Latin Dancing I  
Offered: On demand.
- PHED 1196 Social Dance II** (0-2-1)  
A continuation of the various social dance steps and the basic/intermediate steps in various dance situations.  
Prerequisite: Social Dance I.  
Offered: On demand.
- PHED 1197 Ballet I** (0-2-1)  
This course is designed to strengthen technical skill at the beginning level. It explores ballet as an art form and as a means of expression through both the development of movement skills and creative work.  
Prerequisite: None.  
Offered: On demand.
- PHED 1198 Aerobic Dancing** (1-2-2)  
This course is a unique low impact fitness class that blends movements from various forms of dance. Geared toward individuals desiring fitness activities through creative expression.  
Prerequisite: None.  
Offered: On demand.
- PHED 1199 Snow Skiing II** (0-2-1)  
Continuation of the basic techniques of snow skiing. On slope skiing at a designated off-campus site is required for successful completion of the course.  
Prerequisite: PHED 1143 or permission of the instructor.  
Offered: Fall.
- PHED 1200 Ballet II** (0-2-1)  
Continues development of knowledge and skills in ballet techniques at the intermediate level. Designed to develop control, balance, strength, quality of movement and ballet vocabulary.  
Prerequisite: PHED 1197.  
Offered: On demand.
- PHED 1204 Tap I** (0-2-1)  
Introduces fundamentals of tap dance technique. Develops a sense of rhythm, timing, musicality and awareness of dancing in a group. Learn basic traditional tap steps, rhythm tap combinations and complete dances.  
Prerequisite: None.  
Offered: On demand.
- PHED 1212 Karate I** (0-2-1)  
This course is designed to introduce the student to the fundamental skills of karate. The student will have the opportunity to experience the various techniques without contact.  
Prerequisite: None.  
Offered: On demand.

- PHED 1214 Beginning Rock Climbing** (0-2-1)  
 This course is designed to introduce the student to the fundamental skills involved in rock climbing. The student will have the opportunity to experience top belayed climbs of various difficulties. The Carolina Climbing Wall will be used for teaching & a field trip to a designated climbing area will be part of the course requirements.  
 Prerequisite: None.  
 Offered: On demand.
- PHED 1215 Basic Kayaking and Safety** (0-2-0)  
 This course is designed to introduce the student to the fundamental skills involved in flatwater and whitewater canoeing. The student will be permitted to progress consistent with his or her paddling ability. A field trip is required to complete the course.  
 Prerequisite: Pass basic swim test.  
 Offered: On demand.
- PHED 1216 Beginning Paddling** (0-2-1)  
 This course is designed to introduce the student to the fundamental skills involved in canoeing. The student will have the opportunity to experience paddling strokes of various difficulties in a variety of fixed and moving water. This course will be taught in cooperation with the Flint River Outpost. This course will focus on the technical aspects of canoe paddling, reading hydraulic features, canoeing nomenclatures, and will address other issues such as environmental care, individual and group leadership, and team building.  
 Prerequisite: None.  
 Offered: On demand.
- PHED 1218 Hunter Safety** (1-0-1)  
 This course is designed to prepare students to be knowledgeable, responsible hunters who understand the importance of complying with hunting laws and behaving ethically and safely.  
 Prerequisites: None.  
 Corequisites: None.  
 Offered: On demand
- PHED 1219 Introduction to Fly Fishing** (1-2-2)  
 This course is designed to introduce the student to the fundamental skills of fly fishing. In class, students will learn about specialized equipment, safety, basic entomology, casting, fish habitat, locating fish, local fish and regulations, catch and release practices and Leave No Trace land ethics. During lab sessions, students will put into practice class lectures, and have the opportunity to catch fish. Although catching fish is not a requirement of the class, students will keep a log of their catches. This is a highly focused course, requiring full attention during the class meetings, and concentrated activities during the off site labs. Outside activities will be necessary for success in this class. Moderate physical activity is required.  
 Prerequisites: None.  
 Corequisites: None.  
 Offered: On demand.

- PHED 1220 Aquatic Circuit Training** (1-2-2)  
 Introduces students to water resistance exercise through shallow water routines and circuit training in the pool. Workouts will involve muscular endurance training as well as cardiovascular training in the aquatic environment.  
 Prerequisite: None.  
 Offered: On demand.
- PHED 1225 Aqua-jogging** (1-2-2)  
 Aqua-jogging will include a review of the basic fitness principles necessary for participation in a safe and effective aqua-jogging routine as well as the aerobic activity that accompanies it. Furthermore, students will be introduced to the resistive properties of water and how to effectively manipulate it into a strengthening and conditioning force.  
 Prerequisite: None.  
 Offered: On demand.
- PHED 1231 Springboard Diving I** (0-2-1)  
 Designed to introduce basic fundamental dive directions, positions and entry techniques. Includes instruction in flexibility.  
 Prerequisite: None.  
 Offered: On demand.
- PHED 1232 Springboard Diving II** (1-1-1)  
 Designed to introduce competitive springboard diving, NCAA rules, event procedures and dive selection. Includes instruction in flexibility and strength training for competitive springboard diving.  
 Prerequisite: Springboard Diving I.  
 Offered: On demand.
- PHED 1233 Orienteering** (0-2-1)  
 Introduction of off-trail navigation with emphasis in the use of top compasses, and route finding for wilderness travel; and the sport of orienteering.  
 Prerequisite: None.  
 Offered: On demand.
- PHED 1236 Pilates I** (0-2-1)  
 Pilates, developed by Joseph Pilates in the 1920s; is a series of controlled movements engaging one's body and mind which focuses on improving flexibility and strength for the total body without building bulk. Emphasis is placed on strengthening the "core" or "powerhouse" of the body which includes the abdominal muscles, the back, and the buttocks. This course focuses on a progression of exercisers from beginner to intermediate and assumes that the student has no prior knowledge of pilates exercises.  
 Prerequisite: None.  
 Offered: On demand.
- PHED 1241 Body Core Activities** (0-2-1)  
 This class merges three tested exercise programs – Tai Chi, Yoga, and Pilates. Students will experience strength training exercises, stretching, and balance while focusing on core activities.  
 Prerequisite: None.  
 Offered: On demand.

- PHED 1242 Water Polo** (0-2-1)  
 The intent of this course is to develop fundamental water polo skills, knowledge and interest. This course will prepare students for competition in the sport of water polo. This course includes instruction in specific skills, performance techniques and strategies, as well as consistent practice, development of physical fitness, and overall safe game play.  
 Prerequisite: Must be able to pass a swim test.  
 Corequisite: None.  
 Offered: On demand.
- PHED 1243 Zumba Dance** (0-2-1)  
 A course designed to introduce the student to the skills involved with Zumba dancing. This course will offer a survey of the technique of basic Latin dance moves as well as choreography of Zumba dance.  
 Prerequisite: None.  
 Corequisite: None.  
 Offered: On demand.
- PHED 1244 Yoga II** (0-2-1)  
 A continuation of yoga I where students will build upon the basic skills and information learned about the practice of Yoga. This course will focus on a more rigorous physical practice and will challenge students to work towards more demanding physical postures and breathing exercises.  
 Prerequisite: Yoga I.  
 Corequisite: None.  
 Offered: On demand.
- PHED 2201 Introduction to Physical Education, Fitness and Sport** (1-0-1)  
 Introduction and orientation to the history, philosophy, aims, and career opportunities in physical education, fitness and sports.  
 This class is restricted to PE Majors only.  
 Corequisite: READ 0099.  
 Offered: Spring.
- PHED 2210 Sport Injury Prevention & Care** (2-0-2)  
 A study of the identification, prevention, treatment and care for common sports injuries. (Meets only Area B requirements, will not count as an area G requirement.)  
 Prerequisite: None.  
 Offered: Fall.
- PHED 2226 Athletic Training Practicum** (2-4-4)  
 Designed to provide as a student athletic trainer the knowledge, understanding and experience in the areas of injury management, prevention, treatment, rehabilitation and training room protocol. Will not count as an area G requirement.  
 Corequisite: None.  
 Prerequisite: None.  
 Offered: On demand.

- PHIL 1101 Critical Thinking** (2-0-2)  
 This course is designed to introduce students to the thinking processes used in analyzing, evaluating, and creating information. The purpose of the course is to promote intellectual inquiry and exchange through the application of critical thinking in personal, professional, and sociopolitical contexts.  
 Corequisite: Minimum COMPA SS reading score of 74 or enrollment in READ 0099.  
 Prerequisite: None.  
 Offered: On demand.
- PHIL 2205 Introduction to Philosophy** (3-0-3)  
 A survey of the major sub-fields of philosophy including epistemology, ontology, logic, ethics, social and political philosophy, aesthetics and philosophy of religion. Key problems that concern contemporary philosophers are explored and the dominant positions explained.  
 Prerequisite: ENGL 1101 or permission of instructor.  
 Offered: On demand.
- PHIL 2210 Ethics** (3-0-3)  
 A general introduction to ethical theories and their application to moral issues as well as an exposure to dominant meta-ethical approaches. Emphasis is placed on the student developing a decision-making scheme to apply to moral dilemmas. Credit may not be received for both PHIL 2210 and ETHI 1101.  
 Prerequisite: PHIL 2205 or permission of instructor.  
 Offered: On demand.
- PHLE 1101 Phlebotomy I** (2-1-2)  
 Introduction to Phlebotomy: liability, safety, equipment and techniques for blood sample collection.  
 Prerequisites: None.  
 Offered: Fall (A term)
- PHLE 1102 Clinical Phlebotomy II** (0-32-4)  
 Clinical practice in an affiliate clinical laboratory. The clinical experience enables the student to practice skills and develop competence under the supervision of the laboratory staff.  
 Prerequisite: PHLE 1101.  
 Offered: Fall (B term).
- PHSC 1011K Introduction Physical Science I** (3-2-4)  
 This course is for students not majoring in mathematics or science and is a brief survey of the important aspects of physics and astronomy and will not count toward graduation if a physics course is presented for graduation. Laboratory exercises supplement the lecture material. Cannot be used with PHYS 1111 to satisfy Area D.  
 Prerequisite: Satisfactory score on mathematics placement test or completion of MATH 0099. Offered: All semesters.

- PHSC 1012K Introduction Physical Science II** (3-2-4)  
 This course is for students not majoring in mathematics or science and is a brief survey of the important aspects of chemistry and geology and will not count toward graduation if chemistry is presented for graduation. Laboratory exercises supplement the lecture material. Cannot be used with CHEM 1100 or CHEM 1211 to satisfy Area D.  
 Prerequisite: Satisfactory score on mathematics placement test or completion of MATH 0099.  
 Offered: All semesters.
- PHSC 1135 Physical Science for Teachers- In-service teachers 3-5** (3-0-3)  
 The course addresses fundamentals of Physical Science for teachers, grades 3-5. This course covers basic principles and teacher misconceptions from the fields of Chemistry and Physics and the Characteristics of Science. The course content is aligned to the Georgia Performance Standards for grades 3-5. Restricted to in-service teachers grades 3-5.  
 Prerequisites: None.  
 Corequisites: None.  
 Offered: On demand.
- PHSC 2005 Physical Science for Middle Grade Teachers** (2-2-3)  
 This course is designed for middle grade teachers. It is a brief survey of the important aspects of chemistry and physics. Classroom applications will be explored. Laboratory exercises supplement the lecture material. This course does not satisfy any core curriculum requirement.  
 Restricted to Middle Grade Teachers.  
 Offered: On demand.
- PHSC 2025 Physical Science for Special Education Teachers** (3-0-3)  
 This course is restricted to in-service special education teachers. It is a brief summary of the important aspects of chemistry and physics. Classroom applications will be explored. Laboratory exercises supplement the lecture material. This course does not satisfy any core curriculum requirement.  
 Prerequisite: Restricted to in-service special education teachers.  
 Offered: As required.
- PHYS 1111K Introductory Physics I** (3-3-4)  
 This is an introductory course which will include material from mechanics, thermodynamics, and waves. Elementary algebra and trigonometry will be used. Laboratory exercises supplement the lecture material. Students receiving credit for PHYS 1111K cannot receive credit for PHYS 2211K. Cannot be used with PHSC 1011 to satisfy Area D.  
 Prerequisite: MATH 1112 or MATH 1113.  
 Offered: Fall.
- PHYS 1112K Introductory Physics II** (3-3-4)  
 This is an introductory course which will include material from electromagnetism, optics, and modern physics. Elementary algebra and trigonometry will be used. Laboratory exercises supplement the lecture material. Students receiving credit for PHYS 1112K cannot receive credit for PHYS 2212K.  
 Prerequisite: PHYS 1111K.  
 Offered: Spring.

- PHYS 2211K Principles of Physics I** (3-3-4)  
 This is an introductory course which will include material from mechanics, thermodynamics, and waves. Calculus will be used. Laboratory exercises supplement the lecture material. Students receiving credit for PHYS 2211K cannot receive credit for PHYS 1111K. Cannot be used with PHSC 1011 to satisfy Area D.  
 Prerequisite: MATH 1151.  
 Offered: Fall.
- PHYS 2212K Principles of Physics II** (3-3-4)  
 This is an introductory course which will include material from electromagnetism, optics, and modern physics. Calculus will be used. Laboratory exercises supplement the lecture material. Students receiving credit for PHYS 2212K cannot receive credit for PHYS 1112K.  
 Prerequisite: PHYS 2211K.  
 Offered: Spring.
- POLS 1101 American Government in World Perspective** (3-0-3)  
 Survey of the American political system, focusing on the structures and on the processes of policy making. Instruction concentrates on American national and Georgia state governments and politics. Instruction also highlights the American political system in comparative and world perspective. (Satisfies the legislative requirement for the study of the U.S. and Georgia Constitutions.)  
 Corequisite: Minimum COMPASS reading score of 74 or enrollment in READ 0099.  
 Prerequisite: None.  
 Offered: All semesters.
- POLS 1105 Current World Problems** (2-0-2)  
 An introduction to the political issues that transcend national boundaries such as the environment, population, immigration, nuclear proliferation, terrorism, religion, natural resources, etc.  
 Corequisite: Minimum COMPASS reading score of 74 or enrollment in READ 0099.  
 Prerequisite: None.  
 Offered: On demand.
- POLS 2201 American State & Local Government** (3-0-3)  
 Organization, structure, and operation of American state and local governments, with Georgia used as a basis for study.  
 Corequisite: Minimum COMPASS reading score of 74 or enrollment in READ 0099.  
 Prerequisite: None.  
 Offered: On demand.
- POLS 2301 Introduction to Comparative Politics** (3-0-3)  
 A comparative survey of the politics and structure of government in major nation-states.  
 Corequisite: Minimum COMPASS reading score of 74 or enrollment in READ 0099.  
 Prerequisite: POLS 1101 with a grade of "C" or better.  
 Offered: On demand.

- POLS 2401 Introduction to Global Issues** (3-0-3)  
 An overview of the structure and processes of the international political-economic system, including topics such as economic and social interdependence, international trade, war and power, oil politics, green politics, and the problems associated with developing countries.  
 Corequisite: Minimum COMPA SS reading score of 74 or enrollment in READ 0099.  
 Prerequisite: None.  
 Offered: On demand.
- PSYC 1101 General Psychology** (3-0-3)  
 A broad survey of the major topics in psychology such as research methodology, biological and social factors influencing behavior, development, learning, memory, personality, and abnormal.  
 Corequisite: None  
 Prerequisite: READ 0099 or a minimum reading CPE score of 74 and MATH 0097.  
 Offered: All semesters.
- PSYC 2215 Human Growth & Development** (3-0-3)  
 An introductory, non-laboratory based examination of human development across the lifespan with an emphasis on normal patterns of physical, cognitive, and social development.  
 Prerequisite: PSYC 1101.  
 Offered: All semesters.
- PSYC 2225 Introduction to Abnormal Psychology** (3-0-3)  
 A survey of the symptoms, causes, and treatments of the various categories of mental disorders listed by the American Psychiatric Association in the current edition of the Diagnostic and Statistical Manual (DSM).  
 Prerequisite: PSYC 1101.  
 Offered: Fall.
- PSYC 2226 Introduction to Social Psychology** (3-0-3)  
 This course is designed to introduce students to the basic concepts of social psychology. It will include topics such as: Social judgments, the formation of attitudes, gender and diversity, the perception of other people, conformity and obedience, group influence, prejudice, aggression, and conflict and peacemaking.  
 Prerequisite: PSYC 1101.  
 Offered: Spring.
- PTAS 1100 Introduction to Physical Therapy** (3-0-3)  
 Explanation of the philosophy and history of the physical therapy profession and its relationship to other health care agencies and providers. Topics include: introduction to the structure and function of the American Physical Therapy Association, the development of the Physical Therapy Association, medical-legal aspects and professional ethics, critical thinking/problem solving, and an introduction to documentation.  
 Prerequisite: Admission to PTA program.  
 Corequisite: PTAS 1110, PTAS 1115, PTAS 1125.  
 Offered: Fall.

- PTAS 1105 Orientation to Patient Care Skills** (2-3-3)  
 Orientation of basic concepts and procedures of patient care in physical therapy. Topics include documentation and chart review, basic administrative skills, teaching and learning principles, patient positioning and draping, body mechanics, vital sign monitoring, transfers, assistive devices and gait training, infection control, aseptic techniques, architectural barriers and accessibility, special patient care equipment and environment and basic soft tissue techniques.  
 Corequisites: PTAS 1121, PTAS 1130, PTAS 2010.  
 Prerequisites: PTAS 1100, PTAS 1110, PTAS 1115, PTAS 1125.  
 Offered: Spring.
- PTAS 1110 Functional Anatomy & Kinesiology** (2-6-4)  
 Understanding of human movement and its impact on function through the integration of biomechanics, kinesiology, and applied anatomy. Principles will be reinforced through a problem-solving approach. Goniometric measurements, manual muscle testing, and palpation skills of the upper extremity, lower extremity, trunk, and head will be included.  
 Corequisites: PTAS 1100, PTAS 1115, PTAS 1125.  
 Prerequisite: Admission to PTA Program.  
 Offered: Fall.
- PTAS 1115 Clinical Pathology** (2-0-2)  
 The pathophysiology of selected disorders commonly encountered in physical therapy. Etiology, signs and symptoms, diagnostics, treatment, and prognosis of disease and injury will be included. This is an on-line course.  
 Corequisites: PTAS 1100, PTAS 1110, PTAS 1125.  
 Prerequisite: Admission to PTA Program.  
 Offered: Fall.
- PTAS 1121 Therapeutic Exercise I** (2-6-4)  
 Emphasizes demonstration and practice of common therapeutic exercise utilized in physical therapy that include active, active assistive, and passive range of motion. Data collection and performance of manual muscle testing and special tests will be explored along with treatment interventions for common musculoskeletal disease, dysfunction, and injury for treatment of neck, shoulder, arm, hand, postural abnormalities, and body mechanics with an emphasis on ergonomics. Principles of patient care will be developed utilizing critical thinking and problem-solving skills in the selection and application of treatment interventions based on the plan of care.  
 Corequisites: PTAS 1105, PTAS 1130, PTAS 2010.  
 Prerequisite: PTAS 1100, PTAS 1110, PTAS 1115, PTAS 1125.  
 Offered: Spring.
- PTAS 1122 Therapeutic Exercise for Special Populations** (2-6-4)  
 Advanced therapeutic exercise techniques used in specialty areas of physical therapy, including, but not limited to: arthritis, wound care, burns, cardiopulmonary, peripheral vascular disease, geriatrics, amputation, women's health, cancer, and chronic pain.  
 Corequisites: PTAS 2100, PTAS 1135, PTAS 2050.  
 Prerequisites: PTAS 1100, PTAS 1105, PTAS 1110, PTAS 1115, PTAS 1121, PTAS 1130, PTAS 2010, PTAS 1125.  
 Offered: Summer.

- PTAS 1125 Physical Agents** (3-3-4)  
 Therapeutic properties and application of physical agents used in the delivery of physical therapy services. Electromyography will be included. Emphasis is on problem-solving skills necessary to provide an integrated approach to patient care. Students must demonstrate basic skill acquisition in using equipment and the ability to choose appropriate physical agents based on the physical therapist's plan of care. This course is web-enhanced.  
 Corequisites: PTAS 1100, PTAS 1110, PTAS 1115.  
 Prerequisite: Admission to PTA Program.  
 Offered: Fall.
- PTAS 1130 Applied Neurology & Gait Analysis** (2-3-3)  
 Basic neurophysiological concepts used as a foundation for understanding normal and abnormal function. Theory and application of fundamental neuroanatomy and physical data collection techniques will be introduced. Normal and abnormal gait concepts are covered. Part-time clinical experience will be included. Corequisites: PTAS 1105, PTAS 2010, PTAS 1121.  
 Prerequisite: PTAS 1100, PTAS 1110, PTAS 1115, PTAS 1125.  
 Offered: Spring.
- PTAS 1135 Seminar for Physical Therapist Assistant I** (2-0-2)  
 Adaptation of psychosocial principles in the development of self-understanding and communication with patients, families, the public, and other health care teams. Develops basic administrative skills in scheduling patients, patient charges, explanation of reimbursement, importance of incidence report, risk management and continuous quality improvement. The Rules and Laws of the Georgia State Board of Physical Therapy will be explored. Clinical professionalism is also emphasized along with time management and professional development.  
 Corequisites: PTAS 1122, PTAS 2100, PTAS 2050.  
 Prerequisites: PTAS 1100, PTAS 1105, PTAS 1110, PTAS 1115, PTAS 1121, PTAS 1130, PTAS 1125, PTAS 2010.  
 Offered: Summer.
- PTAS 2010 Clinical Practicum I** (0-40-2)  
 First full-time clinical experience in which students integrate component clinical skills and prerequisite knowledge into a patient management framework. Emphasis is on the development of critical thinking abilities, professional and ethical behaviors, responsibility, and effective management of time and resources. This practicum is 40 hours per week for 3 weeks.  
 Corequisites: PTAS 1105, PTAS 1121, PTAS 1130.  
 Prerequisite: PTAS 1100, PTAS 1110, PTAS 1115, PTAS 1125.  
 Offered: Spring.

- PTAS 2020 Clinical Practicum II (0-40)** -3)  
 Second full-time clinical rotation in which the student gains additional experience in a health care facility observing and practicing skills under the supervision of a clinical instructor. The student will implement patient care utilizing knowledge from all didactic coursework for critical thinking and problem-solving in the selection and application of treatment interventions based on the physical therapist's plan of care. This practicum is 40 hours per week for 6 weeks.  
 Corequisite: PTAS 2025, PTAS 2200.  
 Prerequisite: P TAS 1100, P TAS 1105, PTAS 1110, PTAS 1115, PTAS 1121, PTAS 1122, PTAS 1125, P TAS 1130, P TAS 1135, PTAS 2010, PTAS 2050, PTAS 2100.  
 Offered: Fall.
- PTAS 2025 Clinical Practicum III (0-40)** -3)  
 Final clinical experience in which students achieve refinement of all competencies from Clinical Practicum I & II, as well as expansion into other areas of physical therapy care while under the supervision of a clinical instructor. Upon successful completion, the student will demonstrate entry-level competency as a physical therapist assistant. The student will demonstrate strong cognitive, motor, and organizational skills. He/she will handle the responsibilities and possess the sound judgment required of a physical therapist assistant. The practicum is 40 hours per week for 6 weeks.  
 Corequisites: PTAS 2020, PTAS 2200.  
 Prerequisites: P TAS 1100, PTAS 1105, P TAS 1110, PTAS 1115, PTAS 1121, PTAS 1122, PTAS 1125, P TAS 1130, P TAS 1135, PTAS 2010, PTAS 2050, PTAS 2100.  
 Offered: Fall.
- PTAS 2050 Therapeutic Exercise II** (2-3-3)  
 Continues education from Therapeutic Exercise I for data collection and performance of manual muscle testing and special tests along with treatment interventions for common musculoskeletal disease, dysfunction, and injury for treatment of the spine, hip, knee, ankle, foot, and gait abnormalities. Principles of patient care will continue to be utilized, along with critical thinking and problem-solving skills in the selection and application of treatment interventions based on the plan of care.  
 Corequisites: PTAS 1122, PTAS 2100, PTAS 1135.  
 Prerequisites: P TAS 1100, PTAS 1105, P TAS 1110, PTAS 1115, PTAS 1121, PTAS 1130, PTAS 1125, PTAS 2010.  
 Offered: Summer.
- PTAS 2100 Neurological Rehabilitation** (2-3-3)  
 Principles of patient management of adults and children with central nervous system disorders utilizing neurophysiological data collection methods and treatment interventions. General topics will include cerebrovascular accidents, pediatrics, spinal cord injury, head injury, and other selected disorders commonly referred for physical therapy. This class meets 7.5 hours per week for 10 weeks.  
 Corequisites: PTAS 1122, PTAS 1135, PTAS 2050.  
 Prerequisites: P TAS 1100, Ptas 1105, PTAS 1110, PTAS 1115, PTAS 1121, PTAS 1125, PTAS 1130.  
 Offered: Summer.

- PTAS 2200 Seminar for Physical Therapist Assistants II** (2-0-2)  
 An exploration of the clinical experience through the presentation of a case study (both written and orally.) Topics will include interview skills, resume skills, and preparation/review for state board examinations.  
 Corequisites: PTAS 2020, PTAS 2025.  
 Prerequisites: P T AS 1100, PTAS 1105, P T AS 1110, PTAS 1 115, PTAS 1121 , PTAS 1122, PT AS 1125, P T AS 1130, P T AS 11 35, PTAS 2010, PTAS 20 50, PTAS 2100.  
 Offered: Fall.
- PTEC 1101 Introduction to Psychiatric Technology** (3-0-3)  
 This course examines Psychiatric Technology as a profession. Explores the position of the psychiatric technician in various mental health settings. Looks at the role of the psychiatric technician as a member of the health care team. Places emphasis on ethical and legal practice parameters with particular attention given to issues of confidentiality and the setting of appropriate boundaries. Stresses the development of effective verbal skills and written communication skills with patients and other health care providers.  
 Prerequisites: All learning support classes must be completed.  
 Offered: Fall or as needed.
- PTEC 1102 Group Theory and Dynamics** (3-0-3)  
 This course introduces concepts relevant to group work in the institutional setting. Explores theoretical and interactional components of group therapy. Defines the role of the psychiatric technician as a group leader and examines the various types of group therapy. Allows students to develop basic group leadership skills by planning groups and by leading simulated group therapy sessions.  
 Prerequisites: All learning support classes must be completed.  
 Offered: Spring or as needed.
- PTEC 1103 Crisis Management** (3-0-3)  
 This course examines theory and application of crisis management as it relates to the psychiatric technician. Explores the crucial role of the psychiatric technician in the initial phase of crisis, particularly in institutional settings. Helps student identify strategies to de-escalate aggressive and out of control patients. Emphasizes the development of empathic skills necessary to assist patient with crisis resolution.  
 Prerequisites: All learning support classes must be completed.  
 Offered: Summer.
- PTEC 2101 Care of the Aged Psychiatric Patient** (3-9-6)  
 This course defines the normal aging process. Both the physiological and psychological aspects of aging are studied, with emphasis on the student developing an empathic understanding of this patient population. Deviations from the normal aging process are explored with focus on psychological response to illness, sensory loss and cognitive changes. Students will learn to evaluate, assess, plan, and implement skills to provide care to the elderly patient. The student will spend 9 hours per week in a supervised field placement setting to enhance skills related to the care of the aged patient.  
 Prerequisite: PTEC 1101.  
 Offered: Summer or as needed.

- PTEC 2102 Care of the Developmentally Disabled** (4-12-8)  
 This course examines developmental milestones & identifies deviations from them. Developmental delays will be assessed. Methods of psychiatric interventions with developmentally disabled patients will be explored, implemented & evaluated. Emphasis will be placed on the student developing empathy & understanding of the developmentally disabled. The student will spend 12 hours per week in a supervised field placement setting related to the care of the developmentally disabled patient presenting with need of psychiatric care.  
 Prerequisite: PTEC 1101.  
 Offered: Fall or as needed.
- PTEC 2103 Care of the Mentally Ill** (4-15-9)  
 This course identifies specific mental illnesses as categorized in the DSM-IV. The etiology, incidence, pathology, and treatment of these conditions are examined. Care of the patient experiencing mental illness is explored with emphasis on the psychiatric technician's role as part of the treatment team. Prevention of mental illness is also discussed. The student will spend 15 hours per week in a supervised field placement setting to develop enhanced skills related to care of the mentally ill.  
 Prerequisite: PTEC 1101.  
 Offered: Spring or as needed.
- PUAD 2601 Introduction to Public Administration** (3-0-3)  
 Fundamental principles of administration, application to governmental operations, administrative organization, budgeting, planning, administrative law, personnel management, career service, conditions of public employment, & labor relations.  
 Prerequisite: POLS 1101.  
 Offered: On demand.
- READ 0097 Learning Support Reading & Study Skills I** (4-0-4)  
 READ 0097 is a preparatory course designed to improve reading techniques, vocabulary skills, and reading comprehension. The course also introduces the student to problem solving and critical thinking skills as they apply to reading, listening, writing, and speaking. To complete READ 0097, a student must have at least a C average, demonstrate reading proficiency at the 12<sup>th</sup> grade level or higher.  
 Placement: A score of 64 or below on the COMPASS Reading Skills Test.  
 Offered: Every semester.
- READ 0099 Learning Support Reading & Study Skills II** (4-0-4)  
 READ 0099 is a preparatory course designed to improve reading techniques, vocabulary skills, and reading comprehension. The course also strengthens problem solving and critical thinking skills as they apply to reading, listening, writing, and speaking. Exit requirements: at least a C average, demonstration of reading proficiency at the college level and a satisfactory score on the CCOMPASS.  
 Placement: A score of 65 - 73 or below on the COMPASS reading skills test or successful completion of READ 0097.  
 Offered: All semesters.

**RESP 1100 Introduction to Respiratory Care (1-0-1)**

This course introduces students to the Respiratory Care profession and the skills needed to become a Respiratory Therapist. Topics will include the history of the Respiratory Care profession, and a discussion of the future of Respiratory Care. A description of the organization of a hospital Respiratory Care department and an overview of common modalities and specialized areas of Respiratory Care including an introduction to Therapist driven protocols and clinical practice guidelines. A discussion of job opportunities and areas for advancement within the profession. An overview of legal and ethical issues impacting health care, and particularly Respiratory Care, in today's Health Care environment. Universal precautions and OSHA blood and body fluids precautions will be presented. The functions of the NBRC, AARC, CoARC and the Georgia Medical Board will be examined and the credentialing and licensing processes outlined.

Corequisite: RESP 1111, RESP 1131, RESP 1132, RESP1133.

Prerequisite: Completion of all Learning Support requirements.

Offered: Fall Semester Sophomore Year.

**RESP 1111 Fundamentals of Respiratory Care (2-3-3)**

This course introduces the principles and practices of Non-Critical Respiratory Care. The course will emphasize the use of Therapist Driven Protocols and Clinical Practice Guidelines. Basic Respiratory Care skills in modalities such as oxygen, humidity, bland aerosol, medicated aerosol, passive hyperinflation, chest physiotherapy, postural drainage, airway clearance therapies, arterial blood gases and bedside pulmonary function studies will be developed. Emphasis will be placed on setting up, using and troubleshooting equipment, and on the physical and physiologic principles of gas exchange, ventilation, acid/base balance and gas laws. To progress to RESP 2201, each student will be required to successfully complete and pass a Lab competency exam. Basic math competency is required. Students may be required to demonstrate proficiency in basic math skills for progression in the program. A passing score of "C" or better is required for progression in the program. The American Heart Association Basic Life Support course will be included in this course.

Corequisite: RESP 1100, RESP 1131, RESP 1132, RESP1133.

Prerequisites: Admission into Respiratory Care Program.

Offered: Fall Semester Sophomore Year.

**RESP 1131 Patient Assessment & Protocols (2-3-3)**

This course introduces the concepts and techniques of patient assessment through inspection, palpation, percussion, and auscultation. The student will demonstrate proficiency in patient physical examination, and taking a complete patient medical history. Principles of barrier protection for blood and body fluid exposures, and isolation precautions will be emphasized. Basic chest x-ray interpretation, basic ECG monitoring, basic laboratory values such as CBC, electrolytes, and basic microbiology are presented. Assessment of critically ill patients is introduced. Each student will be required to successfully complete a Lab competency examination in order to progress to RESP 2201.

Corequisite: RESP 1100, RESP 1111, RESP 1132, RESP 1133.

Prerequisites: Admission into the Respiratory Care Program.

Offered: Fall Semester Sophomore Year.

- RESP 1132 Cardiopulmonary Pharmacology** (2-0-2)  
 A general pharmacology course for the respiratory care professional caring for the acute and subacute patient. Emphasis will be placed on the indications, contraindication, hazards, and routes of administration for the drugs discussed. The pharmacology of the major therapeutic classes of drugs important to respiratory care will be presented.  
 Corequisites: RESP 1100, RESP 1111, RESP 1131, RESP 1133.  
 Prerequisites: None.  
 Offered: Fall Semester Sophomore Year.
- RESP 1133 Cardiopulmonary Anatomy & Physiology** (3-0-3)  
 A study of the normal & abnormal anatomy & pathophysiology of the cardiac, pulmonary, & renal systems. The mechanisms of homeostatic control for acid/base balance, ventilation, gas transport, & circulation will be addressed. Hemodynamic monitoring will be emphasized.  
 Corequisites: RESP 1100, RESP 1111, RESP 1131, RESP 1132.  
 Prerequisites: None.  
 Offered: Fall Semester Sophomore Year.
- RESP 1134 Cardiopulmonary Diseases & Treatment** (2-0-2)  
 A survey course of the clinical pathophysiology of selected cardiopulmonary diseases. The emphasis will be placed on the description of the etiology, clinical manifestation, diagnosis, therapeutics, and prognosis of acute and chronic diseases of the cardiopulmonary patient.  
 Student will be required to present clinical case studies on the major cardiopulmonary pathologies.  
 Corequisite: RESP 1135, RESP 1136, RESP 1137, RESP 1138.  
 Prerequisites: RESP 1100, RESP 1111, RESP 1131, RESP 1132, RESP 1133.  
 Offered: Spring.
- RESP 1135 Mechanical Ventilation and Critical Care** (3-3-4)  
 This course introduces the critical care modalities of airway management including tracheal suctioning and endotracheal intubation, tracheostomy care, concepts of mechanical ventilation are presented. Other critical care skills such as arterial lines, hemodynamic monitoring, advanced patient monitoring, bronchoscopy, and tracheostomy are presented. Basic math skills are required for this course. Each student may be required to pass a math competency exam to demonstrate proficiency.  
 Each student will be required to successfully pass a lab competency exam in order to progress to RESP 2210.  
 Corequisite: RESP 1134, RESP 1136, RESP 1137, RESP 1138.  
 Prerequisites: RESP 1100, RESP 1111, RESP 1131, RESP 1132, RESP 1133.  
 Offered: Spring Semester Sophomore Year.

- RESP 1136 Pediatric and Neonatal Respiratory Care** (1-3-2)  
 This course presents the physiological and clinical concepts of mechanical ventilation and critical care monitoring of the pediatric and neonatal patient. The course focuses on respiratory care modalities and concepts specifically related to the pediatric and neonatal patient. Some topics include: ventilator design & function, assessment & monitoring of pediatric/neonatal patients, techniques for improving ventilation & oxygenation, weaning strategies, and labor & delivery. Critical thinking skills will be emphasized to support the application of neonatal/pediatric physician and therapist driven protocols.  
 Corequisite: RESP 1134, RESP 1135, RESP 1137, RESP 1138.  
 Prerequisites: RESP 1100, RESP 1111, RESP 1131, RESP 1132, RESP 1133.  
 Offered: Spring Semester.
- RESP 1137 Specialized Areas of Respiratory Care** (2-0-2)  
 This course surveys the important principles and practices of Respiratory Care in the following specialty areas: Pulmonary Function Testing, Polysomnography and Sleep Disorders, Pulmonary Rehabilitation, Geriatric Care, and Home Care. Students will apply the knowledge learned in this course in Practicum III.  
 Corequisites: RESP 1134, RESP 1135, RESP 1136, RESP 1138.  
 Prerequisites: RESP 1100, RESP 1111, RESP 1131, RESP 1132, RESP 1133.  
 Offered: Spring Semester.
- RESP 1138 Advanced Cardiac Life Support** (1-3-2)  
 This course will prepare the student to take and pass the American Heart Association Advanced Cardiac Life Saving Course (ACLS.) Students will take the official AHA ACLS course at the end of this course. Students must pass the ACLS course to pass this course.  
 Corequisite: RESP 1134, RESP 1135, RESP 1136, RESP 1137.  
 Prerequisites: RESP 1100, RESP 1111, RESP 1131, RESP 1132, RESP 1133.  
 Offered: Spring.
- RESP 2201 Respiratory Care Practicum I** (0-24) -3  
 An introduction to the respiratory care of the non-critically ill patient in the clinical environment. An emphasis will be placed on departmental protocols, practice guidelines, patient identification, and communication skills. The student will be required to master the following modalities: oxygen therapy, humidity therapy, bland continuous aerosol therapy, medicated nebulizer therapy, passive hyperinflation, chest physiotherapy and postural drainage, arterial blood gas draws and analysis, equipment cleaning and environmental therapy. Basic airway management and bedside pulmonary function testing will also be explored. Equipment theory and application will be reinforced.  
 Corequisites: None.  
 Prerequisites: RESP 1100, RESP 1111, RESP 1131, RESP 1132, RESP 1133, RESP 1134, RESP 1135, RESP 1136, RESP 1137, RESP 1138.  
 Offered: Summer Semester Sophomore Year.

- RESP 2210 Respiratory Care Practicum II (0-36 -6)**  
 A continuation of RESP 2201. Emphasis will be placed on departmental protocols and clinical guidelines. Students are introduced to the care of adult critically ill patients in the Intensive Care unit. Mastery of active hyperinflation therapies, chest physiotherapy, arterial blood punctures analysis, and continued concepts of airway management. The student will be required to attend a competency workshop and successfully complete an intubation Rotation in the Operating Room as part of this course. Students will be required to complete weekly logs and case studies as part of this course.  
 Corequisite: None.  
 Prerequisites: Current CPR, RESP 2201.  
 Offered: A-term Fall Semester Sophomore Year.
- RESP 2220 Respiratory Care Practicum III (0-36 -6)**  
 Practicum to support content presented in RESP 1136 and 1137. Practical experiences will occur in proportion to emphasis placed on the cognitive content in the companion course. This course may also provide an opportunity for accelerated or advanced students to explore additional clinical experiences outside the usual program scope. Emphasis will be placed on the neonatal/pediatric intensive care patient. Students will be required to attend and pass the NRP course.  
 Corequisite: RESP 2330.  
 Prerequisite: RESP 2210.  
 Offered: B-term Fall Semester Sophomore Year.
- RESP 2330 Credential Preparation (0-3-1)**  
 The course will focus on a review of essential concepts of Respiratory Care with emphasis on content examined by the NBRC entry level and advanced level examinations. Critical thinking skills will be reinforced through presentation and discussion of case studies. Surveys of clinical research literature, and journal articles will be examined. Each student must take and successfully pass the NBRC Self Assessment Exam as a requirement for passing the course, and for graduation from the program.  
 Prerequisites: RESP 2210.  
 Corequisite: RESP 2220.  
 Offered: B-term Fall Semester Sophomore Year.
- RGTE 0199 Regents' Writing Skills 30 hrs before REGENTS' TEST (2-0-2)**  
 The Regents' Writing Skills course is intended to ensure that all graduates of USG institutions possess certain minimum skills in writing. Students learn to evaluate their own writing strengths and weaknesses and work on improving their writing skills so that they are able to write an essay meeting the Regents' criteria.  
 NOTE: Students who have 45 or more college credit hours and/or have not passed the Regents Test Essay are required to enroll in RGTE 0199.  
 Prerequisite: None.  
 Offered: All semesters.

- RGTR 0198 Regents' Reading Skills** 30 hrs before REGENTS' TEST (2-0-2)  
 The Regents' Reading Skills course is intended to ensure that all graduates of USG institutions possess certain minimum skills in reading comprehension. Students work on improving their comprehension of material drawn from a variety of subject areas (social science, natural science and humanities) with various modes of discourse (exposition, narration and argumentation). Critical thinking and the following four major aspects of reading are emphasized: vocabulary in context, inferential and literal comprehension, and analysis.  
 NOTE: Students who have 45 or more college credit hours and/or have not passed the Regents' Test Reading are required to enroll in RGTR 0198.  
 Prerequisite: None.  
 Offered: All semesters.
- RGTW 0197 Regents' Test Workshop** (0-0-0)  
 RGTW 0197 is a tutorial designed to acquaint the student scheduled to take the Regents' Test with testing procedures, as well as to sharpen skills in both reading and writing. Students who have completed the English composition requirements in their program are encouraged to register for RGTW 0197. This course is open only to students who have fewer than 45 college credit hours.  
 Prerequisite: None.  
 Offered: All semesters.
- SCIE 1100 Science, Technology, & Society** (2-0-2)  
 This is an interdisciplinary study of the role of science and technology in society and daily life. Emphasis will be placed upon current advances and political and social consequences. Prerequisites: READ 0099.  
 Offered: Fall, Spring.
- SCIE 2000K Principles of Research Methodology** (1-2-2)  
 This course is designed to teach science majors the basic principles of performing a scientific research project. Each student will identify a problem, perform a literature search, design and perform an experiment, analyze data and present the results.  
 Prerequisites: BIOL 1108K, CHEM 1212K, PHYS 1112K, or consent of Division Chair.  
 Offered: On demand.
- SCIE 2001K Principles of Scientific Instrumentation/Methods** (1-2-2)  
 This course is designed to teach science majors how to properly use scientific instrumentation and methods in field and laboratory studies. Some of the equipment students will use may include: pH meters, data acquisition equipment interfaced with the computer, FTIR, gas chromatograph, spectrophotometer, electrophoretic equipment, etc. An experimental approach will be used to reinforce the hands-on activities.  
 Prerequisite: BIOL 1108K, CHEM 1212K, or PHYS 1112K or consent of Division Chair.  
 Offered: Spring by demand.

- SCIE 2026 Case Studies for Special Education Teachers** (3-0-3)  
 This course is restricted to in-service special education teachers. It is a brief summary of the important aspects of environmental science and its relationship to other science areas. Classroom applications will be explored. Laboratory exercises supplement the lecture material. This course does not satisfy any core curriculum requirements.  
 Prerequisites: Restricted to in-service special education teachers.  
 Corequisites: None.  
 Offered: As required.
- SLEP 1100 Introduction to Polysomnography** (1-16-2)  
 A course designed to provide students with an overview of the operation of a sleep lab and the skills needed for a career in the polysomnography field. Students will observe the set up, monitoring, and evaluation of sleep studies conducted in the sleep lab.  
 Prerequisites: Admission to the program and exited all Learning Support classes.  
 Corequisites: None.  
 Offered: As required.
- SLEP 1101 Polysomnography I** (3-1-4)  
 This course introduces the principles and practices of polysomnography. Topics covered in the course include: The history of sleep medicine and the development of current sleep study techniques, conducting a patient sleep history, physiological aspects of sleep, identification of sleep stages, identification and diagnosis of sleep disorders, patient preparation, equipment setup and calibration, recording and monitoring techniques, documentation, and professional issues pertaining to the field of polysomnography. The lab portion of the course will provide students hands on practice in the skills required in the sleep lab.  
 Corequisite: None.  
 Prerequisite: MATH 1001 or higher math, and BIOL 1100K  
 Offered: On demand
- SLEP 1102 Cardiopulmonary Anatomy & Phy. for Polysomnography** (3-0-3)  
 A course designed to develop knowledge of normal cardiopulmonary anatomy and physiology and the pathophysiology needed by personnel employed in a sleep lab. Topics covered include: breathing, respiration, gas exchange, oxygen uptake and delivery mechanisms. Anatomy of the cardiovascular system including the blood, blood vessels, and heart. The application and interpretation of basic ECG's and the recognition of arrhythmias. Physiology of the cardiovascular system including cardiac contraction, the concepts of preload, afterload, and contractility. Corequisites: None.  
 Prerequisites: Admission to the program.  
 Offered: On demand.

- SLEP 1103 Respiratory Modalities for Polysomnography** (3-0-3)  
 A course designed to develop knowledge of normal respiratory anatomy and physiology needed by personnel employed in a sleep lab. Topics covered include anatomy of the pulmonary system; structures of the chest wall; muscles of ventilation; blood supply to the lungs; basic physiology of ventilation and lung mechanics; oxygen therapy; PAP therapy; and patient assessment.  
 Corequisites: None.  
 Prerequisites: Admission to the program.  
 Offered: On demand.
- SLEP 1104 Polysomnography II** (3-1-4)  
 A continuation of Polysomnography I. This course will focus on scoring sleep studies, additional tests performed as split night studies, multiple sleep latency testing, maintenance of wakefulness tests, PAP titration studies and others.  
 Corequisites: None.  
 Prerequisites: SLEP 1101.  
 Offered: On demand.
- SLEP 1105 Pharmacology of Sleep** (2-0-2)  
 A course designed to discriminate between the impacts of drugs used to treat sleep disorders and drugs in common use that affect the polysomnogram.  
 Corequisites: None.  
 Prerequisites: Admission to the Program.  
 Offered: On demand.
- SLEP 1106 Sleep Disorders** (3-0-3)  
 A course designed to identify the major categories of sleep disorders according to the International Classification of Sleep Disorders 2<sup>nd</sup> Edition.  
 Corequisites: None.  
 Prerequisites: Admission to the program.  
 Offered: On demand.
- SLEP 1107 Neuroanatomy & Physiology** (2-0-2)  
 A course designed to provide students with a background in neurological anatomy and physiology as it relates to sleep and sleep disorders.  
 Corequisites: None.  
 Prerequisites: Admission to the program.  
 Offered: On demand.
- SLEP 1108 Exam Review/Case Studies** (1-0-1)  
 A course to review policy topic covered throughout the program. After reviewing the material, the student is to take the practice exam offered by the Board of Registered Polysomnographic Technicians.  
 Corequisites: None.  
 Prerequisites: Admission to the program.  
 Offered: On demand.

- SLEP 1109 Management of the Sleep Lab** (2-0-2)  
 A course designed to educate the student by covering topics such as patient & laboratory safety issues, ethics roles & professional behaviors of the sleep technician.  
 Corequisites: None.  
 Prerequisites: Admission to the program.  
 Offered: On demand.
- SLEP 1110 Infant/Pediatric Polysomnography** (2-0-2)  
 A course designed to teach students about the pathophysiology of sleep disorders encountered in infants and children, the scoring criteria used and techniques used in obtaining a sleep study, the setup of infants and pediatric patients for a PSG, special problems that may be encountered and how to troubleshoot them. We will cover communication and other issues related to infant and pediatric sleep studies.  
 Corequisites: None.  
 Prerequisites: Admission to the program.  
 Offered: On demand.
- SLEP 1111 Polysomnography Practicum I** (0-600-6)  
 An introduction to basic polysomnographic procedures performed in the clinical setting. Students will be required to master the skills of: conducting a complete sleep history, patient preparation and equipment hook-up and operation, monitoring procedures during the test, and record keeping and scoring sleep studies, identification of sleep disorders and development of therapeutic treatment plans.  
 Corequisites: None.  
 Prerequisites: SLEP 1110.  
 Offered: On demand.
- SLEP 1112 Polysomnography Practicum II** (0-600-6)  
 A course designed to continue the development of skills and concepts begun in Practicum I. In addition, this course will focus more on scoring of sleep studies, therapeutic intervention, and more advanced and specialized aspects of polysomnography designed to prepare the student for employment in the sleep lab and to take the RPSGT credentialing examination.  
 Corequisites: None.  
 Prerequisites: SLEP 1110.  
 Offered: On demand.
- SOCI 1101 Principles of Sociology** (3-0-3)  
 A survey of the discipline of sociology. Topics will include sociological theory, methods and selected substantive areas.  
 Corequisite: Minimum COMPA SS reading score of 74 or enrollment in READ 0099.  
 Offered: All semesters.
- S101 Principles of Sociology SERVICE LEARNING** (0-0-0)  
 Students who choose this option are required to volunteer 50 hours during the semester as well as attend the SOCI 1101 class.  
 Offered: On demand.

- SOCI 1160 Introduction to Social Problems (3-0-3)**  
 A theoretical and empirical analysis of selected major social problems confronting American society.  
 Prerequisite: SOCI 1101.  
 Offered: All semesters.
- S160 Introduction to Social Problems (0-0-0)**  
 Students who choose this option are required to volunteer 50 hours during the semester as well as attend the SOCI 1160 class.  
 Offered: On demand.
- SPAN 1001 Elementary Spanish I (3-0-3)**  
 SPAN 1001 is an introduction to listening, speaking, reading, and writing in Spanish, and to the cultures of Spanish-speaking regions.  
 Prerequisites: READ 0099 and ENGL 0099.  
 Offered: All semesters.
- SPAN 1002 Elementary Spanish II (3-0-3)**  
 SPAN 1002 is a continuation of SPAN 1001 with continued listening, speaking, reading and writing in Spanish, and orientation to the cultures of Spanish-speaking regions.  
 Prerequisite: SPAN 1001 or equivalent.  
 Offered: All semesters.
- SPAN 1050 Spanish for Health Care Professionals I (3-0-3)**  
 An introduction to speaking, listening, reading and writing in Spanish, with application in the context of health care related professions. Designed for individuals working or majoring in health care related fields with little or no current proficiency in Spanish, the course presents health care terminology and grammar necessary to accomplish certain tasks required in the workplace, as well as extensive cultural information related to Hispanic culture.  
 Prerequisites: READ 0099 and ENGL 0099.  
 Offered: Fall.
- SPAN 1054 Spanish for Health Care Professionals II (3-0-3)**  
 Continuation of Spanish for Health Care Professionals I. Continued development of speaking, listening, reading and writing skills in Spanish, with application in the context of health care related professions. Designed for individuals working or majoring in health care related fields, the course presents health care terminology and grammar necessary to accomplish certain tasks required in the workplace, as well as extensive cultural information related to Hispanic culture.  
 Prerequisites: SPAN 1050.  
 Offered: Spring.
- SPAN 1058 Spanish for Health Care Professionals III (3-0-3)**  
 Continuation of Spanish for Health Care Professionals II. Continued development of speaking, listening, reading and writing skills in Spanish, with application in the context of health care related professions. Designed for individuals working or majoring in health care related fields, the course presents health care terminology and grammar necessary to accomplish certain tasks required in the workplace, as well as extensive cultural information related to Hispanic culture.  
 Prerequisite: SPAN 1054.  
 Offered: Summer.

- SPAN 2001 Intermediate Spanish I** (3-0-3)  
 SPAN 2001 continues SPAN1002 and includes a review of idiomatic expressions and the past tenses, as well as an introduction of new vocabulary, structures, and grammatical concepts. Vocabulary and structures are integrated with cultural highlights.  
 Prerequisite: SPAN 1002 or equivalent.  
 Offered: Fall.
- SPAN 2002 Intermediate Spanish II** (3-0-3)  
 SPAN 2002 continues SPAN 2001, and includes expansion of vocabulary and grammar, and more complex syntax, including hypothetical situations, use of subjunctive mood, and indirect discourse. Emphasis is placed on improving conversational and compositional skills in Spanish, and on heightening the student's awareness of daily life and current events in the Hispanic world as well as Hispanic contributions to the humanities.  
 Prerequisite: SPAN 2001 or equivalent.  
 Offered: Spring.
- SPAN 2003 Intermediate Spanish III** (3-0-3)  
 SPAN 2003 is a study of lexical items and grammatical structures and concepts of the Spanish language. The student will review basic grammatical structures as well as study more advanced linguistic concepts. Emphasis is on speaking and writing skills, though listening and reading skills will also continue to be developed. The course is taught exclusively in Spanish. Active classroom use of the Spanish language is mandatory and expected; speaking English will neither be permitted nor tolerated.  
 Prerequisite: SPAN 2002 or equivalent.  
 Offered: On demand.
- THEA 1000 Theatre Practicum** (0-3-1)  
 This theatre practicum course is open to all students in theatre and drama who have a role and/or do technical work on the dramatic production of the semester. May be taken each semester to a maximum of four semester hours.  
 Prerequisite: None.  
 Offered: Fall, Spring.
- THEA 1100 Theater Appreciation** (3-0-3)  
 This course includes the survey and critical appreciation of Theatre. A first-level course designed to introduce theatre majors and non-majors to eras of theatre history and dramatic literature and to demonstrate how theatre practitioners form a collaborative working unit which results in a performance-ready production. No previous experience required.  
 Prerequisite: READ 0099; ENGL 0099.  
 Offered: Fall.
- THEA 1105 Acting** (3-0-3)  
 Fundamental theories, principles, and techniques of acting with training in pantomime, improvisation, stage movement, characterization, and motivation. Eras of theatre and acting styles will also be explored.  
 Prerequisite: None.  
 Offered: Fall.

- THEA 1111 Creative Dramatics for Elementary School Teachers** (3-0-3)  
 This course will introduce various techniques for presenting dramatics in the K-12 classroom, including building a play, creating simple scenic elements, and various forms of improvisation. Participants will study the work of Viola Spolin.  
 Prerequisites: None.  
 Co-requisites: None.
- THEA 1175 Script Analysis** (2-0-2)  
 An introductory course designed to familiarize students with the vocabulary, methods, and skills necessary for understanding how dramatic literature is transformed from the printed page into a working play script.  
 Prerequisite: None.  
 Offered: Spring in even numbered years.
- THEA 1710 Improvisation** (0-1-1)  
 An introductory course designed to enable students, individually and in groups, to learn process-centered performance techniques using unscripted concepts. Students are introduced to basic principles of stage movement, vocal technique, and creative dramatics.  
 Prerequisite: None.  
 Offered: Spring in even numbered years.
- THEA 2100 Stagecraft** (3-0-3)  
 This course will introduce the student to basic stage technology and terminology as applied to overall theatre production. Basic scenery construction techniques will be taught through classroom instruction and laboratory participation. Standard drafting skills will be introduced for the purpose of communicating technical data for scenery construction crew. Students will serve as production running crew.  
 Prerequisite: None.  
 Offered: Fall, Spring, as needed.
- THEA 2105 Oral Interpretation** (3-0-3)  
 Communicating the meaning of literature, prose, and poetry through the techniques of oral reading. The coaching of oral interpretation at the high school level will also be discussed.  
 Prerequisites: None.  
 Offered: On demand
- THEA 2210 Voice and Diction** (3-0-3)  
 An introduction to vocal training for the production of Standard American Speech with an emphasis on resonance, breath control, vocal relaxation and posture using the International Phonetic Alphabet (IPA) and a variety of approaches to contemporary vocal training.  
 Prerequisites: ENGL 0099 and READ 0099.  
 Offered: Spring, odd-numbered years.

- THEA 2301 Scene Design for the Stage** (2-4-3)  
 This course will introduce the student to the fundamental elements of scenic design. Several styles of staging, proscenium stage, black box, outdoor and variations of the theatre in the round, will be discussed. Students will learn the basics of stage drafting and scale modeling in order to convey basic design ideas to others. Period design and decoration will be discussed.  
 Prerequisites: THEA 2100 or permission of instructor.  
 Offered: Fall, Spring.
- THEA 2306 Lighting Design for the Stage** (2-4-3)  
 This course will introduce the student to the fundamental elements of lighting design. Through discussion of lighting equipment (dimming and fixtures) and accessories (color medium, projection patterns, effect generators), technique and style, the student will gain basic knowledge of stage lighting and its impact on theatrical production.  
 Prerequisites: THEA 2100.  
 Offered: Fall.
- THEA 2312 Sound Design for the Stage** (2-4-3)  
 This course will acquaint the student with the process of sound design for theatrical production. Basic instruction will deal with the equipment and technique necessary to reproduce sound effects and background music for the stage.  
 Prerequisite: THEA 2100.  
 Offered: On demand.
- THEA 2315 Computer Applications for the Stage** (2-2-3)  
 This course will provide the student with an overview of computer applications as they relate to theatre production. CAD for stage design and computer enhanced stage equipment will be discussed.  
 Prerequisites: Enrollment in Technical Theatre Certificate Programs or by permission of instructor.  
 Offered: On demand.
- THEA 2500 Production Workshop** (3-0-3)  
 This course enables students to collaborate as a production team to present one or more plays in public performance. Fundamental theories of play selection, casting, scheduling, budgeting, design choices, publicity, stage management, and rehearsal techniques will be applied to the process of play production.  
 Prerequisites: THEA 1100 or THEA 1105 or permission of the instructor.  
 Offered: Spring in even numbered years.

# CONTINUING EDUCATION, ECONOMIC DEVELOPMENT and CORPORATE TRAINING

Section Eleven

## A. CONTINUING EDUCATION PROGRAMS

**Mission:** Continuing Education/Economic Development and Corporate Training at Darton College is dedicated to providing cost effective, cutting edge, innovative non-credit programs, services and expertise to support economic, community and personal development goals that enhance the South west Georgia economy, community and quality of life.

**Goals:** Continuing Education/Economic Development and Corporate Training at Darton College is committed to being a leader and advocate for diverse populations and their lifelong-learning needs, helping businesses, industries, individuals, schools, groups and communities.

We are customer focused. We focus on customizing and offering the right program to the right person at the right time, whether on campus, in community settings, at workforce locations, in person or using distance learning methodologies and technical capabilities. We focus on customizing our offerings to provide a wide range of formats: short courses, seminars, workshops, and symposiums to respond to the needs of adult learners.

Darton College's Continuing Education/Economic Development and Corporate Training Division is a viable partner in the efforts to promote economic development in Southwest Georgia. We actively collaborate with other economic development entities to support shared solutions, innovative initiatives and workforce education to attract new industries, and strengthen existing businesses.

**Admission:** Courses, programs, seminars, workshops, clinics, symposiums, forums and other activities offered by Continuing Education/Economic Development and Corporate Training are non-credit and do not require admission testing. The continuing education approach to learning makes it possible for adults to learn in an informal and non-competitive environment where interest is the primary consideration. Some courses have recommended prerequisites outlined in descriptions when courses are advertised.

**Fees:** A registration fee is charged for most courses with the amount being published and otherwise advertised at the time the activity is offered. Fees vary depending on the length of course and topic. Waiver of fees for senior citizens does not apply to continuing education programs; however, senior citizens 62 or older receive a 10% discount. We accept cash, VISA, MasterCard and company vouchers.

**Frequency of Offering:** Courses may start and end at any time during the year. Although Continuing Education publishes fall, winter and summer brochures, our schedule is not limited by the academic calendar. Special single course brochures are also distributed throughout the year. For a copy of current course brochures, call (229) 317-6730.

**Continuing Education Unit - CEUs:** The Continuing Education Unit represents ten contact hours of participation in an organized activity under reasonable sponsorship, capable direction and qualified instruction. Individuals who successfully complete the course requirements will receive individual Continuing Education Units or CEUs.

**Workshops, Clinics, Conferences, Seminars, Symposiums:** A variety of workshops, clinics, conferences, seminars and symposiums are scheduled throughout the year. These programs are short; consisting of one-to-two day(s) or evening(s) with highly concentrated specialized instruction.

**Personal Enrichment Programs:** A broad range of short courses is offered for lifelong learning opportunities in a wide range of education areas, including: art, music, language, computers, recreation and sports.

**Professional Development:** Professional development programs are offered for individuals, business, and organizations to further the educational development of themselves/members/employees. Darton is an approved provider of Real Estate, PLU and other state certified programs.

**Online Courses:** Continuing Education/Economic Development can be your online course provider. Courses begin the third Wednesday of every month. Online courses include assignments, quizzes and tests. Choose from over 100 courses offered. Call (229) 317-6730 for more information.

**Co-listed Courses:** A selection of regular college credit courses is offered on a non-credit basis through Continuing Education/Economic Development and Corporate Training. No academic credit is awarded for these courses. Students must meet the academic requirements of the course as stated in the college catalog. CEUs may apply to co-listed courses.

**Programs for Children and Youth:** A variety of programs for children and youth are offered throughout the year with a special emphasis on summer programming.

Summer programming features camp programs with various themes such as golf, baseball, softball, soccer, cheerleading, and photography.

During the school year SAT Preparation is offered as well as biology, chemistry and physics labs for home-schooled students.

## **B. THE CONFERENCE CENTER**

The Conference Center at Darton College offers state of the art meeting facilities located in the Allied Health/Community Services Building. The Center includes various size classrooms, computer laboratories, meeting rooms, a 100-seat lecture hall and a 430-seat theater. Facilities are available year-round, including weekends. Food services are available upon request. For more information concerning conference facilities, call (229) 317-6730.

## **C. CORPORATE TRAINING**

Courses can be specialized to meet companies' training needs. Continuing Education/Economic Development and Corporate Training can be a one stop to bring both credit and non-credit programs to you. Some of the country's most accomplished trainers present cutting edge business topics for the ever-changing workplace. Consulting services are offered. An onsite needs assessment of your training needs can be conducted. For more information, call (229) 317-6730.

## E. CAREER PROGRAM ADVISORY COMMITTEES

These specialized advisory committees advise the College on the instructional programs in the various specialized areas. Members of the committees are community leaders with knowledge and experience in the designated area who are willing to devote their time to the work of the committee and Darton College. The basic term of membership on a particular committee is three years.

## UNIVERSITY SYSTEM OF GEORGIA

### Section Twelve

Darton College is one of 35 institutions in the University System of Georgia. The University System of Georgia consists of four research universities, two regional universities, 13 state universities, seven state colleges and nine two-year colleges. ([See list on next page.](#))

The University System of Georgia is a network of colleges governed by an 18-member constitutional Board of Regents, which has been in operation since 1932. Appointments of Board members are made by the Governor, subject to confirmation by the State Senate. Regular terms of Board members are seven years. State appropriations for the University System are requested by, made to, and allocated by the Board of Regents.

The Chairperson, Vice Chairperson, and other officers of the Board of Regents are elected by the members of the Board. The Chancellor, who is not a Board member, is the chief executive officer of the Board and the chief administrative officer of the University System.

Each institution in the University System is governed by the President and faculty under the general jurisdiction of the Chancellor and the Board of Regents. The policies of the Board of Regents allow considerable autonomy, and each college is headed by a President whose election is recommended by the Chancellor and approved by the Board.

The overall programs and services of the University System are offered through three major components: Instruction, Public Service/Continuing Education, and Research. Students who receive credit from institutions within the System enjoy easy transfer of courses, a major advantage for those attending System colleges.

INSTRUCTION consists of programs of study leading to degrees, ranging from the associate (two-year) level to the doctoral level. Many colleges have certificate programs as well. The degree programs range from the traditional liberal arts studies and professional or highly specialized programs to job specific career education.

CONTINUING EDUCATION/ECONOMIC DEVELOPMENT consists of non-degree activities, primarily, and special types of college-degree-credit courses. The non-degree activities include short courses, seminars, conferences, and consultative and advisory services in many areas of interest.

RESEARCH encompasses scholarly investigations conducted for discovery and application of knowledge. Most of the research is conducted through the universities; however, some of it is conducted through several of the senior colleges. The research investigations cover matters related to the educational objectives of the institutions and to general societal needs.

B.B.A., University of Georgia;  
M.A., Valdosta State University
- BRYANT, Epsy L. (1991)..... Interim Dean of Nursing  
Assistant Professor of Nursing  
R.N., A.A., Darton College;  
B.S.N., M.S.N., Albany State University
- BURNEY, Tina (2009).....Assistant Professor of Communication  
B.S., Tarleton State University; M.A., University of Colorado;

- BUSH, Elaine ..... Assistant Professor of Reading  
B.S.Ed., M.S.Ed., Western Illinois University;
- BUTLER, Edward (2009) .....Assistant Professor of History  
B.A., Tulane University;  
M.A. Southwestern Louisiana University
- SMITH-BUTLER, Victoria (2009) .....Assistant Professor of Communication  
B.A., M.A., University of Southern Mississippi;  
Emory University  
J.D.,
- CARTER, Charles (2008).....Instructor of History  
B.A., M.P.A., M.A., Valdosta State University
- CARTER, George L. (2005)..... Assistant Professor of Art  
B.S., Florida A & M University  
M.F.A., Florida State University
- CLARK, Shani (2006)..... Assistant Professor of Speech Communication  
B.A., Grand Valley State University;  
M.A., Western Michigan University
- COWART, Stacey (2003).....Assistant Professor of Occupational Therapy Assistant  
O.T.A. Program Director  
A.S., Darton College  
M.S., Belmont University
- CROWE, Lyndasu (2000) .....Associate Professor of Biology  
B.S., M.S.,Georgia Southwestern State University  
M.D., UTESA
- DANFORD, Courtney (2009) .....Assistant Professor of English  
B.A., Boston University;  
M.A., University of Virginia;  
M.A., University of South Carolina
- DAVIS, Vicky (2006) ..... Instructor of Medical Laboratory Technology  
B.S., Armstrong Atlantic State University
- DEBRITTON, Jennifer (2007) ..... Assistant Professor of Dance  
B.F.A., California State University, Long Beach  
M.F.A., Tisch School of the Arts/NYU  
BASI, Comprehensive Pilates Certification
- DIMINO, John V. (2000)..... Assistant Professor of Art  
B.F.A., University of the Arts; M.F.A., Florida State University
- EBERHARDT, Teresa E. (2000).....Assistant Professor of English  
B.S., Georgia Southwestern College:  
M.Ed., Georgia Southwestern State University
- EHLERT, Alycia (2005).....Interim Dean, Division of Humanities;  
Assistant Professor of Communication;  
B.A., M.A., Western Michigan University
- ETHERIDGE, Jeffery S. (1997)..... Associate Professor of Occupational Therapy  
Chairperson, Allied Health Division  
A.A., Edison Community College; B.S., Florida International University;  
M.Ed., National-Louis University.

- ETHERIDGE, Lisa T. (2001) .....Assistant Professor, Human Services Technology  
Program Director for Human Services Technology  
B.S., Florida State University;  
M.S.W., University of South Florida
- EVERETT, Julia A. (1998) ..... Assistant Professor of Nursing  
B.S.N., M.S.N., Valdosta State University
- FANNING, Dee A. (2008).....Instructor of Office Administration  
Auburn University;  
M.Ed.,  
B.S.Ed., Athens College
- FERGUSON, Michael (2004) .....Assistant Professor of Learning Support Mathematics  
B.S., M.Ed., Ed.S., Albany State University  
L-6, Education Administration and Supervision Endorsement  
M.S., Troy University
- FIELDING, Caroline (1996)..... Director, Darton Cordele Center  
MA, University of Central Florida  
AB, University of California, Berkeley
- FLOWERS, Craig (2007) .....Associate Professor of Chemistry  
Ph.D., Florida State University;  
B.S.Ed., John Brown University
- FOREMAN, Richard A. (2006) .....Assistant Professor of Biology  
B.A., Hope College; M.Sc., University of SW Louisiana  
Ph.D., University of British Columbia
- FRY, David (2006) .....Assistant Professor, Electronic Librarian  
B.A., Eastern Illinois University;  
M.Ed., Georgia Southwestern State University;  
M.L.I.S., Valdosta State University
- GARNER, Patrick (2010) .....Assistant Professor of English  
B.A., Southern Illinois University;  
M.A., M.A., Western Illinois University
- GARY, Bonnie (2004) ..... Assistant Professor of Nursing  
A.D.N., B.S.N., Georgia Southwestern State University  
M.S.N., University of Phoenix
- GASSEL, Elizabeth M. (2006).....Assistant Professor of English  
B.A., M.A., University of Montevallo
- GILL, Larecia (2007) .....Instructor of Nursing  
B.S.N., Albany State University  
M.S.N., University of Phoenix
- GOODIN, Reba C. (2006) ..... Assistant Professor of Psychology  
B.S., Georgia Southwestern State University  
M.S., Valdosta State University
- GOUDAS, Alexandros M. (2007) .....Assistant Professor of English  
B.S., M.A., Minnesota State University, Mankato
- GOWAN, Stephanie B. (2005) ..... OTA Fieldwork Coordinator  
A.S.,  
Darton College

HAGGERTY, Sharon (2008)..... Instructor of Nursing  
A.A., A.S., Darton College;  
B.S.N., Thomas University;  
M.S.N., FNP-C, University of Alabama

HALL, Donald (2003) ..... Instructor of Polysomnography,  
Director of Polysomnography Program  
A.S., R.R.T, Darton College, B.S., Albany State University;  
R.P.S.G.T., Darton College

HEYER, Jennifer (2003)..... Instructor of Nursing  
B.S.N., Georgia Southern University  
M.S.N., Albany State University

HIGHERS, Michael (2010)..... Associate Professor of Biology  
B.S., Austin Peay State College;  
M.A., Georgia Peabody College for Teachers

HILLARD, Claire Fox (1988) ..... Assistant Professor of Music  
B.A. Calvin College;  
Performance Certificate Eisenstadt, Austria  
M.A., D.M.A., University of Iowa

HOBBS, Tracie (2008) ..... Instructor of Emergency Medical Services  
A.A., B.S., Florida State University

HOLMES, Kathleen (2006) ..... Instructor of Sociology  
B.S., Northeastern University;  
B.A., M.A., University of Massachusetts/Amherst

HOLT, Marjorie (2008) ..... Assistant Professor of Learning Support Math  
B.S., Georgia Institute of Technology;  
M.Ed., Mercer University

HOTZ, Patricia P. (1979)..... Associate Professor of Emergency Medical Services  
Program Director, Emergency Medical Services  
R.N.; R.R.T.; NREMT-P; B.S.N., Univ. of North Carolina;  
M.M.Sc., M.N., Emory University

INANDAN, Verna A. (1989)..... Assistant Professor of Nursing  
R.N., B.S.N., University of Santo Tomas, Philippines;  
M.S.N., Valdosta State University

JOHNSON, Aaron (2007)..... Assistant Professor of Economics;  
B.S., M.A. University of Missouri at St. Louis

JOHNSON, L. (2003) ..... Assistant Professor of Physical Therapy;  
Program Director, Physical Therapist Assistant  
B.S., Troy State University; P.T.A. Certificate, Thomas Technical Institute;  
M.P.T., Medical College of Georgia

JOHNSON, Marla (2009) ..... Instructor of Nursing  
Georgia College;  
B.S.N., M.S.N., University of Phoenix

JONES-Darnell, Tracy (2009) ..... Instructor of Nursing  
B.S.N. Georgia Southern University;  
M.S.N., Valdosta State University

KELLY, Jane (2005)..... Chair, Physical Education Division  
B.S., M.S., Georgia Southwestern State University

- KENNEDY, Wendy (2002) ..... Dean, Social Science Division  
Interim Dean, Business Division  
Associate Professor of Teacher Education  
Program Coordinator, Teacher Education  
B.A., Mercer University; M.Ed., Albany State University
- KIDD, Traci (2007) ..... Instructor of Emergency Medical Services  
A.S., Darton College; B.S., University System of Georgia
- KINNETT, Marsha (2006) ..... Instructor of Nursing  
A.S.N., Augusta College; B.S.N., University of South Carolina;  
M.S.N., Georgia State University
- KIRCHDORFER, Ulf (1993) ..... Executive Dean for Global Education  
Professor of English  
B.A., Trinity University; M.A., Ohio University;  
Ph.D., Texas Christian University
- KLUBALL, Jeff (2000) ..... Associate Professor, Director of Music  
B.M.E., Valdosta State University; M.M.E., Vandercook College of Music;  
Ed.S., Troy State University; Ed.D., University of Sarasota
- KUCK, Sarah (2008) ..... Instructor of Political Science  
B.A., Georgia State University;  
M.S. Troy State University
- LAGNAOUI, Abdelkrim (2009) ..... Assistant Professor of Mathematics  
B.S., B.A., Wayne State University;  
M.S., New Mexico State University
- LAMP, Linda (1991) ..... Assistant Professor of Learning Support Mathematics  
B.S., University of North Carolina;  
M.Ed, University of Georgia
- LANIER, Latrona (2006) ..... Instructor of Nursing  
A.S.N., Darton College;  
B.S.N., M.S.N., Albany State University
- LATONA, David J. (2005) ..... Assistant Professor of History  
A.A., Central Florida Community College; B.A., Florida State University  
M.A., University of Central Florida
- LEE, Cindy (2005) ..... Interim Assistant Chair of Nursing  
Assistant Professor of Nursing  
A.A., Albany Junior College;  
B.S.N., M.S.N., FNP-C, Troy State University;
- LEWIS, Phyllis M. (1998) ..... Assistant Professor of English  
B.A., Valdosta State University;  
M.Ed., Georgia Southwestern State University
- LEWIS, Wanda (2006) ..... Assistant Professor of Biology  
A.A., Copiah-Lincoln Jr. College;  
B.S., M.S., Ed.S., University of Southern Mississippi
- LISS-GREEN, Deborah (2008) ..... Instructor of Theater  
B.A., Queens College;  
M.F.A., Brooklyn College

- LIU, May (2001) ..... Associate Professor of Biology  
B.S., Guangzhou Teachers College  
M.S., City University of New York
- LOWE, Linda L. (1989) ..... Assistant Professor of Nursing  
R.N., B.S.N., Florida State University;  
M.S.N., Valdosta State University
- MABRY, Brandi (2006)..... Instructor, Interim Program Director for  
Diagnostic Medical Sonography Program  
Radiology Technology Certificate, West Georgia Technical College
- MALINOWSKI, Frank (2008)..... Assistant Professor of Computer Science  
B.S., M.S., Armstrong Atlantic State University
- MALONE, Curtis (2007) ..... Instructor of Respiratory Care, Director of Clinical Education  
A.S., Darton College; B.B.A., Valdosta State University
- MANN, David (2005) ..... Assistant Professor of Physical Education  
B.A., M.Ed., Delta State University
- MARIETTA, Roger B. (1992) ..... Associate Professor of Political Science  
B.A., Pennsylvania State University;  
M.A., Indiana University of Pennsylvania
- MARSHALL, Stacey B. (1992)..... Professor of Dental Hygiene  
Program Director, Dental Hygiene  
A.S., University of Bridgeport;  
B.H.S., M.S.Ed., D.M.D., University of Kentucky
- MAY, Michael T. (1992) ..... Professor of Chemistry  
B.S., State University of West Georgia;  
Ph.D., University of Alabama
- MCPHERSON, J. (2009)..... Instructor of E.M.S.,  
A.S., Darton College;
- MENSINK, Jennifer (2010)..... Instructor of English  
B.A., Randolph-Macon Woman's College;  
M.A., Arizona State University
- MICHAELS, Anne E. (1995)..... Professor of Psychology  
B.S., Lamar University; M.S., Ph.D., Brown University
- MILLER, Barbara, (2005)..... Instructor of Nursing  
A.A, George C. Wallace State Community College  
B.S, Troy State University  
M.S.N., Troy State University

- MINICK, Thad (2009)..... Instructor of E.M.S.  
Certificate: South Georgia Technical College;  
Certificate: Darton College
- MOORE, Josie (2009)..... Associate Professor of Biology  
B.S., Texas A & M University; B.F.A., University of Texas;  
Ph.D., Oregon Health Sciences University
- MOUSEL, Joseph (2009)..... Assistant Professor of Math  
B.S., M.S., South Dakota State University;  
M.A., University of Montana
- MUKHOPADHYAY, Indranath (2009)..... Assistant Professor of Physics  
B.S., M.S., University of Burdwan;  
M.S., Indian Institute of Technology;  
Ph.D., University of New Brunswick
- NEMAJOVSKY, Caryl R. (1995)..... Assistant Professor  
Assistant Librarian  
B.A., University of Georgia; M.S., Florida State University
- O'KEEFE Tanya C. (1996)..... Associate Professor of Mathematics  
Assistant Chair, Science/Mathematics Division  
B.S., Henderson State University;  
M.S., Oklahoma State University
- PALOMBI, Peggy Shaddock (2009) ..... Dean, Science/Mathematics Division  
Professor of Biology  
B.A., Oberlin College;  
M.S., Northwestern University;  
Ph.D., Southern Illinois University
- PARKS, Linda J. (2005)..... Assistant Professor of Health Information Technology  
Program Director of Health Information Technology Programs  
B.A., Park University  
M.A., The College of Saint Scholastica
- PITTS, Jeremiah (2008)..... Assistant Professor of ESOL  
B.A., Bob Jones University;  
M.A., Reformed Theological Seminary;  
M.A., University of South Carolina
- PRICE, Thomas (2007)..... Assistant Professor of Business Computer Systems  
B.A., McKendree College;  
M.S., Georgia Southwestern State University;  
Ed.S., Columbus State University
- RADFORD, Deanna L. (2005) ..... Instructor of Nursing  
A.S.,  
Darton College  
B.S., CSU Dominguez Hills  
M.S.N., California State University
- RAMSEY, Marlene (2008)..... Instructor of Criminal Justice  
B.S., M.S., Albany State University
- REECE, Cheri (2009)..... Instructor of Nursing  
B.S.N., Cedar Crest College;  
M.S.N., Case Western University

- REESE, April L. (2003) ..... Assistant Professor of Nursing  
A.D.N., Darton College; B.S.N., Georgia Southwestern State University;  
M.S.N., Case Western Reserve University  
D.N.P., Medical College of Georgia
- RICHARDSON, Debra (2008)..... Instructor of Nursing  
B.S., Medical College of Georgia;  
M.S.N., Texas Woman's University
- RIDGEWAY, Gloria (2006)..... Assistant Professor of Reading  
B.A., Spelman College  
M.A., Atlanta University
- ROBINSON, Donna (2007)..... Instructor of Diagnostic Medical Sonography  
Certificate
- SAGASSER, Carl (2002) ..... Instructor of Histotechnology  
Educational Coordinator, Histology Program  
B.S., Wright State University
- SEWELL, Sharon (2008).....Instructor of History  
B.A., Bridgewater State College;  
M.A., Ph.D., Oklahoma State University
- SHILOH, Mattie (2008)..... Instructor of Nursing  
B.S., M.S.N., Albany State University
- SIPPER, Elizabeth (2006)..... Instructor of Nursing  
B.S.N., Georgia College  
M.S.N., Georgia College
- SIRENO, Peter J. (1989)..... Professor of Business Administration  
B.S., B.S.Ed., M.A., Northeast Missouri State College;  
Ed.D., University of Missouri
- SLAUENWHITE, David (2009)..... Assistant Professor of Mathematics  
B.S., Bentley College;  
B.S., M.S., University of Massachusetts at Amherst
- SMITH, Anthony P. (2006)..... Instructor of Mathematics  
B.S., M.S., University of South Dakota
- SMITH, Kristi (2006)..... Instructor of Nursing  
B.S.N., Thomas University;  
M.S.N., FNP-C, University of Alabama
- SOBOLEVA, Galina (2004).....Assistant Professor of Chemistry  
MCE, Moscow Institute of Fine Chemical Technology;  
PhD, All-Union Chemical and Pharmaceutical Research Institute
- STRICKLAND, Jennifer L. (1998)..... Assistant Professor of Mathematics  
B.S., LaGrange College; M.A., Western Michigan University
- SUBER, Tracy W. (2005)..... Instructor of Nursing  
A.S., Darton College  
BSN, Thomas University  
M.S.N., University of Phoenix

SUMMERLIN, Cynthia (2009)..... Instructor of Nursing  
A.A., Darton College;  
B.A., M.S.N, FNP, Albany State University

SWEET, Corrine Guest (2004).....Instructor of Business Computer Systems  
B.S., Central Missouri State University  
M.B.A., Central Missouri State University

SWEET, Preston (2003)..... Assistant Professor of Computer Information Systems  
B.S., University of Maryland,  
M.Ed., University of Georgia

SWORDS, Jeffrey C. (2005) .....Assistant Professor of Math  
A.S., Darton College; B.S., Valdosta State University  
M.S., Troy State University

THOMAS, Kay L. (1998) ..... Associate Professor of Reading  
A.A., Victor Valley Community College;  
B.S., California State University, Fresno;  
M.A., California State University, San Bernardino

THOMAS, William (1998).....Assistant Professor, Respiratory Care Program  
Director, Respiratory Care  
A.S., Darton College  
B.S., University of Nevada  
M.S., Boise State University

THOMPSON, Michelle E. (2007) ..... Instructor of Nursing  
A.D.N., Abraham Baldwin Agricultural College;  
Thomas University  
B.S.N.,  
M.S.N., FNP-C, Kennesaw State University

THORNTON, Melanie Williams (1998) ..... Professor of Reading  
Dean, Learning Support Division  
B.S., Albany State University;  
M.Ed.; M.Ed., Georgia Southwestern State University  
Ed.S., Troy State University  
Ed.D., Georgia Southern University

TURNER, Donna (2007) ..... Assistant Professor of Nursing  
B.S.N., University of North Carolina at Charlotte;  
M.S.N., University of North Carolina at Greensboro

UNDERWOOD, Anita (2006) ..... Instructor of English  
B.A., University of Maryland; University College  
M.Ed., Regent University

WALKER, Keith H. (2004)..... Assistant Professor of Music  
B.M., Augusta State University  
M.M., University of Missouri – Columbia

WASHINGTON, Mary R. (1976) .....Assistant Professor  
Director, Learning Resource Center  
B.A., Georgia Southwestern State University;  
M.S., Florida State University

WHITTINGTON, Yuliya (2008)..... Instructor of Dental Hygiene  
A.S., Darton College;  
D.D.S., Belarussian State Medical University

- WILLIAMS, Anthony (2003) ..... Assistant Professor of Cardiovascular Technology  
Cardiovascular Technology Program Director  
A.S.N., Darton College; B.A. Asbury College;  
M.S., Troy State University
- WILLIAMS, Kenneth (2008) ..... Assistant Professor of Computer Information Systems  
A.A.S., Community College of the Air Force;  
B.S., University of Phoenix;  
M.A., Webster University
- WILSON, Alan D. (2005)..... Assistant Professor of Biology  
B.A., University of Tennessee – Knoxville;  
B.A., University of Tennessee – Chattanooga;  
D.M., University of Tennessee
- WILSON, Shane (2009) ..... Assistant Professor of English  
B.A., M.A., Valdosta State University
- WINBUSH, Taiquanda (2007)..... Clinical Instructor of Histology Program  
A.A.,  
Darton College
- WYATT, Douglas (2004) ..... Assistant Professor of Biology  
B.S., Georgia Southwestern State University;  
M.S., State University of West Georgia
- YATES, James (2006) ..... Assistant Professor of Economics  
B.S., University of Notre Dame;  
M.S., University of Chicago;  
M.B.A., University of Notre Dame
- YOUNG, Bradley R. (2007)..... Assistant Professor of Mathematics  
B.S., M.A., Western Michigan University
- ZHANG, Alan X. (1993)..... Professor of English  
B.A., East China Normal University;  
M.A., Shanghai International Studies University;  
Ph.D., Indiana University of Pennsylvania
- ZUERN, Debbie C. (1995) ..... Assistant Professor of Dental Hygiene  
A.S., B.S., East Tennessee State University;  
M.ED., Albany State University

## EMERITI

- \*BAXTER, John L. (1966-1990)..... Dean Emeritus of Students and Administrative Services  
B.S., Troy State University;  
M.Ed., University of Virginia
- BOWLING, Melvin C. (1967-1993)..... Associate Professor and Chair Emeritus  
Division of Science/Mathematics  
B.S., M.A., Tennessee Technological University
- \*CHITTY, Charles D., Jr. (1966-1985) ..... Assistant Professor Emeritus of Political Science  
A.A., Middle Georgia College;  
B.S., Univ. of Maryland;  
M.A., George Washington University
- EDWARDS, Charles T. (1966-1997)..... Director of Enrollment Management Emeritus  
B.S., M.S., University of Tennessee
- HEWETT, David G. (1968-1997) ..... Chair and Professor Emeritus  
Division of Social Science  
B.A., Stetson University;  
B.D., Southern Baptist Theological Seminary;  
M.S., Ph.D., Florida State University
- MALPHURS, Marilyn L. (1968-1990)..... Accounting, Comptroller Emerita  
C.P.A., B.B.A., University of New Mexico;  
M.Acc., University of Georgia
- MILLER, James V. (1966-1993)..... Chair and Assistant Professor Emeritus  
Department of Physical Education  
B.S., Concord College;  
M.Ed., University of South Carolina
- MUSGROVE, Josephine H. (1966-1994)..... Associate Professor Emerita of Mathematics  
B.S.Ed., University of Georgia;  
M.A.Ed., Austin Peay State College
- \*OAKES, Janie C. (1966-1985)..... Assistant Professor Emerita of English  
A.B., Mercer University;  
M.Ed., University of Arizona
- PAGE, Betty Ann (1981-2003)..... Chair and Assistant Professor Emerita  
Division of Allied Health  
R.N., A.A.S., Southeastern Community College;  
B.S.N., M.S.N., Medical College of Georgia ;  
Ed.S., Florida State University
- \*PARTON, Betty D. (1970-1992) ..... Chair and Professor Emerita  
Division of Allied Health  
B.S., West Liberty State College;  
M.Ed., Georgia Southwestern State University;  
Ed.D., University of Georgia
- RAGSDALE, Elizabeth (1979 – 2006) ..... Chair and Professor Emerita  
Division of Humanities and Learning Support  
B.A., Huntingdon College; M.Ed., Georgia State University;  
Ed.D., Florida State University

- \*RUSSELL, James K. (1977-2002)..... Professor Emeritus of Political Science  
 Division of Social Science  
 A.B., Mankato State University ;  
 M.A., Ph.D., University of Iowa
- SAVILLE, James R., Jr. (1970-2002)..... Professor, Vice President for Continuing  
 Education and Economic Development, Emeritus  
 A.B.J., M.Ed., M.A., University of Georgia;  
 Ed.D., Auburn University
- \*TILLEY, B.R. (1966-1988) ..... President Emeritus  
 B.A., Louisiana State University;  
 M.S., Ed.D., Florida State University
- TOWNES, Anne B. (1967-1991)..... Associate Professor Emerita of Mathematics  
 A.B., Samford University;  
 M.A.T., Stanford University
- \*TOWNES, McKellar (1966-1991) ..... Associate Professor Emeritus of English  
 A.B., Samford University;  
 M.Div., Southern Baptist Theological Seminary;  
 M.A., University of Alabama
- \*WALTON, Jerry A. (1969-1997) ..... Professor of History and Education Emeritus  
 A.A., Young Harris College;  
 B.S.Ed., M.S.T., Georgia Southern College;  
 Ed.D., Auburn Univ.

\*deceased

PART-TIME FACULTY

ABRAHAM, Nancy L (1974).....	Physical Education MST, BSEd, Georgia Southern University
ADAMS, Laureen (2007).....	Paralegal JD, UGA School of Law DA, Mercer University
ALLEN, Edwin (1982) .....	EMS Director MD, Medical College of Georgia BS, Georgia College & State University
ALMAEE, Roseanna (1993).....	Reading/English Ga. Certified ESOL, Valdosta State University MEd, Georgia Southwestern State University MEd, University of Central Oklahoma BA, University of Texas-Arlington
ANDERSON, Benjamin D. (1994) .....	Learning Support Math MMIS, BA, Georgia College & State University
ANDERSON, Tanya (1993) .....	Human Services Technology MS, BS, Valdosta State University
ANSON, Nancy W. (1998) .....	Sociology EDD, MED, University of Georgia BA, Drake University
ANSON, Richard (2003).....	Sociology PhD., M.S., Iowa State University; Jacksonville University
ARANT, Herschel (2003) .....	Spanish EDS, Valdosta State University; MED, BSED, University of Georgia
ARANT, Zuma R. (2007) .....	Math MEd, University of Georgia
ARGEN, Ralph (2010).....	Philosophy MS, MA, JD, PhD, SUNY at Buffalo; BS, Syracuse University
ARNOLD, Elizabeth (2009).....	Biology MA, University of Missouri; BS, Fort Valley State College
ASHWORTH, John (2009).....	Business Administration BS, MS, Friends University;
ASKEY, Sherry (1999) .....	Physical Education AA, Darton College; BS, Auburn University

AUGSDORFER, Michael (2009)..... English  
MA, Seton Hall University; BA, Saint Vincent College

AUSTIN, Darrell (2002)..... Mathematics  
MEd, Albany State University; BBA, University of Georgia

BAGLEY, Fran (2003)..... Physical Education  
BS, University of Georgia

BATTLE, Tina (2009).....Paralegal  
JD, Indiana University; BA, Albany State University

BEASLEY, Mary Lou (1990) ..... English  
BS, MRE, New Orleans Baptist  
Cumberland College

BEAVER, Amy (2001)..... Reading Specialist – Early Childhood  
MEd, BS, Georgia Southwestern State University

BECKER, Ramona (2009) ..... Political Science  
EdD, Nova University; BA, Wichita State University

BENNETT, Linda (2008) ..... English  
MS, BS, Georgia Southwestern State University

BICE, Andrea (2009)..... Education  
EdS, Liberty University;  
MS, Walden University; BS, Thomas College

BINGHAM, Shelley (2009) ..... English  
MA, Columbia University; BA, University of San Francisco

BISHOP, Kathryn D. (1981) ..... Associate Professor of Mathematics  
MS, MAT, BA, Georgia State University

BLACKMON, Ellen (2009)..... Learning Support Mathematics  
MEd, Georgia State University;  
BS, Valdosta State University; AA, Darton College

BODEN, Carrie (2009) ..... English  
PhD., Kansas State University;  
MFA, Wichita State University, BA, Bethel College

BREEDEN, Heidi (2009) ..... First Year Experience  
BFA, Valdosta State University

BRENNAN, Patrick (2009) ..... History  
MA, New York University;  
BA, St. John’s University

BRETTI, Anthony (2004)..... Human Resources Management  
Ed.D. Argosy University  
MS, BAS, Troy State University

BROCK, Mildred (1999) ..... Sociology  
MA, BA, Univ. of Mississippi; AA, Itawamba Community College

BROOKS, Alethea (2008) .....Instructor Respiratory Care  
BSRT, RRT, Medical College of Georgia

BROOKS, William (2007) .....Geography  
MS, Central Connecticut State University,  
MA, Iowa State University, BA, Bellevue University

BRYAN, Melissa (2003) ..... Physics  
PhD, MS, University of New Orleans;  
BS, Auburn University;

BRYANT, Monique (2007).....Health Information Technology  
MS, Troy State University

BUSH, Betty (2009)..... English  
MFA, Georgia College;  
BBA, University of Georgia

BUSSE, Christine (2008) ..... English  
M.S., Troy State University;  
B.A., Carson-Newman College

BUTLER, Steve (2003) .....Communication  
MA, General University of Oklahoma  
BS, General Norfolk State University

DM, Florida State University;  
MM, BM, Eastman School of Music

CONWAY, John (2009)..... English  
MFA, Southern Illinois University;  
MA, Western Michigan University;  
BA, Ohio State University

CONWAY, Neil (2010) ..... English  
MFA, BA, University of Mississippi

COOK, Russell (2008) ..... First Year Experience  
BS, Georgia Southwestern State University

CRAPPS, Benjamin (2008)..... Physical Education  
BS, Jacksonville State University

CRAVEY, Bengie (1981)..... Physical Education  
MED, BS, University of Georgia;  
AS, Albany Jr. College

CRIBB, Kimberly K. (1994) ..... Nursing  
EdD, Valdosta State University;  
BSN, Valdosta State University; MSN, Albany State University  
RN, ASN, Abraham Baldwin Agricultural College

DANKWA, Kwame (2009)..... Political Science  
PhD, Clark Atlanta University; MPA, Atlanta University

DANIELL, Randy (1991) ..... Psychology  
ThD, Andersonville Baptist Seminary  
MS, Auburn University  
BSED, Georgia Southwestern State University  
AA, Darton College

DARDEN, Joan A. (1980) ..... Nursing  
RN; BSN, Georgia Southwestern State University;  
MSN, University of Alabama; PhD, Georgia State University

DARDEN, A.C. (2007)..... Physical Education  
BS, US Naval Academy

DAVIS, Horton (2009) ..... English  
JD, Mercer University; MA, Florida State University;  
BA, Georgia Southwestern State University

DAVIS, Patricia S. (1992)..... Spanish  
AA, Darton College; BSEd, Georgia Southwestern State University;  
MA, University of Georgia

DECARIA, Frank (2007)..... Political Science  
MA, Duquesne University  
BS, Marquette University

DEELEY, Silke (2009)..... Human Services Technology  
MA, Concordia University; BA, University of Iowa

DERRAH, Richard (2007) .....History  
MA, Harvard  
BA, Bridgewater State College

DONALDSON, Christopher P. (2005)..... Psychology  
MS, Georgia Southwestern State University  
BA, University of West Georgia

DONNELLY, Travis B. (1991) ..... Learning Support Math  
MS, BS, Georgia College & State University

DREW, Henrietta (2009) ..... Reading  
MEd, BS, Georgia Southwestern State University;

DROPPELMAN, Beth (2010) .....French  
PhD, University of Florida;  
MA, New York University; BA, Georgia State University

DUNKLEY, Nyasha (2010).....Physical Science  
MS, Georgia Technical Institute; BA, Oakwood University

EAMES, Glenn (1997)..... Physical Education  
MBA, BS, Albany State University

EDWARDS, Anne (2006)..... Philosophy  
PhD, MA, University of Oklahoma,  
BA, Wells College

FALCIONE, Vincent (2004).....Management  
MA, University of Phoenix;  
BS, Slippery Rock University

FEILD, Jane M. (1999) .....Respiratory Care, OTA, EMS, Cardiovascular Technology  
BSN, Emory University

FOREHAND, Michael (2009) ..... Computer Information Systems  
MS, Georgia Southern University;BS, University of Georgia

FREEMAN, Dana (2008)..... Physical Education  
BS, Georgia Southwestern State University

GILBERT, Molly (2009)..... First Year Experience  
BBA, Georgia Southern University; AS, Darton College

GRANTHAM, Nikki (2003) ..... Learning Support Mathematics  
MA, Rice University; BS, Spelman College

GRANTUM, Seleeda (2009) ..... Business Administration  
MBA, University of Phoenix; BS, Bluefield College

GRAPER, Betty W. (1993) ..... Learning Support Mathematics  
EdS, MED, BBA, Albany State University  
EdD, Nova Southeastern University

GREEN, Betty (2002)..... College Orientation  
EdS, MEd, Valdosta State University;  
BS, University of Georgia

GREENBERG, Valerie (2009)..... Health  
PhD, Texas Womans University;  
MS, University of North Texas; BSEd, University of Texas

GREENE, Jennifer L. (2007)..... English  
M.A., B.A., Valdost State University  
A.S., Middle Georgia College

GRIFFIN, Dorothy (2003)..... Psychology  
EdS, MEd, Valdosta State University;  
BA, Albany State University

GRUHL, Meredith (2005)..... Physical Education  
BSEd, Valdosta State University

GUERRIERI, Mark (2007)..... Political Science  
MA,PhD, Wayne State University  
BA, Michigan State University

PHD, MSC, University of Nairobi

LANGSTAFF, Virginia (2007)..... Physical Education  
BBA, Georgia State University

LAWSON, Wendi (1998)..... Physical Education  
MSEd, Troy State University;  
BS, Georgia Southwestern State University

LEE, John Paul (1990) ..... Learning Support Math  
MSED, Georgia Southwestern State University  
BS, Georgia Southern University

LEE, Kevin (2009).....Communication  
EDD, Oklahoma State University;  
MA, Central Missouri State University;  
BA, Western State College of Colorado;

LEE, Samantha (2009)..... Physical Education  
BFA, Valdosta State University;

LEGGETT, Lisa (2002) ..... Business Administration  
MBA, Georgia College & State University;  
BS, University of Florida; AA, Broward Community College

LEGGETT, Rose A. (1991) ..... Learning Support Math  
MEd, BA, Albany State University

LINER, Harold Tom (1991) ..... English  
 EDD, MA, University of Georgia  
 BA, David Lipscomb University

LITZ, Stephanie (2008) .....History  
 MLS, Fort Hays State University;  
 BSEd, Jacksonville State University

LLOYD, Stephen (2009)..... Learning Support Math  
 BS, Georgia Institute of Technology

MANN, Cynthia (2009)..... First Year Experience and Learning Support Math  
 MBA, BBA, Georgia Southwestern State University

MARTIN, Heath (2009) .....Physical Therapy Assistant  
 BA, Lagrange College; AS, Darton College

MASTERS, Janice E. (1992) ..... Reading  
 MED, Albany State University  
 BMED, Valdosta State University  
 AA, Darton College

McEWEN, Donna (2008)..... Psychology  
 PhD, Kansas State University;  
 MS, Emporia State University;  
 BS, Missouri Western State University

MEDLIN, Dorene (2003) .....Physical Science  
 Ed.D., University of Georgia  
 Ed.S.,M.Ed., Valdosta State University  
 M.Ed., Georgia State University  
 B.S., Ohio State University

MENEFEE, Willa Pearl Mosely (2002).....English  
 MS, Albany State University  
 BS, Georgia State University

MERRITT, Walter G. (1973)..... Physics/Engineering/Physical Science  
 B.S., Samford University;  
 M.S., Ph.D, University of Alabama

MILLER, Kimberly S (2002) ..... Music  
 MM, University of Florida  
 BM, Valdosta State University

MILLER, Richard S. (1969) ..... Music  
 SMM, Union Theological Seminary-New York  
 BM, University of Redlands

MINIX, Kim (2008).....Paralegal  
 JD, Mercer University; AB, University of Georgia;  
 AS, Darton College

MIXON, Marvin (2007) .....Paralegal  
 JD, Mercer University;  
 AB, Middle Gerogia Junior College

MOHL, Rebecca (2009) ..... Learning Support Math  
 MSED, BSED, University of Georgia

MONROE, Terrence (2004) .....History  
 MA, BA, University of Hawaii

MOORE, Darlene (2008)..... Physical Education  
 EdS, Walden University;  
 MEd, Georgia Southwestern State University;  
 BS, Albany State University

MORRELL, William H. (1974) .....Physical Education  
 BS, Jacksonville University;  
 MS, Wisconsin State University-LaCrosse

MORRISS, Patricia (2008)..... Philosophy  
 MA, Philosophy, Catholic University;  
 MA, Reg. Studies, University of St. Thomas;  
 BA, Mt. St. Mary College
